NURSERY STOCK.

Apple, Pear, Peach and Cherry Trees and Small Fruit Plants by the 100, 1,000 or 10,000.

I HAVE for Spring planting, the most extensive and choicest assortment of Fruit Trees and Plants I have ever before offered to planters.

APPLE TREES.

The growers of this valuable and profitable fruit in Md. generally have been sadly disappointed, in getting trees from the North, as winter varieties there, when planted here, mature their fruit too early in the fall to keep through the winter with us. For this reason, and to secure reliable winter keeping apples, I grew my Apple Nursery on my farm in Va., three hundred miles South of here. I have a choice selection which cannot fail to give satisfaction. I have largely of a variety called Smith's Horse, (not the old Horse apple). The fruit can be picked nearly as early as the Early Harvest, and being double its size, sells readily at from $5 to $7 per bbl.

PEACH TREES.

Almost all my Peach Trees were budded from bearing trees, grown on my own and two adjoining farms, the buds being taken from the trees while the fruit was on them; leaving no doubt in my mind, that my stock is true to name.

I have not a long list of varieties; have budded chiefly, of late, most approved canning sorts, including three (3) very valuable new varieties for canning, very popular in Delaware, ripening with and after Smock.

I also have a large stock of Early Beatrice. I fruited this variety last summer. Several of my friends in Kent saw the fruit, and can testify that it was fully 10 days earlier than Hale's; a high-colored, showy, firm peach. I think it well worthy extensive cultivation.

PEAR TREES.

I have secured a large stock of Standard and Dwarf Pear Trees, from a reliable source in New York; and can furnish, in quantities, of the most approved varieties. No better Pear Trees can be grown anywhere than in New York.

CHERRY TREES.

I have but few varieties of this fruit, and the planter wants but few for profit.

SMALL FRUIT PLANTS.

I have a large supply on hand. I recommend but few varieties. My extensive experience as a fruit-grower, enables me to judge of the merits of the many kinds in the market. I have rejected two thirds of them, as not worthy of cultivation.

☞ Catalogues mailed on application.
