Among other matters it was ordered that Robert Lusby, Henry Jones and John Hurlock be and they are appointed to examine the road leading from Gooding's mill to Harmony in the second district, with a view to widening and draining that part between Geo. R. Vansant's corner and Shrewsbury church.

Jas. W. Hurtt, Geo. W. Davis and Saml. A. Merritt were appointed to examine and lay down a public road beginning at Black's Station and running through the lands of Miss Sallie Sutton and Mrs. J. C. Grooms' land to the public road leading from Black's Cross Roads to the old Presbyterian Church.

Geo. W. Chrisfield, Wm. Hepbron and Chas. H. Davis, tax collectors, filed their bonds, which were approved.

A FREE CONCERT.—On Tuesday evening next the Superintendent, with pupils from the Maryland Institution for the instruction of the blind, will give a free Concert of Vocal and Instrumental Music in the Court House in Chestertown.

The object of the concert is to bring prominently before the people of this county the character of the institution.

Provision has been made by the State for the education of all blind young persons in Maryland: those who cannot afford to pay being received into the Institution FREE. The Superintendent will fully explain the character and advantages of the Institution. There is room for about fifty more pupils.

THE Eighth Annual Commencement of the State Normal School will be held in Ford's Grand Opera House, Baltimore, on Thursday evening, May 29th.

BISHOP LAY preached in our town on Wednesday evening last, and administered the rite of confirmation.

READINGS.—On Thursday evening, at the Court House, the Rev. T. O. Crouse, assisted by a young lady from Baltimore, will give Readings at the Court House in Chestertown, for the benefit of the M. P. Sunday School. The entertainment will be enlivened with vocal and instrumental music: the music by a lady who has considerable reputation. We learn that Mr. Crouse is desirous to appear again before a Chestertown audience, being not entirely satisfied with his effort last summer. We bespeak for Mr. Crouse a large audience. Tickets 50 cts.; children half price.

KENT COUNTY RAIL ROAD.—As railroad matters are just at this time exciting considerable interest in our community, we give the latest in reference to our Kent county road. Work has again commenced with considerable activity on the ridge route from Worton station. We learn the Bay terminus will be on HERRING POND, a body of some twenty acres of deep water, and a most magnificent basin for a railroad terminus. Immediately outside there is very deep water, and it will only necessitate a short cut through the beach. From thence we learn a branch will be run to Rock Hall, to accommodate the down the Bay trade.

The track from Chestertown to Belair will not, we learn, be taken up. That portion of the road is at the present time of no use to the company, having been stopped by an injunction from entering the lands of Mr. Carvill, for failing to pay his damages. This interruption it is to be hoped, for the credit of the road, will be temporary.

The Company is now using a large new coal-burning locomotive called the KENT: this gives them now three engines.

The road from Bombay Hook to Massey's is being rapidly constructed. Massey's seems destined to become a considerable railroad centre. Should the Elkton and Massey's road be built it will be the junction of four roads.

STEAMER NAMED.—Messrs. Leary & Thompson have named their little steamboat, recently built at their steam saw mill at Grey's Inn, for the purpose of towing rafts of logs and lumber, the GREY'S INN.

SCRIBNER'S FOR MAY.—"The Insanity of Cain" is the suggestive title of the most remarkable article in the May number of "Scribner's," and one which is destined to attract wide attention. In the way of "pictorial" papers, there is a weird little poem by Miss Maria R. Oakey, with a decoration by the author: Mr. Rhodes' article on Gavarni, the John Leech of France, illustrated by some of the best engravings that have lately been made in America; Stanley's paper on "Four Great African Travelers," with a number of lively illustrations, and "Cuba and the Cubans," giving us, by means of pen and picture, a good idea of the situation in that unfortunate island. We find a fine critical paper on Walter Savage Landor, by Edmund C. Steadman; also some timely hints on "The California Journey," by Susan Coolidge; an interesting account of the Civil Service Reform; the last part of Saxe Holm's story, "The Elder's Wife;" the continuation of Dr. Holland's story, "Arthur Bonnicastle;" poems and translations by J. T. Trowbridge, George McDonald, Thomas Dunn English, and others. Dr. Holland's "Topics of the Time" are entitled "Thou Shalt Kill," "Mitigating Circumstances," "Cruelty to Men and Women," and "Civil service refom."

A NEW DEADLY WEAPON.—The medical men have a fresh puzzle on hand.—Xylol is a new chemical compound, derived from the distillation of oil and tar, and according to the German doctors it is a specific for the cure of small-pox; but, according to a remarkable statement, just made public by a physician in St. Louis, Dr. Walsh: it is also an agent for purposes of robbery and murder. To mingle it with the feathers of a pillow, and to lay the head upon that pillow, is to die, as by the fumes of charcoal. True, all pillows may be disused—but then some evil disposed person might put xylol into the bolster, and the sleeper, recovering from small-pox, might die of the very poison which cured his disorder. The whole business is complicated, and xylol will be at a discount—literally a drug in the market, until such time as the chemists and the doctors tell us what is true and what is false concerning it.

☞ The Boston Times relates the following incident of the lost ship Atlantic: "When about mid-ocean a curious incident occurred, which, if true, as related to our reporter, is very unaccountable. The steerage passengers say that at about that point on the voyage two or three of the passengers declared, as if gifted with the spirit of prophecy, that the ship and all on board would be lost. They kept repeating the prediction, packed their carpet-bags and went on deck to watch for chance passing vessels, saying that they were going to leave her, as they were sure she was doomed to destruction. The captain then intervened and locked them up as madmen, and when the prediction they had made in their supposed insanity received its fearful fulfillment, they, it is said, perished in confinement."

EXCITEMENT AT DRUG STORES.—There has been a general rush the last month at the Drug Stores in Kent County for Dr. A. Boschee's German Syrup.

It has lately been introduced in this country from Germany, and for any person suffering with a severe cough, heavy cold settled on the breast, consumption or any disease of the throat and lungs it has no equal in the world. Our regular size bottles are 75 cents. Two doses will relieve any case. Try it. Sample bottles free of charge.

Alleged Attempt to Poison a Family.—A colored girl was lodged in jail at Elkton last week for an alleged attempt to poison the family of Mr. Benjamin B. Price, of Sassafras Neck, where she had been employed as a servant, by putting poison in the coffee. Mrs. Price first tasted the coffee and found it very bitter, caused by some foreign substance that had been put in it she inferred. Suspicion immediately rested on the girl for having poisoned the coffee, and Mr. Price tried to make her drink some of it, which she refused to do, when she was arrested and committed to jail.

At the election held on Monday, for seven commissioners for Elkton, for the ensuing year one hundred and fifty-seven votes were cast. Several tickets were in the field. Messrs. John Gilpin, Washington H. Bennett, Robt. B. Frazier, Richard G. Reese and Morriss Dunbar, democrats, were elected by an average vote of one hundred and thirteen, and Messrs. Isaac D. Davis and Robert Marshbank, republican, by an average vote of eighty-three.

Mr. Chamberlane, principal of the Elkton public school has unaccountably become deranged.

Leg Broken.—A young man named Thomas Smith, living with Mr. Thomas Sparklin, in Tuckahoe Neck, had his left leg broken above the ankle on Tuesday morning, of last week, by the falling of a tree in the woods where he was at work.

Sudden Death.—Mrs. Mary Morgan, widow of the late Owen Morgan, died suddenly of heart disease, Wednesday morning. Tuesday she had been whitewashing and cleaning up her house, and although feeling somewhat indisposed, was still attending to household duties.

Sheriff Evits left for Baltimore city on Monday last, having in charge John H. Barwick, convicted at the recent term of the Caroline Court of murder in the second degree, and sentenced to the Penitentiary for 15 years.

The Herald says: The Odd Fellows of Cambridge celebrated the 27th of April. They were addressed by Rev. William E. Evans, a member of the Fraternity.

We are pleased to announce that James Alfred Pearce, Esq., of Chestertown, Maryland, will deliver the Address at the Annual Commencement of the Cambridge Female Seminary, on the 19th of June next.

On the first day of May, Mr. William Rozell cut a stalk of wheat from his field measuring three foot and one inch, and it was not an extra stalk either. Mr. Rozell states that on a level his wheat will measure three feet high. Can Caroline or any other county beat this field?

WORCESTER COUNTY.

Enterprise.—We learn that some capitalists are contemplating the erection of a large hotel on the beach at Berlin, Md., also the completion of the Wicomico and Pocomoke railroad to the ocean. This will be a very desirable spot for a watering place, and the abundance of game, fish, and oysters make this one of the choicest selections on our Atlantic coast. This beach is seldom if ever troubled with mosquitoes, and for camp meeting purposes far excels any other point on the peninsula. We hope some of our Methodist friends will not overlook these grounds.—*Record.*

A PLACE OF MOURNING.—A dispatch from Dixon, Ill., the scene of the bridge disaster, describing the scene in that place on Monday, the day after the accident, says:

"Bells were tolling all day, and the cemetery is already dotted with new-made graves. Announcements for funerals from different houses are made at frequent intervals, and the whole community is covered with the pall of this terrible calamity. There is no arrangement for a general funeral, but the friends of each victim assembled at their respective homes to pay the last sad rites.—Scarcely a person in the place but has lost a friend. Some households mourn the death of several members. The number of bodies recovered from the river is forty-eight, and some ten or twelve more were missing. Between forty and fifty are maimed or otherwise injured, but will recover. Great indignation is felt in Dixon towards the builders of the Truesdell bridge, which several times before proved unequal to sustain great weight. In this case the spans were noticed to have swagged sometime ago, but nothing was done."

We have the following on the authority of the New York *Tribune*. It is certainly a curious illustration of the desperation to which the Massachusetts spinsters are reduced, and a singular addition to the "isms, creeds, and 'ologies" of New England;

It is almost incredible, but it is seriously stated that one hundred and sixty-two women of Lowell, Mass., have petitioned the Legislature to make polygamy legal. The petitioners, however, would have the taking of a second wife dependent upon the consent of the first—a very wise proviso, if any such foolish and wicked statute is to be enacted, inasmuch as the consent of the first wife would, in a majority of cases, be impossible to obtain. But Governor Andrew's "forty thousand anxious and aimless women" still remain in Massachusetts; and the question what is to be done with them is as far from being answered as ever—one of the problems which it is pleasant to think that time at least must solve,

☞ The Supreme Court of New York has denied the motion for a new trial in the case of Stokes. The judgment of the court that tried and convicted him is affirmed. This decides the more hopeful avenues of escape for this notorious criminal to be closed. The case will now be taken to the Court of Appeals, and if there also the decision should be against Stokes, the last and only remaining hope would be in the merciful interposition of Governor Dix. The failure of the attempt made in the case of Foster is a disheartening precedent for the prisoner. The chances are, then, that Stokes will now be executed. It has been a long road that has led this young man at last to the foot of the gallows, and has had many a turning, but the rope and the noose are fearfully near now.

THE American Public Health Association held its last meeting at Cincinnatti. While there it exasperated the young ladies of that progressive city and of all our land by the following atrocious declaration:

A young lady is declared fit to be married when she can talk, sing, dance and play on the piano. But unfortunately, life is not all a *conversazione*, a concert, a ball room or a musical entertainment, and when it comes down to the graver duties of existence the young wife is found wofully deficient. While admiring the romance and poetry of life, some attention should be paid to the realities. A young woman may be full of poetry, æsthetic tastes and joyousness, but may not know the difference between a raw and boiled potato, between flour in the barrel and in the loaf on the table.

Of course, it was a band of strictly scientific men who made the declaration. As usual, they took the flaunting rose, the gay and prominent society girl of the period, and from her passed rash judgment on all her sex. The more modest and shrinking violet, the girl who makes the home happy, and is quiet and inconspicuous, except for the little circle which surrounds and loves her, is, as is customary, entirely ignored-

TRANSCRIPT OFFICE.

A CARD

To the Democratic and Conservative Voters of Kent County.

A REPORT having been circulated that I have withdrawn as a candidate for nomination for the office of Clerk of the Circuit Court of Kent county, I take this method of positively denying the truth of that report, and to re-announce myself as a candidate subject to a fair and proper nomination. I belong to no ring or clique, and rely upon the people for support. The State seems to have been under "Ring" influence for several years, but it is to be hoped that our county will be free from all such combinations.

As a just and fair way of nominating candidates for the various offices, I would respectfully suggest that committees be run for Clerk; a separate committee for Register, and so on for Sheriff and Legislature in the respective districts; let the committees thus chosen meet in Chestertown on a day to be named, and hold a convention for each officer to be selected.

The justice and fairness of this plan is easily demonstrated: Suppose that Mr. A, a candidate for sheriff in the first district, should be very popular and have many friends; he will elect a committee favorable to his own nomination. That committee may not be favorable to B, who has a majority for clerk in the same district, nor for C, who may have a majority for register of wills, nor for D or for E, who may have a majority for the legislature. It is apparent that a committee elected for a sheriff cannot represent the wishes of the district for all the officers to be nominated; the same thing may occur in other districts—a committee selected to nominate a clerk may control all the other nominations against the wishes of the district.

Another plan is suggested: Let each candidate be voted for by ballot, and the candidates having the majority or plurality shall be supported by the committee from that district, and which shall be pledged to that support.

One of these methods seem to be necessary to preserve harmony in the party, to prevent combinations, to give satisfaction to the voters, and to secure success at the polls. The free will and sense of the people should prevail in reference to each candidate.

With my thanks to those who have tendered me support, and with assurance that if elected I shall perform the duties personally and impartially, not forgetting my friends, my party and the public, I remain,

Respectfully, yours,
WM. A. VICKERS.

CHARLES H. PLATT,
Nov. 30, 1872. *Superintendent.*

The Thorough-bred STALLION,

LEGATEE,

Has commenced his Spring season. All breeders agree in the superiority of thorough-bred males over those which are not.

Legatee is a blood bay, six years old, very compactly built, gentle and kind everywhere, having been driven in various ways, powerfully strong, healthy and sound and as pretty as a picture: very much resembling his sire the renowned LEXINGTON, whose character and form none dared to criticize, and whose performances are without a parallel in the annals of the Turf.

Legatee was got by LEXINGTON, he by Boston out of ALICE CARNEAL, by IMPORTED SARPEDON.

Legatee's dam was LEVITY (Ruric's dam) by Imported Trustee. The rest of his pedigree is traced in an unbroken line through the most notables of the country, to *CULLEN'S ARABIAN*, imported by General Spottswood.

He has one of the richest pedigrees in the country. To say nothing of Legatee's ancestry on his sire's side, such world renowned horses as LEXINGTON, BOSTON, and SARPEDON, his dam's family is one of the most prized in the U. S., having produced such celebrated horses as RURIC, VANDAL, his brother Alaric, and the present famous horses owned by Mr. Sanford of New York, *MONARCHIST* and *SALINA*, BOTH OF WHOM ARE BY LAGATEE'S SIRE OUT OF HALF SISTERS TO LEGATEE, WHO WERE BY IMPORTED GLENCO OUT OF LEGATEE'S DAM!!

Legatee has run and won several four mile heats and repeat, among which was the *CELEBRATED RESTORATION STAKES*, (purse $5,000.00) at Long Branch, easily beating TWENTY ENTRIES and among them several celebrated and frequent winners upon other occasions.

The Turf, Field and Farm, in its issue of Jan. 1872, spoke of Legatee in the highest terms of praise, and regarded him as one of the VERY BEST HORSES IN AMERICA.

He has proved himself to be a SURE FOAL GETTER, and has attracted attention and admiration wherever he has gone.

Ex-Governor Oden Bowie and Gen'l. Howard of the Western Shore, and John Cochran, of Delaware, have bred their best mares to "Legatee," and in our own county, Drs. Whaland and Price, Richard Hynson, John Brice, Col. Spencer, Capt. Skirven, Alex. Kennedy, Jas. Hurtt, and other acknowledged horsemen and OWNERS OF GOOD STALLIONS have been or are breeding to him.

Number of mares limited.
