OUR LOCAL DEPARTMENT.

SMALL POX.—This disease seems to be prevailing to some extent all over this Peninsula, and has been again introduced into our town, from Baltimore, by a colored man who arrived here one day last week. Every effort is being made, to prevent it from spreading, by the town authorities—and with proper care on the part of our citizens, no danger may be apprehended.

Every person who has not been fully vaccinated should at once see a physician. In fact, vaccination is compulsory by the law. The act of 1872, chap. 257, sec. 6, says:

"It shall be the duty of every parent and guardian to have his or her child vaccinated within twelve months after its birth, if it shall be in proper condition, or as soon thereafter as practicable; and if such parent or guardian shall have any other person under his or her control or care, not duly vaccinated, he or she shall cause such person or persons to be vaccinated prior to the first day of November of each year. Any person failing to comply with the provisions of this section shall, on conviction thereof, forfeit and pay a sum not less than five nor more than ten dollars for each offence."

We would call the attention of teachers of Public Schools to section 4, chap. IX, of the Public School Law of last session, which says:

"Every child, before being admitted to any Public School, shall produce a certificate from a regular Physician that he has been properly vaccinated."

ORPHANS' COURT.—Present, Judges Beck, Scott and Hepbron.

The Court passed a number of claims against the estates of deceased parties.

R. A. Frazier and J. H. Scowdrick, executors of John Frazier, dec'd., returned an inventory of the personal estate: received and ordered to be recorded.

Jas. A. Pearce, admr. of Elias S. Watson, returned an inventory of the personal estate of dec'd.: received and ordered to be recorded, and obtained an order for the sale of the same.

Ordered, that Walter J. Griffith, executor of Wm. J. Griffith, sell the personal estate of deceased at public sale.

Owen Connelly, admr. of John B. Voshell, dec'd., returned his first administration account, which was passed and ordered to be recorded.

The release of Wm. B. Starkey to John K. Bosee, executor of John Bosee, was received and ordered to be recorded.

FARMS SOLD.—M. Bannon, Esq., mortgagee and attorney, sold on Tuesday the "Biddle Farms," for sixty and forty dollars per acre, amounting to the sum of $35,320.

This is a very fine estate; one of the farms brought, five or six years since, over one hundred dollars per acre.

ODD FELLOWS' FAIR.—The Order of Odd Fellows, at Galena, are to hold a Fair and Festival on the evenings of the 4th, 5th, 6th and 7th of February, concluding on the last evening, with Charades and Tableaux, accompanied with instrumental music.

When Kent Lodge at Galena, undertakes anything of this kind, it is a success; and those who wish an evening of enjoyment, and at the same time to aid in a charitable work, will do well to attend and patronize the entertainment.

RELIGIOUS.—The protracted meeting at the Methodist Episcopal Church has now completed the third week of its progress. Several conversions have taken place.

A protracted meeting, at the Methodist Protestant Church, will commence tomorrow (Sunday) night.

THE BLOW AT THE FRANKING ABUSE.—The fact that the House of Representatives has agreed to the Senate amendments to the bill abolishing the franking privilege on and after the first of July next will be hailed with satisfaction, with the hope that it will be adhered to. The proposition was carried by yeas 143, nays 48. When this bill was before the Senate Mr. Morrill, of Vermont, desired to know if there was any sincerity in the matter, which was tested by a vote of yeas 33, nays 15, in favor of an amendment to prohibit even an appropriation for postage for members of Congress. Mr. Bayard, however, thought there was no question which had ever been before the Senate in which there was more of humbuggery than in this bill. The action of the Senate was spoken of by Washington correspondents at the time as a transparent piece of humbug, and purposely made to allow no appropriation for postage for Congressmen so as to prevent, if possible the concurrence of the House. Without disrespect to the Senate, we are reminded of a venerable saying that the "wicked have digged a pit and have fallen into the midst of it themselves." The people at large, however will hail the abolition of the franking privilege as a relief from a great abuse and grievance, and it will be none the less welcome that they owe the Senate no thanks for it.

THE MANUFACTURE OF FALSE EYES is an important business in Paris. The average sale per week of eyes for the human head amounts to four hundred. One of the leading dealers in this article carries on business in a saloon of great magnificence; his servant has but one eye and the effect of an eye wanted by a customer is conveniently tried in the valet's head. The charge is about $10 per eye. For the poor there are second hand eyes, which have been worn and then exchanged for new ones.

Four of the barbers of Pittsfield Mass., have complained of the other two for shaving their customers on Sunday.

PENINSULA ITEMS.

CECIL COUNTY.

The Democrat is congrautlating itself with the prospect of numerous public improvements, in and around Elkton.

QUEEN ANNE'S COUNTY.

The January Term of Court was adjourned until Monday next.

Kent Island Narrows.—The *Citizen* learns from a report of Surveyor Popp, made to Major Craighill, of the U. S. Engineer Corps, that the proposed channel through the Kent Island Narrows is estimated to cost as follows:

The proposed improvement, viz., a channel 7 feet at mean low water, 100 feet wide at bottom, with sufficient side-slope, as shown on accompanying sketch, will require the excavation of 70,000 cubic yards of material.

The estimated cost of the improvement is:

70,000 cubic yards, at 30 cts.	21,000
10 per cent for engineering, &c.	2,000
Total amount	$23,000

A channel of the same description, but only 6 feet in depth will cost $15,000.

It is believed that the work can be completed in one season, and that no additional expense will be required to maintain the channel for a long time.

Betty Hynson, formerly a servant of the late P. W. Richardson, of Denton, died in Queen Anne's county during Christmas, aged more than a hundred years.

We understand that some oystermen put a negro ashore on Kent Island last week with the small pox ont on him, and that he is now wandering about over the island. This dastardly act ought to be punished.

Wm. Askins, the colored man in Corsica Neck, afflicted with the small pox, died on Sunday night week. It is probable that he suffered greatly for want of attention, as there was no one near the house in which he was sick, and he had been dead for some time when the fact was discovered.

Mrs. Anna Maria Story, widow of the late Luther Story, died suddenly at her residence in this town on Saturday night of paralysis. She complained to a lady, with whom she was sleeping, of feeling badly. A messenger was at once dispatched for a physician, but when he reached the house she was dead. It is said the attack lasted not more than ten minutes.—*Observer.*

SOMERSET COUNTY.

Remarkable Dog.—Mr. Robert Dashiell, residing on Monie, and well known in this county, told us yesterday of a dog which he owns that continually goes into the river and catches fish, bringing them by the head to the kitchen, and giving them to the cook. He swims out into the river, spies the fish moving about in a half-numbed condition, dives down, catches them by the head and brings them ashore. He is a Newfoundland dog, and is said to be of the true breed.—*True Marylander.*

☞ An Ohio pedestrian recently advertised that he would walk a hundred miles in a hundred hours, and a large number of persons paid their half-dollars to see him do it: but as he had not specified where the feat was to be accomplished, he walked directly away from his starting-point with all the money that had been collected.

MEDICAL GRADUATES OF THE UNIVERSITY OF VIRGINIA.—A letter from a prominent surgeon of the United States navy and member of the examining board for naval surgeons, pays a very high compliment to the medical graduates of the University of Virginia. He states that during twenty years no candidate from the University of Virginia has ever been rejected by the naval medical board, which is true of no other medical institution in the United States.

LANGUAGE AMONG ANIMALS.—M. Houzeau maintains that not only does each group of animals possess a language which is understood by other members of the same group, but that they can learn to understand the language of other groups. his dog, for instance, perfectly understood his poultry. Cocks and hens have one danger signal for the approach of a bird of prey, another for that of a terrestial animal or for a man When the latter was sounded, the dogs would rush out and bark, while to the former they paid no attention whatever. He therefore concludes that fowls have the power of expressing slightly different but closely allied ideas, and dogs can learn to understand these differences.—*Scribner's for February.*

In the Senate Tuesday Vice-President Colfax, after stating that grave charges affecting his character as a man had been preferred against him, asked for the appointment of a committee of investigation to be composed of a majority of Senators politically opposed to him. Calling Mr. Anthony to the chair he left the Senate Chamber. Mr. Pratt, of Indiana, then moved the appointment of a committee of five Senators. Mr. Thurman immediately rose and explained that as the Vice-President was an officer of the Government the Senate had no power to expel him, even if convicted—the only mode of reaching him being by impeachment. Whether the demand of Mr. Colfax was a mere piece of trickery on his part, or whether it arose from gross ignorance, it is impossible to say; but the explanatory comment of Mr. Thurman speedily settled the matter, and the motion for a committee was forthwith rejected. Almost simultaneously with this farcical episode in the Senate, Mr. Colfax came to deeper grief before the Poland committee. A witness from the First National Bank at Washington testified that Mr. Colfax deposited to the credit of his account in the bank, on the 22d of June, 1868, the sum of twelve hundred dollars. As the memorable check on the Sergeant-at-Arms, which Oakes Ames swore he gave Mr. Colfax—dated two days before, and the receipt of which the latter so vehemently denied—was, for the precise amount deposited by him in bank, the sum placed to his credit was but too evidently the proceeds of the nefarious transaction.—*Balt. Gazette.*
