Oh! Why Should the Spirit of Mortal be Proud.

Oh, why should the spirit of mortal be proud?
Like a swift fleeting meteor—a fast flying cloud—
A flash of the lightning—a break of the wave—
He passeth from life to his rest in the grave.

The leaves of the oak and the willow shall fade,
Be scattered around, and together be laid;
As the young and the old, the low and the high,
Shall crumble to dust and together shall lie.

The infant a mother attended and loved,
The mother, that infant's affection who proved;
The father, that mother and infant who blest,—
Each, all are away to that dwelling of rest.

The maid on whose brow, on whose cheek, in whose eye,
Shone beauty and pleasure—her triumphs are by;
And alike from the minds of the living erased
Are the mem'ries of mortals who loved her and praised.

The head of the king, that the sceptre hath borne,
The brow of the priest, that the mitre hath worn,
The eye of the sage, and the heart of the brave,
Are hidden and lost in the depths of the grave.

From the blossom of health to the paleness of death,
From the gilded saloon to the bier and the shroud;
Oh! why should the spirit of mortal be proud?

LEE AND LONGSTREET.—A dispatch from Mobile, Ala., to the New York Herald, says that Brigadier General W. N. Pendleton, of the Army of Northern Virginia, and now pastor of the Episcopal Church at Lexington, Va., during his lecture on Gen. R. E. Lee, in that city, made a charge of inefficiency, and attributed the loss of the battle of Gettysburg by the Confederates to Gen. Longstreet. Gen. Pendleton said that, to his personal knowledge, derived from Lee's own lips, Longstreet had the night before the battle received from Gen. Lee in person orders to advance at the dawn of the next morning; that he (Gen. Pendleton) had made a reconnoisance in person, and declared to Gen. Lee the perfect practicability of immediate assault upon the then unprepared enemy; how he had waited impatiently till twelve o'clock; how Longstreet at that hour rode up to his side and sat upon his horse, useless and inactive, until 4 o'clock P. M.; then when the head of his column did go in, his soldiers were futile against the now massed and concentrated enemy; and still Robert E. Lee, Gen. Pendleton said, refused to lay the blame upon the shoulders of the man who had fought so often and so well for him.

☞Thackary tells us of a woman begging alms from him, who, when she saw him put his hand in his pocket, cried out: "May the blessing of God follow you all your life!" but when he only pulled out his snuff-box, immediately added, "and never overtake ye."

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

HALL'S VEGETABLE SICILIAN HAIR RENEWER.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D, State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Sold by all Druggists, and Dealers in Medicines.
Price One Dollar.

Buckingham's Dye.
FOR THE WHISKERS.

As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in *one preparation;* which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.

Manufactured by R. P. HALL, & CO., NASHUA, N.H.

Ayer's
Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote and disappear. Hence its wonderful cures, many of which are publicly known, of **Scrofula,** and all scrofulous diseases, **Ulcers, Eruptions,** and eruptive disorders of the skin, **Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm,** and internal **Ulcerations of the Uterus, Stomach, and Liver.** It also cures other complaints, to which it would not seem especially adapted, such as **Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility,** and **Leucorrhœa,** when they are manifestations of the scrofulous poisons.

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even when no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

THE
EUREKA
FANNING MILL.
The Greatest Invention
OF THE 19th CENTURY!
FARMERS, LOOK TO YOUR INTEREST.

THE attention of Farmers and Mechanics is particularly directed to the combined economy, utility and practicability of the Eureka Mill, and to the many other advantages it possesses over every othhr Fanning Mill which has been introduced to the public. It is the fruit of long and patient investigation by the inventor, who has made it his constant study for over twenty years. He has secured several patents for Mills, and has always been rewarded with the best of success. But not feeling satisfied with his former attainments, he determined to reach the climax, and now he now believes that his new invention will warrant him in exclaiming in the joy of his heart, like the philosopher, Phythagoras, EUREKA, signifying in the Grecian language, "I have found it." This has given the name to this new Mill.

In this Mill are all the former improvements, to which have been added several more, adding still greater advantages than were at first anticipated, or even thought possible by the inventor himself. It embraces the three great essentials necessary in every invention.

It combines Utility, Economy and Practicability!

THE EUREKA MILL

Is small and lighter, and is capable of doing more and better work in a given time than any other Mill ever invented. It is the only Mill that will successfully remove from wheat such pests as Cockle, Garlic, Oats, Rye, &c.

Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain, and in the other, grain fit for market or mill. Here is made a great saving usually lost sight of; for nearly one-quarter of the grain cleaned in the common Mills is lost when sown, on account of shrunken kernels and inferior grain. The Eureka Mill saves all this, and gives seed every kernel of which will grow when put into the ground, and this saving will, in a short time, pay for the Mill.

HINES & BURCHINAL,
Chestertown, Md.,

Owners of the Mill, are having them manufactured at the Sash Factory and Planing Mill of NOLAND & Co., Port Deposit, Md., which is a guarantee they will be put up in the very best manner.
