ST. JOHN, THE AGED.

The following anonymous poem was found, about eight years ago, in a magazine published at Philadelphia. Its beauty of language, fervor of feeling, and exalted religious sentiment, claim for it a wider circulation than it has yet attained:

I'm growing very old. This weary head
That hath so often leaned on Jesus' breast,
In days long past that seem almost a dream,
Is bent and hoary with its weight of years.
These limbs that followed Him—my Master—oft
From Galilee to Judah; yea, that stood
Beneath the cross and trembled with His groans,
Refuse to bear me even through the streets
To preach unto my children. E'en my lips
Refuse to form the words my heart sends forth.
My ears are dull; they scarcely hear the sobs
Of my dear children gathered round my couch:
My eyes so dim, they cannot see their tears.
God lays His hand upon me;—yea, His *hand*,
And not His *rod*—the gentle hand that I
Felt, those three years, so often pressed in mine,
In friendship such as passeth woman's love.

I'm old, so old! I cannot recollect
The faces of my friends, and I forget
The words and deeds that make up daily life;
But that dear face, and every word *He* spoke,
Grow more distinct as others fade away,
So that I live with Him and holy dead
More than with living.

Some seventy years ago
I was a fisher by the sacred sea,
It was at sunset. How the tranquil tide
Bathed dreamily the pebbles! How the light
Crept up the distant hills, and in its wake
Soft purple shadows wrapped the dewy fields!
And then *He* came and called me. Then I gazed,
For the first time, on that sweet face. Those eyes,
From out of which, as from a window, shone
Divinity, looked on my inmost soul,
And lighted it forever. Then His words
Broke on the silence of my heart and made
The whole world musical. Incarnate Love
Took hold of me and claimed me for its own.
I followed in the twilight, holding fast
His mantle.

Oh! what holy walks ye had,
Through harvest fields and desolate dreary wastes;
And oftentimes He leaned upon my arm,
Wearied and wayworn. I was young and strong,
And so upbore Him. Lord! now *I* am weak,
And old, and feeble. Let me rest on Thee!
So, put thine arm around me. Closer still!
How strong Thou art! The twilight draws apace,
Come, let us leave the noisy streets and take
The path to Bethany, for Mary's smile
Awaits us at the gate, and Martha's hands
Have long prepared the cheerful evening meal.
Come, James, the Master waits, and Peter, see,
Has gone some steps before.

What say you, friends?
That this is Ephesus, and Christ has gone
Back to His Kingdom? Ay, 'tis so, 'tis so.
I know it all; and yet, just now, I seemed
To stand once more upon my native hills
And touch my Master. Oh! how oft I've seen
The touching of His garments bring back strength
To palsied limbs! I feel it has to mine.
Up! bear me once more to my church,—once more,
There let me tell them of a Savior's love:
For, by the sweetness of my Master's voice
Just now, I think he must be very near,
Coming, I trust, to break the vail, which time
Has worn so thin that I can see beyond
And watch His footsteps.

So, raise up my head.
How dark it is! I cannot seem to see
The faces of my flock. Is that the sea
That murmurs so, or is it weeping? Hush!
My little children! God so loved the world
He gave His Son; so love ye one another;
Love God and man. Amen. Now bear me back.
My legacy unto an angry world is this.
I feel my work is finished. Are the streets so full?
What, call the folk my name? The Holy John?
Nay, write me rather, Jesus Christ's beloved,
And lover of my children.

Lay me down
Once more upon my couch, and open wide
The eastern window. See! there comes a light
Like that which broke upon my soul at eve,
When, in the dreary Isle of Patmos, Gabriel came
And touched me on the shoulder. See! it grows
As when we mounted towards the pearly gates.
I know the way! I trod it once before.
And hark! it is the song the ransomed sang
Of glory to the Lamb! How loud it sounds!
And that unwritten one! Methinks my soul
Can join it now. But who are these who crowd
The shining way? Say!—joy! 'tis the eleven!
With Peter first: how eagerly he looks!
How bright the smiles are beaming on James' face!
I am the last. Once more we are complete
To gather round the Paschal feast. My place
Is next my Master. Oh, my Lord! my Lord!
How bright Thou art, and yet the very same
I loved in Galilee! 'Tis worth the hundred years
To feel this bliss! So, lift me up, dear Lord,
Unto Thy bosom. There shall I abide.

CUT IT SHORT.—A certain barber, having the great gift of gab, used to amuse his customers with his long yarns, while he went through his functions on their heads and faces. One day an old codger came in, took his seat, and ordered a shave and hair cut. The barber went to work, and began, at the same time one of his long stories, to the no little dissatisfaction of the old gentleman, who, becoming irritated at the barber, said:

"Cut it short."

"Yes sir," said the barber, continuing the yarn, until the old gentleman again ordered:

"Cut it short, I say—cut it short!"

"Yes, sir," cutting away and gabbing faster.

"Cut it short, I say!" reiterated the gent.

"Yes, sir," said the barber, going on with his story.

"Will you cut it short?" says the old gent in a rage.

"Can't sir," says the barber; "for if you look in the glass, you'll see I've cut it all off."

And, to his horror, upon looking into the glass, he found his hair all cut from his head.

MEASURING THE ATLANTIC.—Sir Peter Parker called to Cudjo (a black fellow, a pilot who was sounding the depth of the water)—"Cudjo," says he, "What water have you got there?"

"What water! what water massa? Why salt water, be sure!—sea water always salt water, ain't he, massa?"

"You black rascal! I knew it was salt water, I only wanted to know how much water you have there?"

"How much water, here, massa! how much water here, massa? God bless me! where I going to get quart pot for measure him?"

This was right down impudence; and Cudjo richly deserved a rope's end for it, but Sir Peter, a good natured man, was so tickled with the idea of measuring the Atlantic Ocean with a quart pot—that he broke into a hearty laugh, and ordered Cudjo a stiff drink of grog.

The following story of Signor Blitz is told as having happened in a Western train some years ago:—As the cars stopped, an apple boy rushed in, and Blitz, after patronizing him, cut open an apple and took a silver half-dollar out of it greatly to the boy's astonishment. "If that's the kind of fruit you sell, I'll take another," said Blitz, which he did, and lo! there was another half-dollar inside it. Blitz assuming great excitement, then asked the boy what he would take for the whole basket of apples, saying it would be a grand speculation. But the lad refused to sell even at five cents a piece, and on leaving the station, Blitz saw him seated by the wall, cutting open his unsold apples, in a vain search for silver half-dollars."

A short time since a good many people were crying out, "Gen. O. O. Howard! Gen. O. O. Howard!" And now a good many more, after looking at the ill-smelling fragments of his Freedmen's Bureau, are crying out more loudly, "Oh, oh, Gen. Howard! Oh, oh, Gen. Howard!"

Iron in the Blood

PERUVIAN SYRUP — AN IRON TONIC

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the Blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing* Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints,** ***and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has* PERUVIAN SYRUP *blown in the glass.

Ayer's

Hair Vigor,

For restoring to Gray Hair its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *It soon restores faded or gray hair to its original color, with the gloss and freshness of youth.* Thin hair is thickened, fallen hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed; but such as remain can be saved by this application, and stimulated into activity, so that a new growth of hair is produced. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning grey or falling off, and consequently prevent baldness. The restoration of vitality it gives to the scalp arrests and prevents the formation of dandruff, which is often so uncleanly and offensive. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a HAIR DRESSING, nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich, glossy lustre, and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co.,
Practical and Analytical Chemists,
LOWELL, MASS.

Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest, and best of all the *Pills* with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system, expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by *Ayer's Pills*, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia or Indigestion, Listlessness, Languor, and Loss of Appetite,** they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers,** they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery or Diarrhœa,** but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back, and Loins,** they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy and Dropsical Swellings,** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression,** a large dose should be taken, as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

THE

EUREKA

FANNING MILL.

The Greatest Invention

OF THE 19th CENTURY!

FARMERS, LOOK TO YOUR INTEREST.

THE attention of Farmers and Mechanics is particularly directed to the combined economy, utility and practicability of the Eureka Mill, and to the many other advantages it possesses over every othhr Fanning Mill which has been introduced to the public. It is the fruit of long and patient investigation by the inventor, who has made it his constant study for over twenty years. He has secured several patents for Mills, and has always been rewarded with the best of success. But not feeling satisfied with his former attainments, he determined to reach the climax, and now he now believes that his new invention will warrant him in exclaiming in the joy of his heart, like the philosopher, Phythagoras, EUREKA, signifying in the Grecian language, "I have found it." This has given the name to this new Mill.

In this Mill are all the former improvements, to which have been added several more, adding still greater advantages than were at first anticipated, or even thought possible by the inventor himself. It embraces the three great essentials necessary in every invention.

It combines Utility, Economy and Fracticability!

THE EUREKA MILL

Is small and lighter, and is capable of doing more and better work in a given time than any other Mill ever invented. It is the only Mill that will successfully remove from wheat such pests as Cockle, Garlic, Oats, Rye, &c.

Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain, and in the other, grain fit for market or mill. Here is made a great saving usually lost sight of; for nearly one-quarter of the grain cleaned in the common Mills is lost when sown, on account of shrunken kernels and inferior grain. The Eureka Mill saves all this, and gives seed every kernel of which will grow when put into the ground, and this saving will, in a short time, pay for the Mill.

HINES & BURCHINAL,

Chestertown, Md.,

Owners of the Mill, are having them manufactured at the Sash Factory and Planing Mill of NOLAND & Co., Port Deposit, Md., which is a guarantee they will be put up in the very best manner.
