LOCAL NEWS.

SCRANTON'S communication was received, but in the hury of business overlooked until too late.

He says there is talk of having a Commissioner for each election district to manage the public roads.

"Old Kent."

In a short time Old Kent will contain a full and elaborate genealogical history of the Tilghman Family and its connections.

Orphans' Court.

Horsey were appointed to appraise the said estate; and the usual notice to creditors was ordered.

On application, Mary L. Rasin was appointed guardian to Thomas Lusby; and she executed her bond as such, with F. H. Harper and J. C. Rasin as sureties in the penalty of four hundred dollars, which was approved.

Wm. M. Lusby, admr. of Sarah E. Lusby, dec'd., returned an inventory of the personal estate of said dec'd., and received an order for the sale thereof.

On application, B. F. Sappington and W. M. Wilson were appointed to appraise the annual value of the real estate of Richard Goodman, dec'd.

The Protracted Meeting

Which was inaugurated at the M. P. Church in this town last Sunday night exhibits indications of being more than usually successful. Penitents were at the altar Monday and Tuesday nights, and one has professed conversion.

SCRIBNER FOR FEBRUARY.

Bert Harte's "Gabriel Conroy," in the February number of Scribner's Monthly, has an episode entitled "The Bulls of the Blessed Trinity," which is a remarkable and characteristic bit of description.—Edward Everett Hale's story of 'Philip Noland's Friends' contains a curious account of a conversation by pantomime between white men and Indians. There are two articles in this number which may come under the head of discovery.—One of them is concerning an important bust of Milton, very little known either in England or America; and the other is a hitherto unpublished letter from Robert E. Lee to Jefferson Davis, written after the battle of Gettsburgh, and resigning the command of the Confederate forces. Charles Barnard has a paper fully describing the way of the Philadelphia "Building and Loan Associations," by means of which, it is stated, one hundred thousand homes have been built in that city. Clarence Cook continues his illustrated papers on house-furnishing and decoration; and Moses Coit Tyler writes about The University of Michigan, giving an account of the woman experiment there. The Revolutionary Letters this month contain John Adams's views of "the currency question." There is an article on a singular convict island in the Atlantic Ocean, and a paper on "French Duels."

Dr. Holland writes about "The School Question," acknowledging a change of opinion with regard to the reading of the Bible in the public schools; and discusses "The Philosophy of Reform." The Old Cabinet is devoted to "Friendship;" the Bric-a-Brac republishes a lately discovered poem by Wordsworth, to the Queen, as well as a letter by Browning to the editor of Wordsworth's prose, on the subject of "The Lost Leader." Home and Society tells about "Two Ways of Teaching at Home," and other matters. In the World's Work a number of new processes are described.

FIFTH DISTRICT ASSOCIATION.

The day appointed for the December meeting having been inclement the attendance at Fairlee was small, and it was thought advisable to adjourn until the third Saturday in January.

At the time named the Association met at Oak Grove school house. Miss E. Copenhaver was appointed Secretary *pro tem.*

Mr. C. G. Ricaud read an excellent Essay, a copy of which was requested for publication.

It being the day for the election of officers the questions for discussion were postponed until the next meeting.

The result of the election was as follows: President, Mr. J. V. Crosby; Vice President, Mr. C. G. Ricaud; Secretary, Miss Emma Copenhaver; Curators, Mrs. L. M. Beck, Mr. H. Meeks, Mr. C. G. Ricaud.

Swan Creek school house had been selected for the next meeting, but upon reconsideration Rock Hall was decided upon.

NURSERY STOCK.

Apple, Pear, Peach and Cherry Trees and Small Fruit Plants by the 100, 1,000 or 10,000.

I HAVE for Spring planting, the most extensive and choicest assortment of Fruit Trees and Plants I have ever before offered to planters.

APPLE TREES.

The growers of this valuable and profitable fruit in Md. generally have been sadly disappointed, in getting trees from the North, as winter varieties there, when planted here, mature their fruit too early in the fall to keep through the winter with us. For this reason, and to secure reliable winter keeping apples, I grew my Apple Nursery on my farm in Va., three hundred miles South of here. I have a choice selection which cannot fail to give satisfaction. I have largely of a variety called Smith's Horse, (not the old Horse apple). The fruit can be picked nearly as early as the Early Harvest, and being double its size, sells readily at from $5 to $7 per bbl.

PEACH TREES.

Almost all my Peach Trees were budded from bearing trees, grown on my own and two adjoining farms, the buds being taken from the trees while the fruit was on them; leaving no doubt in my mind, that my stock is true to name.

I have not a long list of varieties; have budded chiefly, of late, most approved canning sorts, including three (3) very valuable new varieties for canning, very popular in Delaware, ripening with and after Smock.

I also have a large stock of Early Beatrice. I fruited this variety last summer. Several of my friends in Kent saw the fruit, and can testify that it was fully 10 days earlier than Hale's; a high-colored, showy, firm peach. I think it well worthy extensive cultivation.

PEAR TREES.

I have secured a large stock of Standard and Dwarf Pear Trees, from a reliable source in New York; and can furnish, in quantities, of the most approved varieties. No better Pear Trees can be grown anywhere than in New York.

CHERRY TREES.

I have but few varieties of this fruit, and the planter wants but few for profit.

SMALL FRUIT PLANTS.

I have a large supply on hand. I recommend but few varieties. My extensive experience as a fruit-grower, enables me to judge of the merits of the many kinds in the market. I have rejected two thirds of them, as not worthy of cultivation.

"Waiting for something to turn up,"

And we have at last decided to turn it up. The protracted warm spell has materially interfered with the CLOTHING BUSINESS of Baltimore.
