Chestertown Transcript.

THURSDAY, MAY 13, 1880.

A Good Rain is very much needed.

The Town Bell again commenced to mark time last Monday. It rings at seven, twelve, one and six.

Bishop Lay preached in the Protestant Episcopal church, Chestertown, last Sunday night, to a large congregation.

The New Building Association holds its first meeting next Monday night. Those having stock are desired to be present.

Asparagus has been very plentiful in Chestertown market for the past two weeks, and brings as good a price as in the city markets.

The Ford came over last Tuesday, on time, and the new coat of paint, so tastily applied, made her appear to better advantage than ever.

Bonded.—All of the recently appointed tax collectors for this county have bonded, but will not collect any of this year's taxes before the first of July.

The Ladies of St. James' M. P. Church will have a Festival on the 25th and 26th instants. The usual good time may be expected. See advertisement elsewhere.

St. Paul's Church Festival.—We call attention to advertisement elsewhere, of a strawberry festival and sumptuous supper, to be held at St. Paul's P. E. Church, on the evening of the 20th instant.

June Roses are now blooming, something very unusual for the second week in May. The flower-yards are presenting almost a mid-summer appearance, and vegetation is greatly in advance of the season.

The Odd-Fellows' lodge room has been improved within the last week by a thorough cleansing and white-washing; also, by the building of a new chimney, so that it may be better warmed next winter.

May Pole Inn.—The ladies of St. Andrew's Episcopal Chapel, of Galena, will give an entertainment on the evenings of the 26th and 27th instants, illustrating the old English May Pole Games. See advertisement elsewhere.

Purchase of a Farm.—Andrew Woodall, Esq., purchased at public sale, in Elkton, last Tuesday, the James W. Morgan farm, in Sassafras Neck, Cecil county, containing 148 acres, for $3,800, subject to a claim of $150 30.

We Direct the Attention of our lady readers to the advertisement, in another column, of Mrs. H. Usilton, who has just opened a large, elegant and fashionable stock of spring and summer millinery and fancy goods.

Public Sale of a Farm.—A farm containing two hundred and fourteen acres of land, situated in the second election district of Kent county, was sold at public sale, last Tuesday, at the Voshell House porch. Purchased by Mr. Jas. Brice, of this town, for five thousand and thirty dollars.

Excursions will soon be in order. If this hot weather holds, everybody will be wanting to take a dip in the ocean. We have no doubt the Kent brass band is ready to do its duty as an excursion enlivener, and that the Kent Guards are also ready to go along and keep the other excursionists out of trouble.

Middletown justly claims to be the busiest town of its size on the Peninsula. Besides, it has as many pretty girls to the square foot as any of its rivals, up or down the road.—*Middletown Transcript.*

Humph! How that *Middletown Transcript* man does love to blow! Wonder if he was ever in Chestertown?

A Cherry Orchard.—A gentleman residing a short distance from Chestertown, has a flourishing orchard of twelve hundred dwarf cherry trees, which will be in full bearing this season. They find ready sale in the cities, and are principally used by canners. Last season they netted something over one dollar a bushel, in Baltimore market, picked with the stems on.

Stonewall, the handsome young chestnut gelding, for several years past a favorite trotter at the Kent County Agricultural Association's annual fairs, and early last fall sold to Israel Rosenfeld, of Baltimore, won the 2.32 class race at New Huntington Park, Philadelphia, last Friday, after a hotly contested race, having trotted four heats on Thursday and finishing the race the next morning. Time 2.30.

Baltimore Grain Market.—From the Sun, of Tuesday, we quote as follows: Southern Wheat is in good demand and the market rules firm, with sales of common to good Fultz at 1 28a $1 32 and good to prime long-berry at 1 38a $1 42. The offerings of Southern Corn are light, and the market is quiet and firm, with sales in jobbing lots at 56a57 cents for white and 56 cents for yellow.

The Steamers of the Chester River Company on Tuesday last commenced running on a new schedule. It will be seen, by reference to the advertisement in another coulum, that the boats leave Chestertown every morning at half-past seven o'clock: the Ford arrives in Baltimore at 12M., and the Law at 1:30 P. M. The boats are first-class, swift and comfortable, and the company and its officers are unceasing in their efforts to give entire satisfaction.

Machines for Sprinkling the streets are rapidly coming into use in country towns, and last summer were used in places much smaller than Chestertown. Already the dust is very annoying throughout the whole length of High street, and the merchants and business men generally suffer thereby. A small sum from each of the numerous houses doing business on our principal thoroughfares would be sufficient to rid the business part of the town from this summer-time annoyance. Who will make a move in the matter?

An Error.—The announcement that Rev. J. M. Holmes, of the Methodist Protestant Church, was married on the 12th of April last, to Miss Nannie Hall, of Marion, Somerset county, has been going the rounds of the peninsula press, and was published in the *Transcript* of the 29th ult. The truth is, Mr. Holmes performed the marriage ceremony uniting Mr. Edward Long to Miss Nannie Hall, but the "intelligent compositor" made the awkward blunder in putting the marriage notice in type. The *Crisfield Leader* says the erroneous publication originated with the Snow Hill *Messenger*.

The Wool Trade.—There have been from six to eight persons engaged in buying wool, in Chestertown, this spring, and if the whole number of pounds could be ascertained, the magnitude of the transactions in this staple would be surprising. One dealer alone, we are told, paid out two thousand dollars, last Tuesday, to our farmers for wool. Forty cents per pound, for unwashed, was the ruling price, but within a day or two it has declined to thirty-three cents. A large quantity has been purchased at forty cents per pound, to be delivered by the fifteenth of May, and the farmers are running it in at a very lively rate. The most of those engaged in buying, we are informed, were doing so on commission; very little, comparatively, on speculation.

Fishermen at the head of Chesapeake bay have been having an unusually good season. A correspondent of the *Cecil Democrat* says:—"More fish have been caught at one haul than was ever before known. On Monday some of the largest hauls were made or attempted. Fletcher Wilson, at Giller's Hole, near Bull's Mountain, had to stake his seine on Monday, it being so full that it was impossible to draw it ashore. In such case the ends of the net are drawn near enough to shore to prevent the escape of the fish, which are then scooped out. Wilson & Rutter likewise made a haul so large that in order to effect a landing the cork line had to be lowered and a sufficient number of fish permitted to escape. The number caught at one haul can only be estimated. 200,000 herring and 600 shad is estimated as one haul by Wilson & Rutter. Crothers & England, and Simpers, Russell & Moke are likewise catching millions of fish. Shad are still held at $12 and herring at 70 cents per hundred. Prices have not changed, but in lieu buyers are given good measure."

A Rare Chance to Visit Philadelphia is advertised in another column. The Kent County Railroad is to make an excursion on the 19th instant, and the price of tickets, good for four days, is only two dollars.

A Seasonable Smile.—PERKINS, the proprietor of the "Rising Sun Saloon," did the handsome thing by our office yesterday in the way of a treat to ice-cream, strawberries, water-ice and cake. They were all very fine, and we did them ample justice. His saloon is now open for the reception of refreshment seekers.

Tolchester.—This Kent County Resort has grown to be the most popular one found within a hundred miles of Baltimore. The *Baltimore Gazette*, of Monday, in an article upon the summer resorts contiguous to Baltimore, has this to say of Tolchester: "At Tolchester Beach, now one of the most attractive resorts around Baltimore, the bathing is excellent, although, of course, there are no heavy breakers like on the sea-shore, neither is there so much danger of becoming entrapped by the undertow. This resort has been very much improved since last summer; twenty-five more acres of ground have been added to the cool and shady groves; a new and handsome pavilion has been erected and a bridge built across the ravine 210 feet long and twenty feet high. A number of beautiful flower-beds have been laid out, and everything about the place improved and adorned. For the gratification of the little ones, the big centennial flying-horse machine, affording prancing steeds for fifty youthful riders, has been brought on from Philadelphia and put up on the grounds. The "Pilot Boy" will make her first trip to Tolchester on Thursday, May 20. Mr. W. C. Eliason will continue to manage this popular resort."

A Lively Chase.—Sheriff Gooding has been putting the jail through a purifying process, white-washing the walls and scrubbing the floors, and making things more presentable generally. He has been utilizing the four colored prisoners whom he has under his charge in doing the work. On Tuesday William Hill, who is in for next Fall's Court, on the charge of assault with intent to kill, was sent to empty a bucket of ashes. Bill thought this a marvelously good opportunity to make his escape, so when he had reached the first floor, he dropped his bucket and struck for the forest. When he was about half way across the old grave-yard at the back of the jail, he was espied by the sheriff, who put out in pursuit, and overhauled William before he had got a quarter of a mile from his lodgings. The sheriff is not by any means one of the lean, skinny, long-winded sort, and when he came alongside of William, he was blowing quite freely; and we have pretty good authority for stating that he continued to blow till twelve o'clock that night. Our local reporter called on William, Wednesday morning, and had a slight interview with him. He is from the forest region of Kent county, and seems to be quite a local celebrity. He is the same man who got his ear chewed off some six months ago in a scrimmage, the particulars of which we gave in the *Transcript* soon after its occurrence. He is also the same man whom it was reported constable Jacoby had sent a colored deputy in search of. He says he is a perfectly innocent man, and that the other fellow made an attack on him and he only defended himself. He says that he is rather glad to be in jail, because if he were out, some of his enemies would be sure to kill him before next Fall Court. As to his little escapade on Tuesday, he says he was not trying to escape, but only to reach the river in order to drown himself. Wednesday the reporter found him diligently white-washing his cell, and looking as innocent as a young lamb. He is a small mulatto darkey and looks to be about thirty-five years of age. He has not got a bad-looking face, and may possibly, after all, be more imposed upon by his forest associates than he imposes upon others.

Orphans' Court, TUESDAY, May 11, 1880.—Present, Judges Nicholson, Shallcross and Willson.

John S. Sutton, administrator of Caroline A. Sutton, deceased, returned his 1st and final administration account of the personal estate of said deceased, which was examined, passed as stated and ordered to be recorded.

Letters of administration on the personal estate of James B. Hance, deceased, were granted and committed unto Cornelius J. Scott, who filed his bond in the sum of $2500, which was approved and ordered to be recorded.

Aug. L. and Samuel Vannort, administrators of E. Adams Vannort, deceased, returned their 7th and final administration account of the personal estate of said deceased, which was examined, passed as stated and ordered to be recorded.

H. W. Vickers, administrator c. t. a. of Geo. Vickers, deceased, returned the 4th and final administration account on the personal estate of John K. Willis, late of Kent county, deceased, which was examined, passed as stated and ordered to be recorded.

Chas. T. Westcott, administrator d. b. n. of Alexander Chaney, deceased, returned the 2d and final administration account of the personal estate of said deceased, which was examined, passed as stated and ordered to be recorded.

Mrs. Sarah E. Aldridge, guardian to Sarah V. Pennington, returned her guardian account for said ward for the years 1876, 1877 and 1878, which was examined, passed as stated and ordered to be recorded.

Thos. Gale and John N. Usilton, executors of the last will and testament of John Gale, deceased, returned their 7th and final administration account of the personal estate of said deceased, which was examined, passed as stated and ordered to be recorded.

The Leaders of Fashionable Dress and Low Prices.—C. N. OEHM & SON, proprietors of the largest one-price double Clothing House, Baltimore, now occupy two entire three-story buildings with their splendid stock of Men's, Youth's, Boy's and Children's Clothing. Having bought and manufactured their entire stock before the great advance of woolens, they are selling great bargains in every department for spring and summer wear, which none can afford to overlook. We feel it our duty to call the attention of our readers to this truly famous and reliable establishment, corner of Pratt and Hanover Sts. No one in need of clothing, ready-made or made to order, should fail to call on OEHM & SON and see the low prices at which the most choice and perfect fitting garments are selling.

M. B. Roberts' Horse Powders have been used with astonishing results in the stables of Mr. Pierre Lorillard, so much so, that the Englishmen have been ordering it in large quantities; since Parole, Wallenstein and other American horses, have won thousands of dollars for their owners.

No more sick Chickens. Save your poultry and cure them of disease, by using Roberts' Poultry Powder. It has never failed to cure Cholera, and all diseases to which fowls are subject. Price 25 cents per package.

How often do we hear the remark: O, he only took a slight cold at first, and he thought it would go as it came! He took nothing for it, and it fastened on his lungs, and now he is in the last stages of consumption. Prevention is better than cure. Sine's Syrup of Tar, Wild Cherry and Hoarhound cures Coughs, Colds, Asthma and Lung Affections. It has a reputation of over 40 years. Price 25 and 50 cents per bottle. Your druggist has it.

A life of torture is often endured by the rheumatic; their pangs may, however, be relieved by the use of the old reliable remedy, Roberts' Embrocation. Sold over 50 years. No mushroom growth, its reputation excels all other remedies. Price 35 cents per bottle. Try it just once.

Mothers, before giving your little babe cough or croup medicines, remember that Sines' Syrup of Tar, Hoarhound and Wild Cherry, is the only cough preparation that contains no opium, morphine, nor any other narcotic.

To make a good broil; leave a letter for one of your old sweethearts where your wife can find it: and to avoid any bodily injury have a horse ready saddled that has taken Roberts' Celebrated Horse Powders. Price 25 cents per package.

Sines' Syrup of Tar, Wild Cherry and Hoarhound is very pleasant to the taste, and the oldest and best remedy in the market for coughs and colds. A splendid medicine for the baby. Try it. For sale by all druggists.

Chicken cholera and gapes can be cured with M. B. Roberts' Poultry Powder. Try it and be convinced.

CANNING WAX, Bottle Cement, and Rubbers for Jars, are sold very cheap—at July 31, 1879. STAM'S CORNER.

EVERY Farmer should have Hoosier Corn Drill—sold by KENNARD & CO.

Black Residuum.

This article has been used by a large number of Farmers in Kent county, on corn, in heavy clay lands with uniform success. The verdict of those who have used it is that

It secures a crop of Corn on such lands;

It is the cheapest goods on the market;

It is the most economical goods used;

No other goods approximates it in the profit derived from its use, giving sometimes three-fold as much corn as could be raised without it;

It prevents the insect from troubling corn.

I invite attention to a few Certificates and to a list of a few gentlemen who have used it:

Chestertown, Md., Jan. 10, 1880.

Mr. T. W. Eliason, Jr.—

Dear Sir: I used your Black Residuum on my corn last spring. The field on which I used it was a heavy clay soil and generally frenches. I am satisfied its use paid me a clear profit of Five Dollars per acre. Respectfully,

THOS. J. VICKERS.

Chestertown, Nov. 16, 1879.

Mr. T. W. Eliason, Jr.—

Dear Sir: I was very much pleased with the Black Residuum I purchased of you last spring. I used it on heavy clay lands on which I had never before succeeded in getting a crop of corn. It acted like a charm, giving me an excellent crop wherever I put it. I shall want more of it next spring. It paid me a great deal better than any goods I have ever used. Respect'y.

R. C. SMYTH.

Chestertown, Nov. 25, 1879.

Mr. T. W. Eliason, Jr.—

Dear Sir: You ask me for the result of my experiment with your Black Residuum. In reply, I used the Goods at the rate of about 250 lbs. per acre, costing me per acre $1.70 cts. I left part of my land without applying the goods for the purpose of ascertaining its value to me. After shelling my corn I found that my land where the Black Residuum was used has given me fifteen bushels of corn to the acre more than the land on which I did not use it; estimating corn at 50c. per bushel, I have made, clear of the cost of the goods, five dollars and eighty cents per acre. The land on which the experiment was made is a heavy clay soil and generally frenches. This year, where the Black Residuum was used, I had no frenched corn, while right by the side of it, where I did not use your goods, my crop was very much hurt by the frenching.

Respect'y, EDWARD SLAUGHTER.

Chestertown, Feb. 11, 1879.

Mr. T. W. Eliason, Jr.—

Dear Sir: I used your Black Residuum, mixed with super phosphates, on corn last spring. I was very much pleased with the result; was troubled scarcely at all with insect, and my corn crop was largely increased. I am satisfied that its use paid me handsomely. Respectfully,

J. P. NICHOLSON.

Chestertown, Feb. 25, 1879.

Mr. T. W. Eliason, Jr.—

Dear Sir: In reply to your inquiry, the "Residuum" obtained of you last season, was applied to corn, to prevent frenching, a handfull to three hills, with results entirely satisfactory. It is the most economical article I have used for that purpose.

JOHN W. COREY.

Chestertown, Feb. 11, 1879.

Mr. T. W. Eliason, Jr.—

Dear Sir: I used on my corn the Black Residuum I purchased of you last spring. It gave me entire satisfaction, *and have never used any goods that approximates it in the profit derived from its use.* I used several other goods costing me considerably more money, but your Black Residuum gave me a much better crop than either of the others.

BARTUS TREW.

Chestertown, Feb. 21, 1879.

Mr. T. W. Eliason, Jr.—

Dear Sir: I have used your Black Residuum for several seasons, on lands that usually french corn. No corn frenched where I applied it. It gave me twice as much corn as I would have raised without its use. I do not know of anything that begins to approach it in value, on such lands, for corn. I mixed it with a super phosphate.

Respectfully yours,
WM. T. NICHOLSON.

Chestertown, Feb. 19, 1879.

Mr. T. W. Eliason, Jr.—

Dear Sir: I was very much pleased with the Black Residuum and super phosphate that I purchased of you last spring. I used them on part of my field which usually had been in the habit of frenching. I could perceive no signs of frenching where I applied it, and regretted very much that I did not use it on my entire field. It paid me handsomely, much better than another goods used, well known in the county, which cost me considerably more money.

Respectfully, JOS. RASIN.

Chestertown, March 15, 1879.

Mr. T. W. Eliason, Jr.—

Dear Sir: I can confidently recommend your Black Residuum for corn on lands that usually French. I have used it for several years and have seen the results of its use in a number of cases, and have never known a hill of corn to french where it was applied. Its low price renders its use very profitable, more so than any goods I have used.

Respect'y yours, SAMUEL BECK.

Millington, Md., Feb. 14, 1879.

T. W. Eliason, Esq.—

Sir: Your letter received. In regard to the relative merits of your phosphate tried by me on corn, I will say to you that I used it on timothy sod, a piece of land that had been mowed for three years. I gave it a fair trial alongside of —— ——; also, —— ——, of your town. My opinion of the action of the three phosphates is in favor of yours: the corn started off faster, made a better growth all the time, and also had a better color, it being a very black green. My son, H. C. Hendrickson, who superintended dropping the three phosphates, was particular in applying it, and he could show me the very row where yours was used without looking for the stake that marked it; also, when the corn was fit to husk, my opinion was that where yours was used it was eared the best. The fact is, it made more corn and more fodder than where the other two were used. In applying, I mixed the Residuum and the phosphate thoroughly together. The quantity used was a handful to three hills, or about 200 lbs. to the acre. I consider it a good article for corn. Respect'y yours,

P. HENDRICKSON.

The following is a list of the names of a few of the many gentlemen who have used it, and to them I beg to refer for further information as to its merits and value:
