Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the *Pills* with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by *Ayer's Pills*, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Languor,** and **Loss of Appetite,** they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers,** they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa,** but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back,** and **Loins,** they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings,** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression,** a large dose should be taken, as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

FOR SALE BY ALL DRUGGISTS EVERYWHERE.

Ayer's *Hair Vigor,*

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, fallen hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning grey or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

THE
EUREKA
FANNING MILL.

The Greatest Invention
OF THE 19th CENTURY!

FARMERS, LOOK TO YOUR INTEREST.

THE attention of Farmers and Mechanics is particularly directed to the combined economy, utility and practicability of the Eureka Mill, and to the many other advantages it possesses over every other Fanning Mill which has been introduced to the public. It is the fruit of long and patient investigation by the inventor, who has made it his constant study for over twenty years. He has secured several patents for Mills, and has always been rewarded with the best of success. But not feeling satisfied with his former attainments, he determined to reach the climax, and he now believes that his new invention will warrant him in exclaiming in the joy of his heart, like the philosopher, Phythagoras, EUREKA, signifying in the Grecian language, "I have found it." This has given the name to this new Mill.

In this Mill are all the former improvements, to which have been added several more, adding still greater advantages than were at first anticipated, or even thought possible by the inventor himself. It embraces the three great essentials necessary in every invention.

It combines Utility, Economy and Practicability!

THE EUREKA MILL

Is small and lighter, and is capable of doing more and better work in a given time than any other Mill ever invented. It is the only Mill that will successfully remove from wheat such pests as Cockle, Garlic, Oats, Rye, &c.

Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain, and in the other, grain fit for market or mill. Here is made a great saving usually lost sight of; for nearly one-quarter of the grain cleaned in the common Mills is lost when sown, on account of shrunken kernels and inferior grain. The Eureka Mill saves all this, and gives seed every kernel of which will grow when put into the ground, and this saving will, in a short time, pay for the Mill.

HINES & BURCHINAL,
Chestertown, Md.,

Owners of the Mill, are having them manufactured at the Sash Factory and Planing Mill of NOLAND & Co., Port Deposit, Md., which is a guarantee they will be put up in the very best manner.
