LOCAL NEWS.

☞ The election passed off very quietly in our county, except in the first district, where a difficulty occurred, the facts of which are as follows:

About eleven o'clock a colored man voted the Democratic ticket openly. For this a negro named McKenney called him to account and commenced abusing him. At this point Mr. Joseph Boyer told McKenney to let the man alone—that he had a right to vote as he pleased. At this McKenney drew a pistol, when Mr. Boyer went towards him and told him to put it up, and when within a few feet of him McKenney fired, the ball taking effect just above the temple and glancing without causing a very dangerous wound. McKenney was not even a voter, his presence at the polls was entirely unnecessary, and his assault upon Mr. Boyer a brutal and murderous one. He was driven off, and we learn, well beaten. The difficulty happened some distance from the polls and did not interfere with the voting.

It has been charged that colored voters were intimidated. We are assured by numbers of intelligent and reliable witnesses of the affair that it did not even temporarily interfere with the balloting. The whites and blacks were voting hour and hour about; the whites were voting at the time, and at the expiration of their hour the blacks approached the window as before. The difficulty, of course, created considerable excitement at the time and several, both white and black, were knocked down and bruised and beaten. McKenney's conduct is condemned by Republicans as well as Democrats. McKenney's attack upon Mr. Boyer was entirely unprovoked.

In the Chestertown district, the negroes voted, as heretofore, in solid column, with their white leaders examining their tickets. Several of them expressed a desire to vote the Democratic ticket, but said they were afraid they would be beaten by their own race.

The State has undoubtedly gone Democratic by at least 20,000 majority, while from the returns received at this writing the Republicans have gained several members of the House of Delegates. The Legislature will stand Democrats in the Senate 22, Republicans 4. House, Democrats 66, Republicans 18. In some parts of the State the revolution since the Presidential election has been most striking—as in Cecil, Washington and Anne Arundle counties.

ORPHANS' COURT.—Present, Judges Beck, Scott and Hepbron.

The Court passed a number of claims against the estates of deceased parties.

John C. Hynson, admr. of William J. Maslin, returned an additional list of sales of the personal estate. Same, administrator of same, returned his first administration account.

George W. Howard, admr. of Isabella Briscoe, returned his first and final administration account.

James Yates, admr. of James Yates, returned his second and final administration account.

Charlotte S. Wethered, guardian to Margaret S., Mary E. and John L. Wethered, returned her separate guardian accounts for the year 1872.

Letters of admr. on the estate of Wm. A. Brice, were granted to Mary A. Brice and George H. Brice, with Thomas A. Jacobs and William Welch as sureties in the penalty of $15,000. E. E. Miller and R. S. Griffith were appointed to appraise said estate: the usual notice to creditors was ordered.

George T. Hollyday, admr. of Geo. W. Beck, obtained an order extending credit to nine months on vendue sales over ten dollars.

The Court oppointed Lizzie T. Caldwell, daughter of Rev. J. H. Caldwell, to fill the vacancy from Kent county in Baltimore Female College.

THE enterprising firm of C. F. Stam & Bro., have ready for distribution their Farmers' Almanac for 1874, containing the usual calendars, many interesting tables, and much useful information.

THE RECENT ELECTIONS.

WASHINGTON, Nov. 5.—The almost unbroken series of democratic and conservative successes in the elections held yesterday calls forth a variety of opinions here. On one point there does not seem to be much diversity, and that is that the Democratic party is most certainly not defunct, but a live and vigorous organization, and that around it will hereafter rally the opposition to the dominant party. It is conceded that no third party can hope to become formidable either in numbers or influence.

In reference to the future effect of the democratic victories of yesterday those who sympathize with that party are confident that it is now on the road to regain its former prestige and domination in the affairs of the country. It is claimed that the Democrats will beyond doubt secure a majority in the next House of Representatives, to be elected next fall, and that they will certainly carry the next presidential election.

Leading officials and politicians affiliating with the administration, on the other hand, dissent entirely from any such deduction of yesterday's work. They point to the fact that from 1862 down the democrats have in what are called the off years in politics gained decided advantages from the apathy of the Republicans, but that whenever any national issues were at stake the Republicans have invariably recovered the lost ground, and swept the country from end to end. Still there are thoughtful men here whose hopes are bound up with the continued success of the Republican party, who are not behindhand in expressing serious misgivings as to the future of that party, and are very far from considering that everything will be all right again by next fall.—*Balt. Sun, of Thursday.*

George R. Berry, of the firm of J. & T. L. Berry & Co., Baltimore, Md., writes: "Having used Dr. Bull's Cough Syrup in my family on numerous occasions in cases of troublesome coughs, I take great pleasure in saying, that in every instance it proved very beneficial in affording relief. I therefore feel no hesitancy in recommending it as an estimable remedy for Coughs."

EXCITMENT AT DRUG STORES.—There has been a general rush the last month at the Drug Stores in Kent County for Dr. A. Boschee's German Syrup.

It has lately been introduced in this country from Germany, and for any person suffering with a severe cough, heavy cold settled on the breast, consumption or any disease of the throat and lungs it has no equal in the world. Our regular size bottles are 75 cents. Two doses will relieve any case. Try it. Sample bottles free of charge.

THE

EUREKA FANNING MILL.

The Greatest Invention OF THE 19th CENTURY!

FARMERS, LOOK TO YOUR INTEREST.

THE attention of Farmers and Mechanics is particularly directed to the combined economy, utility and practicability of the Eureka Mill, and to the many other advantages it possesses over every othhr Fanning Mill which has been introduced to the public. It is the fruit of long and patient investigation by the inventor, who has made it his constant study for over twenty years. He has secured several patents for Mills, and has always been rewarded with the best of success. But not feeling satisfied with his former attainments, he determined to reach the climax, and now he now believes that his new invention will warrant him in exclaiming in the joy of his heart, like the philosopher, Phythagoras, EUREKA, signifying in the Grecian language, "I have found it." This has given the name to this new Mill.

In this Mill are all the former improvements, to which have been added several more, adding still greater advantages than were at first anticipated, or even thought possible by the inventor himself. It embraces the three great essentials necessary in every invention.

It combines Utility, Economy and Practicability!

THE EUREKA MILL

Is small and lighter, and is capable of doing more and better work in a given time than any other Mill ever invented. It is the only Mill that will successfully remove from wheat such pests as Cockle, Garlic, Oats, Rye, &c.

Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain, and in the other, grain fit for market or mill. Here is made a great saving usually lost sight of: for nearly one-quarter of the grain cleaned in the common Mills is lost when sown, on account of shrunken kernels and inferior grain. The Eureka Mill saves all this, and gives seed every kernel of which will grow when put into the ground, and this saving will, in a short time, pay for the Mill.

HINES & BURCHINAL,

Chestertown, Md.,

Owners of the Mill, are having them manufactured at the Sash Factory and Plaining Mill of NOLAND & Co., Port Deposit, Md., which is a guarantee they will be put up in the very best manner.
