Chestertown Transcript.

THURSDAY, AUG. 12, 1880.

Mr. W. Register, the Chestertown marble-cutter, has recently put up two very handsome stones in Chester Cemetery.

The Levy List, which we publish this morning, being arranged in alphabetical order, will be found very convenient for reference.

A Childrens' Service, consisting of addresses and music, will be held at Salem M. E. Church, on Sunday next, at 2½ P. M. All invited.

Going Along.—The editor of the *Middletown Transcript* says he is going to Cape May on the Kent Cornet Band excursion. The band had better look out.

Capt. Jos. W. Thompson's Steamer, the G. L. Cannon, having been repaired and put in good running order since the collision, resumed her trips yesterday.

T. W. Eliason, Jr., occupies a large space in the TRANSCRIPT to-day in advertising his "No. 1 Ammoniated Superphosphate of Lime and Potash." Read it.

Correction.—Last week a mistake in the types made us say that the population of the Maryland and Delaware peninsula is 223,792. We should have put it 321,972.

Found Dead.—We have heard it rumored that the dead body of a man was found between Round Top and Crumpton the first part of this week. We have been able to obtain no particulars.

Hon. Jesse K. Hines, at the semi-annual communication of the Grand Lodge of Maryland of Ancient Free and Accepted Masons, was appointed Grand Inspector for Kent and Queen Anne's counties.

The Peach Season has this week reached its height, and immense quantities are being shipped by rail and steamer. Eleven steamers are employed in transporting the crop from Chester river and its tributaries.

Thanks.—Some friend left at the residence of the senior editor, last Saturday morning, a basket of magnificent peaches. They were very large, beautiful in color, and delicious in flavor. It was indeed a rare treat, and we hereby tender our thanks.

The Corn Crop in all parts of Kent county is looking remarkably well, and the yield will be very large. Forward corn has had sufficient rain to mature it, and the late planting is earing well. The crop of corn fodder, also, will be good and abundant.

Fruit and Vegetables are abundant and sell at reasonable prices in Chestertown market. The street stands display piles of melons, cantaleups, cabbages, tomatoes, cucumbers, lima beans, squashes, roasting-ears, potatoes, etc., together with apples, peaches and pears.

Fruit Dryers.—Some forty large fruit evaporators may be counted up in Kent this year, which have an average daily capacity of one hundred baskets each, or a total capacity of four thousand baskets daily. Besides these a great many small family dryers have been in operation.

Wednesday's Grain Market.—Southern Wheat was active and firm. Sales were 1 05a$1 10 for fair to prime Fultz, and at 1 12a$1 15 for long-berry. No. 1 Maryland red sold at $1 16. The small lots of Southern Corn offered are sold readily at 53a54 cts for white and 53 cents for yellow.

An Alarm of Fire about 9 o'clock Tuesday night, was caused by the soot in one of the jail chimneys taking fire. It blazed out at the top and for some time burning cinders fell on the roof, but without setting it on fire. Fire had not been used in the kitchen (the chimney that burned out) for about four hours.

The Excursion to Cape May, next Wednesday, by the Kent Cornet Band, will, we think, be a success. A more favorable time to behold the great watering-place in the height of the season, could not have been selected; and no doubt it will be largely availed of. See the advertisement in another column.

Hand Crushed.—James Henry Chambers, colored, while feeding the bone-crusher, on last Thursday, at Kennard & Co's Phosphate Factory, had his right hand caught between the rollers, and the upper part of it badly crushed. Dr. Hines rendered surgical aid, and the wounded hand is doing as well as can be expected, though it is yet very doubtful whether any of the fingers can be saved or not.

A Raid on the Chickens.—Last Sunday night some prowling curs made a desperate raid on the chickens, in the lower part of the town. Mr. W. A. Biscoe, in the rear of his tin shop, on Princess street, had fitted up a very nice and, to all appearance, secure poultry-yard, in which he kept a lot of Leghorn and Brahma chickens, and they were doing well and prospering, having comfortable quarters and good attention. On going to his shop early Monday morning he was shocked to find the yard strewn with dead chickens, very few of which were mutilated, the dogs apparently being only intent on killing them. The dogs gained access to the yard by scratching a hole under the fence from premises adjoining. Mr. Biscoe lost forty-two chickens, his entire flock except three. Mrs. Downes, living near by, had her coops entered by dogs the same night, and had some twenty-two chickens killed.

A Juicy Excursion to the Cape.—Cape May is the place to which excursionists will go in spite of rain, the weather bureau, Old Probabilities or anybody else. People go there to wet themselves in the "briny," and if they get wet a little beforehand, they seem to think it will amount to pretty much the same in the course of a hundred years.

Together with 150 others we got aboard the Bombay Hook train on Wednesday of last week. When the train left Chestertown at 6 o'clock A. M. it did not look much like rain, and everybody felt it to be pretty nearly a dead sure thing that the sun would be shining when we got to Cape May. People seemed to have the same way of thinking all along the route, for at Bombay Hook the train put off some 350 passengers. The High-street jeweler was along, but we haven't a word to say about him. The fact of the matter is, we are somewhat afraid of him. The whole of the "solemn trio," of whom we had occasion to speak on the Washington trip, was along, but they kept away from each other. They were evidently afraid to be seen together. A half hour of waiting at the Bombay Hook pier, brought the steamer Clyde, and then we had to wait till she had landed a Sunday school. Our excursion party finally got aboard, however, and we started on a straight run for Cape May. We left behind us a lot of Sunday school children and others to enjoy themselves among the Delaware Bay clams, king-crabs and mosquitoes.

Cape May trips have become so familiar to Kent county people, that we will not trouble them with a lengthy account of this one. When we landed on Cape Island, we found instead of sunshine a driving rain. Soon after getting aboard the open cars that run across the island, a furious wind sprung up and drove the rain in torrents through the cars, ruining the hats and dresses of the feminine portion of the excursion and almost soaking some of the unfortunate outsiders to the bone. When the cars came to a halt on the ocean side of the island, the excursionists struck for the nearest shelter, which was the "Seabreeze house." During the whole stay there, the rain continued to pour, and not many ventured from under the roof of the "Seabreeze. What a thoroughly soaked crowd it was to be sure. At 3:45 the cars whistled for the Clyde passengers. Most of them were ready and willing to go. A few, however, came up about three minutes after the train left, and failing to make the Clyde by means of a carriage, were compelled to reach home next day by the way of Philadelphia.

In spite of the disadvantages attending the journey, nobody seemed to be particularly miserable: everybody the rather seemed disposed to make the best of his or her own plight and to laugh at the plight of other people. The excursion of last week was at least one to be remembered.

Orphans' Court, TUESDAY, Aug. 10, 1880.—Present, Judges Nicholson, Shallcross and Willson.

James B. Willson, executor of Henrietta E. Willson, filed report of sales of lot of land near Rock Hall, which was received and ordered to be recorded.

George W. Rodenhiser, executor of Alexander Clements, returned his first and final administration account, which was examined passed as stated, and ordered to be recorded.

M. B. Roberts' Horse Powders have been used with astonishing results in the stables of Mr. Pierre Lorillard, so much so, that the Englishmen have been ordering it in large quantities; since Parole, Wallenstein and other American horses, have won thousands of dollars for their owners.

No more sick Chickens. Save your poultry and cure them of disease, by using Roberts' Poultry Powder. It has never failed to cure Cholera, and all diseases to which fowls are subject. Price 25 cents per package.

How often do we hear the remark: O, he only took a slight cold at first, and he thought it would go as it came! He took nothing for it, and it fastened on his lungs, and now he is in the last stages of consumpeion. Prevention is better than cure. Sine's Syrup of Tar, Wild Cherry and Hoarhound cures Coughs, Colds, Asthma and Lung Affections. It has a reputation of over 40 years. Price 25 and 50 cents per bottle. Your druggist has it.

A life of torture is often endured by the rheumatic; their pangs may, however, be relieved by the use of the old reliable remedy, Roberts' Embrocation. Sold over 50 years. No mushroom growth, its reputation excels all other remedies. Price 35 cents per bottle. Try it just once.

Motuers, before giving your little babe cough or croup medicines, remember that Sines' Syrup of Tar, Hoarhound and Wild Cherry, is the only cough preparation that contains no opium, morphine, nor any other narcotic.

To make a good broil; leave a letter for one of your old sweethearts where your wife can find it: and to avoid any bodily injury have a horse ready saddled that has taken Roberts' Celebrated Horse Powders. Price 25 cents per package.

Sines' Syrup of Tar, Wild Cherry and Hoarhound is very pleasant to the taste, and the oldest and best remedy in the market for coughs and colds. A splendid medicine for the baby. Try it. For sale by all druggists.

The Leaders of Fashionable Dress and Low Prices.—C. N. OEHM & SON, proprietors of the largest one-price double Clothing House, Baltimore, now occupy two entire three-story buildings with their splendid stock of Men's, Youth's, Boy's and Children's Clothing. Having bought and manufactured their entire stock before the great advance of woolens, they are selling great bargains in every department for spring and summer wear, which none can afford to overlook. We feel it our duty to call the attention of our readers to this truly famous and reliable establishment, corner of Pratt and Hanover Sts. No one in need of clothing, ready-made or made to order, should fail to call on OEHM & SON and see the low prices at which the most choice and perfect fitting garments are selling.

Chicken cholera and gapes can be cured with M. B. Roberts' Poultry Powder. Try it and be convinced.

Ohio Chilled Plow.

For lightness of draught, durability and superior work, this Plow cannot be equaled and has never been by any yet introduced; this may be considered by some a broad claim, but a trial will soon convince as to the correctness thereof. All who purchased of us last spring were so much pleased that they seem to delight in talking about them to their friends, and this fact alone has made for us a number of sales even this early in the season, hence it can be truly said that the OHIO CHILLED advertises and sells itself.

The following parties can furnish any information:

W. W. Stephens, Wm. Stewart, G. S. Biddle, T. Romey Strong, T. J. Vickers, D. C. Blackiston, Thos. P. Dixon, Jas. T. Dixon, J. Robinson, Isaac Matthews, W. G. Skirven, Samuel Brown, Jas. Gemmill,

Bickford & Huffman's Farmers' Favorite Grain Drills.

The PIONEER DRILL of AMERICA.

These Drills are so well known and in such universal use that it is not necessary to advertise its many points of superior merit, and we simply insert this more as a notice of the change of agents than as an advertisement of the Drill. Call and see us before purchasing.

Perry Spring Tooth Harrow.

Improvements in agricultural implements having finally reached the Harrow, we now present to our friends and patrons, claiming for it the great advantage of being both a time and labor-saving implement. Our neighbors of other States and counties of this State inform us that they are fast taking the place of the old solid tooth and from their representation and our own judgement, we firmly believe that ere long they will have entirely displaced all the old ones ever amongst us. Try one and judge for yourselves.

MANUFACTURED BY

KENNARD & CO.

THE late crops where the above were used are the strongest possible testimonials, and it is with pleasure we can say that our goods have equalled, and in may cases, surpassed any article in the market, and along side the old standard brands they have been proven to be of the most superior quality.

The low price at which we sell is alone attributable to the fact that we pay no commission to agents, and are satisfied with a close margin ourselves.

Our Factory is always open to the farmers, and a cordial invitation is extended them to visit us there and inspect for themselves.

We also carry a full line of chemicals which with any special mixture desired we will furnish at Baltimore prices.

We might insert numerous testimonials, but prefer to hold them at our office subject to the perusal of all, and simply add the names of a few who have used our goods and to whom we respectfully refer as to their merits:

RAMBO LIME.

LAST year I purchased from Nathan Rambo the Blue Quarry upon the lands devised to him by his father, the elder Nathan Rambo. It was out of this Quarry that the Limestone came which gave this Lime its high reputation.

This, and this only, is the GENUINE RAMBO LIME.

I own ALL of the land on which this stone lies. This Quarry was discontinued only because a vein of earth cut off the face. I have cut through this and re-opened these Quarries upon the original stone which old Nathan Rambo quarried as long as he could find it.

WE CHALLENGE ALL TESTS.

Literary Revolution and Universal Knowledge.

An Encyclopædia in 20 Volumes, over 16,000 Pages; 10 per cent more matter than any Encyclopædia ever before published in this country, and sold, handsomely and well bound, in cloth for $10, in half morocco for $15, and printed on fine heavy paper, wide margins, bound in half Russia, gilt top, for $20—an enterprise so extraordinary that its success, beyond all precedent in book publishing, may be fairly claimed to inagurate a *Literary Revolution*.

THE LIBRARY OF UUIVERSAL KNOWLEDGE is a reprint of the last (1879) Edinburgh edition of "Chamber's Encyclopædia," with about 40 per cent. of new matter added, upon topics of special interest to American readars, thus making it equal in character to any similar work, better than any other suited to the wants of the great majority of those who consult works of reference, and altogether the latest Encyclopædia in the field.

Specimen Volumes in either style will be sent for examination with privilege of return on receipt of proportionate price per volume.

Special Discounts to all early subscribers, and extra discounts to clubs. Full particulars with descriptive catalogue of many other standard works equally low in price, sent free.

Leading principles of the AMERICAN BOOK EXCHANGE:

I—Publish only books of real value.

II—Work upon the basis of *present cost* of making books, about one half what it was a few years ago.

III.—Sell to buyers direct, and save them the 50 to 60 per cent. commission commonly allowed to dealers.

IV.—The cost of books when made 10,000 at a time is but a fraction of the cost when made 500 at a time—adopt the low price and sell the large quantity.

V.—Use good type, paper, etc., do careful printing, and strong, neat binding, but avoid all "padding," fat and heavily-leaded type, spongy paper and gaudy binding, which are so commonly resorted to to make books appear large and fine, and which greatly add to their cost, but do not add to their value.

VI.—To make $1 and a friend is better than to make $5 and an enemy.
