From the Dublin Freeman.

THE WIDOW'S MESSAGE TO HER SON.

"Remember, Dennis, all I bade you say;
Tell him we're well and happy, thank the Lord;
But of our troubles since he went away,
You'll mind, avick, and never say a word.
Of cares and troubles, sure, we've all our share;
The finest summer isn't always fair.

"Tell him the spotted heifer calved in May;
She died, poor thing; but that you needn't mind;
Nor how the constant rain destroyed the hay;
But tell him God was ever kind,
And when the fever spread the country o'er,
His mercy kept the "sickness" from our door.

"Be sure you tell him how the neighbors came
And cut the corn and stored it in the barn;
'Twould be as well to mention them by name—
Pat Murphy, Ned Mc Cabe, and Jimmie Carn,
And big Tim Daly, from behind the hill;
And say, agra—Oh, say I love him still.

"They came with ready hand our toil to share—
'Twas then I missed him most—my own right hand—
I felt, altho' kind hearts were round me there,
The kindest heart beat in a foreign land.
Strong hand! brave heart! one severed far from me
By many a weary league of shore and sea.

"And tell him she was with us—he'll know who;
Mavourneen, hasn't she the winsome eyes?
The darkest, deepest, brightest, bonniest blue
I ever saw, except in summer skies;
And such black hair! it is the blackest hair
That ever rippled over neck so fair.

"Tell him old Pincher fretted many a day
And moped, poor dog! 'twas well he didn't die;
Crouched by the roadside, how he watched the way,
And sniffled the travelers as they passed him by—
Hail, rain, or sunshine, sure 'twas all the same,
He listened for the foot that never came.

"Tell him the house is lonesome-like and cold,
The fire itself seems robbed of half its light;
But maybe 'tis my eyes are growing old,
And things look dim before my failing sight.
For all that, tell him 'twas myself that spun
The shirts you bring, and stitched them every one.

"Give him my blessing, morning, noon, and night,
Tell him my prayers are offered for his good,
That he may keep his Maker still in sight,
And firmly stand as the brave father stood,
True to his name, his country and his God,
Faithful at home, and steadfast still abroad."

GERMAN PREJUDICE AGAINST POTATOES.—In Germany there exists a decided prejudice against potatoes, because they are composed of three-fourths water, with but ten to fifteen per cent, starch contained in indigestible cells. The French, who make a perfect science of the whole business of nourishment and cookery, rarely eat potatoes except occasionally fried for the second breakfast principal article of diet. The celebrated Carl Voigt says "that the unnourishing potato does not restore the wasted tissues, but makes our proletariats physically and mentally weak." The Holland physiologist, Mulder, gives the same judgment when he declares "that the excessive use of potatoes among the poorest classes, and coffee and tea by the higher ranks, is the cause of the indolence of nations." Leidenfrost maintains that the revolutions of the last three centuries have been caused by the changed nourishment. In former times the lowest workman ate more meat, now, when the cheap potato is the principal subsistence, but gives no regular or nervous strength.

which can be cured by a timely resort, to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

HALL'S VEGETABLE SICILIAN HAIR RENEWER.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Sold by all Druggists, and Dealers in Medicines.

Price One Dollar.

Buckingham's Dyo.

FOR THE WHISKERS.

As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in *one preparation;* which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.

Ayer's

Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of Childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Bronchitis, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.

THE

EUREKA

FANNING MILL.

The Greatest Invention

OF THE 19th CENTURY!

FARMERS, LOOK TO YOUR INTEREST.

THE attention of Farmers and Mechanics is particularly directed to the combined economy, utility and practicability of the Eureka Mill, and to the many other advantages it possesses over every othhr Fanning Mill which has been introduced to the public. It is the fruit of long and patient investigation by the inventor, who has made it his constant study for over twenty years. He has secured several patents for Mills, and has always been rewarded with the best of success. But not feeling satisfied with his former attainments, he determined to reach the climax, and now he now believes that his new invention will warrant him in exclaiming in the joy of his heart, like the philosopher, Phythagoras, EUREKA, signifying in the Grecian language, "I have found it." This has given the name to this new Mill.

In this Mill are all the former improvements, to which have been added several more, adding still greater advantages than were at first anticipated, or even thought possible by the inventor himself. It embraces the three great essentials necessary in every invention.

It combines Utility, Economy and Practicability!

THE EUREKA MILL

Is small and lighter, and is capable of doing more and better work in a given time than any other Mill ever invented. It is the only Mill that will successfully remove from wheat such pests as Cockle, Garlic, Oats, Rye, &c.

Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain, and in the other, grain fit for market or mill. Here is made a great saving usually lost sight of; for nearly one-quarter of the grain cleaned in the common Mills is lost when sown, on account of shrunken kernels and inferior grain. The Eureka Mill saves all this, and gives seed every kernel of which will grow when put into the ground, and this saving will, in a short time, pay for the Mill.

HINES & BURCHINAL,

Chestertown, Md.,

Owners of the Mill, are having them manufactured at the Sash Factory and Planing Mill of NOLAND & Co., Port Deposit, Md., which is a guarantee they will be put up in the very best manner.
