Chestertown Transcript.

THURSDAY, MAY 20, 1880.

Excursion Season is almost at hand.

The Festival Crop has made a vigorous start, and promises an unusually heavy yield this season.

The Apple Trees are said to be unusually full this season, and the prospect is good for a large crop.

The Railroad Excursion to Philadelphia, yesterday morning, took along quite a number from Chestertown.

Our 19th Volume.—Just eighteen years ago to-day the TRANSCRIPT was born. Since the day of its birth it has never missed an issue.

A Busy Day.—Horning & Co., the photographers, took Ferreotype pictures for one hundred and forty-four colored people last Monday.

The Peach Crop in Kent county is now considered by growers of experience to be out of danger from frost. The prospect for a fine yield is very good.

The Evangelists closed their labors at Still Pond on Monday night the 18th inst., on which occasion there were thirteen at the altar, ten of whom were converted.

Strawberries, the first of the season in this market, were sold last Monday, by Mr. Henry A. Sparks, at twenty cents a quart. They were grown by Mr. J. R. Beck.

Personal.—Mr. W. B. USILTON, of the *News*, started yesterday morning for Pittsburg, as a delegate to the Methodist Protestant General Conference, which begins its session to-morrow.

Large Yield of Wool.—Edward C. Legg, of Kent Island (says the Centreville Record) recently sheared four Cotswold sheep which yielded seventy-one pounds of wool—an average of nearly eighteen pounds each.

A Festival for the benefit of the Kennedyville M. P. Church and Sabbath school, under the charge of the ladies of the congregation, will be held on the 10th, 11th and 12th days of June. See advertisement in another column.

Anniversary of Mount Vernon Society.—Prof. J. P. ROWLEY has been selected by the Mount Vernon Literary Society of Washington College, to deliver the Anniversary Address before the Society, on the 6th of July.

Festival.—The Catholics of Chestertown and vicinity will hold an ice-cream and strawberry festival, on the evenings of June first and second, in the basement of their church in Chestertown. See advertisement elsewhere.

A Methodist Episcopal Church, it is said, is soon to be built at Locust Grove, a movement having that object in view now being on foot. A society was formed there several years since, and it has of late received accessions from a revival just closed.

Whitsuntide.—Monday was observed as a holiday chiefly by our colored population, who turned out, as they usually do on holiday occasions, in considerable force. They were quiet and orderly, doing no damage except to kick up an immense amount of dust.

The Wheat.—Opinions of farmers are somewhat conflicting in reference to the growing wheat; but the majority of those with whom we have conversed on the subject say that the crop is doing well, has not so far been injured, and promises a good yield.

Lease Executed.—The County Commissioners executed a lease, on Tuesday, to the Town Hall Company, of the lot bordering seventy-eight feet on High street and running back to a depth of forty-eight feet on Market Space, and lying between the market house and the brick building on the corner, in which the *Transcript* office is located.

Basis of Taxation.—The value of property in Chestertown, as assessed for purpose of town taxation was last year $837,073.00. The assessed value of the property added from extension of the limits of Chestertown by Act of the last Legislature is about $23,000. Under the new assessment the taxable basis of property will probably be very materially increased.

Baltimore Grain Market.—From the Sun, of Tuesday, we make the following quotations: Southern Wheat is in light demand, and the market is lower on all grades; sales range from 1 19 to $1 25 for common to good Fultz, and 1 29a$1 32 for long-berry, the latter afloat. Southern Corn was in fair supply, and steady for white but lower for yellow; sales at 55½ cents for white and 53½a54 cents for yellow.

Left for Leadville.—Two of our citizens; Messrs. Benjamin H. Gardner and Henry S. Deford, left here last week for Leadville, Colorado. Both are good mechanics (Mr. Gardner being a bricklayer and Mr. DeFord a wheelwright) and propose to work at their trade unless they can do better at something else. A letter from Mr. Gardner to his wife, was received on Monday, written at Denver, which place he had safely reached, and expected to push on immediately for Leadville. Should their report of things in that distant region be favorable others from this place will shortly join them.

Chester Loan Association of this town commenced operations, under very favorable auspices, last Monday evening, having two hundred and forty-five shares (their par value being two hundred dollars each) to start with. The sum of six hundred and sixty-four dollars and fifty cents was paid in during the evening. The business interests of the organization will be looked after by the following board of officers: President, Joel C. Slaughter; Vice President, B. F. Fleming; Secretary, Harry Rickey; Treasurer, James A. Shaw; Directors, James W. Chapman, Joseph Peterson, Wm. B. Usilton, James W. Lambert, S. Frank Smith; Solicitor, Marion deK. Smith.

Tolchester Daily Mail.—A petition for the establishment of a daily mail between Baltimore city and Chestertown, by the way of Tolchester Beach, has been in circulation for some days past, in this community and has, we believe, been numerously signed. By such an arrangement the Baltimore mail would arrive here at about 12 M., some four or five hours sooner than by the cars. Business men, especially, would be benefitted, for it would give ample time for the perusal of letters and answering the same in season for dispatching by the early morning train next day. We hope the arrangement will be made. The mail would be carried by the steamer "Pilot Boy," every day except Sunday.

Good Water for the Town.—We understand that Rev. S. W. Thomas, of Philadelphia, who owns some valuable property in Chestertown, is willing, with some assistance from the town, to undertake the erection of a large tank, which shall be filled by machinery, with good, pure spring water, and will supply water in plenty to the kitchens and bed-rooms of our householders. The distribution of spring water through the town is a blessing much to be desired. The pump water of Chestertown is for the most part an abomination, and there are not many householders but would be willing to pay six or seven dollars annually, or even a larger amount if necessary, for having good, pure water brought to them. A good water system would add immensely to the value of property in Chestertown, and it is to be hoped that substantial encouragement may be extended to Mr. Thomas.

A Visit From a Brother Quill-Driver.—W. SCOTT WAY, Esq., of the *Middletown Transcript*, dropped in and spent a pleasant hour with us last Monday. Mr. Way reached our town on Sunday, in company with Mr. Joseph L. Parsons, recently of Chestertown, now of Middletown, and remained over till Monday afternoon. During his stay he walked up our streets and down our streets and across our big bridge, and took a pretty thorough inspection of the town, with which he expressed himself in many respects pleased, though he don't think it is as much of a town as it ought to be, when its location is taken into consideration. He was quite astonished at the number of people who seem to have been able to find something "ardent" on Sunday, in spite of the local option law. We hope Bro. Way will come down again and often.

One More Fatal Coal Oil Accident.—On last Friday evening the ten year old daughter of Elijah Reed, residing at Spry's gate, near Crumpton, was burned to death by ignited coal oil. The father attempted to fill a burning lamp with oil, and called his daughter to watch and tell him when the lamp was filled. The chimney must have been off the lamp, for the blaze somehow or other caught to the oil, exploded the can, and scattered the burning fluid over both the father and the child. The calico dress of the little girl was immediately in a blaze, and though some of the neighbors rushed in and endeavored to strip the burning clothes from her body, yet they did not succeed until she was so badly burned that she died early Saturday morning. The child's sight was entirely destroyed by the fire, and she endured most intense suffering until her death. She retained consciousness until her death. The father was also badly burned, but not fatally so. He stripped the outer garments from his body and rushed out of the house and wallowed in the dust, and thus succeeded in extinguishing the burning. The child was buried Saturday afternoon.

Orphans' Court, TUESDAY, May 18, 1880.—Present, Judges Nicholson, Shallcross and Willson.

On petition of F. H. Harper and others, creditors of Alexander Wilson, colored, for the sale of the real estate of said deceased, ordered that the Register of Wills issue a warrant to Daniel Crew and George W. Rodenhiser to appraise the real estate of said deceased.

Wm. D. Clark, executor of Wm. J. Hurlock, late of New Castle county, Del., deceased, returned his fifth and final administration account, which was passed and ordered to be recorded.

Robert J. Lusby, administrator of John M. Hudson, filed his release from Wm. T. Hearn and Sarah C. Hearn, which was received and ordered to be recorded.

Mrs. S. E. Spry, guardian to C. W. Spry, returned her final guardian account for said ward, which was passed and ordered to be recorded.

Mrs. S. E. Spry, guardian to C. W. Spry, filed her release from said ward, which was ordered to be recorded.

On application, letters of administration on the personal estate of Samuel Reed, deceased, were granted to A. L. Corey, who filed his bond in the sum of $500, which was approved and ordered to be recorded, and Howard Meeks and James Shuster were appointed to appraise the said estate.

Harrison W. Vickers, administrator C. T. A. of George Vickers, returned guardian accounts for Frank Willis and Ruth M. Willis, which was passed and ordered to be recorded.

James A. Pearce, guardian to Barraud and St. George C. Hanson, filed his bond in the sum of $10,000, which was approved and ordered to be recorded.

Lippincott's Magazine for June presents an unusually rich and varied table of contents. Dr. Weir Mitchell's paper, the first of two, on the Yellowstone Park, gives the most vivid description of that land of marvels which we remember to have seen, and narrates the incidents of the expedition with spirit and humor. "The Career of a Prairie Farmer," by Mary Hartwell Catherwood, is one of those faithful pictures of life which enable us to understand the condition and sympathize with the struggles of the pioneers of civilization in the Great West. Dr. Felix Oswald concludes his series of "Summerland Sketches" with a beautifully illustrated chapter on the "Virgin Woods of the Sierra Nevada." The eminent French sculptor Carpeaux, a child of the people, in whose career success and misfortune were strangely blended, is the subject of an interesting paper by Olive Logan, with illustrations that give a good idea of the characteristics of his work. Helen Campbell continues her series of "Studies in the Slums." De Launcey Nicoll has a timely paper on Lawn Tennis, giving a full description of the game. "Our Young Kindergartner," by a writer who is evidently versed in the science and practice of the Froeblian system, will have a deep interest for parents and for all to whom the best method of educating young children is a subject of anxious thought. "Social Aspects of the Forties" is a well-written paper, suggestive of the progress we have made during the last four decades, and "German Boys and Men," by Marriott Pyne, gives a good notice of the social foundations of the greatest military empire of modern times.

The poetry of the number deserves especial mention. "Old St. David's at Radnor," by Longfellow, is in his happiest manner, pensive in tone, limpid in flow, and striking in imagery. Paul Hayne has a fine sonnet entitled "Spiritual Illumination," and Mrs. Caroline A. Mason one almost equally good, called "An Open Secret." "Adam and Eve" grows in interest, and there are several good short stories, while the "Gossip" contains some anecdotes about Carlyle, and other readable matter. This issue closes the twenty-fifth volume.

The Leaders of Fashionable Dress and Low Prices.—C. N. OEHM & SON, proprietors of the largest one-price double Clothing House, Baltimore, now occupy two entire three-story buildings with their splendid stock of Men's, Youth's, Boy's and Children's Clothing. Having bought and manufactured their entire stock before the great advance of woolens, they are selling great bargains in every department for spring and summer wear, which none can afford to overlook. We feel it our duty to call the attention of our readers to this truly famous and reliable establishment, corner of Pratt and Hanover Sts. No one in need of clothing, ready-made or made to order, should fail to call on OEHM & SON and see the low prices at which the most choice and perfect fitting garments are selling.

M. B. Roberts' Horse Powders have been used with astonishing results in the stables of Mr. Pierre Lorillard, so much so, that the Englishmen have been ordering it in large quantities; since Parole, Wallenstein and other American horses, have won thousands of dollars for their owners.

No more sick Chickens. Save your poultry and cure them of disease, by using Roberts' Poultry Powder. It has never failed to cure Cholera, and all diseases to which fowls are subject. Price 25 cents per package.

How often do we hear the remark: O, he only took a slight cold at first, and he thought it would go as it came! He took nothing for it, and it fastened on his lungs, and now he is in the last stages of consumpeion. Prevention is better than cure. Sine's Syrup of Tar, Wild Cherry and Hoarhound cures Coughs, Colds, Asthma and Lung Affections. It has a reputation of over 40 years. Price 25 and 50 cents per bottle. Your druggist has it.

A life of torture is often endured by the rheumatic; their pangs may, however, be relieved by the use of the old reliable remedy, Roberts' Embrocation. Sold over 50 years. No mushroom growth, its reputation excels all other remedies. Price 35 cents per bottle. Try it just once.

Mothers, before giving your little babe cough or croup medicines, remember that Sines' Syrup of Tar, Hoarhound and Wild Cherry, is the only cough preparation that contains no opium, morphine, nor any other narcotic.

To make a good broil; leave a letter for one of your old sweethearts where your wife can find it: and to avoid any bodily injury have a horse ready saddled that has taken Roberts' Celebrated Horse Powders. Price 25 cents per package.

Sines' Syrup of Tar, Wild Cherry and Hoarhound is very pleasant to the taste, and the oldest and best remedy in the market for coughs and colds. A splendid medicine for the baby. Try it. For sale by all druggists.

Chicken cholera and gapes can be cured with M. B. Roberts' Poultry Powder. Try it and be convinced.

Schuylkill Lime a Specialty.

Mr. B. F. Fleming: I used Mogee's Schuylkill Lime on corn last spring. It slacked more to the bushel, acted quicker, and gave me the best satisfaction of any Lime I have ever used. GEORGE H. SNITCHER.

Mr. B. F. Fleming: We have used Mogee's Lime for three successive seasons. It slacks more, contains less core, acts quicker, and we believe it is the best Lime in the market. JOS. S. FOWLER, Round Top.

PUBLIC LOCAL LAWS
OPERATIVE IN KENT COUNTY.

An Act Incorporating Town Hall Co.

CHAPTER 237.

AN ACT incorporating the Town Hall Company of Chestertown, and authorizing the County Commissioners of Kent county to grant said company the use and occupation of a portion of the public land in said town.

SECTION 1. *And be it enacted by the General Assembly of Maryland,* That Thomas W. Eliason, junior, Colin F. Stam, Wm. B. Usilton, James W. Chapman and Charles T. Westcott, their associates, successors and assigns, be and they are hereby created a corporation and body politic, by the name and style of the Town Hall Company of Chestertown, and by that name may have succession and be capable in law and equity to sue and be sued, to adopt and use a common seal, and adopt such by-laws and regulations as may be necessary to conduct the affairs of the corporation, not repugnant to the laws of this State.

SEC. 2. *And be it enacted,* That the capital stock of said corporation shall not exceed ten thousand dollars, and shall be devided into shares of fifty dollars each.

SEC. 3. *And be it enacted,* That the officers of said corporation shall consist of a board of five directors, one of whom shall be elected president, and a secretary and treasurer, to be selected by said board of directors, said officers to perform such duties as may be required by the by-laws of said company.

SEC. 4. *And be it enacted,* That the object of this corporation is hereby declared to be the erection of a building in Chestertown, to be used as a town hall and for other purposes, and to buy, hold, sell, lease and mortgage such real and personal property as may be necessary for the uses and purposes of said corporation; and said corporation is hereby vested with all such powers and rights as may be necessary for the proper management of said corporation.

SEC. 5. *And be it enacted,* That the County Commissioners of Kent county be and they are hereby authorized and empowered to grant the said corporation the use and occupation of such a portion of the public land in Chestertown as they may deem proper, which land is to be free from all charges for rent and taxes by the State, county or town authorities, said corporation to pay the usual taxes on the improvements which it may erect thereon.

SEC. 6. *And be it enacted,* That this act shall take effect from the date of its passage.

Approved April 14, 1880.

SECTION 1. Be it enacted by the General Assembly of Maryland, That the Act passed at the session of the General Assembly, eighteen hundred and seventy-eight, chapter two hundred and seventy-six, entitled an Act to repeal an Act passed at the session of the General Assembly of Maryland, eighteen hundred and seventy-six, chapter two hundred and fifty-two, entitled an Act to repeal an Act passed at the session of the General Assembly in eighteen hundred and seventy-four, chapter four hundred and twenty-one, of the Public General Laws of Maryland, title "Fish and Fisheries," and to re-enact the same with amendments, and to substitute the following in lieu thereof, be, and the same is hereby repealed, amended and re-enacted so as to read as follows:

SEC. One. No person shall, from the tenth day of June to the first day of October, in each year, fish with hauling seine or drag net of any kind within the Chesapeake Bay or any of its tributaries lying northward of the following line, viz: Beginning at Still Pond, in Kent county, and drawn westward to Legos Point, in Harford county.

SEC. Two. And be it enacted, That any person or persons violating any of the provisions of this Act, upon conviction thereof before any Justice of the Peace of the county in which said Act has been violated, shall pay a fine of fifty dollars, (one-half of which shall go to the informer,) and any hauling seine or hauling seines, drag net or drag nets, and the boat or boats, and material used in fishing the same, are hereby declared to be forfeited, and the Justice or Justices before whom said conviction and condemnation shall be had, is authorized and directed to have said fishing apparatus sold by the Sheriff or constable making said arrest, to the highest bidder, and the proceeds, together with half the fine, after deducting the costs, shall be paid to the County Commissioners of the county in which said offence shall be committed, for the use of the school fund of said county.

SEC. Three. And be it enacted, That any person or persons, on conviction, failing to pay the fine as prescribed in the preceding section, shall be imprisoned in the county jail of the county in which said offence shall be committed; *provided, however,* that any one so offending shall, upon conviction before any Justice of the Peace of the county in which said offence shall be committed, have the right of appeal to the Circuit Court of the county in which said offence shall be committed, under the same restrictions governing appeals from the decisions of Justices of the Peace.

SEC. 2. And be it enacted, That this Act shall take effect from the date of its passage.

KENNARD & Co's "Sterling Phosphate,"

$23.00 CASH or $25.00 TIME.

HAVING been used with such great success last Spring on Corn and Vegetables, we have enlarged our Factory, added new and improved machinery thereto and again offer it to the farmers with every confidence in its great worth. We also announce the fact that our capacity will enable us to fill promptly and without a failure, all orders for our goods.

The following are a few of the many testimonials as to the benefits derived from the use of the "STERLING PHOSPHATE" last Spring:

Chestertown, Md., February 21st, 1880.

Dear Sirs: Your Phosphate that I used on my corn last Spring, gave me great satisfaction. I also used your wheat Phosphate last Fall, it is now looking as well as other phosphates on the same land at a higher figure. I expect to use your goods next Spring.

Yours truly, COMEGYS BROWN.

Chestertown, February, 1880.

KENNARD & Co.: In reply to your question regarding the action of your Fertilizer, I will just state that I have only tried it on sugar beets. I applied it to my beets last Spring, putting it in the drill before I planted the seed, and notwithstanding the unfavorable circumstances to which the beets were subjected, the yield was far ahead of my most sanguine expectations.

Yours, &c., I. C. TAYLOR.

Chestertown, Md., March 5th, 1880.

MESSRS. KENNARD & Co—*Gentlemen:* I used your Phosphate last Spring on my corn; applied it at the rate of one handful to three hills, and where I put it the yield was about twenty-five bushels to the acre, and where I did not put any the yield was about ten bushels to the acre. On a portion of the same land I applied barn-yard manure, and the result was about twelve bushels to the acre. Where I used your stuff, the ear was large, well filled and I could not find a worm in a hundred ears, the grains were large and close together. Where I did not use the Phosphate a great many ears were wormy and poorly filled. I can cheerfully recommend it, and will use more this Spring.

Truly Yours, GEORGE W. LONG,

We also keep on hand at all times a full line of

Pure Dissolved and Raw Bone and other Chemicals

for manipulating, and respectfully invite the farmers to procure our prices before purchasing elsewhere.

OHIO CHILLED PLOW, The Victor!

Read the Plowman's Opinion and Come and Purchase of

KENNARD & CO.

Actual Results as compared with other Plows:
SYNOPSIS OF REPORT
OF JUDGES TO THE KENT COUNTY AGRICULTURAL CLUB.

The "OHIO CHILLED" plow was the lightest, and the "Advance" was the heaviest.

The "OHIO CHILLED" was 27.03 lighter to the cubic foot than the "*Oliver Chilled,*" 33.57 lighter to the cubic foot than the "*Roland Chill,*" and 169.08 lighter to the cubic foot than the "*Advance.*"

and letters to and from plowman:

Chestertown, Md., March 6th, 1880.

J. E. NEWCOMB, Esq.,—*Dear Sir:* You having been selected, by the Judges, as plowman in the late plow contest held on the farm of Mr. Wm. Morris, Tuesday, the 2d inst., we would be pleased to have your opinion of the "Ohio Chilled" and "Imperial" plow, entered by ourselves. Respectfully requesting an early reply, we remain, Very truly yours, KENNARD & CO.

Worton Station, March 8th, 1880.

MESSRS. KENNARD & Co—*Gentlemen:* In answer to your question of March 6th about the plows tried at Mr. Wm. Morris's of which I was plowman, I will simply state to you what I said to the Kent County Agricultural Club this afternoon, that of all the plows I handled, viz: the Advance, Roland, Oliver Chilled, Ohio Chilled and Gibb's Imperial, that the Ohio Chilled and Gibb's Imperial as sold by you were the best that I have ever handled. I state this in justice to your plows, not being pleased with them at first, am glad to say I was agreeably disappointed.

Very truly yours, J. E. NEWCOMB.

We also intend carrying a full line of
