LOCAL NEWS.

☞ The Rev. John C. Eccleston, of St. John's Church, Staten Island, N. Y., delivered two lectures in our town during the week, descriptive of recent travels in Palestine and Egypt. The lectures were very entertaining and instructive and illustrated by charts, paintings and views. Dr. Eccleston is a fine lecturer, and it is to be regretted that a combination of circumstances prevented a larger attendance both evenings.

SUNDAY SCHOOL INSTITUTE.—A Sunday School Institute, under the auspices of the Wilmington Conference, held the first session in the M. E. Church in this place, last Thursday night. The members of the general committee of arrangements, appointed by the Conference, failed to arrive. The opening exercises were inaugurated by Rev. J. B. Quigg, in a few appropriate remarks, after which the choir sang the first hymn, and prayer was made by Rev. Mr. Nelson. Rev. A. W. Milby, on whom devolved the address of welcome, performed that duty in a some very appropriate remarks, at the opening of which, the quiet vein of humor on account of the absence of those for whom the address was made, appeared to be greatly enjoyed by the audience. He concluded with some very practical and appropriate thoughts in reference to Sunday Schools. Rev. J. H. Vincent, D. D., was then introduced and delivered an address on the "Object of our Institute." The Doctor's notions about the proper method of Sunday School instruction, and the necessary qualifications for those engaged in them as teachers, as well as the obligation resting upon church members to perform their part as workers therein, must be admitted as sound, notwithstanding the conduct and management of schools somewhat nearer home than some in *New Jersey* or *Illinois* may be a little different. The address fully sustained the reputation, as a Sunday School advocate, which had preceded the Doctor, and the great truths, so earnestly and eloquently proclaimed, ought to do good. After singing by the choir, the benediction was pronounced by Rev. Mr. Sypherd of Centreville. The Institute was continued Friday, morning, afternoon and night.

ORPHANS' COURT.—Present, Judges Beck, Scott and Hepbren.

The Court passed a number of claims against the estates of deceased parties.

Mary A. Brice and George H. Brice, admrs. of William A. Brice, returned an inventory of the personal estate of deceased. Proved and ordered to be recorded, and obtained an order for the sale thereof.

Richard A. Frazier and Jas. H. Scowdrick, executors of John Frazier, returned a list of debts due deceased.

The last will and testament of Mathew V. Boyer, was admitted to probate and ordered to be recorded.

Letters of administration C. T. A. on the estate of M. V. Boyer, were granted to Edgar B. Britton, (the parties entitled having first filed their renunciation) who gave bond in the penalty of two thousand dollars, with E. G. Clark and George W. Holliday as sureties—and the usual notice to creditors ordered.

Richard A. Frazier and James Scowdrick, executors of John Frazier, returned their first admr. account.

Benjamin M. Hazell, admr. of Benjamin Hazell, returned his second administration account, which was passed and ordered to be recorded.

James W. Ivens, Jr., admr. of James W. Ivens, returned his third administration account, which was passed and ordered to be recorded.

Henry V. B. Crawford, admr. of Catharine A. Crawford, returned his first administration account, which was passed and ordered to be recorded.

CUT THIS OUT—IT MAY SAVE YOUR LIFE.—There is no person living but what suffers more or less with Lung Diseases, Coughs, Colds or Consumption, yet some would die rather than pay 75 cents for a bottle of medicine that would cure them. Dr. A. Boschee's German Syrup has lately been introduced in this country from Germany, and its wonderous cures astonishes every one that try it. If you doubt what we say in print, cut this out and take it to your Druggist Stam & Bro., or T W Wickes, and get a sample bottle free of charge, or a regular size for 75 cts.

THE

EUREKA FANNING MILL.

The Greatest Invention OF THE 19th CENTURY!

FARMERS, LOOK TO YOUR INTEREST.

THE attention of Farmers and Mechanics is particularly directed to the combined economy, utility and practicability of the Eureka Mill, and to the many other advantages it possesses over every othhr Fanning Mill which has been introduced to the public. It is the fruit of long and patient investigation by the inventor, who has made it his constant study for over twenty years. He has secured several patents for Mills, and has always been rewarded with the best of success. But not feeling satisfied with his former attainments, he determined to reach the climax; and now he now believes that his new invention will warrant him in exclaiming in the joy of his heart, like the philosopher, Phythagoras, EUREKA, signifying in the Grecian language, "I have found it." This has given the name to this new Mill.

In this Mill are all the former improvements, to which have been added several more, adding still greater advantages than were at first anticipated, or even thought possible by the inventor himself. It embraces the three great essentials necessary in every invention.

It combines Utility, Economy and Practicability!

THE EUREKA MILL

Is small and lighter, and is capable of doing more and better work in a given time than any other Mill ever invented. It is the only Mill that will successfully remove from wheat such pests as Cockle, Garlic, Oats, Rye, &c.

Should an extra quality of grain for seed or gristing purposes be required, it can be so arranged as to catch in one box perfect grain, and in the other, grain fit for market or mill. Here is made a great saving usually lost sight of; for nearly one-quarter of the grain cleaned in the common Mills is lost when sown, on account of shrunken kernels and inferior grain. The Eureka Mill saves all this, and gives seed every kernel of which will grow when put into the ground, and this saving will, in a short time, pay for the Mill.

HINES & BURCHINAL,

Chestertown, Md.,

Owners of the Mill, are having them manufactured at the Sash Factory and Planing Mill of NOLAND & Co., Port Deposit, Md., which is a guarantee they will be put up in the very best manner.
