Kent County R. R.

The Smyrna Times says with reference to the unpaid land damages due the Whortonby estate at Clayton from the Bombay Hook railroad there is some odd complications. At the time the road was built it was not fully established in the public mind here that Whortonby would get possession of the property, although the U. S. Supreme Court, we believe, had rendered its decision in his favor. A number of the property holders there who thought they were the lawful owners of the disputed lands held out long after this, not willing to believe their fee simple deeds were mere waste paper. Of course the railroad company, or Col. Bingham, who was acting for Gould and the New Jersey Southern, was disposed to take the benefit of the doubt, like the rest. Besides, there was no one to pay the damages to at the time, and no one was demanding them. The road was built across the lands without protest from any quarter and the Company has held undisputed control until recently. In the mean time Gould decided to step from under and let the road "go to pot," so far as he was concerned, and Mr. Gerker got permission to run it. This he has done successfully since he has been running to Clayton and has made it pay expenses if no more. The question is, who is to pay these land damages? They will have to be recovered like any other common debt, we believe and a good deal of red tape will have to be gone through before the track can be torn up as threatened. Should it come to this, however, the Kent county road will have to be run in connection with the Queen Anne's road, via Massey's and Townsend Branch, as formerly, if run at all. But it is stated that it never paid expenses when run in that connection, and if that be so neither Mr. Gerker or any one else will care to have a lease on it. There is a report to the effect that the P. W. and B. is about to gobble it up, but we have no means of knowing the truth of this. It is a fact that the P. W. and B. has recently been shipping cars through to Chestertown, but how much there is in this is not known.

Centennial Reflections,

By *Uncle Sam's Son*, came to hand too late for this issue. It will be given next week.

Sermon on Odd Fellowship.

The Rev. J. B. Jones will preach a sermon on Odd Fellowship before Amicable Lodge on Thanksgiving evening, to which the public are invited.

The County Association

Of the Public School Teachers of the County will meet at the school room in Chestertown on Monday next, at ten o'clock, A. M., to which all are invited.

Accepted a Call.

Rev. Mr. Davenport, of Vermont has accepted the call of the vestry of St. Luke's Parish, Church Hill, and filled the pulpit of St. Luke's Church last Sunday.

Thanksgiving Day.

Gov. Carroll has issued his proclamation appointing Thursday, 30th day of November, next as a day of Thanksgiving and Prayer.

☞ The result of the Presidential election has not yet been officially determined, though we presume few doubt that Mr. Tilden has been legally elected. Whether the miserable carpet-bag officials of the States of Louisiana, Florida and South Carolina, will be able to manipulate the electoral vote for Mr. Hayes remains to be seen. That it will be done if within the range of possibility, we do not for one moment doubt, and we base our opinion on the past history of the Radical party as administered here in Maryland, in Louisiana, and at Washington.

When the Republican party had control of the State of Maryland the attempt was made to retain power against the known majority of voters, by disfranchising a large body of the intelligent voters of the State. It failed only because the disfranchisement was not made as sweeping as the necessity of the case required. In Louisiana the will of the people was overridden by the standing army of the United States Government. And those who desire to make an estimate of the Washington Administration from Republican sources, are referred to the article from the Baltimore American on the Thursday succeeding the election—in another column.

The Baltimore Evening Bulletin,

Which has but recently been published, we can recommend to our readers as a sterling Democratic paper, well filled with news and able and interesting editorial matter.

Town Property sold.

We learn that Capt. Robert S. Emory on Tuesday last purchased, at Sheriff's sale, the wharf property and canning house of T. DeC. Ruth, in Chestertown.

A Time-Honored Specific.—The long and successful career of Dr. WISHART'S PINE TREE TAR CORDIAL, as contrasted with the speedy collapse of nostrums devoid of efficacy, which have from time to time been puffed into a brief notoriety during the twenty odd years that this celebrated medicine has been sold, affords a proof that the American public *continues* to repose its confidence in deserving articles only. The PINE TREE TAR CORDIAL has long been recognized as the leading specific for Consumption, Cronchitis, Coughs, Colds, Asthma Diptheria, and all other diseases of the breathing organs. It is, moreover, a certain, speedy, and safe botanic remedy for Dyspepsia, Liver Disorders, Scrofulous Affections, Urinary Troubles, Gravel, Dropsy, Debility, Constipation, and Female Complaints. Constantly accumulating evidence of an unimpeachable character establishes the facts that it not only entirely exticates the diseases to which it is adapted, but also that its action is remarkably prompt and thorough. The crucial test of experience has demonstrated its reliability in every particular. Sold by all druggists,

LOUISIANA.

DEMOCRATIC PRECAUTIONS—INSTRUCTIONS SENT TO KELLOGG AND HIS RETURNING BOARD.

[*Special to the Evening Bulletin.*]

WASHINGTON, Nov. 13.—It is known here that the Democrats in Louisiana took the precaution to keep a record at each precinct of the votes cast and a copy of the returns forwarded to the State Returning Board, so as to make it impossible for the returns to be falsified or the figures altered without the knowledge of the public. The people, then learned what they have most to fear and have provided against it. The Republican leaders here, learning these facts, have instructed Kellogg to expect the presence of prominent men at the meeting of the Returning Board, and to provide for a correct counting of the vote, but to throw out as many Democratic parishes, on the ground of intimidation and fraud in casting the vote, as may be necessary to secure the result.

☞ It so happens that every twenty eight years the 4th of March, the day fixed for the inauguration of the President, falls on Sunday. This occurs next year for the fourth time in the history of our nation, and following the precedent established by three of his predecessors, the new President will take the oath of office on Monday, the 5th of March.

The first inauguration on the 5th of March was that of George Washington on entering upon his second term. The next time the 4th of March fell upon Sunday was in 1821, when James Monroe was the President elect for the second time, and he, too, was inaugurated on Monday, March 5. The third occurrence of this kind was in 1849, when Zachary Taylor was inaugurated on Monday, the 5th of March. After next year Inauguration day will not fall on Sunday again until 1905.

☞ His Excellency the President rarely speaks. When he does, papers like the *American* print a sentence in capitals letters and gravely announce that it will go down to posterity. He once said, "Let us have peace," and he has done more than all other causes combined to create turmoil and strife. He said "Let no guilty man escape," and has devoted his unremitting efforts to keeping the guilty out of jail, and has pardoned them out as fast as he possibly could. His last remark substantially "Let there be a fair count." If it "goes down to posterity" with no better warrant of its weight than his previous historic utterances have had, posterity will be irreverent of his soldierly fame.

Iron in the Blood

PERUVIAN SYRUP

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, *and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.*

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP *blown in the glass.*
