FIRE BY LIGHTNING.—During the thunder storm of last Saturday night, at the time of the heavy clap of thunder about twelve o'clock, a frame building in the rear of Mr. A. H. Rockwell's restaurant was struck by the lightning and immediately set on fire. The building was about 16 by 20 feet and some 15 or 20 feet high, and was used by Mr. Rockwell to preserve his oysters in, the sides being filled in with saw dust and the top with hay. The combustible material of the loft burnt rapidly, and although it rained hard at the time the building was entirely consumed. The fire engine was brought into requisition, and had water been convenient it would have been possible to have saved the building. Fortunately, no wind was blowing at the time or some of the frame tenements surrounding must have been destroyed also. About the same hour of the night, and it would almost seem by a fork from the same bolt. The following singular casuality took place in Baltimore city, as reported by the sun:

House Struck by Lightning—Narrow Escape.—The flash of lightning preceding the loud thunder clap about 12 o'clock on Saturday night, during the storm struck the brick building occupied as a dwelling and store by H. R. Honemann, No. 383 North Gay street, corner of Madison. It tore up a space of about six inches square of the tin roof, passed through an opening in the wood work, then down through the floor of the room beneath, tearing down a yard or more of the plastering of the ceiling of each room, and, passing along the foot of a bed in the lower room, seemed to stop at the floor. The bed in which Mr. Honemann slept was fortunately empty at the time, he and his wife being still engaged in the store settling up the business of the night before retiring. The bed was set on fire, but a son, who occupied the adjoining room and was awakened by the noise both of the thunder and he thinks, also of the lightning tearing its way through the house, ran into this room, and of course, saw the fire. He gave an alarm and it was speedily extinguished. About the same time policemen and others in the street saw a light in the cellar and informed Mr. Honemann, who went down, carrying a candle, for the gas which had been burning in the store and some of the other rooms was extinguished at the moment the lightning struck. The light in the cellar seemed to have been caused by the bursting of the gas pipe just above the meter by the lightning, though there are no other signs of its having penetrated beyond the second floor. Mr. Honemann had presence of mind enough to turn off the gas at once in the cellar, or an explosion might have ensued. The escape of the inmates of the house from injury was marvelous.

The dwelling of Mrs. Oliver Jones, in Quaker Neck, was also struck during the storm, but only slightly damaged.

REV. J. C. HENDLEY, who has accepted the call of St. Paul and I. U. Parishes, has arrived in this county and will, we presume, hold service at St. Paul's to-morrow at 11 o'clock and at I. U. in the afternoon at 3 o'clock.

SALE OF A SMALL FARM.—Mr. Wm. Nicholson, of Baltimore city, on Wednesday last sold, at private sale, to Capt. Wm. Scoone, his farm in Quaker Neck, at Bakerville, for $1,780 cash.

THE death on Friday the 4th inst., of Dr. John Eliason, second son of Thos. W. Eliason, Esq., of this town, justifies more than the formal notice of last week, than which time did not then admit. Possessed of a clear and logical mind and having a fondness for books, he had also enjoyed every advantage in our country for acquiring knowledge. After a full course at Yale College, he graduated with much credit, pursuing his studies for several years longer, he then commenced the study of medicine, and had only graduated at the University of Pennsylvania in March a few weeks before his death, with high, if not the highest honors of his class. His moral character had been unexceptional from childhood, and we are informed he had early started out to lead a christian life which he pursued consistently to a calm and hopeful end. Genial in his manners, he must, had not death intervened, reached eminence in his profession. His death was deeply regretted by our community at large.

ELKTON AND MASSEYS RAILROAD.—The organization of the Elkton and Massey railroad has been completed, and Hon. Jacob Tome, of Port Deposit, elected president. The road is to be broad gauge, and the stock $50 per share, although one installment, or only $2.50 per share, has been paid. The second installment, of a like sum, was to have been paid on Wednesday. The road will be twenty-one miles in length, and its construction will cost about $15,000, it is presumed, per mile.

Messrs. Tome, Mackall and Greome, a committee of the directors, on Tuesday last selected J. B. Wingate, Esq., late of the Kent County Railroad Company, as chief engineer to locate the road, and make the necessary estimates, profiles, maps, &c., to enable the board of directors to place the road under contract. It is understood that he will enter on his duties next week.

KENT COUNTY RAILROAD.—Representatives of the South Jersey railroad, including Mr. Bentley the vice-president, and engineer, with representatives of the Baltimore and Ohio road, and their chief engineer have been in our county and town during the week with Col. Painter of the Kent county road. A thorough examination of the route across the county and the several points on the Bay shore have been made! The result of this conference has made the completion of the railroad through our county to the Bay shore a fixed fact, being one link in a through route from New York to Baltimore. The plan is as follows: By steamer from New York to Sandy Hook 28 miles, then by rail across the State of New Jersey to a point opposite Bombay Hook, on the Delaware Bay thence by steamer across the Delaware, thence through Delaware by rail to Massey's Gross roads in this county and thence by Kent county railroad to the Chesapeake at Rock Hall or Gale's, thence by boat to North Point and from there to Baltimore. One of the steamers to ply between New York city and Sandy Hook, the Long Branch, has already made her trial trip. The road from Bombay Hook to Massey's is under contract, to be completed by August the first, and the Kent county link to the bay has doubtless been put under contract before this goes to press. It is designed to carry the entire trains across the Delaware and Chesapeake Bays.

If the Gale terminus on our Bay is selected it will be with a view to a through passenger travel, if the Rock Hall terminus, with especial reference to a through freight line.

The chances all favor the building of the road from Worton station direct to the point selected on the bay. In that event the road from Worton to Chestertown will only continue to be used as a local branch.

THE MOUND BUILDERS.—Danville, on the Tennessee river, has betaken itself to the production of gigantic skeletons. On the river bank, where there had recently been a slide, the skeletons of some forty or fifty persons, some of them of extraordinary size have been discovered. Nearly all of them are over seven feet in length, and evidently belonged to a race of men who inhabited the country prior to the Indian. These are believed to have been the ancient mound builders of the county, whose traces exist in the whole Mississippi Valley, with evidences of art in pottery, lettering illustrations, the mounds having been the tombs of the race. The human remains found in these, though crumbling at once, show the race to have been of large stature.

A boy nine or ten years old was arrested in Elkton, last week, beastly drunk, during the examination the boy's father commenced to swear and continued until he was fined $6.25 for swearing and costs in default of which he was committed.

Probable Suicide.—Some time on Friday of last week, Mrs. Hannah J. Murray, wife of J. C. Murray living near Bay View, attempted to commit suicide by shooting herself with a gun, and inflicted wounds of a serious and dangerous character. About four years ago Mrs. Murray had a severe attack of typhoid fever, since which time she has been suffering from mental aberration to such an extent that it was necessary at times to keep a close watch upon her actions. Recently it was supposed that she had almost entirely recovered, but a few days ago she was again seized with fits of melancholy.

Sale of Real Estate.—W. J. Jones, attorney for Jacob Tome, sold on Tuesday the Grubb property, lying in the 8th district of Cecil county, for $10,400; Mr. Tome, the mortgagee, purchaser. The property was divided into two tracts or farms, containing respectively 220 acres and 16 perches, and 107 acres; also three lots at the head of the old Maryland canal or Ark Haven. The two tracts of land were valuable farming land, improved with an excellent brick dwelling-house and large frame barn, all fitted up in complete order.

Iron in the Blood

PERUVIAN SYRUP — AN IRON TONIC

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing* Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints,** ***and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has* PERUVIAN SYRUP *blown in the glass.

The Thorough-bred STALLION,
LEGATEE,

Has commenced his Spring season. All breeders agree in the superiority of Thorough-bred males over those which are not.

Legatee is a blood bay, six years old, very compactly built, gentle and kind everywhere, having been driven in various ways, powerfully strong, healthy and sound and as pretty as a picture: very much resembling his sire the renowned LEXINGTON, whose character and form none dared to criticize, and whose performances are without a parallel in the annals of the Turf.

Legatee was got by LEXINGTON, he by Boston out of ALICE CARNEAL, by IMPORTED SARPEDON.

Legatee's dam was LEVITY (Rurie's dam) by Imported Trustee. The rest of his pedigree is traced in an unbroken line through the most notables of the country, to *CULLEN'S ARABIAN*, imported by General Spottswood.

He has one of the richest pedigrees in the country. To say nothing of Legatee's ancestry on his sire's side, such world renowned horses as LEXINGTON, BOSTON, and SARPEDON, his dam's family is one of the most prized in the U. S., having produced such celebrated horses as RURIC, VANDAL, his brother Alaric, and the present famous horses owned by Mr. Sanford of New York, *MONARCHIST* and *SALINA*, BOTH OF WHOM ARE BY LAGATEE'S SIRE OUT OF HALF SISTERS TO LEGATEE, WHO WERE BY IMPORTED GLENCO OUT OF LEGATEE'S DAM!!

Legatee has run and won several four mile heats and repeat, among which was the *CELEBRATED RESTORATION STAKES*, (purse $5,000,00) at Long Branch, easily beating TWENTY ENTRIES and among them several celebrated and frequent winners upon other occasions.

The Turf, Field and Farm, in its issue of Jan. 1872, spoke of Legatee in the highest terms of praise, and regarded him as one of the VERY BEST HORSES IN AMERICA.

He has proved himself to be a SURE FOAL GETTER, and has attracted attention and admiration wherever he has gone.

Ex-Governor Oden Bowie and Gen'l. Howard of the Western Shore, and John Cochran, of Delaware, have bred their best mares to "Legatee," and in our own county, Drs. Whaland and Price, Richard Hynson, John Brice, Col. Spencer, Capt. Skirven, Alex. Kennedy, Jas. Hurtt, and other acknowledged horsemen and OWNERS OF GOOD STALLIONS have been or are breeding to him.
