"ROCK OF AGES."

[Seldom have we read a sweeter illustration of the thoughtless and experimental way of singing this beautiful hymn, than that which is embodied in the following anonymous verses, which we take from an exchange:]

"Rock of Ages, cleft for me,"
Thoughtlessly the maiden sung;
Fell the words unconsciously
From her girlish, gleeful tongue;
Sang as little children sing—
Sang as sing the birds in June;
Fell the words like light leaves down
On the current of the tune—
"Rock of Ages, cleft for me,
Let me hide myself in Thee."

"Let me hide myself in Thee,"
Felt herself no need to hide;
Sweet the song as sweet could be,
And she had no thought beside;
All the words unheedingly
Fell from lips untouched with care,
Dreaming not they each might be
On some other lips a prayer;
"Rock of Ages, cleft for me,
Let me hide myself in Thee."

"Rock of Ages, cleft for me"—
'Twas a woman sung them now;
Rose the song as storm-tossed bird,
Beats with weary wing the air,
Every note with sorrow stirred,
Every syllable a prayer—
"Rock of Ages, cleft for me,
Let me hide myself in Thee."

"Rock of Ages, cleft for me,"
Lips grown aged sung the hymn
Trustingly and tenderly,
Voice grown weak and eyes grown dim;
"Let me hide myself in Thee"
Trembling through the voice and low—
Run the sweet strain peacefully,
Like a river in its flow,
Sung as only they can sing
Who life's thorny path have trod,
Sung as only they can sing
Who behold the promised rest—
"Rock of Ages, cleft for me,
Let me hide myself in Thee."

"Rock of Ages, cleft for me,"
Sung above a coffin lid;
Underneath all restfully,
All life's joys and sorrows hid.
Nevermore, O storm-tossed soul,
Nevermore from wind or tide;
Nevermore from billow's roll
Wilt thou need to hide.
Could the sightless, sunken eyes,
Closed beneath the soft, gray hair,
Could the mute and stiffened lips
Move again in pleading prayer,
Still, aye still the words would be,
"Let me hide myself in Thee."

CURIOUS MARRIAGE STATISTICS.

To people of a statistical rather than a sentimental turn, the mathematics of marriage in different countries may prove an attractive theme of meditation. It is found that young men from fifteen to twenty years of age marry young women averaging two or three years older than themselves, but if they delay marriage until they are twenty to twenty-five years old, their spouses average a year younger than themselves; and thenceforward this difference steadily increases, till in extreme old age on the bridegroom's part it is apt to be enormous. The inclination of octogenarians to wed misses in their teens is an every-day occurrence, but it is amusing to find in the love-matches of boys that the statistics bear out the satires of Thackeray and Balzac. Again, the husbands of young women aged twenty and under average a little above twenty-five years, and the inequality of age diminishes thenceforward, till for women who have reached thirty the respective ages are equal; after thirty-five years, women, like men, marry those younger than themselves, the disproportion increasing with age, till at fifty-five it averages nine years.

The greatest number of marriages for men take place between the ages of twenty and twenty-five in England, between twenty-five and thirty in France, and between twenty-five and thirty-five in Italy and Belgium. Finally, in Hungary the number of individuals who marry is 72 in a thousand each year; in England, it is 64; in Denmark, 59; in France, 57, the city of Paris showing 53; in the Netherlands, 52; in Belgium, 43; in Norway, 36. Widowers indulge in second marriages three or four times as often as widows. For example, in England (land of Mrs. Bardell) are 60 marriages of widowers against 21 of widows; in Belgium there are 48 to 16; in France, 40 to 12. Old Mr. Weller's paternal advice, to "beware of the widows," ought surely to be supplemented by a maxim to beware of widowers.—*Lippincott's Magazine.*

REORGANIZING HIS WIFE.—"I never attemped to reorganize my wife but once," confessed Artemus Ward. "I shall never attempt to do it again. I'd been to a public dinner, and had allowed myself to be betrayed into drinkin' several people's healths; and wishin' to make 'em as robust as possible, continued drinkin' their health until my own was affected. Conscience was, I presented myself to Betsy's bed-side late at nite with considerable licker concealed about my person. I had somehow got possession of a hoss-whip on my way home, and rememberin' some cranky observation of Mrs. Ward's in the mornin', I snapped the whip putty lively, and in a very loud voice, I said: 'Betsy', I continued crackin' the whip over the bed, 'I have come to reorganize you.' I dreamed that nite that somebody laid a hoss-whip across me several times—and when I woke up I found she had. I hain't drank much of anything since: and if I ever have another reorganizin' job on hand, I shall let let out."

A beautiful Indiana school girl, thirteen years old and six feet one inch high, is causing a general rupture among the suspenders of the short boys who try to kiss her.

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the *Pills* with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by *Ayer's Pills*, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia or Indigestion, Listlessness, Langtor, and Loss of Appetite**, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery or Diarrhœa**, but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back, and Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy and Dropsical Swellings**, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression**, a large dose should be taken, as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

Dr. J. C. AYER & CO., Practical Chemists,
LOWELL, MASS., U. S. A.
FOR SALE BY ALL DRUGGISTS EVERYWHERE.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

FOR THE WHISKERS.

THE

EUREKA FANNING MILL.

The Greatest Invention

OF THE 19th CENTURY!

FARMERS, LOOK TO YOUR INTEREST.

THE attention of Farmers and Mechanics is particularly directed to the combined economy, utility and practicability of the Eureka Mill, and to the many other advantages it possesses over every other Fanning Mill which has been introduced to the public. It is the fruit of long and patient investigation by the inventor, who has made it his constant study for over twenty years. He has secured several patents for Mills, and has always been rewarded with the best of success. But not feeling satisfied with his former attainments, he determined to reach the climax, and now he now believes that his new invention will warrant him in exclaiming in the joy of his heart, like the philosopher, Phythagoras, EUREKA, signifying in the Grecian language, "I have found it." This has given the name to this new Mill.

In this Mill are all the former improvements, to which have been added several more, adding still greater advantages than were at first anticipated, or even thought possible by the inventor himself. It embraces the three great essentials necessary in every invention.

It combines Utility, Economy and Practicability!

THE EUREKA MILL

Is small and lighter, and is capable of doing more and better work in a given time than any other Mill ever invented. It is the only Mill that will successfully remove from wheat such pests as Cockle, Garlic, Oats, Rye, &c.

Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain, and in the other, grain fit for market or mill. Here is made a great saving usually lost sight of; for nearly one-quarter of the grain cleaned in the common Mills is lost when sown, on account of shrunken kernels and inferior grain. The Eureka Mill saves all this, and gives seed every kernel of which will grow when put into the ground, and this saving will, in a short time, pay for the Mill.

HINES & BURCHINAL,

Chestertown, Md.,

Owners of the Mill, are having them manufactured at the Sash Factory and Planing Mill of NOLAND & CO., Port Deposit, Md., which is a guarantee they will be put up in the very best manner.
