The Chestertown Transcript

Only ONE DOLLAR A YEAR

LOCAL NEWS.

The Steamer George Law

Resumed running from Chestertown to Baltimore last Monday morning, and will continue to run regularly hereafter unless navigation should again be interrupted by ice, which is not probable.

Religious.

The unprecedented revival meetings at the Methodist Churches in this town are still going on, and attended by increased numbers and undiminished interest. A marked feature of the revival are the morning prayer meetings at the Methodist Protestant Church, on account of the extraordinary manifestations of religious fervor by which they are characterized.

Up to Wednesday night, at the M. E. Church, 94 persons had professed conversion, 40 of whom have united in membership. At the M. P. Church, up the same date, some 90 had professed conversion, of whom 78 had joined the Church.

Ground-Hog Day.

Friday last, the 2d of February, was ground-hog day. In sections where these animals are found their habits are closely observed, and the kind of weather of the day on which they emerge from their winter quarters is said to be an unfailing sign of the weather to follow. If he should see his shadow in the sunlight he goes back into his hole for six weeks more, during which the severest kind of weather is sure to follow. If he does not see his shadow he remains out and fine weather is sure to follow. As the sun was obscured by clouds all day last Friday, the sign is in favor of good weather.

The County Association

Of the Public School Teachers of the county was held at the school room in Chestertown, on Monday last, and forty-two teachers answered to their names. Rev. J. W. Trout opened with prayer. After roll-call, the proceedings of the last meeting were read and approved. The report of the committee on music was read and on motion adopted. The report recommends the adoption of the book called Golden Robin, as best adapted to the wants of the Association.

The first question, "The Teaching of Writing," was then taken up and spoken to by Ms. J. F. Copper, who read a paper on the subject, Miss Helen Power, C. H. Crittenden, Miss Indiana Comegys, Mr. J. V. Cresby, Mr. F. Hall, Miss Mary E. Taylor, Mr. Peterson, Mr. T. M. Pinkind and Mr. T. B. Long.

Mr. Henry Tonkin delivered the regular address, taking for his subject "The Teacher's Work."

At the afternoon session Miss Mary Hurlock read an essay, "My School," which was received with applause.

After an interchange of opinions in regard to questions propounded, the second question, "The Grammar of the [illegible] and Fourth Grades," was taken [illegible] Leaverton, Miss Annie Power, [illegible] Janvier, Mr. Greene [illegible] Day, Mr. E. P. Janvier and [illegible], expressed their views. [illegible] Committee made the following report:

[illegible] the Association take [illegible] a subscription of four [illegible] public school in the [illegible] fund to be given as [illegible] the most pro- [illegible] instituted in the [illegible] schools multi- [illegible] 50 per cent. of the amount raised; to the second 30 per cent., and to the third 20 per cent.: one half of the reward to be given to the teacher and the other half to the school, to be used for the purchase of necessary school apparatus. No school to compete for the prize until its portion of the fund is paid in, which will be required to be done by September 1st, 1877. The decision as to which school has made the most progress to be determined by the County Examiner.

This resolution was referred to the following committe, to report in writing at the next meeting: Mr. Milton Melvin, Misses E. A. Gowing, Emma Copenhaver, Mr. Peterson and Mr. S. W. Wallis—and the following questions for discussion at the next meeting:

How to Teach Reading.
The Teaching of Mental Arithmetic.

Miss M. A. Downes was appointed essayist for the next meeting.

The Concert

At the Hall on Wednesday evening was a very pleasant affair, and was enjoyed immensely by the small audience.

The music consisted of vocal, piano and flute combinations, instrumental and vocal duets and solos. Miss Jennie Rinn and Mrs. Linville presided alternately at the piano. Mr. Joseph Prevost was the flutist, and Mr. H. A. Smith, barytone. Mr. Roche interspersed the music with short declamations, such as Mrs. Caudle's Soliloquy, The Street Arab, Did ye Ketch Anything, &c. Mrs. Linville has a sweet but not very strong voice, and seemed to be suffering with a cold which troubled her in her soprano pieces. The company sang Adeste Fidelis, and concluded with the Mocking Bird.

We regret that circumstances prevented a larger audience, as our citizens would have enjoyed the entertainment.

We learn that the concert at Galena, by the same parties, on Tuesday evening, was attended by a large audience.

Orphans' Court.

Present Judges Nicholson, Shallcross and Willson.

Henrietta Boyd, guardian to Henry L. Boyd, returned her final guardian account.

The release of Henry L. Boyd to Henrietta Boyd, was filed.

Mary J. Dodd, executrix of John T. Dodd, returned her second administration account.

C. T. Westcott was appointed administrator of Mary E. Tribbett.

A Time-Honored Specific.—The long and successful career of Dr. WISHART'S PINE TREE TAR CORDIAL, as contrasted with the speedy collapse of nostrums devoid of efficacy which have from time to time been puffed into a brief notoriety during the twenty odd years that this celebrated medicine has been sold, affords a proof that the American public *continues* to repose its confidence in deserving articles only. The PINE TREE TAR CORDIAL has long been recognized as the leading specific for Consumption, Cronchitis, Coughs, Colds, Asthma Diptheria, and all other diseases of the breathing organs. It is, moreover, a certain, speedy, and safe botanic remedy for Dyspepsia, Liver Disorders, Scrofulous Affections, Urinary Troubles, Gravel, Dropsy, Debility, Constipation, and Female Complaints. Constantly accumulating evidence of an unimpeachable character establishes the facts that it not only entirely exticates the diseases to which it is adapted, but also that its action is remarkably prompt and thorough. The crucial test of experience has demonstrated its reliability in every particular. Sold by all druggists.

DELAWARE MARRIAGES.

A bill has been introduced in the Delaware Legislature proposing a restriction on marriages. It enacts that where both parties, or the bride only, are residents of that State they shall be guilty of a misdemeanor if they leave the State for the purpose of being married beyond its limits. This remarkable prohibition may lead to serious embarrassments. Delaware is so small a State that May and Bennett could not find it when seeking a gory battlefield within its limits. Such may be the case with giddy young Delawareans inclined to matrimony. They may not know when they are outside the gallant little Commonwealth. But this difficulty might be remedied by fencing in the State. Yet in that case when the parties once escape the bounds and marry they may never return again. Thus Delaware would lose present population and the outcome of those who depart.—*Balt. Sun.*

RETURNING BOARD WELLS.

Of this worthy, in regard to whom such damning testimony is now coming out at Washington, Lieut. Gen. Sheridan painted this startling picture: "I say now, unequivocally, that Gov. Wells is a political trickster and a dishonest man. * * His conduct has been as sinuous as the mark left in the dust by the movements of a snake. I say again that he is dishonest, and that dishonesty is more than can be expected of me. * * He has embarrassed me very much since I came into command by his subterfuge and political chicanery. * * He has not one friend who is an honest man." Yet this is the man that Senator Sherman delights to honor by his indorsement. So much the worse for that Senator. The public will have no more confidence in the indorser in such a case than they will in the indorsed.

☞ A cruel hoax was recently perpetrated on two members of the Hebrew community who presented themselves at the synagogue in Birmingham, Eng., to be married. The ceremony was interrupted by the arrival of a telegram to the rabbi informing him that the bridegroom was already married and had two children. The bride was removed in a fainting condition, and the bridegroom was chased through the streets by a mob, who saluted him with "a shower of stones and mud." Investigation has since proved that the telegram was a forgery, and the wedding will take place after [illegible]

☞ The St. Louis Republican says that the wheat belt is shifting from the Northwestern to the Middle, Western and Southwestern States, and that the flour best suited to foreign commerce is made from wheat grown in Southern Illinois, Southern Missouri, Kentucky, Tennessee and Kansas, and that to this list of States there will soon be added Arkansas, Texas, Colorado, New Mexico and the Indian Territory.

☞ Gen. A. J. Pleasanton, originator and strenuous advocate of the theory that blue glass, interposed between the sun and anything that grows, has a wonderfully stimulating effect, says that he has just had a new proof that he is right. He fell from his carriage in Philadelphia, where he lives, and severely injured his shoulder and side. Physicians gave him no relief; but he was cured by taking sun baths under blue glass.

☞ The Maryland and Delaware Railroad, from Clayton to Easton, forty-four miles, is to be sold under the Sheriff's hammer. A decree to that effect has been obtained from the United States Courts of both Maryland and Delaware. This suit is made at the instance of the first mortgage bondholders. Twelve miles of the railroad, to Marydel, lies in Delaware, and balance, thirty-two miles, in Maryland. The road is to be placed in the hands of a receiver at once.

WISTAR'S BALSAM OF WILD CHERRY

THE GREAT REMEDY FOR
CONSUMPTION
which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

Iron in the Blood

PERUVIAN SYRUP (A PROTOXIDE OF IRON)

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agents, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, *and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.*

Thousands have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP *blown in the glass.*
