Chestertown Transcript.

THURSDAY, AUG. 5, 1880.

A Handsome Band Wagon has been presented by C. T. Westcott, Esq., to the Kent Cornet Band.

A New Livery and Exchange Stable has just been opened by Mr. Charles H. Davis, in this town, where nice turnouts may be had, at reasonable charges. See adv. elsewhere.

Personal.—Insurance Commissioner Hines is stopping in Chestertown with his son, Dr. W. Frank Hines.

Judge John H. Kennard, of New Orleans, is visiting his old home in Kent.

Mr. Alday Clements, of Chesterville, has purchased at private sale, the farm of Mr. Joseph R. Sparks, located near Sudlersville, Queen Anne's county, and containing 100 acres. The price paid was $1200.

Ice has advanced in price, recently, in the cities, being now very much higher than it was earlier in the season. Wm. Perkins, however, will supply families at the rate fixed in the beginning of the season.

A Strike for Higher Pay.—The peach-peelers of Henry's drying factory struck, last Monday morning, for 12 cents per basket. The managers concluded to pay the price demanded rather than go to the trouble and inconvenience of procuring other peelers.

Baltimore Grain Market.—*Sun*, of Wednesday, says: Southern Wheat finds a good market. Sales include inferior at 30 cents and $1; fair to prime Fultz at 1 02a$1 07½, and longberry at 1 08a$1 15, the latter extreme. No. 1 Maryland red sold at $1 15.

Sale of a Farm.—Mr. Levi Fiddis sold, a few days ago, at private sale, his farm, near Chestertown, to Mr. George B. Westcott, Jr., for the sum of eighteen hundred dollars. The farm contains fifty acres of land, is in a fair state of improvement, and in a nice location.

The Excursion of the Methodist Episcopal Sunday School of this town, to Cape May, yesterday morning, notwithstanding the unfavorable state of the weather, started from Chestertown with about one hundred and fifty passengers. It will no doubt be a success.

The Chester River Bridge is undergoing thorough repair. Mr. H. M. Stuart has the contract for the repair of the wood work and Messrs. Hyland & Co. the contract for supplying the necessary iron material. The reputations of both the contracting parties are such as to guarantee satisfactory work.

New Advertisements.—We call attention to the advertisement, to be found elsewhere, of J. Q. A. Holloway's Standard Fertilizers: also, to Emory's Bone Phosphate, for sale by Mr. Wm. S. Walker. The other new advertisements are R. B. Hillman's clothing store, the Conference Academy, Western Maryland College, and advertisement of coal and wood, by Dr. J. T. Twilley, and lime for sale by Wm. Perkins.

Sale of Real Estate.—Jas. A. Pearce, Esq., as trustee, sold at the Voshell House, on Tuesday last, the house and lot, corner of Bridge and Water streets, in this town, now occupied by Mrs. M. A. Wilmer, to W. Joseph Vannort, for $2,600; also, the Ricaud farm, to Charles Wood, for $2,760, subject to a mortgage of $1200. The wharf property and granary, on Still Pond Creek, was sold to C. T. Westcott, Esq., for $1206.

A Remarkable Fast.—On the first page of to-day's issue will be found a sketch of a fast that outdoes Dr. Tanner by two to one. This fast is no fictitious story, but is well authenticated. The faster was the father of Mr. Thos. J. Shallcross, one of the Judges of the Orphans' Court of Kent county. Mr. Shallcross was with his father during the most of the time, and he pronounces the story perfectly correct except in some of the minor details. As to his father having absolutely fasted for eighty-four days, he says there is no doubt.

The Kent Cornet Band are making every exertion to secure the success of their excursion to Cape May on the 18th inst. The band is an excellent one, its members worthy citizens, permanent residents, intimately associated in business and social relations with the entire community, and this attempt to replenish their treasury should be patronized liberally. Every one going will not only get the full value of the cost of a ticket, but also, to that extent, aid in sustaining a meritorious organization. See the advertisement in another column.

The Chapel of St. John, recently erected at Rock Hall, was opened for Divine service, last Sunday morning, by Rev. Father Bradford. The edifice, although but for temporary use, is very neat and comfortable. The congregation was large, and everything passed off very pleasantly. The Catholics own some sixteen acres of land at this point, well suited for building purposes. Father Bradford designs, in a short time, running a new street, 30 feet wide, with 10-foot side-walks, through the property, in such a way as to afford a large number of very desirable building lots.

Extra Threshing.—A reliable gentleman residing in the upper district of this county, informs us that Mr. A. Frank Hughey, on last Thursday, the 29th of July, threshed for Mr. J. J. Spear, between sunrise and sunset of that day, one thousand and sixty bushels of wheat. The next day Mr. Hughey threshed, for Mr. Henry Hendrickson, from nine o'clock in the morning until sunset, nine hundred and sixty-eight bushels of wheat. The machine used was a Buffalo Pitts thresher, 40-inch cylinder, driven by a 12-horse-power steam engine. Such an amount of work to be performed in the time specified seems almost incredible, but our informant,—a gentleman of unquestionable veracity,—vouches for the entire correctness of the statement.

Population of the Eastern Shore.—The census returns for all the Eastern Shore counties except Kent are in. The census of Kent is yet to be adjusted. By the new census each county has a population as follows:

Caroline	13,978
Cecil	27,134
Dorchester	23,008
Queen Anne's	19,442
Somerset	21,663
Talbot	19,112
Wicomico	17,892
Worcester	19,314

The population of Kent county, according to the return of the enumerators, is 17,249. This will give a total population to the Eastern Shore of Maryland of 176,972. The population of Delaware is 145,000, and the population of the peninsula, leaving out the two Virginia counties, is 223,792,—enough to make a very respectable State.

Peach Drying Establishments.—Before this year Kent county peach-growers have depended almost entirely upon shipping their fruit in its natural state. This year, however, they are enabled to dispose of a large portion of their crop at home. Nearly every village in Kent has, this year, the advantage of a drying-house, and many fruit-growers have erected dryers on their farms. In Chestertown there is a drying house that consumes about eight hundred baskets of peaches daily, and another house that consumes about two hundred and fifty baskets. Besides these there is a canning house that consumes a large number of baskets daily. At Worton, Kennedyville, Galena and Masseys, there are drying-houses either now in operation, or shortly to be put in operation. These home industries are good for the county. They give employment to home people, and keep the principal portion of the money there is in the crop from going abroad.

A Collision occurred between Capt. Jos. W. Thompson's steamer, the "L. G. Cannon," and the schooner "Sally Ann," Capt John Downey, in the Chesapeake Bay, on Wednesday night last. The steamer was on her way to Baltimore with peaches, and at the time of the collision, about 11 P. M., was in command of Capt. Hopkins, Capt. Thompson having retired. The schooner was coming into Chester river.—The two boats met, and by some misunderstanding of signals or mistake in steering, collided. The schooner struck the steamer directly in the bow, breaking the stem, staving in some boards and otherwise injuring her above the water line. The schooner's bow-sprit was knocked out and her waist slightly injured. The steamer kept on her course and arrived in good time, and after unloading went to the ship-yard for repairs. The schooner was towed to the city next morning. The "Cannon" will be out again next Monday, in excellent order, having in addition to repairing the damage done by the collison, been generally overhauled.

Orphans' Court, Tuesday, August 3, 1880.—Present, Judges Nicholson, Shallcross and Willson.

On application, Samuel W. Aldridge was appointed guardian to Sarah V. Pennington, (Mrs. Sarah E. Aldridge, late guardian to said minor, having reigned,) who filed his bond in the sum of $1200, which was apyroved and ordered to be recorded.

Victor Hendrickson filed the last Will and Testament of Peregrin Hendrickson, deceased, which was admitted to probate and ordered to be recorded.

Letters Testamentary on the personal estate of Peregrin Hendrickson, were grated and committed unto Victor Hendrickson and Joseph E. Hendrickson, who filed their bond in the sum of $30,000, which was approved and ordered to be recorded.

On application, Richard C. Johnson and Charles P. Loper were appointed to appraise the personal estate of Peregrin Hendrickson.

M. B. Roberts' Horse Powders have been used with astonishing results in the stables of Mr. Pierre Lorillard, so much so, that the Englishmen have been ordering it in large quantities; since Parole, Wallenstein and other American horses, have won thousands of dollars for their owners.

No more sick Chickens. Save your poultry and cure them of disease, by using Roberts' Poultry Powder. It has never failed to cure Cholera, and all diseases to which fowls are subject. Price 25 cents per package.

How often do we hear the remark: O, he only took a slight cold at first, and he thought it would go as it came! He took nothing for it, and it fastened on his lungs, and now he is in the last stages of consumpeion. Prevention is better than cure. Sine's Syrup of Tar, Wild Cherry and Hoarhound cures Coughs, Colds, Asthma and Lung Affections. It has a reputation of over 40 years. Price 25 and 50 cents per bottle. Your druggist has it.

A life of torture is often endured by the rheumatic; their pangs may, however, be relieved by the use of the old reliable remedy, Roberts' Embrocation. Sold over 50 years. No mushroom growth, its reputation excels all other remedies. Price 35 cents per bottle. Try it just once.

Motuers, before giving your little babe cough or croup medicines, remember that Sines' Syrup of Tar, Hoarhound and Wild Cherry, is the only cough preparation that contains no opium, morphine, nor any other narcotic.

To make a good broil; leave a letter for one of your old sweethearts where your wife can find it; and to avoid any bodily injury have a horse ready saddled that has taken Roberts' Celebrated Horse Powders. Price 25 cents per package.

Sines' Syrup of Tar, Wild Cherry and Hoarhound is very pleasant to the taste, and the oldest and best remedy in the market for coughs and colds. A splendid medicine for the baby. Try it. For sale by all druggists.

The Leaders of Fashionable Dress and Low Prices.—C. N. Oehm & Son, proprietors of the largest one-price double Clothing House, Baltimore, now occupy two entire three-story buildings with their splendid stock of Men's, Youth's, Boy's and Children's Clothing. Having bought and manufactured their entire stock before the great advance of woolens, they are selling great bargains in every department for spring and summer wear, which none can afford to overlook. We feel it our duty to call the attention of our readers to this truly famous and reliable establishment, corner of Pratt and Hanover Sts. No one in need of clothing, ready-made or made to order, should fail to call on Oehm & Son and see the low prices at which the most choice and perfect fitting garments are selling.

Chicken cholera and gapes can be cured with M. B. Roberts' Poultry Powder. Try it and be convinced.

THE late crops where the above were used are the strongest possible testimonials, and it is with pleasure we can say that our goods have equalled, and in may cases, surpassed any article in the market, and along side the old standard brands they have been proven to be of the most superior quality.

The low price at which we sell is alone attributable to the fact that we pay no commission to agents, and are satisfied with a close margin ourselves.

Our Factory is always open to the farmers, and a cordial invitation is extended them to visit us there and inspect for themselves.

We also carry a full line of chemicals which with any special mixture desired we will furnish at Baltimore prices.

We might insert numerous testimonials, but prefer to hold them at our office subject to the perusal of all, and simply add the names of a few who have used our goods and to whom we respectfully refer as to their merits:

Literary Revolution and Universal Knowledge.

An Encyclopædia in 20 Volumes, over 16,000 Pages; 10 per cent more matter than any Encyclopædia ever before published in this country, and sold, handsomely and well bound, in cloth for $10, in half morocco for $15, and printed on fine heavy paper, wide margins, bound in half Russia, gilt top, for $20—an enterprise so extraordinary that its success, beyond all precedent in book publishing, may be fairly claimed to inagurate a *Literary Revolution.*

The Library of Uuiversal Knowledge is a reprint of the last (1879) Edinburgh edition of "Chamber's Encyclopædia," with about 40 per cent. of new matter added, upon topics of special interest to American readars, thus making it equal in character to any similar work, better than any other suited to the wants of the great majority of those who consult works of reference, and altogether the latest Encyclopædia in the field.

Specimen Volumes in either style will be sent for examination with privilege of return on receipt of proportionate price per volume.

Special Discounts to all early subscribers, and extra discounts to clubs. Full particulars with descriptive catalogue of many other standard works equally low in price, sent free.

Leading principles of the AMERICAN BOOK EXCHANGE:

I.—Publish only books of real value.

II.—Work upon the basis of *present cost* of making books, about one half what it was a few years ago.

III.—Sell to buyers direct, and save them the 50 to 60 per cent. commission commonly allowed to dealers.

IV.—The cost of books when made 10,000 at a time is but a fraction of the cost when made 500 at a time—adopt the low price and sell the large quantity.

V.—Use good type, paper, etc., do careful printing, and strong, neat binding, but avoid all "padding," fat and heavily-leaded type, spongy paper and gaudy binding, which are so commonly resorted to to make books appear large and fine, and which greatly add to their cost, but do not add to their value.

VI.—To make $1 and a friend is better than to make $5 and an enemy.

RAMBO LIME.

LAST year I purchased from Nathan Rambo the Blue Quarry upon the lands devised to him by his father, the elder Nathan Rambo. It was out of this Quarry that the Limestone came which gave this Lime its high reputation.

This, and this only, is the GENUINE RAMBO LIME.

I own ALL of the land on which this stone lies. This Quarry was discontinued only because a vein of earth cut off the face. I have cut through this and re-opened these Quarries upon the original stone which old Nathan Rambo quarried as long as he could find it.

WE CHALLENGE ALL TESTS.

R. McCOY & CO.

Robert McCoy bought of me my Blue Quarry—I have seen it since he re-opened it, and am satisfied that he works on the blue stone worked by my father in his lifetime.

This Lime will be shipped by railroad or water to all stations and landings in Maryland and Delaware. For Prices and Terms apply to

Sheriff's Sale.

BY virtue of a writ of Venditioni Exponas, issued by C. W. C. Johnson, one of the Justices of the Peace of the State of Maryland, in and for Kent county, and to me directed, at the suit of Henry Graves and William Graves, against the goods and chattles, lands and tenements of Henry Frisby, I have seized and taken in execution all the right, title, interest and claim of the said Henry Frisby in and to the following property, to wit:

One House and Lot,

said lot containing about

TEN ACRES OF LAND,

situated in the Fourth Election District of Kent county, and adjoining the lands of William Graves's heirs, and others; it being the same lot or parcel of land which was conveyed to the said Henry Frisby by Richard B. Carmichael and wife, by deed of June 27th, 1854. And I hereby give notice, that on

Tuesday, the 10th of August,

1880, at the Court House door, in Chestertown, at eleven o'clock A. M., I will sell the said property to the highest bidder, for cash, to pay the said writ, interest and costs, due and to become due thereon.

Peach Growers

AND

SHIPPERS

Of Kent County.

IT HAVING BEEN REPORTED, and some being under the opinion that Fruit shipped to Baltimore would bring more on one wharf than another, allow me to publish below the opinion and experience of the oldest and principal commission men of Baltimore, handed to me by one of the largest houses in the city, by whom it was drawn up, and signers requested, without any knowledge or assistance of mine whatever:

The Experience of Commission Merchants.

TO WHOM IT MAY CONCERN.

We the undersigned, Baltimore Commission Merchants, do hereby certify that Fruit, if good and in order, will bring as much money on one wharf as on another, lying between Pratt street and Hughes' Key, inclusive.

Packers, Shippers, and Dealers generally, have no preference as to wharves and their locations.

THOS. H. EVANS & CO.,
BARTUS TREW,
D. N. ROBINSON,
W. H. RUTTER,
JESSE WILSON & SON,
L. J. COX & CO.,
JOHN A. STEPHENS & SON,
KENLY & TILGHMAN.

Having some little experience in the Peach Freighting Business, I would suggest to shippers three thoughts:

1st. You pay for the collection of many empty boxes that you nor the Commission Merchant never see, and you have no rebate whatever but to call on your commission man, and he sends you to the captain, and the captain has no redress whatever but to say, "if the boxes were on the wharf they were surely brought over." Now, to abate this custom and loss, demand that the man who freights your fruit receipt to your commission merchant for each and every box, (for I am sure there is not a merchant, to my knowledge, who would not be glad to do it) and you will find money saved and business done more satisfactorily.

2d. Each shipper should go to the city once a week and there see in what condition the market demands for the fruit, for you could gain more knowledge in ten minutes, yourself, than any one could explain to you in twice that length of time.

3d. You seldom get the sales of your peaches until the day after. You know not whether they were dumped into the bay, sold, or given away; and at many times you could put certain fruit on the market (when in demand) that not hearing from the market and not knowing its demand, is allowed to waste in your orchards. To remedy this, give your captain an order on your commission man for the price your fruit brings daily; compel him to place the price opposite your name on his manifest, and report to you at your landing, each morning, on his return; and should you do this you will have the handling of your fruit to give better satisfaction, and justify shipper, freighter and merchant. Very respectfully,

JOS. W. THOMPSON.
