Wilmington Daily Commercial, for 1873.

The attention of the readers of the Transcript is called to the WILMINGTON DAILY COMMERCIAL, the largest, oldest, and best of all the daily journals published on the Delaware Peninsula. It is now in its seventh year, and has an extended circulation, in Wilmington, throughout the Peninsula, and in South-Eastern Pennsylvania.

THE COMMERCIAL IS

1. Republican in politics, but it argues, and does not abuse. Its views are firmly held, but courteously presented.
2. An enterprising Newspaper. It always has the news. If you desire to keep posted concerning events in the field over which it circulates, you must read the Commercial, regularly.
3. A valuable advertising medium. People of intelligence, with money to spend, read it and consult its columns.

TERMS.—By mail $6 per annum, 50 cts. a month. Arrangements exist for its regular delivery in most of the larger towns on the Peninsula, accessible by railroad.

1873. THE WORLD. 1873.

A new political era is opened before the country.

The negro-cycle of our politics has rounded to its conclusion through civil war, social violence, industrial disorder, and has ended in giving freedom to four millions of the negro race, and the ballot to its adult males.

"The old order changeth, yielding
place to new."

The politics of this new era will come home to every man's business and bosom as never before, being vital to private prosperity and the maintenance of a Democratic republic.

For not only are the manifold encroachments of Federal upon State powers, and of both upon the large liberty of American freemen now as always to be repelled with ceaseless vigilance; not only is home rule or local self-government now as always to be maintained for the best guarantee of civil liberty and of national greatness, but, besides, the victories of peace which are to give splendor to the new political era must be won against every advantage which even enemies of free institutions could desire to possess.

A gigantic debt, which the honor of the country is pledged to pay, encumbers all our industries with its oppressive burden. Nevertheless our systems of Municipal and State taxation are crude, unequal and defraud the poor to release the rich. Nevertheless our system of Federal taxation is such an infamous masterpiece of ignorance and incapacity, put to the vile uses of monopolists and favorites and thieves, as never anywhere has disgraced modern civilization since Louis XIV., with his methods of taxation rather than its amount, paralyzed the industries of France. And along with the tariff, which prohibits the export of our manufactures, abridges the number of our industries, cuts down the profit upon the exports from all our farms, plantations and mines: abolishes our shipping from off the high seas and filches $5 from the people's pockets every time it puts $1 into the U. S. Treasury, along with this engine of oppression, stupidity and fraud, goes a currency of fluctuating value as the measure of values in every act of domestic exchange.

Whatever parties may arise or fall, whatever their defeats or triumphs, and whatever their names, THE WORLD now, and always, will remain the unflinching champion of a

LIBERAL PROGRESSIVE DEMOCRACY,

whereof freedom, defended and defined by justice as the polar star.

As a Vehicle of news, THE WORLD will spare no expense, no energy, to maintain and advance its place in the first rank of metropolitan journals. Its fresh, abundant, various and accurate news, comprising the whole circle of currant intelligence and literature, will be discussed as becomes a *Trustworthy Organ of Opinion*, with candor, with steady devotion to sound public and private morals, with special knowledge for special themes, and with various and wide-reaching apprehension of the manifold interest of men and women in their homes, their market places, their workshops, and their farms.

Prospectus for 1873.—Sixth Year.

The Aldine,

All Illustrated Monthly Journal, universally admitted to be the Handsomest Periodical in the World. A Representative and Champion of American Taste.

Not for Sale in Book or News Stores.

THE ALDINE, while issued with all the regularity, has none of the temporary or *timely* interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light, and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes *for ten times its cost; and then, there are the chromos, besides!*

ART DEPARTMENT.

Notwithstanding the increase in the price of subscription last Fall, when THE ALDINE assumed its present noble proportions and representative character, the edition *was more than doubled* during the past year; proving that the American public appreciate, and will support, a sincere effort in the cause of Art. The publishers, anxious to justify the ready confidence thus demonstrated, have exerted themselves to the utmost to develop and improve the work; and the plans for the coming year, as unfolded by the monthly issues, will astonish and delight even the most sanguine friends of THE ALDINE.

The publishers are authorized to announce designs from many of the most eminent artists of America.

In addition THE ALDINE will produce examples of the best foreign masters, selected with a view to the highest artistic success, and greatest general interest; avoiding such as have become familiar through photographs or copies of any kind.

The quarterly tinted plates, for 1873, will reproduce four of John S. Davis' inimitable child-sketches, appropriate to the four seasons. The plates appearing in the issues for January, April, July, and October, would be alone worth the price of a year's subscription.

The popular feature of a copiously illustrated Christians' number will be continued.

To possess a valuable epitome of the art world, at a cost so trifling, will command the subscriptions of thousands in every section of the country; but, as the usefulness and attractions of THE ALDINE can be enhanced, in proportion to the numerical increase of its supporters, the publishers propose to make 'assurance double sure,' is the following unparalleled offer of,

Premium Chromos for 1873.

Every subscriber to THE ALDINE, who pays in advance for the year 1873, will receive, without additional charge, a pair of beautiful oil chromos, after J. Hill, the eminent English painter. The pictures, entitled 'The Village Belle,' and 'Crossing the Moor,' are 14 X 20 inches—are printed from 25 different plates, requiring 25 impressions and tints to perfect each picture. The same chromos are sold for $30 per pair, in the art stores. As it is the determination of its conductors to keep THE ALDINE out of the reach of competition in every department, the chromos will be found correspondingly ahead of any that receive a certificate over the signature of the publishers, *guaranteeing* that the chromos delivered shall be equal to the samples furnished the agent, or the money will be refunded. The distribution of pictures of this grade, free to the subscribers to a five dollar periodical, will mark an epoch in the history of Art; and, considering the unprecedented cheapness of the price for THE ALDINE itself, the marvel falls, little short of a miracle, even to those best acquainted with the achievements of inventive genius and improved mechanical appliances. (For illustrations of these chromos, see November issue of THE ALDINE.)

The Literary Department.

will continue under the care of Mr. RICHARD HENRY STODDARD, assisted by the best writers and poets of the day, who will strive to have the literature of *THE ALDINE* always in keeping with its artistic attractions.

Terms.

$5 PER ANNUM, IN ADVANCE, WITH OIL CHROMOS FREE.

THE ALDINE will hereafter be obtainable only by subscription. There will be no reduced or club rates; cash for subscriptions must be sent to the publishers direct, or handed to the local agent, *without responsibility to the publishers*, except in cases where the certificate is given, bearing the *fac-simile* signature of JAMES SUTTON & Co.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Bronchitis, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

Ayer's *Hair Vigor,*

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, fallen hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning grey or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

THE

EUREKA

FANNING MILL.

The Greatest Invention

OF THE 19th CENTURY!

FARMERS, LOOK TO YOUR INTEREST.

THE attention of Farmers and Mechanics is particularly directed to the combined economy, utility and practicability of the Eureka Mill, and to the many other advantages it possesses over every othhr Fanning Mill which has been introduced to the public. It is the fruit of long and patient investigation by the inventor, who has made it his constant study for over twenty years. He has secured several patents for Mills, and has always been rewarded with the best of success. But not feeling satisfied with his former attainments, he determined to reach the climax, and now he now believes that his new invention will warrant him in exclaiming in the joy of his heart, like the philosopher, Phythagoras, EUREKA, signifying in the Grecian language, "I have found it." This has given the name to this new Mill.

In this Mill are all the former improvements, to which have been added several more, adding still greater advantages than were at first anticipated, or even thought possible by the inventor himself. It embraces the three great essentials necessary in every invention.

It combines Utility, Economy and Practicability!

THE EUREKA MILL

Is small and lighter, and is capable of doing more and better work in a given time than any other Mill ever invented. It is the only Mill that will successfully remove from wheat such pests as Cockle, Garlic, Oats, Rye, &c.

Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain, and in the other, grain fit for market or mill. Here is made a great saving usually lost sight of: for nearly one-quarter of the grain cleaned in the common Mills is lost when sown, on account of shrunken kernels and inferior grain. The Eureka Mill saves all this, and gives seed every kernel of which will grow when put into the ground, and this saving will, in a short time, pay for the Mill.

HINES & BURCHINAL,

Chestertown, Md.,

Owners of the Mill, are having them manufactured at the Sash Factory and Plaining Mill of NOLAND & Co., Port Deposit, Md., which is a guarantee they will be put up in the very best manner.

EXTRAORDINARY INDUCEMENTS TO NEW SUBSCRIBERS.

500 Pages for $1.00! &c., &c.

The publishers of SCRIBNER'S MONTHLY, in their prospectus just issued, promise for the ensuing year a more brilliant array of contributors, and an increase in the variety and beauty of its illustrations already conceded by the critics to be "finer than any which have hitherto appeared in any American magazine."

Dr. Holland, the Editor, will write the serial story of the year, which will be autobiographical in form, and will be illustrated by Miss Halleck. It is entitled Arthur Bonnicastle, and will deal with some of the most difficult problems of American life. It will be commenced in the November Number.

There will be a new story by Saxe Holm, The One Legged Dancers.

Bret Harte, the best writer of short stories now living, will contribute a characteristic story, entitled, The Epic of Fiddletown, which will be illustrated by Sheppard.

R. H. Stoddard will write a series of entertaining papers about Authors, their Personal Characteristics, Home Life, Families, Friends, Whims, and Ways.—A series of Portraits of Living American Writers, is also promised.

Clarence Cook will write about Furniture, and the Decoration of American Homes. These papers will be eminently practical as well as artistic, and will be illustrated with designs and sketches by numerous artists in addition to those which the writer himself will furnish.

The editorial control and direction of the Magazine will remain in the hands of Dr. Holland, who will continue to write "The Topics of the Time," which the N. Y. *Independent* says "are more widely quoted than any similar papers in any American magazine.

Watson Gilder will write "The Old Cabinet," as hitherto. Prof. John C. Draper conducts the Department of "Nature and Science." The departments of "Home and Society" and "Culture and Progress" will engage the contributions of more than a score of pens on both sides of the Atlantic. The *Watchman* and *Reflector* says: "Scribner's Monthly for September is better than usual, which indicates a needless waste of editorial brains and Publisher's money, for the Magazine was good enough before!" And yet the Publishers promise to make it still better for the coming year!!

The subscription price $4.00 a year, with special rates to Clergymen, Teachers and Postmasters.

The following

EXTRAORDINARY INDUCEMENTS

are offered to new subscribers.

For $5.50 the Publishers will send or any Bookseller or Newsdealer will supply the magazine for one year, and the twelve numbers of Vols. III. and IV., containing the beginning of Mrs. Oliphant's serial, "At His Gates:", for $7.50, the Magazine for one year, and the 24 back numbers from the beginning; for $10.50, the Magazine for one year, and the 24 back numbers bound (4 vols.,) charges on bound vols, paid. This will give nearly 5000 pages of the choicest reading, with the finest illustrations for $10.50, or nearly 500 pages for a dollar! and will enable every subscriber to obtain the series from the first.

Special Terms to Dealers, Clergymen, and Teachers.
