Chestertown Transcript.

THURSDAY, JULY 31, 1879.

Have you exeurted yet?

We call attention to C. F. Stam's advertisements that will be found scattered around in this issue.

There have been two excursions from Chestertown to Cape May—and "still there's more to follow."

Water Melons, cantaleups, egg plants, and other summer productions, have grown abundant in the last week.

Peaches are abundant—in Baltimore market. In Chestertown, however, though surrounded by magnificent orchards, they are scarce.

St. Dennis' Picnic takes place to-day in McCauley's woods, near Lambson's Station. A very pleasant time is anticipated.

The Levy List will be published next week. It is alphabetically arranged, and will be found much more convenient for reference than as heretofore published.

The Observer calls a young ladies seminary a "Female Institution." Bro. Busteed, that's decidedly indefinite. Do you remember the new branch of business? We are even.

The New Gutter on Market Space is certainly a great improvement over the old drain, which was both unsightly and defective. The brick and stone work was done by Mr. Robert R. Calder.

Peaches are beginning to go into market pretty freely, and the price so far has been fair. The canneries are not doing much yet, and it is difficult to tell how the prices for the season will be.

Good Rain.—Since our last writing we have had a good soaking rain, which has made the grass greener, corn and peach trees more vigorous, and has put the farmers in an altogether better frame of mind.

John W. Bayard, formerly a student at Washington College, died at his home in Chesapeake city on Wednesday of last week. He was nineteen years of age, and is said to have stood well in his classes.

The Commerce, Capt. Jos. W. Thompson's peach boat, will commence running next Monday, August 4th, from the following points:—Spry's, Deep Landing, Buckingham, Chestertown and Quaker Neck.

Republican Meeting.—We learn casually that the Republicans failed to take any definite action Saturday, with regard to bringing out a ticket. There appears to be a diversity of opinion as to whether they shall go it alone or not.

The Dog Days commenced last Sunday week. The dog star is in the ascendency and is supposed by some to exert an influence over this mundane sphere. Dogs are supposed at this season of the year to have a strong inclination toward going mad.

Hard to Beat.—Mr. W. R. Pippin brought to the *Transcript* office, Tuesday, a couple of beets, grown in his father's garden, which weighed nearly four pounds. They were unusually large, for the table variety, so early in the season. Next!

President of the Agricultural Club.—The Kent County Agricultural Association, at its meeting held on the 21st instant, elected by a unanimous vote, Mr. Wm. W. Stephens to fill the office of President for the balance of the year. Mr. Stephens was installed on Monday last.

Land Sale.—Chas. H. Baker, Esq., sold last Tuesday afternoon, at the Voshell House porch, the farm of John E. Ringgold to William Vannort, for $7,750, subject to a legacy of $730, and to a widow's dower of one third of the net annual income. The farm contains two hundred and thirty-nine acres.

The New Dwelling on Bridge street, adjoining the property of Capt. Burchinal, in course of construction by Mr. Robert K. Pippin for Mrs. M. L. Sparks, is enclosed and under roof. It is a two-story frame with back building of two stories. The main building has a gable front, and altogether presents a good appearance.

The Colored Conference.—The Delaware Conference of the colored Methodist Episcopal Church, which held its session at Cambridge last week is said to have drawn on Sunday an attendance of ten thousand negroes. There were nine steamboat loads landed there, on Sunday, from Baltimore and various points of the Eastern Shore. We give a fuller account elsewhere, clipped from the Baltimore Sun.

Cape May Excursion.—The Sunday School excursion to Cape May yesterday had not altogether a pleasant day for the trip, as it was drizzly most of the forenoon. The sun may have been shining at the beach, however, and we hope the young folks and every body else had a good time. There was a good turnout from Chestertown.

Mule Killed.—A mule belonging to Mr. Perre Hendrickson, residing near Millington, was sent to the shop last week to be shod for the first time. The animal was frightened and hard to manage, and the smith used ropes. After being tied up the mule made a lunge, broke the ropes, and fell back on a pile of old iron. The force of the fall dislocated his thigh, and the mule died shortly.

Col. Fred. Gerker, the energetic and gentlemanly lessee of the Kent County, Smyrna and Delaware Bay Railroad is, we learn, to have the next excursion to Cape May. Col. Gerker has been indefatigable in his efforts to give our citizens the best and cheapest excursions ever gotten up, and this fact should not be overlooked. All who went on his excursion last summer will remember that it was an occasion of unusual enjoyment.

Pilfering.—It seems that tramps or some other parties are giving the Millington people trouble. On Wednesday of last week the depot was entered and a coat belonging to Major Biggs was stolen, besides other articles. The depredators then made a visit to the residence of Mr. G. Comegys and made an entrance through the window and were plundering the dining room, but were frightened off by Miss Annie Comegys, who made a noise getting out of bed. They then visited the store house of Mr. J. C. Johnson, but were unable to effect an entrance.

Keep Your Premises Clean.—This coming August weather will bring sickness to many families unless they are careful to keep their surroundings pure. Back yards into which slops, dish-water, soapsuds, and the refuse of the kitchen are thrown, can not otherwise than breed disease. Out-houses should be carefully attended to, and kept in as cleanly a condition as possible. People are inclined to pass a filthy back yard by as a little matter, but it may be a matter of death. It is said that nearly all summer diseases, such as typhoid fever, bilious fever, &c., have their origin in impure water or impure surroundings. If people would use a little more common sense in getting at the cause of disease, the cure would not so often be so costly.

Excursions.—The Young Catholic Friends' Society of Baltimore made an excursion to this town on Thursday of last week, on the steamer Pentz. The crowd was quite large. A dance, with excellent cotillion music, was improvised in front of the court house, in which many participated, and altogether it was a lively party.

On Monday of this week the Pentz brought over an excursion, given by the Junior Order of American Mechanics. A large number of the excursionists procured the armory and put their time dancing. Some of our young citizens found learned that an excursion was com- ly of

down on the grass before the boat left. The last we saw of him he was in close consultation with one of our colored fishermen, who we hope was able to suggest a remedy that would successfully counteract the crabs.

District Conference.—The District Conference of the Methodist Episcopal Church, South, which commenced its session on Tuesday of last week, at Chesterville, adjourned on Thursday. There was a good ministerial and lay representation, and a goodly number of visitors from the village and surrounding country. It was hot, dry and dusty during the session. The ministers and delegates returned to their homes on Friday morning.

Installation of Officers.—The following officers have been duly installed by Amicable Lodge, I. O. O. F., of Chestertown, to serve during the present term:

S. P. G.—Fredus Aldridge;
N. G.—S. C. Roberts;
V. G.—E. F. C. Perkins;
Sec.—E. C. Reiche;
Treas.—James W. Chapman;
R. S. to N. G.—A. J. Fiddis;
L. S. to N. G.—John W. Carroll;
R. S. to V. G.—William T. Sutton;
L. S. to V. G.—William S. Carroll;
Con.—Thomas S. Bordley;
Warden—John H. McKenzie;
I. G.—Samuel L. Rawleigh;
O. G.—W. Hudgins;
R. S. S.—George B. Westcott, Jr.;
L. S. S.—W. Frank Hines;
Rep. to Grand Lodge—E. F. Perkins.

Tramps.—The professional gentleman entitled "The Tramp," has made or is about making his appearance. He is not as yet so numerous as he generally is at this season, but yet he is here. Our exchanges have been asking, "What has become of the tramp?" and we were beginning to think that the profession had not proved remunerative last season, and that perhaps most of the tramps had retired from professional life and had settled down to the humdrum drudgery of daily work, but we have recently seen some as fine looking specimens as we ever clapped our eyes on. Yes, they are here, looking for work, and we have no doubt they enjoy the pursuit more than they would the possession. Can't the Town Fathers put in force the vagrant law that worked so nicely last year?

Chester River Steamboat Company.—The stockholders of the Chester River Steamboat Company met at the office on Light street, Baltimore, last Monday, and elected George W. Warfield president to fill the vacancy occasioned by the death of Colonel Buda S. Ford. William S. Taylor, of Baltimore, was elected a new director. The other members are Dr. S. E. Ford, of Cecil county, Hon. F. C. Latrobe, and Frank Wright, of Queen Anne's county. Dr. Ford is the executor of the estate of his brother, Col. Ford. It was stated by Mr. Warfield that the steamboat company will be continued as heretofore. Colonel Ford's interest will remain and be managed for the heirs. The peach orchards on Colonel Ford's farms in Queen Anne's, where he owned 3,500 acres of good land, will this year yield from 25,000 to 30,000 boxes of fruit, all of which will go to Baltimore on the Chester river steamers. The B. S. Ford and George Law will be running every day between Chester river and Baltimore, in a few days and two night boats will be put on to move the peach crop, making four boats a day. The board passed resolutions of respect for Colonel Foard. Three-fourths of the stock of the Chester River Steamboat Company belonged to Colonel Ford.

Mrs. R. E. C. Downes.—The following notice appeared in the Centreville papers, and was handed to the publishers by R. E. C. Downes:

"On Sunday last, the 20th July, Mrs. Allah E. Downes, wife of R. E. C. Downes, Church Hill, Queen Anne's county, Md., started from New York city for Sanfrancisco, California,—en route for her native home—(by way of Cape Horn)—in Rome, Italy, and the Canton of Neufchatel, Switzerland—(the birthplace of her first husband)—and where she goes to recover her health and a considerable estate. Mrs. D. expects to be absent about twelve months, or more, and will return (if living), and in the event of her death, she has made her will, and filed it with her lawyer, in Washington, D. C., containing her burial in Italy, ancestry, fortune, legatees, &c., and has ordered it to be published, at the proper time.

"Whilst Allah's spirit kindles all love's fire
Her moral chastens every loose desire,
Her regulated passions—void of blame,
Warm without scorching—like the Vestal flame."

Peninsula Press Excursion.—An excursion to Ocean City, on the 13th of August, by the Peninsula Editors, is being agitated pretty generally, and in the mean time the 13th of August approaches. Something definite should be speedily settled upon, or else the 13th of August will be here, and the excursion will not be "a put up job," as it should be. Colonel Malone is the man at the front, and the rest of the fraternity have got an eye on him.

MARYLAND STATE TEACHERS' ASSOCIATION.

The next annual meeting of the State Teachers' Association of Maryland will be held at Hagerstown, on Wednesday and Thursday, the 27th and 28th of August, 1879. Arrangements have been made for issuing round trip or excursion tickets to persons attending the Convention with the following lines of transportation:—Western Maryland, Baltimore and Ohio, Philadelphia, Wilmington and Baltimore Rail Roads, and the Chester River line of steamboats. The fare from Baltimore for the round trip will be $2.50. The Balto. & Ohio R. R. will issue card orders for tickets, which orders may be had on application to the several County Examiners, or to the Agents of the Company.

The rates of board at Hagerstown are $1 and $1.50 per day.

The exercises will consist of Addresses, Readings and Reports upon and Discussions of the following, subjects, viz: Discipline, School Examinations and Exhibitions, Text Books, Teachers' Institutes, Physical Culture, Spelling Reform, Metric System, Text Books and methods of Instruction in English, Latin, Greek, Arithmetic, other Mathematics, Modern Languages, Natural Sciences, Mental and Moral Science, History, Geography, Elocution and Reading.

The first session at 10 A. M., on Wednesday, when it is hoped every member will be present.

The most inexcusable folly is to endure Dyspepsia with all its miseries, when a 25 cent bottle of Dr. Bull's Baltimore Pills will cure the malady.

John S. Knapp—*Sir*:—Having used the London Horse and Cattle Food on both my horses and cows, I cheerfully recommend it to the public as a good condition food for the horse and a profitable condiment for cattle, as it will cause cows to give more milk and make at least 20 per cent more butter than any condition powders I ever used. Hoping this will induce my friends to try it, after which I am convinced they will bear the same testimony as to its merits as I do.

Yours Respectfully,

Baltimore Daily Sun

THE PEOPLE'S EXPONENT AND INSTRUCTOR, ENTERPRISING AND INDEPENDENT.

The Baltimore Daily Sun, by its faithful adherence throughout its whole career to sound, conservative principles, and by the enterprise and liberality which it has constantly employed in procuring news, has established for itself a reputation in the front rank of journalism.—This standing it is determined to maintain, and give, by the ample means which it commands for the purpose, in a condensed and thoroughly readable form, all the news of the day up to the hour of publication.

In politics *The Sun* naturally adheres to the positson which it has always held, with universal approval of a National, Independent and Conservative paper. *The Sun's* Correspondence covers the five great cities of London, Paris, New York, Washington and San Francisco, in addition to every point of interest in Maryland and adjacent States, and its Washington Bureau furnishes the most accurate account of all that occurs at the National Capital.

The Market and Stock Reports are distinguished for their accuracy, and are given with sufficient fulness to meet the general requirements without needless diffuseness. As a medium for Advertising *The Sun* is of priceless value, as it enters more households and is distributed at more postoffices than any other newspaper south of Philadelphia, whilts in Baltimore its circulation exceeds that of all its morning cotemporaries put together.
