Chestertown Transcript.

THURSDAY, MAY 6, 1880.

The Season for strawberry festivals is drawing near.

Mr. E. C. Reiche is to build two side-altars for the Church of the S. S. Heart, of this town. The designs are very handsome. The work will be commenced immediately.

Religious.—Rev. T. E. Martindale will preach at Rock Hall M. E. Church, Sunday, May 9th, at 10½ o'clock A. M. Quarterly Conference May 8th, at 16 o'clock A. M.

White Perch of fine size, have been plentiful this week. Our market has also been well supplied with shad, which have found ready sale at forty-five and fifty cents a pair.

Bishop Lay will hold divine service at I. U. Protestant Episcopal Church, at 11 o'clock, A. M., next Saturday, and at St. Paul's at 10:30 A. M. next Sunday, when the rite of confirmation will be administered.

The Kent Guards will have a full dress parade next Monday night. The Governor's Guards, of Annapolis, have accepted a challenge to compete with the Kent Guards, in a target shooting on the 9th of June.

Fertilizers.—Our manufacturers of fertilizers, judging from the lively smell that is encountered in the region of the railroad depot, are still actively engaged in the manipulation of wheat and corn producing mixtures.

A New Dwelling is in course of erection for Mr. C. F. Stam, near his father's residence. The location is an excellent one, and we have no doubt the building will be in keeping with its fair surroundings. Mr. H. M. Stuart is doing the work.

Ford's 99 cent Store, 51 W. Baltimore street, is a very attractive place, handsomely fitted up, and filled with beautiful, useful and ornamental goods. It is well worth a visit, and our numerous readers who frequently go to the city, should not fail to give it a call. See the advertisement in another column.

The steamer B. S. Ford has, within the last week or two, been undergoing a thorough renovation, including overhauling of the machinery and repainting. It is expected that she will be ready to commence running next Saturday. The LAW will continue on the route, alternating with the FORD, so as to give a boat each way every day.

Baltimore Grain Market.—From the Baltimore Sun of Tuesday, we make the following quotations: Southern wheat is dull. Sales were at 1 10 a $1 18 for inferior and common red; 1 20a$1 27 for fair to good, and $1 30 for prime. Southern Corn was steady, but closed dull for white; sales of white at 52a53 cents, and of yellow at 51 cents. Maryland Oats sold at 45 cents. Rye scarce and nominal at 88a90 cents per bushel for good to prime.

Dredgers Arrested.—Captain Clements on Wednesday (says the Centreville Observer of Tuesday last) arrested a New Jersey captain whom he caught dredging for oysters near the mouth of Worton Creek. He took the man before Justice Calder of Kent county, who imposed a fine of $75 on him. The boat being responsible for the fine of course it was paid. This is probably the first arrest made under the new law, and this was a man dredging for the Philadelphia market.

A Town Hall Company.—We print in this issue the local law incorporating "The Town Hall Company of Chestertown." Chestertown needs a town hall badly, and it is to be hoped that we will not see another Christmas before the "Town Hall Company" have at least given us the beginning of a hall. There is not another town on the peninsula, of the importance of Che[illegible]town, that has not one or more large hall[illegible] Easton already has two handsome halls and [illegible]inking of building another.

The C[illegible]sus Enumerators for Kent county have not, so far as we can learn, yet been appointed. The county will be divided into nine census districts, each one of which will have its enumerator. Each of the election districts, except the third, will be divided. The work is to be begun and completed in the month of June. It is thought that Mr. E. M. Thomas will certainly be one of the enumerators for this district, with Chestertown as his principal field of operation.

The Peach Prospect in Kent county, according to our best information, is very favorable, and should no disaster befall it, will be abundant beyond precedent. Pears, also, promise a heavy yield. In consideration of the fact that throughout the greater part of the peninsula the peach crop will be very short, good prices may be confidently predicted. In our neighboring county of Queen Anne, with the exception of those sections bordering on the water courses, the peaches are very seriously injured.

The New Board of Town Commissioners met last Thursday evening, and organized by electing Jas. A. Pearce, Esq., President. Mr. Westcott drew the one year term, Mr. Aldridge two years, and Mr. Pearce three years. The Board met again, on Monday night, and appointed Joseph A. Wheatley secretary, William B. Cannon bailiff, and George Nicholson lamplighter. The salary of the bailiff, for the year, has been fixed at three hundred and fifty dollars, that of the clerk at forty dollars, and the lamplighter ninety-six dollars.

The Law regulating the time and manner of catching fish in the waters of Chester river and its tributaries lying within the counties of Kent and Queen Anne, goes into operation on Monday next. It provides that it shall not be lawful for any person or persons to take, capture or destroy fish in the waters of Chester river or its tributaries, by seines, drag-nets, set-nets, fish-baskets, fish-pots, weirs, pound-nets, fykes or any other means or contrivance whatsoever, which is now known or used in the capturing or destroying fish, or which may hereafter be invented for that purpose, from the tenth day of May to the first day of September, except with hook and line. The entire law is published on our first page.

Court Proceedings.—The April Term of the Circuit Court for Kent county closed its session last Thursday. The proceedings since our last report are as follows:

Wm. Frederick Woodmender, a native of Germany, who came to the United States a minor under the age of 14 years, was admitted to citizenship and subs[illegible]ed to the necessary oaths.

State vs. H[illegible]ineus, indicted for the larceny of 26½ bushels of wheat from John W. Ireland, valued a $35, on or about November 10, 1879. Tried before a jury; jury polled. Verdict guilty. Sentenced to the penitentiary for six years from April 29. Vickers and Slay for State, Pearce for defense.

State vs. Joseph H. Morris, indicted for committing perjury in swearing before the Circuit Court in contradiction of the testimony given before the Grand Jury to October term, 1877. Tried before the court and adjudged not guilty. Hynson for defense.

State vs. same, indicted for selling whiskey contrary to law on or about the former part of June, 1879. Tried before the court and adjudged guilty. Fined $100 and costs, and to stand committed until the same shall have been paid. Hynson for defense.

The Petit Jury was finally discharged on Wednesday, April 28th.

The Grand Jury found a true bill of indictment against John C. Braungart (a baker recently in the employ of Mr. W. Hudgins) for selling whiskey contrary to law, on or about the months of January and February, 1880. Bench warrant was issued and returned *non est.* Presentment against George W. Hynson (who was lately carrying on the mercantile business on Cross street) for allowing gambling on his premises and for keeping a disorderly house during the months of December, 1879, and January and February, 1880.

James A. Potts, convicted for assaulting W. Gooseberry with a pistol, was sentenced to the penitentiary for four years.

The court was occupied on Thursday with routine business principally, after which adjourned finally.

Orphans' Court, TUESDAY, May 4, 1880.—Present, Judges Nicholson, Shallcross and Willson.

Richard Hynson, executor of the last will and testament of John L. Bowers, deceased, returned his first and final administration account of the personal estate of said deceased, which was examined, passed as stated, and ordered to be recorded.

Margaret S. Kennedy, Edwin Moore and Jacob Highley, administrators c. t. a. of John Kennedy, deceased, returned their 2d and final administration account of the personal estate of said deceased, which was examined, passed as stated, and ordered to be recorded.

An order was passed by the court directing the administrators to take the balance of the estate of Jno. Kennedy, deceased, to Pennsylvania for distribution.

The Leaders of Fashionable Dress and Low Prices.—C. N. OEHM & SON, proprietors of the largest one-price double Clothing House, Baltimore, now occupy two entire three-story buildings with their splendid stock of Men's, Youth's, Boy's and Children's Clothing. Having bought and manufactured their entire stock before the great advance of woolens, they are selling great bargains in every department for spring and summer wear, which none can afford to overlook. We feel it our duty to call the attention of our readers to this truly famous and reliable establishment, corner of Pratt and Hanover Sts. No one in need of clothing, ready-made or made to order, should fail to call on OEHM & SON and see the low prices at which the most choice and perfect fitting garments are selling.

M. B. Roberts' Horse Powders have been used with astonishing results in the stables of Mr. Pierre Lorillard, so much so, that the Englishmen have been ordering it in large quantities; since Parole, Wallenstein and other American horses, have won thousands of dollars for their owners.

No more sick Chickens. Save your poultry and cure them of disease, by using Roberts' Poultry Powder. It has never failed to cure Cholera, and all diseases to which fowls are subject. Price 25 cents per package.

How often do we hear the remark: O, he only took a slight cold at first, and he thought it would go as it came! He took nothing for it, and it fastened on his lungs, and now he is in the last stages of consumpeion. Prevention is better than cure. Sine's Syrup of Tar, Wild Cherry and Hoarhound cures Coughs, Colds, Asthma and Lung Affections. It has a reputation of over 40 years. Price 25 and 50 cents per bottle. Your druggist has it.

A life of torture is often endured by the rheumatic; their pangs may, however, be relieved by the use of the old reliable remedy, Roberts' Embrocation. Sold over 50 years. No mushroom growth, its reputation excels all other remedies. Price 35 cents per bottle. Try it just once.

Mothers, before giving your little babe cough or croup medicines, remember that Sines' Syrup of Tar, Hoarhound and Wild Cherry, is the only cough preparation that contains no opium, morphine, nor any other narcotic.

To make a good broil; leave a letter for one of your old sweethearts where your wife can find it: and to avoid any bodily injury have a horse ready saddled that has taken Roberts' Celebrated Horse Powders. Price 25 cents per package.

Sines' Syrup of Tar, Wild Cherry and Hoarhound is very pleasant to the taste, and the oldest and best remedy in the market for coughs and colds. A splendid medicine for the baby. Try it. For sale by all druggists.

Chicken cholera and gapes can be cured with M. B. Roberts' Poultry Powder. Try it and be convinced.

VENDUE Notes and Notes of Hand for sale at this office.

Black Residuum.

This article has been used by a large number of Farmers in Kent county, on corn, in heavy clay lands with uniform success. The verdict of those who have used it is that

It secures a crop of Corn on such lands;

It is the cheapest goods on the market;

It is the most economical goods used;

No other goods approximates it in the profit derived from its use, giving sometimes three-fold as much corn as could be raised without it;

It prevents the insect from troubling corn.

☞ I invite attention to a few Certificates and to a list of a few gentlemen who have used it:

Chestertown, Md., Jan. 10, 1880.
Mr. T. W. Eliason, Jr.—
Dear Sir: I used your Black Residuum on my corn last spring. The field on which I used it was a heavy clay soil and generally frenches. I am satisfied its use paid me a clear profit of Five Dollars per acre. Respectfully,
THOS. J. VICKERS.

Chestertown, Nov. 16, 1879.
Mr. T. W. Eliason, Jr.—
Dear Sir: I was very much pleased with the Black Residuum I purchased of you last spring. I used it on heavy clay lands on which I had never before succeeded in getting a crop of corn. It acted like a charm, giving me an excellent crop wherever I put it. I shall want more of it next spring. It paid me a great deal better than any goods I have ever used. Respect'y,
R. C. SMYTH.

Chestertown, Nov. 25, 1879.
Mr. T. W. Eliason, Jr.—
Dear Sir: You ask me for the result of my experiment with your Black Residuum. In reply, I used the Goods at the rate of about 250 lbs. per acre, costing me per acre $1.70 cts. I left part of my land without applying the goods for the purpose of ascertaining its value to me. After shelling my corn I found that my land where the Black Residuum was used has given me fifteen bushels of corn to the acre more than the land on which I did not use it: estimating corn at 50c. per bushel, I have made, clear of the cost of the goods, five dollars and eighty cents per acre. The land on which the experiment was made is a heavy clay soil and generally frenches. This year, where the Black Residuum was used, I had no frenched corn, while right by the side of it, where I did not use your goods, my crop was very much hurt by the frenching.
Respect'y, EDWARD SLAUGHTER.

Chestertown, Feb. 11, 1879.
Mr. T. W. Eliason, Jr.—
Dear Sir: I used your Black Residuum, mixed with super phosphates, on corn last spring. I was very much pleased with the result; was troubled scarcely at all with insect, and my corn crop was largely increased. I am satisfied that its use paid me handsomely. Respectfully,
J. P. NICHOLSON.

Chestertown, Feb. 25, 1879.
Mr. T. W. Eliason, Jr.—
Dear Sir: In reply to your inquiry, the "Residuum" obtained of you last season, was applied to corn, to prevent frenching, a handfull to three hills, with results entirely satisfactory. It is the most economical article I have used for that purpose.
JOHN W. COREY.

Chestertown, Feb. 11, 1879.
Mr. T. W. Eliason, Jr.—
Dear Sir: I used on my corn the Black Residuum I purchased of you last spring. It gave me entire satisfaction, *and have never used any goods that approximates it in the profit derived from its use.* I used several other goods costing me considerably more money, but your Black Residuum gave me a much better crop than either of the others.
BARTUS TREW.

Chestertown, Feb. 21, 1879.
Mr. T. W. Eliason, Jr.—
Dear Sir: I have used your Black Residuum for several seasons, on lands that usually french corn. No corn frenched where I applied it. It gave me twice as much corn as I would have raised without its use. I do not know of anything that begins to approach it in value, on such lands, for corn. I mixed it with a super phosphate.
Respectfully yours,
WM. T. NICHOLSON.

Chestertown, Feb. 19, 1879.
Mr. T. W. Eliason, Jr.—
Dear Sir: I was very much pleased with the Black Residuum and super phosphate that I purchased of you last spring. I used them on part of my field which usually had been in the habit of frenching. I could perceive no signs of frenching where I applied it, and regretted very much that I did not use it on my entire field. It paid me handsomely, much better than another goods used, well known in the county, which cost me considerably more money.
Respectfully, JOS. RASIN.

Chestertown, March 15, 1879.
Mr. T. W. Eliason, Jr.—
Dear Sir: I can confidently recommend your Black Residuum for corn on lands that usually French. I have used it for several years and have seen the results of its use in a number of cases, and have never known a hill of corn to french where it was applied. Its low price renders its use very profitable, more so than any goods I have used.
Respect'y yours, SAMUEL BECK.

Millington, Md., Feb. 14, 1879.
T. W. Eliason, Esq.—
Sir: Your letter received. In regard to the relative merits of your phosphate tried by me on corn, I will say to you that I used it on timothy sod, a piece of land that had been mowed for three years. I gave it a fair trial alongside of ——; also, ——, of your town. My opinion of the action of the three phosphates is in favor of yours: the corn started off faster, made a better growth all the time, and also had a better color, it being a very black green. My son, H. C. Hendrickson, who superintended dropping the three phosphates, was particular in applying it, and he could show me the very row where yours was used without looking for the stake that marked it; also, when the corn was fit to husk, my opinion was that where yours was used it was eared the best. The fact is, it made more corn and more fodder than where the other two were used. In applying, I mixed the Residuum and the phosphate thoroughly together. The quantity used was a handful to three hills, or about 200 lbs. to the acre. I consider it a good article for corn. Respect'y yours,
P. HENDRICKSON.

☞ The following is a list of the names of a few of the many gentlemen who have used it, and to them I beg to refer for further information as to its merits and value:
