The cases of State vs. Fred. B. Gemmill, indicted for assault with intent to kill, continued to October Term next, at the request of defendant, owing to the absence of witnesses, the defendant having made the necessary affidavit and renewed his bail in the sum of $800 personally, and in a like sum with David Jones, W. I. Rasin, James S. Gemmill, James Rankin, Wm. S. Walker and James H. Gale in each case. Pearce for defense.

State vs. Marshall Russell, indicted for riot and assault on the person of Wm. Biggs and an assault with sticks, stones and pistols on the house of Thomas B. Wheat, August 17, 1878. Tried before the court, and adjudged guilty. Fined $1 and costs, and to be confined in jail three months from April 30. No counsel.

State vs. Bradley Thompson, indicted for keeping a nuisance by having his slaughter house in a filthy condition within the limits of Chestertown continuous during the past year and up to the present time. Tried before the court and fined 10 cents, without costs. Hynson for defense. Judge Wickes, in deciding this case, exhonorated Thompson from intentionally maintaining a nuisance, as the evidence elicited went to show that he kept his slaughter house in as cleanly a condition as possible under the circumstances; but that said slaughter house was badly located in low ground where drainage was difficult, and in the heart of the town, within a few feet of the main street. His Honor further expressed the opinion that the Town Commissioners had been derelict in the discharge of duty in not suppressing this and all other like nuisances. That it had been represented to him that the town was in a very filthy condition, and physicians had expressed the apprehension that in consequence the community was liable at any time to be visited by contagious diseases.

Tried before the court, and adjudged guilty. Fined $1 and costs, and to be confined in the county jail for two weeks from May 2, 1879. Hynson for defense.

The Petit Jury was finally discharged on Friday.

The following motion for a new trial in the Grice case was filed May 2d, by Albert Constable, Esq., senior counsel for plaintiffs:

* * * * "The plaintiff moves the court to set aside the verdict in this case and grant a new trial—

1st—Because the verdict is against the evidence.

2d—Because the verdict is against the law.

3d—Because of the rejection of certain material and competent evidence offered by plaintiff.

4th—Because of newly discovered evidence.

ALBERT CONSTABLE, Plaintiff's Att'y.

Mr. Constable will reduce his argument, in support of above motion to writing, and submit it to the Court at an early day for its consideration; and it is probable that the Court will grant the motion and appoint October Term next, for a new trial in the case.

In case of State vs. Marshall Emory, presented for participating in a riot at Thomas B. Wheat's residence, on or about Aug. 17, 1878, a motion to quash was made by the prosecuting attorney.

State vs. James C. Moffett, indicted for an assault upon Samuel Reed, and shooting at him with a pistol, in 1878, a nonest has been entered.

State vs. J. Jones Pearce, indicted for keeping a gambling room where cards were played for money, at a game called "all-fours," or "seven up," "euchre" and "bluff," during the months of November and December, 1878, and January, 1879. A non est was entered.

SENTENCING CONVICTS.

On the assembling of Court, Saturday morning, his Honor, Judge Wickes, passed sentence upon the convicts, as follows:

Louis Ford, convicted of assault with intent to kill, to be confined in the penitentiary for six years from May 3, 1879.

Sellers Mattee, (colred) convicted of larceny, to be confined in the penitentiary for two years from May 3, 1879.

State vs. William Holmes, (colored) convicted of larceny, to be confined in the penitentiary two years from May 3, 1879.

Maria Chase, (colored) convicted of larceny, to be confined in the penitentiary one year from May 3, 1879.

Nathan Leiberman, a native of Germany, who came to the United States when a minor, under the age of 18 years, applied to be admitted to citizenship. The Court, after hearing his application, decided that as he never declared that it was his bona fide intention to become a citizen, as prescribed by the Act of Congress and decided by precedents, refused to admit him to citizenship.

Orphans' Court, TUESDAY, May 6, 1879.—Present, Judges Nicholson, Shallcross and Willson.

On application, James A. Pearce was appointed guardian to Anna B. and Joseph W. Hazell, who filed his bond with security approved by the court, Said guardian was authorized to expend a sum, in the education of his Ward Joseph W. Hazell.

On application, letters of administration on the personal estate of Mary A. Needls, were granted to George Vickers and Richard Hynson, (the parties entitled first renouncing) who filed their bond, with approved security. Geo. T. Williams and Samuel F. Cooper were appointed to appraise said estate: the usual notice to creditors was ordered.

F. Hyson Dill, executor of Charles G. Wood, returned a list of sales of the personal estate of deceased, which was filed and ordered to be recorded.

Baltimore, Jan. 31, 1879.

MR. J. S. KNAPP—*Sir*:—I have made a thorough test of the London Food and recommend it to the public as a good Improvement Food for horses. I will use it in preference to any condition powders I know of.
(They have 300 head of horses.)
Respectfully, R. PRICE,

Carrollton, Feb. 11, 1879.
Carroll county, Md.

JOHN S. KNAPP—*Sir*:—Having used the London Horse and Cattle Food on both my horses and cows, I cheerfully recommend it to the public as a good condition food for the horse and a profitable condiment for cattle, as it will cause cows to give more milk and make at least 20 per cent more butter than any condition powders I ever used. Hoping this will induce my friends to try it, after which I am convinced they will bear the same testimony as to its merits as I do.
Yours Respectfully,
March 6, 1879. JACOB M. HOFF.

Black Re...

This article has been used by ... of Farmers in Kent county, on ... clay lands, with uniform success. ... of those who have used it is that

It secures a crop of Corn on such lands;
It is the cheapest goods on the market;
It is the most economical goods used;
No other goods approximates it in the profit derived from its use, giving sometimes threefold as much Corn as could be raised without it;
It prevents insect from troubling corn.

Please read the following letters as to its merits:

Chestertown, Feb. 11, 1879.

Mr. T. W. Eliason, Jr.:
Dear Sir: I used your Black Residuum, mixed with super phosphates, on corn last spring. I was very much pleased with the result; was troubled scarcely at all with insect, and my corn crop was largely increased. I am satisfied that its use paid me handsomely.
Respectfully,
J. P. NICHOLSON.

Chestertown, Feb. 25th, 1879.

T. W. Eliason, Jr.—Dear Sir: In reply to your inquiry, the "Residuum" obtained of you, last season, was applied to corn, to prevent "frenching," a handfull to three hills, with results entirely satisfactory. It is the most economical article I have used for that purpose.
JOHN W. COREY.

Chestertown, Feb. 11, 1879.

Mr. T. W. Eliason, Jr.—Dear Sir: I used on my corn the Black Residuum I purchased of you last spring. It gave me entire satisfaction, *and have never used any goods that approximates it in the profit derived from its use.* I used several other goods costing me considerably more money, but your Black Residuum gave me a much better crop than either of the others.
BARTUS TREW.

Chestertown, Feb. 27, 1879.

Mr. T. W. Eliason, Jr.—Dear Sir: I used your Black Residuum, mixed with a super phosphate, on my corn planted on R. Hynson, Esq's. farm, in Quaker Neck. I could see its effects to the row. It gave me a good crop of corn, and I am satisfied that it paid me well. Have never used any goods on corn that was as profitable to me.
Respectfully,
DAVID F. MILLS.

Chestertown, Feb. 21, 1879.

Mr. T. W. Eliason, Jr.—Dear Sir: I have used your Black Residuum, for several seasons, on lands that usually french corn. No corn frenched where I applied it. It gave me twice as much corn as I would have raised without its use. I do not know of anything that begins to approach it in value, on such lands, for corn. I mixed it with a super phosphate.
Respectfully yours,
WM. T. NICHOLSON

Chestertown, Feb. 19, 1879.

Mr. T. W. Eliason, Jr.—Dear Sir: I was very much pleased with the Black Residuum and super phosphate that I purchased of you last spring. I used them on part of my field which usually had been in the habit of frenching. I could perceive no signs of frenching where I applied it, and regretted very much that I did not use it on my entire field. It paid me handsomely, much better than another goods used, well known in the county, which cost me considerably more money.
Respectfully,
JOS. RASIN

Chestertown, March 15, 1879.

Mr. T. W. Eliason, Jr.—Dear Sir: I can confidently recommend your Black Residuum for corn on lands that usually french. I have used it for several years and have seen the results of its use in a number of cases, and have never known a hill of corn to french where it was applied. Its low price renders its use very profitable, more so than any goods I have used.
Respectfully yours,
SAMUEL BECK

Millington, Md., Feb. 14, 1879.

T. W. Eliason, Esq.—Sir: Your letter received. In regard to the relative merits of your phosphate tried by me on corn, I will say to you that I used it on timothy sod, a piece of land that had been mowed for three years. I gave it a fair trial alongside of ——; also, ——, of your town. My opinion of the action of the three phosphates is in favor of yours: the corn started off faster, made a better growth all the time, and also had a better color, it being a very black green. My son, H. C. Hendrickson, who superintended dropping the three phosphates, was particular in applying it, and he could show me the very row where yours was used without looking for the stake that marked it; also, when the corn was fit to hunk, my opinion was that where yours was used it was cared the best. The fact is, it made more corn and more fodder than where the other two were used. In applying, I mixed the Residuum and the phosphate thoroughly together. The quantity used was a handful, to three hills, or about 200 lbs. to the acre. I consider it a good article for corn.
Respectfully yours,
P. HENDRICKSON.

A Talk With Fruit Growers.

I HAVE now growing, on my farm, a fine seedling Peach Nursery, (from the seed of the Smock,) of over 200,000 trees.

Being from Smock seed, and growing on land that never grew trees before, they must prove especially hardy and prolific.

I shall bud 50,000 (commencing June 15th) for this Fall's planting; such trees will run from 3 to 4 feet in height.

I shall bud the balance in August, for planting the following fall. As most all planters have preference for special varieties, I propose to take orders, before the budding is done, customers furnishing their own buds if they prefer, so that all may be accommodated. Do not fail to give this matter proper consideration, and send in your orders early. By so doing you can secure just the varieties you want; but if delayed till you are ready to plant, nurserymen may not have the kinds you prefer. I will give instructions how to forward buds, upon inquiry.

I HAVE A GENERAL ASSORTMENT OF ALL KINDS OF NURSERY STOCK.

Twenty years' experience as an extensive Fruit Grower and Nurseryman, certainly entitles me to a reasonable share of patronage on this peninsula.
