LOCAL NEWS.

Teachers' County Association.

The meeting was called to order by the President. The proceedings of the last meeting were read and approved.

The committee on absenteeism, through Mr. Melvin, asked to be discharged; the motion was granted.

The question "How to classify scholars who attend school only during the winter months," was postponed until the afternoon session.

The Examiner read an article on Primary Education, from the Maryland School Journal.

The first question, "How to teach the geography of the third grade," was taken up and discussed by Mr. Wallis, Mr. Hall, Miss Hurlock, Miss Downes, and others.

The second question, "How to teach composition," was taken up, and the discussion participated in by Messrs. Janvier, Peterson, Hall, Misses Copenhaver, Sutton, Downes, Hurlock, Mills, Leaverton, Mrs. Beck, Mr. Corey, and the Examiner.

AFTERNOON SESSION.

The Literary Committee reported the following questions for the next meeting:

1. The teaching of Writing.
2. The Grammar of the Third and Fourth Grades.

The Association then took up the postponed question, "How shall teachers classify scholars who attend school only during the winter months?" Discussed by Messrs. H. C. Wallis, Melvin, Pinkind, Janvier, and the Examiner.

Mrs. Mary E. B. Stephens read the regular Essay, taking "Love" for her subject.

On motion, it was ordered that a copy of Mrs. Stephens's Essay be offered to the county papers for publication.

The following addition question, offered by Mr. Janvier, was adopted for discussion after the regular programme at the next meeting:

What are the main objects of the State in enacting suitable laws and making such ample provision for our public schools?

Notwithstanding the storm and terrible condition of the roads, twenty-five teachers answered to their names, which is very creditable to the teachers of the county. The rule is to hold the meeting on the day.

The President of the School Board and a number of the trustees of the schools, and the Rev. Mr. Hutchin, were also present, besides others.

A Good Place for Public Sales.

That portion of Market Space lying between the market house and the Transcript office, having a wide front on High street and ample depth, it strikes us is an excellent location for public sales, being but a few yards from the principal hotels and almost in the centre of the town. Mr. J. W. Avery, of Wilmington, Del., sold at public sale last Tuesday, a number of carriages at the location named, and we noticed that there was abundant room for their display and for four times as many persons as were present, although the attendance was good. The carriages sold low.

Committed to Jail.

Sam Smith, a negro barber of our town, who has been on a spree most of the time since the election, was arrested and committed to jail by Justice Johnson, on Wednesday last. A favorite weapon with Smith (and with negroes generally) is the razor, about a dozen of which, it is said, he carried in his pockets when out on the streets. But the immediate cause of his arrest was the violation of law in firing his revolver in the streets.

The Orphans' Court.

Notwithstanding the inclemency of the weather last Tuesday, held its regular session, all of the Judges being present; but no business of note was transacted.

Centennial Reflections.

By "Uncle Sam's Son," which was received too late for last week's issue, will be found on our title page to-day.

Delays are Dangerous.—If this axiom is true respecting the ordinary affairs of life, still more obviously so as regards the extinction of approaching disease. Unquestionably! Yet how many neglect to practically recognize this plain truth when health is in the balance. Of the many premonitory symptoms of disease a hacking cough is the most prophetic of peril. Arrest it at the outset with Dr. WISTAR'S PINE TREE TAR CORDIAL, and so avoid Consumption. Bronchitis, Inflammation of the Lungs, Coughs, Colds, and, indeed, all Affections of the Respiratory Organs are entirely cured by this sovereign remedy, which also eradicates Dyspepsia, Gravel, Piles, Nervous Debility, Torpidity of the Liver, Urinary Difficulties, Constipation, Palpitation of the Heart, Scrofulous Affections, and the infirmities peculiar to the gentler sex. This Cordial derives its virtues from the vegetable kingdom, and is infinitely to be preferred, both on account of its superior efficacy and freedom from corrosive and injurious properties, to the generality of the nostrums of the day.

QUEEN ANNE'S ITEMS.

From the Centreville Observer of Tuesday.

THE TOWN HALL.—Capt. Smith, the contractor, says the town hall and Odd Fellows hall will be completed this week. This building is 71 feet long and 35 feet wide; has a market house on ground floor, town hall on second floor, and Odd Fellows' hall on third floor.

THE BANK.—The officers of the bank are to take charge of the books, &c., of that institution to-morrow. The building is not yet entirely completed, but will be in a few days, it is hoped. The directors meet every alternate Wednesday—to-morrow being meeting day. Persons who have paper for discount can probably be accommodated. Deposits will not be received until the banking room is ready for occupancy.

'BULLDOZING.'—This Louisiana localism, which has got in print with the other singular evolutions of the "counting-in" propensities of the Republicans of that State, is said to mean a hundred lashes on the bare back, which was considered a "dose for a bull," as it probably would be; and that the expression was gradually corrupted into "bulldoze." The word is more probably a corruption of "bull-dazing," several modes of which are employed by Spanish bull-fighters to intimidate the animal in the arena.—Whatever its origin, however, it signifies intimidation by harsh or cruel means.

SCRIBNER FOR DECEMBER.

T. Robinson Warren's 'Bay Shooting' in Scribner for December, the second of the series of papers on American Sports, is in a somewhat lighter vein than Mr. Wilkinson's 'Salmon-Fishing.' As the spirited outline illustrations suggest, it is full of fun and anecdote, but the hard work of coast shooting is not therefore slighted. Other humorous papers are 'Mr. Quatty's Great Speech,' by Wm. M. Baker (with a tempting picture); and James T. Fields's clever sketch of Cyrus J. Muchmore, who is appropriately described as 'A Picture Case.' Charles Barnard writes with interest of 'Toad Lane, Rochdale' and its co-operative stores. Donald G. Mitchell describes the attractive and growing institution 'Lafayette College,' in a well-illustrated paper. Mrs. Herrick writes a popular science paper about 'Single-called Plant' drawing her own wood cuts on the block. 'An American in Turkistan,' is the title of an article from Eugene Schuyler's new book, portraying with pen and pencil the life of the little-visited tribes of Western Asia. The Turco-Russian difficulties give a timely interest to this paper, and also to Charles Dudley Warner's Saunterings about Constantinople,' a few pages farther on. 'Our Diplomates and Consuls,' by Albert Rhodes, contains some wise suggestions worth the attention of Civil Service reformers.

The poetry of the number is by Annie R. Annan [a poem of rare beauty, entitled 'Maidenhood', Rose Terry Cooke, Mary E. Bradley, and Ellen M. H. Gates [author of 'Your Mission'].

In 'Topics of the Time' Dr. Holland pays a tribute to the late Dr. George B. Bacon, and writes of 'Mr. Huxley's Visit;' 'The Better Times,' and 'The Interest of Fiction.' 'The Old Cabinet' has a stanza under the title of 'Mystic,' and discusses the 'Philistine,' 'Egoism,' 'Reform,' 'Daniel Deronda' as a Vindication of Bohemianism,' 'The Best Society,' etc. 'Bric-a-Brac' contains a variety of amusing verse and sketches. In the other departments important topics are ably and suggestively handled.

To My Friends and Patrons.

I AM desirous of enlarging and improving my business, and also am owing some bills of already too long standing, which I want to pay, as it is exceedingly unpleasant to be dunned, and consequently I need every dollar due me. This notice, therefore, is to urge prompt payment upon the part of those indebted. If it is not convenient for you to let me have money, give me your note on short time, and that will enable me to be better prepared to accommodate you in the future.

I most positively insist upon an immediate settlement, either by note or cash, of all outstanding accounts, and those indebted will find it to *their* interest as well as *mine* to respond to this notice at once.

Iron in the Blood

PERUVIAN SYRUP (A PROTOXIDE OF IRON TONIC)

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, ***and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.***

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP ***blown in the glass.***

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.
