Chestertown Transcript.

THURSDAY, JULY 29, 1880.

The Court House is undergoing some slight repairs of the roof and cornice.

The St. Dennis Picnic, which was to have come off last Thursday, was prevented by the heavy rain. It has been postponed till the 18th of August.

Early Mail.—During peach season the mail via the railroad, as well as the Baltimore mail, will be in every day by one o'clock. This arrangement commenced last Monday,

Sale.—Next Tuesday, the 3d day of August, James A. Pearce, Esq., as trustee, sells at the Voshell House, at eleven o'clock in the morning, a desirable town property. See advertisement elsewhere.

Kennard & Co. have got their factory in working order, and commenced on last Tuesday the manufacture of their brands of fertilizer for the fall seeding. Their new advertisement may be found in this issue.

Change of Time.—We call attention to the summer schedule of the Chester River Steamboat Line; also, to the altered time-table of the Kent County Railroad, to be found in our advertising columns.

Religious.—Rev. T E. Martindale, Presiding Elder of Easton District, will preach at Salem M. E. Church next Sunday, at 3 o'clock, P. M. Quarterly Conference at the same charge will be held on Saturday, at 10 o'clock, A. M.

The Excursion by the Methodist Protestant Sabbath School to Cape May, on Wednesday of last week, was in every way a success. Five cars filled with passengers went up the Kent road, the Odd Fellows' excursion from Church Hill brought up five more cars well freighted, and at Clayton two others were added, making in all twelve well-filled cars.

Wednesday's Grain Market.—The demand for Southern Wheat is active and firm for the top grades. The sales include inferior to prime samples from the wharf at 95 cts. a$1 04; good to choice Fultz afloat at 1 05a$1 08, and longberry at 1 09a$1 14. No. 1 Maryland red wheat sold at $1 18 per bushel.

Peaches are being shipped from Chestertown wharf in considerable quantities. The very early varieties will end, this week, with Troth's, and then fruit of a much better quality will be sent, commencing with Crawford's Early, the most forward of the yellow varieties. Taking into consideration the small size of the early fruit this season, the prices realized have been quite as good as could have been expected.

To Cape May.—Next Wednesday the people of Kent and Queen Anne's will have another opportunity to visit Cape May. The Cape May season at that time will be at its height: thousands of people from the cities will be there, and the bathing will be superb. The committee state that there will be no excursion on the 17th, the day of the regatta; as the Clyde could not be chartered for that day. Read the advertisement elsewhere.

School House Contracts.—The contract for building an addition to the Locust Grove school house, has been awarded by the School Commissioners to William S. Culp, of Kennedyville, at three hundred and fifty-two dollars. The addition is to be frame, 18x24, and is to be completed by the 25th of August. The contract for building a brick addition to the Millington school house has been awarded to C. B. Peacock and Franklin Ross, of Millington, at five hundred and fifty-two dollars. The addition is to be 20x24 feet, and it is to be finished by the 25th of August.

Sassafras Bushes.—Here is a recipe that may prove useful to some Kent county farmer. We know that Sassafras bushes in Kent, are almost as scarce as June-bugs in January, yet there may be a few farmers who are yet troubled with them. The recipe given below may be nothing more than an old superstition; however, we clipped it from a very respectable journal:

"To kill sassafras bushes, cut them on the full of the moon in August. If more than a day's work cut the day before, the day of and the day after, but be sure to cut them off just then. Do not dig them up, only cut them off."

Burglarious Tramps.—Until recently Chestertown has been so free of tramps that hopes were entertained that they would leave our town entirely out in the cold. For the last week or so, however, these "children of nature" have been much with us. On last Friday night at about three o'clock A.M., the Rev. S. C. Roberts was awakened and heard a noise at one of his lower side-windows. He crept noiselessly to his window above, and on looking out saw a gentleman in a white hat and a long blue coat, trying to get in below. Mr. Roberts called to him, and the gentleman in the white hat and blue coat seemed to have sudden and urgent business elsewhere, as he left in a hurry. This is the second attempt that has been made in this town within the last three weeks, by tramps or other parties, to enter dwelling houses. A ready shot-gun might prove a help in time of need.

Some More Wheat Crops.—Mr. Alday Clements, residing near Chesterville, reaped this year, from two hundred and forty acres, six thousand bushels of wheat. This gives the very satisfactory average of twenty-five bushels to the acre. Upon a field of sixty-three acres he reaped twenty-nine bushels to the acre.

Mr. Garrett Foxwell, on the "Welch Farm," from one hundred acres got three thousand one hundred bushels, an average of thirty-one bushels to the acre. He has one hundred and forty acres yst to be heard from, and should this yield as well as the one hundred acres, the crop will amount to seven thousand four hundred and forty bushels.

Mr. Wilbur Eliason, near Chestertown, got an average crop of twenty-six and one-fifth bushels per acre from one hundred and six acres. In this connection it may be of interest to state that Mr. Eliason sows only one bushel and a quart of seed to the acre.

Something More About the County Census.—A gentleman who is thoroughly acquainted with the upper district of this county, has taken the trouble to compare the census lists with the registration lists in that district and finds that the names of one hundred and seventy colored voters that appear on the registration lists are not to be found on the census lists. Taking into consideration the female population, women and children, and of males under twenty-one years of age, it is safe to estimate that there are four who do not vote to every voter. Upon this estimate it will be seen that the names of eight hundred and fifty colored people have been left out. We have the same authority for stating that there are names of one hundred and ninety white voters on the registration lists, that do not appear on the census lists. Estimating the non-voting population at four to one, it will be found that there are nine hundred and fifty white people whose names have been left out of the census. These added to the colored population will make a total of eighteen hundred. This number added to the three thousand six hundred and seventy-three as set down by the census takers as the population of the district, will run it up to five thousand four hundred and seventy-three, and this will give the district in the last ten years an increase of nine hundred and seventy-three, which is only a legitimate increase, being at the rate of twenty-one per cent. It has been ascertained that a large strip of territory that belongs to Kent county, Maryland, and that lies between the Kent railroad running from Massey's to Clayton, and the Queen Anne's and Kent road that runs from Massey's to Townsend, has been entirely overlooked by the census taker.

Orphans' Court, TUESDAY, July 27, 1880.—Present, Judges Nicholson, Shallcross and Willson.

John Cotton, (col.) filed the last will and testament of Wm. Cotton, (col.) which was admitted to probate and ordered to be recorded.

James A. Pearce, guardian to Jos. W. Hazell and Annie B. Hazell, returned his guardian account from May 6th, 1879, to July, 1880, which was examined, passed as stated, and ordered to be recorded.

Wm. N. E Wickes, administrator of John W. Redgrave, deceased, returned the inventory and appraisement of the personal estate of said deceased, which was received and ordered to be recorded.

Lippincott's Magazine for August has a number of contributions well selected for summer reading. "American Aeronauts," by Will O. Bates, and "Canoeing on the High Mississippi," by A. H. Siegfried, are, as their titles indicate, records of adventure and exploit, very agreeably written, and well illustrated. "An Old English Home," by Rose Kingsley, daughter of Canon Kingsley, gives a graphic account of a famous country-seat, Bramshill House, and contains much personal anecdote, as well as some vivid bits of word-painting, which show that the writer has inherited no small portion of her father's extraordinary powet of description. An article on "The Early Days of Mormonism," by Frederic G. Mather, is based chiefly on material derived from eye-witnesses, and may be considered a valuable contribution to the history of religious imposture. "Adam and Eve" and "Studies in the Slums" are continued, and there are several short stories, of which "Malliston's Youngest," by M. H. Catherwood, is the most original and striking. The "Monthly Gossip" is varied and attractive, and there are poems by Edgar Fawcett and others.

Eclectic Magazine.—The August number of the ECLECTIC contains a finely engraved portrait of Gladstone, now the ablest statesman in England. The contents are varied and interesting, suited to the present season. Among the leading articles we note the following:—"Fiction," by John Ruskin; an interesting article by Prof. Huxley; "Suicide," "Fishing and Fishing Literature;" "Cabinet-Making;" "The Days of the Week;" "Geology and History;" "Cliff Roses;" "The Pinch of Wealth," and a sketch of Gladstone, by the Editor, besides the usual valuable Scientific and Literary Notes for which this periodical is noted. All lovers of good reading will appreciate this number of the ECLECTIC. Published by E. R. PELTON, 25 Bond street, New York. Terms $5 per year; single copy, 45 cents; Trial subscription for three months, $1.

The Leaders of Fashionable Dress and Low Prices.—C. N. OEHM & SON, proprietors of the largest one-price double Clothing House, Baltimore, now occupy two entire three-story buildings with their splendid stock of Men's, Youth's, Boy's and Children's Clothing. Having bought and manufactured their entire stock before the great advance of woolens, they are selling great bargains in every department for spring and summer wear, which none can afford to overlook. We feel it our duty to call the attention of our readers to this truly famous and reliable establishment, corner of Pratt and Hanover Sts. No one in need of clothing, ready-made or made to order, should fail to call on OEHM & SON and see the low prices at which the most choice and perfect fitting garments are selling.

Chicken cholera and gapes can be cured with M. B. Roberts' Poultry Powder. Try it and be convinced.

Johnson, one of the Justices of the Peace of the State of Maryland, in and for Kent county, and to me directed, at the suit of Henry Graves and William Graves, against the goods and chattels, lands and tenements of Henry Frisby, I have seized and taken in execution all the right, title, interest and claim of the said Henry Frisby in and to the following property, to wit:

THE late crops where the above were used are the strongest possible testimonials, and it is with pleasure we can say that our goods have equalled, and in may cases, surpassed any article in the market, and along side the old standard brands they have been proven to be of the most superior quality.

The low price at which we sell is alone attributable to the fact that we pay no commission to agents, and are satisfied with a close margin ourselves.

Our Factory is always open to the farmers, and a cordial invitation is extended them to visit us there and inspect for themselves.

We also carry a full line of chemicals which with any special mixture desired we will furnish at Baltimore prices.

We might insert numerous testimonials, but prefer to hold them at our office subject to the perusal of all, and simply add the names of a few who have used our goods and to whom we respectfully refer as to their merits:

Literary Revolution and Universal Knowledge.

An Encyclopædia in 20 Volumes, over 16,000 Pages; 10 per cent more matter than any Encyclopædia ever before published in this country, and sold, handsomely and well bound, in cloth for $10, in half morocco for $15, and printed on fine heavy paper, wide margins, bound in half Russia, gilt top, for $20—an enterprise so extraordinary that its success, beyond all precedent in book publishing, may be fairly claimed to inagurate a *Literary Revolution.*

THE LIBRARY OF UIVERSAL KNOWLEDGE is a reprint of the last (1879) Edinburgh edition of "Chamber's Encyclopædia," with about 40 per cent. of new matter added, upon topics of special interest to American readars, thus making it equal in character to any similar work, better than any other suited to the wants of the great majority of those who consult works of reference, and altogether the latest Encyclopædia in thq field.

Specimen Volumes in either style will be sent for examination with privilege of return on receipt of proportionate price per volume.

Special Discounts to all early subscribers, and extra discounts to clubs. Full particulars with descriptive catalogue of many other standard works equally low in price, sent free.

Leading principles of the AMERICAN BOOK EXCHANGE:

I—Publish only books of real value.

II—Work upon the basis of *present cost* of making books, about one half what it was a few years ago.

III.—Sell to buyers direct, and save them the 50 to 60 per cent. commission commonly allowed to dealers.

IV.—The cost of books when made 10,000 at a time is but a fraction of the cost when made 500 at a time—adopt the low price and sell the large quantity.

V.—Use good type, paper, etc., do careful printing, and strong, neat binding, but avoid all "padding," fat and heavily-leaded type, spongy paper and gaudy binding, which are so commonly resorted to to make books appear large and fine, and which greatly add to their cost, but do not add to their value.

VI.—To make $1 and a friend is better than to make $5 and an enemy.

W. Register's

MARBLE WORKS,

Chestertown, Md.

ALLOW ME to tender my sincere thanks for the past patronage of the public, and hope to receive their approval and patronage this present year. I am prepared to cut and finish every design in the marble business.

I have a very handsome assortment of my own finished

TOMBSTONES.

Some of the Latest Designs,

HANDSOMELY FINISHED,

COPIED FROM THE LATE PARIS EXHIBITION.

A large assortment for children, different patterns, some as low as $6.00, lettering included. Some fifty different patterns for grown persons, handsomely finished, some of them as low as $15.00, lettering included. Also, a fine line of different patterns, expressly for the

QUAKER BURYING GROUNDS,

very thick and heavy and handsomely finished of the best marble.

Marble Posts, marble Vases with Pedestal, Marble Coping, Tombstones and Monuments, of all sizes and styles.

Marble or Sandstone worked to order. I warrant all my work not to color or blister—time has no effect on it. I set up all of my work, thus relieving the purchaser of all trouble or risk.

Come one, come all, that are in want, and examine my work and learn my prices. I will be thankful. Don't send the money out of your own neighborhood.

Call and see me. I do not like to canvass for work, for I think it too sad a business to barter with relatives or friends.

My work can be seen in all the cemeteries of Kent and the adjoining counties.

OHIO CHILLED PLOW,

The Victor!

Read the Plowman's Opinion and Come and Purchase of

KENNARD & CO.

Actual Results as compared with other Plows:

SYNOPSIS OF REPORT

OF JUDGES TO THE KENT COUNTY AGRICULTURAL CLUB.

The "OHIO CHILLED" plow was the lightest, and the "Advance" was the heaviest. The "OHIO CHILLED" was 27.03 lighter to the cubic foot than the *"Oliver Chilled,"* 33.57 lighter to the cubic foot than the *"Roland Chill,"* and 169.08 lighter to the cubic foot than the *"Advance."*

and letters to and from plowman:

Chestertown, Md., March 6th, 1880.

J. E. NEWCOMB, Esq.,—*Dear Sir:* You having been selected, by the Judges, as plowman in the late plow contest held on the farm of Mr. Wm. Morris, Tuesday, the 2d inst., we would be pleased to have your opinion of the "Ohio Chilled" and "Imperial" plow, entered by ourselves. Respectfully requesting an early reply, we remain, Very truly yours, KENNARD & CO.

Worton Station, March 8th, 1880.

MESSRS. KENNARD & CO—*Gentlemen:* In answer to your question of March 6th about the plows tried at Mr. Wm. Morris's of which I was plowman, I will simply state to you what I said to the Kent County Agricultural Club this afternoon, that of all the plows I handled, viz: the Advance, Roland, Oliver Chilled, Ohio Chilled and Gibb's Imperial, that the Ohio Chilled and Gibb's Imperial as sold by you were the best that I have ever handled. I state this in justice to your plows, not being pleased with them at first, am glad to say I was agreeably disappointed.

Very truly yours, J. E. NEWCOMB.

We also intend carrying a full line of

Agricultural Implements,

and are satisfied that it would be to the purchaser's interest to first examine our Stock and prices.

RAMBO LIME.

LAST year I purchased from Nathan Rambo the Blue Quarry upon the lands devised to him by his father, the elder Nathan Rambo. It was out of this Quarry that the Limestone came which gave this Lime its high reputation.

This, and this only, is the GENUINE RAMBO LIME.

I own ALL of the land on which this stone lies. This Quarry was discontinued only because a vein of earth cut off the face. I have cut through this and re-opened these Quarries upon the original stone which old Nathan Rambo quarried as long as he could find it.

WE CHALLENGE ALL TESTS.

R. McCOY & CO.

Robert McCoy bought of me my Blue Quarry—I have seen it since he re-opened it, and am satisfied that he works on the blue stone worked by my father in his lifetime.

NATHAN RAMBO.

This Lime will be shipped by railroad or water to all stations and landings in Maryland and Delaware. For Prices and Terms apply to
