For Commissioners of Chestertown on Monday last, resulted as follows:

Charles H. Davis - - -	206 votes.
Thomas H. Lee - - -	204 "
John L. Ringgold - - -	192 "
Levi Fiddis - - -	188 "
James W. Lambert - -	187 "
William Conyer - - -	186 "
Thomas DeC. Ruth - -	182 "

Whole number of votes cast, 278. The election seems to have been simply a contest over the Bailiff's office. The Commissioners elected, it is understood, will retain Mr. Parsons.

Sale of Town Property.

Sheriff Medders sold in front of the Court House door, Tuesday morning, the two-story dwelling, the property of Samuel S. Usilton and wife, situated at the upper end of High street, adjoining the Catholic church lot. Purchased by Rev. George S. Bradford, Roman Catholic Priest, for the sum of $1,201. The "Ritty Glen" house, in the rear of the High street property, and fronting on Calvert street, was sold at the same time. Purchased by Miss Emma Smith, for the sum of $73.

Sales of Real Estate Last Tuesday.

At the Voshell House porch, last Tuesday, Mr. J. W. Carroll, auctioneer, sold the following farms at public sale:

A farm of about 141 acres, lying in Pine Neck, on Lankford's Bay; purchased by Mr. B. B. Adkinson, for $2,605.

A farm also in Pine Neck, containing 48 acres; purchased by Mr. B. B. Adkinson, for $1,105.

The T. J. Shallcross farm, containing 875 acres of land, in the second election district; purchased by Capt. A. Woodall, for $15,500.

The W. O. Shallcross farm, near Locust Grove, containing 325 acres; purchased by Capt. A. Woodall. The above named farms were sold by R. Hynson, Esq., Trustee.

A farm containing 12¾ acres, purchased by Robert J. Lusby, for $2,650. Sold by Hynson & Smith, Trustees.

Our Railroad.

The Kent County Railroad appears to be in a most peculiar situation; it seems to belong to some unknown person or persons who are tearing it up for some unknown purpose. Some time since the road was sold, to Jay Gould or his representatives; the sale has not been ratified yet, and until then we presume the purchaser has no title, and cannot suppose that he is committing the waste. Pending the ratification of the sale the directors would hardly undertake to tear up the track of a road which has been sold. The lessee who is in possession from the directors would scarcely presume to take such unwarrantable liberties with other people's property. Nevertheless, the track, ties and rails, is being taken up by some one. Something over a year ago the same thing was practiced on a smaller scale, and the iron was spirited away, and went into some one's pocket. Are the rails now being taken up to be dealt with in like manner?

The railroad through this county was built by the people of the county mostly, and with the understanding that though they might sink their money they would have the benefit of the road. If the rails are to be torn from the road bed as they have been for the past few weeks, the Kent County Railroad will soon be among the things of the past. If there is no one, whose duty it is to put a stop to these proceedings, we think the stockholders, whose rights are not yet entirely gone, have the right to interfere.

The directors have not thought it necessary to hold an election as the law directs. In fact the lessee, from outward appearances, seems to manage the whole thing to suit his own views and interest.

It is not a well settled law that the *owner* of a rail road can take up the track and discontinue the road; still less does there appear to be any authority for those who do not possess a particle of title.

Orphans' Court.

Present, Judges Nicholson, Shallcross and Willson.

James B. Willson, executor of Henrietta E. Wilson, returned an inventory of the personal estate of said deceased.

Owen Connelly, admr. of Garrett M. Hart, returned a list of sales of the personal estate of said deceased.

Howard Meeks, admr. of Martha Meeks, returned his first and final administration account.

The release of Henry C. Lusby to R. . Lusby, was filed and ordered to be ecorded.

A Time-Honored Specific.—The long nd successful career of Dr. WISHART'S INE TREE TAR CORDIAL, as contrasts with the speedy collapse of nostrums void of efficacy which have from time time been puffed into a brief notoriety during the twenty odd years that this ebrated medicine has been sold, affords a proof that the American public times to repose its confidence in deving articles only. The PINE TREE CORDIAL has long been recognized e leading specific for Consumption, chitis, Coughs, Colds, Asthma Dipia, and all other diseases of the thing organs. It is, moreover, a in, speedy, and safe botanic remedy yspepsia, Liver Disorders, Scrofuffections, Urinary Troubles, Gravel, Dropsy, Debility, Constipation, and Female Complaints. Constantly accumulating evidence of an unimpeachable character establishes the facts that it not only entirely exticates the diseases to which it is adapted, but also that its action is remarkably prompt and thorough. The crucial test of experience has demonstrated its reliability in every particular. Sold by all druggists.

THE BRAZIL MISSION.

Now that Logan is not to go to Brazil the Philadelphia Times makes the practical suggestion that the difference to this country between a good representative at Rio Janeiro and a political bummer may be a matter of millions. Baltimore, whose trade, present and prospective, with Brazil is worth looking after, will appreciate the truth of this remark. The Times says that no country opens a more inviting field for the introduction of American manufactures, and the power that an efficient representative of mercantile interests would have to further our commerce with that great country is incalculable. Dom Pedro is favorably disposed toward this country, and no ruler will be quicker than he to detect the difference between a mere place-hunter and a minister worthy of the country. The Boston Advertiser also, since Logan has declined Brazil, expresses the hope that it will be offered to "some competent person."

THE MEXICAN QUESTION.

ITS CONSIDERATION BY THE CABINET—GENERAL PILLOW ADVISES ANNEXATION.

Special Despatch to the Gazette.

WASHINGTON, May 28.—At to-morrow's session of the cabinet the Mexican complications will be considered at some length, and it is believed some action will be taken. General Ord and Secretary McCrary had a long interview today on the subject with Mr. Evarts.—General Pillow, who was second in command during the Mexican war, has sent a letter to the President, giving his views on the situation at length. He claims that the only reasonable boundary between the two countries is the Sierra Madre mountains and the river that runs by. He gave as a reason for so thinking the fact that as the boundrary line runs it is impossible to punish marauders, because the Mexicans are better mounted, and understand the country so well that pursuit would be useless. To follow them on their own territory would be virtual act of war, and he thinks it much better for the United States to secure and annex by treaty with Mexico the northern states that lie between the Sierra Madres and the Rio Grande. His suggestions, together with the latest developments through General Ord, will be duly considered by the cabinet.

EX-SPEAKER RANDALL ON THE NEEDS OF OUR COMMERCE.—Ex-Speaker Randall, in a letter declining an invitation to visit Galveston, Texas, says:

"The time has come, in my opinion, when the policy of the government should be to enlarge our trade relations with Mexico and with the Central and South American States. The public documents show that the foreign commerce of the countries lying south of the United States on the American continent to be about $520,000,000. Our share of this amount is about $112,000,000, of which only about $37,000,000 is transported in American ships and under the American flag. Such a statement should at once arouse our people from their lethargy. The war stimulated the manufacturing facilities of the North enormously, and only by the adoption of such a policy can we keep up the activity of our manufacturing districts and secure a market for our productions. It is a discredit to our enlightenment that we as a people stand quietly by and do not make sufficient endeavor to increase our meagre share of this most important trade."

A TALK WITH THE PRESIDENT.

A correspondent of the New York Post telegraphs that General Grosvenor, the Speaker of the last Ohio House of Representatives, passed some hours with President Hayes on Friday, during which the political situation was very freely talked over. The President said that he did not think that the members of the Republican party quite understood his course and position, and that nothing is further from his intention than to do anything to impair its organization or future success. The notion of building up a third party, or Hayes party, independent of the Republicans in the North or South, had never entered his head.

The President said also that he especially dislikes the phrase, "Hayes' Southern Policy," and looks upon it as the policy of justice and necessity in the interests of prosperity and peace; that what he has done and will do will be in furtherance of the idea embodied in the sentence of his inaugural address: "He serves his party best who serves his country best."

LATE FROM WASHINGTON.

HAMPTON AND NICHOLLS.

It is stated on the authority of a member of the Cabinet that the Administration is fully satisfied that both Gov's. Hampton and Nicholls are endeavoring to carry out in good faith the assurances given by them that the equal protection of the law should be extended to all the people of South Carolina and Louisiana.

POLITICAL SINECURES.

The Treasury Department has awakened to the knowledge that a good many of the appointments in the New Orleans custom house are political sinecures. An examination will be made into the matter, which will result in a reduction of force to the point necessary to maintain the efficiency of the public service.

A CARPET-BAGGER'S EXIT.

Information from South Carolina states that Whittemore, who was one of the Radical State Senators, has fled the State, as the recent developments before the legislative investigating committee have suggested the prospect of prosecution. Whittemore has been always one of the very worst of the carpet-bag birds of prey. He served two terms in Congress as the representative of the South Carolina blacks, and resigned to escape expulsion when he was detected in peddling West Point cadetships. It is said by Whittemore's friends here that Whittemore has gone home to Massachusetts.

HUNG WITH TRACE CHAINS.

HOW THREE NEGROES WERE LYNCHED FOR A BRUTAL MURDER.

Columbus, Ga., May 28.—Last Friday morning, before daybreak, Mrs. C. C. Chambliss, of Stewart county, was murdered by thiee negroes of the neighborhood. They fired the fences and drew the husband away from the house. The negroes then proceeded to the house to rob it, and were met by Mrs. Chambliss, a beautiful woman, aged 18 years, armed with a gun. One of the negroes (Jerry Snead) took the gun from her and lodged the contents in her head, causing her death instantly. The negroes fired the corn crib and fled. They were pursued and captured. Jerry admitted the deed and implicated his companions, Stephen Abram and William Boath. They were brought to Chambliss' house that afternoon and it was unanimously decided by about three hundred whites and blacks present that they should be hanged. A gallows was erected, and the murderers were hanged with trace chains. The colored participants in the lynching threw the lifeless bodies into an old field to rot, and it was with great difficulty that the whites could persuade them to permit a burial. The culprits met ther fate jeeringly and sneeringly, glorying in the deed, and taunting their executioners. A cotton rope was first used on Stephen Abram, but it broke, and he asked the crowd to get a stronger one. No other rope could be found, and trace chains were used.

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Iron in the Blood

PERUVIAN AN IRON TONIC SYRUP

MAKES THE WEAK STRONG.

The Peruvian Syrup, a Protected Solution of the Protoxide of Iron, is so combined as to have the character of an aliment, as easily digested and assimilated with the blood as the simplest food. It increases the quantity of Nature's Own Vitalizing Agent, Iron in the blood, and cures "a thousand ills," simply by Toning up, Invigorating and Vitalizing the System. The enriched and vitalized blood permeates every part of the body, repairing damages and waste, searching out morbid secretions, and leaving nothing for disease to feed upon.

This is the secret of the wonderful success of this remedy in curing Dyspepsia, Liver Complaint, Dropsy, Chronic Diarrhœa, Boils, Nervous Affections, Chills and Fevers, Humors, Loss of Constitutional Vigor, Diseases of the Kidneys and Bladder, Female Complaints, *and all diseases originating in a bad state of the blood, or accompanied by debility or a low state of the system. Being free from Alcohol, in any form, its energizing effects are not followed by corresponding reaction, but are permanent, infusing strength, vigor, and new life into all parts of the system, and building up an Iron Constitution.*

Thousand have been changed by the use of this remedy, from weak, sickly, suffering creatures, to strong, healthy, and happy men and women; and invalids cannot reasonably hesitate to give it a trial.

See that each bottle has PERUVIAN SYRUP *blown in the glass.*
