LOCAL NEWS.

☞We call attention to the Charades and Festival, to come off at Galena, on Tuesday, Wednesday, Thursday and Friday evenings of next week—the 29th, 30th and 31st of July, and 1st of August. For particulars see advertisement in to-day's paper.

ORPHANS' COURT.—Present, Judges Beck, Scott and Hepbron,

The court passed a number of claims against the estates of deceased parties.

In the matter of the personal estate of Samuel W. Canady, deceased, James W. Chaney and wife, Simon Welch and wife, Thomas and John Bordley, and Isaac Rodgers and wife, filed a petition to send issues to the Circuit Court to try the validity of Sarah E. Warner's claim to a portion of the personal estate of said Samuel W. Canady. The Court directed the following issues to be sent to the Circuit Court for Kent county, for trial:

First—Whether William Yardley Pierce late of Kent Co. deceased, was a legitimate half brother of Samuel W. Canady, late of Kent county, deceased.

Second—Whether Sarah E. Warner, (wife of Samuel Warner) is a legitimate child of the said William Yardley Pearce, and the only surviving child of said Wm. Y. Pearce.

Sarah E. Warner by her attorney, Henry Stockbridge, petitioned the Court to pass an order directing the administrator, Richard Hynson, to invest the personal estate in his hands not distributed, in some safe investment for the benefit of the distributees.

THE DROUGHT.—On Wednesday last we rode through a considerable section of our county, and presume it is fair to estimate the condition of the crops in the county from what we saw—and judging from the section we visited, it is safe to say that considerably more than half the farmers will barely make sufficient corn to feed their families and stock. The old farmer who rode with us said, again and again, "Mr. ——'s johnny-cake will be short this year." The pastures are literally dried up, and stock is suffering (at the time we write this) for water as well as grass. The drought is really becoming alarming.

THE RAILROAD.—Work on the Kent County Railroad is being carried on with much labor, owing to the baked condition of the earth. There have been some delays, doubtless, from the difficulty in adjusting land damages. Land owners have, in some instances, had so much trouble to secure payment for the damages awarded, even when determined by juries, that there is a growing unwillingness to permit the road to enter unless damages are prepaid. We learn that the terminus has been finally settled at "Herring Pond," as we heretofore stated.

A correspondent of the Baltimore Sun, writing from Edesville, July 22d, says:

The New Jersey Southern railroad having selected as the western terminus of their road the noted fishing grounds on the Chesapeake bay, known as Gressham Hall, propose to utilize the large herring pond as a harbor. This pond contains an area of some fifty acres, with sufficient water for steamboating. By making a short canal from the pond across the beach, they can secure at a small cost comparatively, an excellent harbor, the distance to Baltimore being only twenty miles, whilst from Rock Hall it is twenty-six miles.

THE following are the officers of Amicable Lodge, No. 117, of this town, for the present term: Jas. W. Chapman, N. G.; William T. Sutton, V. G.; James M. Vandyke, Treasurer; William T. Urie, Secretary; George H. Bennett, Chaplain; John H. McKenzie, Warden; Ernest C. Reiche, Conductor; Saml. B. Armstrong, O. G.; George S. Biddle, I. G.; Samuel L. Rawleigh, R. S. to N. G.; John W. Carroll, L. S. to N. G.; George C. Adkinson, R. S. S.; William Ford. L. S. S.; James W. Lambert, Marshal; James Brice, sitting P. G.

DAMAGE BY THE STORM.—We learn that the storm of Friday afternoon, the 18th, was accompanied by almost a tornado a mile or two above Chestertown, on both sides of the river, doing considerable damage to buildings and orchards. On the "Round Top" peach farm, in Queen Anne's, the injury to buildings and fruit is estimated at fifteen hundred dollars. On the Kent side a shock of wheat in the field on Jacob Barkman's farm was struck by lightning and consumed; the outbuildings were damaged by the wind. On B. H. Gardner's farm the peaches suffered, being threshed off the trees by the wind. Heavy hail also accompanied the storm in that locality.

DAMAGE BY LIGHTNING.—During the storm of Friday, the 18th, the stack yard of Mr. R. H. Rouse, at Poplar Neck, was struck by lightning and seventeen stacks of straw burnt. Fortunately for the gentleman he has another stack yard on the farm, and it remains uninjured.

At the residence of Mr, William T. Webb, near Edesville, two cherry trees standing in his yard were struck, large fragments of the trees falling on the roof of the house and breaking out thirty-two window glass. A dog was struck at the same time and place and killed.

A large tree near St, Paul's was also struck, but no other damage was done.

A horse in the field on the farm of Mr. James Wilkins, near Trappe, belonging to Mr. E. Crouch, of Chestertown, was struck and killed.

LOSS OF VALUABLE HORSES.—We learn that during the storm of the 18th instant, Mr. James Hurtt, living on Sassafras river, had three valuable horses killed by lightning. A singular circumstance connected with the loss is that of three pairs of carriage horses one from each was killed.

SCRIBNER'S FOR AUNUST.—Bret Harte's new story, "An Episode of Fiddletown," is begun in Scribner's for August. The strong hits of characterization and quick, masterly touches of pathos, which we find in these opening pages, show that the hand of the poet-romancer has not forgot its cunning. Dr. Holland's "Arthur Bonnicastle" is continued, the accompanying picture, by Miss. Hallock, illustrating the scene of the destruction of the will. There is in the same number a bright sketch entitled "Fred Trover's Little Iron-Clad," by J. T. Trowbridge. The illustrated papers are on "Nantucket," "Normandy Picturesque," "Mount Shasta," and "The Canopus Stone." John Burroughs, a good authority on birds, writes about "The Blue-Bird:" Fitz-Edward Hall contributes an interesting article on "Bandits;" H. H. tells about "My Day in the Wilderness;" Mrs. Plunkett gossips of "Modern Hotels," and J. Esten Cooke about "My Knee-Buckles. Mr. Blauvelt's leading essay on "Modern Skepticism" will doubtless attract the attention of the religious press. Among the poetic contributors are E. C. Stedman. John Hay and George MacDonald.

PENINSULA ITEMS.

CECIL COUNTY.

John S. Townsend, a farmer, living near Warwick, in this county, was cut to pieces by his reaper on Tuesday last. He was stooping down fixing the machine in front of the knives, when a bee stung one of the mules, starting him and his mate and dashing the knives into Mr. Townsend's foot, through the foot into the muscles of the back of the leg, as he was whirled over. Medical aid was called, but the unfortunate man never rallied from the shock, and died in about an hour and a half.—*Democrat.*

Mr. G. A. Blake having resigned his position in Elkton Academy, the trustees have elected as his successor Mr. John E. Speer, who has graduated honorably in Princeton College. He is a son of Dr. Wm. Speer, of Philadelphia, and is highly recommended for character and scholarship by the college professors. Mr. Speer has accepted, and the corps of teachers is complete for opening the Academy on the first of September.—*Ib.*

QUEEN ANNE'S COUNTY.

We got the following items from the Citizen.

The farm recently belonging to the real estate of John S. Skinner, deceased, containing 158 acres has been purchased by Mrs. Louisia S. Hoffman, of Baltimore, per $6,000.

A negro woman named Hester Price, of Crumpton has been committed to the Centreville jail on a charge of choking a Mrs. Holden of the former place.

Some of the leading gentlemen of Centreville are about to rebuild the old hotel.

The examination of the pupils in the Centreville Academy, last week, gave satisfaction to the pupils and friends of the school.

The following have been elected officers of St. Tammany Lodge, I. O. O. F., for the current term: Jacob ,W. Bullen, N. G.; J. T. Hand, V. G.; Marion Dawson, Secretary; J. B. Palmer, Treasurer. The following have been appointed: Geo. S. Palmer, Warden; John E. Harman, Conductor; W. W. Busteed and John Davis, Supt's. to N. G.; J. B. Brown, O. G.; T. H. Plummer, I. G.; E. H. Brown and M. Kahn, S. S.; W. A. Johnson and A. H. Wright, Supts to V. G.

Mr. Thos. H. Kemp, residing on Kent Island, met with a painful accident on Saturday last, Whilst assisting in the removal of a horse power his hand was caught under the heavy weight and mashed terribly, the skin being mashed off, and it is feared some of the bones broken.—*Observer.*

On Thursday, 10th instant, Mr. Eugene Gooding, of Galena, came near losing his life by the accidental discharge of his gun. He was in Queen Anne's gunning, and in taking up the piece from some undergrowth, the contents were discharged, the whole of which passed so near his temple as to blow off one side of his hat rim.—*Ib.*

Mr. J. B. Sheppard, a merchant of Crumpton, was very severely injured in Philadelphia on the 5th instant. He had gone to the city to buy goods, but having some business on board a vessel, he went on deck, and, by some means, fell through a hatchway, a distance of twelve or fifteen feet. His shoulders, back, and one wrist were very badly injured, so much so that he is not yet sufficiently recovered to return to his home. At last accounts he was slowly recovering.—*Ib.*

The lightning on Friday did more than usual damage. A stable on the farm belonging to Valentine B. Clements on Paca's Island was burned. On the farm of Mrs. Wm. H. Forman the barn was also burned. A stack of oats on the farm occupied by Mr. Robert A, Simpson was burned, and a shock of wheat belonging to Mr. Wm. Price was also burned. Mr. Clements' stable was insured in the Montgomery Company, Messrs. Gibson & Feddeman, Agents. We are not informed whether Mrs. Forman's barn was insured or not, nor of the extent of the loss.—*Ib.*

On Thursday of last week, a pic-nic was held, under the auspices of the M. E. Church, in the woods of John Brown Esq. During its progress, a horse attached to the carriage of Mr. Geo. O. Trenchard became frightened by the raising of a lady's parasol, and dashed off through the crowd of ladies and children, and becoming entangled in the wood, fell upon the person of a daughter of Rev. George Barton, and also a Miss. Bratten, injuring them in quite a serious manner.—They were extricated from their perilous position and conveyed to their homes.—Upon examination by a physician it was found that their injuries were internal but not of a fatal nature. A gentleman informed us on Tuesday that they were recovering from their injuries quite rapidly.

EUREKA FANNING MILL.

The Greatest Invention OF THE 19th CENTURY!

FARMERS, LOOK TO YOUR INTEREST.

THE attention of Farmers and Mechanics is particularly directed to the combined economy, utility and practicability of the Eureka Mill, and to the many other advantages it possesses over every othhr Fanning Mill which has been introduced to the public. It is the fruit of long and patient investigation by the inventor, who has made it his constant study for over twenty years. He has secured several patents for Mills, and has always been rewarded with the best of success. But not feeling satisfied with his former attainments, he determined to reach the climax, and now he now believes that his new invention will warrant him in exclaiming in the joy of his heart, like the philosopher, Phythagoras, EUREKA, signifying in the Grecian language, "I have found it." This has given the name to this new Mill.

In this Mill are all the former improvements, to which have been added several more, adding still greater advantages than were at first anticipated, or even thought possible by the inventor himself. It embraces the three great essentials necessary in every invention.

It combines Utility, Economy and Practicability!

THE EUREKA MILL

Is small and lighter, and is capable of doing more and better work in a given time than any other Mill ever inented. It is the only Mill that will successfully remove from wheat such pests as Cockle, Garlic, Oats, Rye, &c.

Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain, and in the other, grain fit for market or mill. Here is made a great saving usually lost sight of; for nearly one-quarter of the grain cleaned in the common Mills is lost when sown, on account of shrunken kernels and inferior grain. The Eureka Mill saves all this, and gives seed every kernel of which will grow when put into the ground, and this saving will, in a short time, pay for the Mill.

HINES & BURCHINAL,
Chestertown, Md.,

Owners of the Mill, are having them manufactured at the Sash Factory and Planing Mill of NOLAND & Co., Port Deposit, Md., which is a guarantee they will be put up in the very best manner.
