Chestertown Transcript.

THURSDAY, AUG. 19, 1880.

Smyrna has a dog named "Dr. Tanner." Chestertown also boasts of a dog named after the Doctor.

Lost.—We call attention to Mr. Sam'l. Todd's advertisement of a reward for information of the whereabouts of a strayed mare colt.

Our Thanks are due to one of our County Commissioners for a basket of nice grapes, which he said were thoroughbred Hancock grapes.

Normal School Appointment.—Ida H. R. Wood and Virginia E. Miller have been appointed to the State Normal School from Kent county.

Vennor, the Canadian weather prophet, said of August that it would be cool between the 15th and 20th, and hot for the balance of the month.

We were shown, last Tuesday, some fruit from the evaporator of Mr. T. J. Shallcross. It looked bright and fresh and preserved its natural flavor.

Lister's Standard Phosphate will be found advertised elsewhere by Mr. W. N. E. Wickes, agent for Kent county. Lister's brand has a long standing reputation.

The Kent County Agricultural Association holds its annual fair on Tuesday, Wednesday and Thursday, September 14th, 15th and 16th. See their advertisement elsewhere.

Assistants Appointed.—Miss Ella Johnston has been appointed assistant teacher in the Galena school, and Miss Mary E. Blackision as assistant in the Millington school.

Protection from Lightning.—We call attention to the advertisement of Messrs. Gould & Gipe, in another column of to-day's paper. They can be found at Armstrong's hotel.

Change of Hours.—The steamer L. G. Cannon, as will be seen by advertisement elsewhere in our columns, now leaves Chestertown at 7 o'clock in the evening instead of six as before.

New Advertisements.—We call attention to the sale of the personal property of James B. Hance, deceased, by his administrator, C. J. Scott, to take place on Thursday the 2d day of September; also to a number of other new advertisements to be found in this issue.

Ancient Order of United Workmen.—Mr. Savage, principal of Easton academy, was in Chestertown last Tuesday, with the object of establishing a branch of the above named order here. Its objects are beneficial and fraternal, and Mr. Savage speaks of it in high terms. He expects to return to Chestertown next week.

Passed.—At the recent teachers' examination for Kent county, the following teachers received certificates: Samuel E. Forman a first-grade certificate; the Misses Orphelia Johnston, Mollie E. Meier, Josephine Harris, W. T. Jarman, Sellim Moffitt and Naomi Kendall, second grade certificates.

Maryland Co.'s Phosphate.—Mr. Thos. W. Wickes advertises in this issue, the brands of phosphate manufactured by the Maryland Company. He gives at the head of his advertisement the successful results obtained by a farmer in the upper part of the county, from the use of the Maryland Company's Phosphates.

The Kent Cornet Band excursion left Chestertown yesterday morning with a goodly number, and doubtless increased all along the road. The band woke up the excursionists yesterday morning with some stirring music, which was more soothing in its effects upon those who desired to sleep on than the old-fashioned drum.

Burned by Lightning.—During the thunder storm on Thursday of last week, the stack yard of Mr. C. J. Scott, on the farm occupied by Mr. G. T. Bramble, near Sassafras, was struck and fired by lightning. Between forty and fifty stacks of straw were burned. Fortunately the wheat had been threshed out. The loss is estimated at between two hundred and three hundred dollars.

Tolchester Still Growing in Favor.—During the past week the steamer Pilot Boy has been obliged to make extra trips to transport the fruit from Tolchester to Baltimore, her passenger list being so large. About the first week of September, we learn, Mr. Eliason proposes to have a gay time at Tolchester—a kind of harvest home for two days—park amusements, extra shows, &c., to which everybody is invited, free of charge. Particulars hereafter.

Principal of Town School.—The trustees of the town public school have elected Mr. W. G. Fallowfield, of Queen Anne's county, as principal. Mr. Fallowfield is a graduate of the State Normal School, and is highly recommended by the Examiner of Queen Anne's county. He has been notified of his appointment and has accepted the position.

Miss Naomi Kendall, of Fairlee, has been appointed teacher of the first and second grades, in place of Miss E. A. Downes.

Baltimore Grain Market.—From the *Sun* of Wednesday, we quote as follows: Southern wheat is rather easier and closed quiet; sales include very inferior to fair red at 85 cents and $1; fair to prime Fultz at 1 02a1 08, closing at 1 07 for No. 2, and 1 08 and 1 14 for good to prime long-berry—no choice offered. The market for western was weak and lower, closing dull. Southern Corn is wanted, and the small lots offered were sold at 57 cents for white and 56 cents for yellow.

One of our exchanges says: Another fraud is on the road of an improved pattern. A well-dressed man is going about the country claiming to be deeply interested in the cause of temperance. He calls at a farm-house, presents a pledge for the farmer to sign, and when this is done produces a card, similar in appearance, to which he also desires the signature to be affixed, "in order to keep a correct memorandum of his work." The second card is a sight note for any amount the swindler may see fit to demand. Look out for him.

The New Town Hall.—A communication in last week's *Kent News*, from the "Town Hall Company," makes an appeal to the public in behalf of the new town hall. After setting forth the urgent need of such a structure and the advantages to be derived therefrom, the communication continues:

But while experience teaches that such associations are usually originated and managed by comparatively few in number, yet they can never be successful nor the full benefits obtained, without a hearty co-operation by the public at large, and with that end in view, this corporation has decided to appeal urgently to the good people of Kent to aid the undertaking with their support, and to invite subscriptions to its capital stock, the price of which has been fixed at $50 per share, and if seventy-five or a hundred public spirited and enterprising citizens will promptly answer the call of the public demand, the project will soon be certain of success.

The building, which has been planned by the architect, will be an attractive two-story brick structure, surmounted with a cupola and vane—will have three large stores and two offices on the first floor and a hall seating about 500 persons on the second floor.

The rents and income are calculated to pay a good interest on the investment. The officers of the corporation are as follows: President, Chas. T. Westcott; Secretary and Treasurer, Colin F. Stam; Directors, T. W. Eliason, Jr., Wm. B. Usilton, James W. Chapman, Colin F. Stam and Charles T. Westcott.

That Chestertown badly needs a good Town Hall no one can doubt. Many other towns, far inferior in size and importance, are supplied with commodious halls. It is to be hoped that the enterprise will not be allowed to drop through.

Orphans' Court, TUESDAY, Aug. 10, 1880.—Present, Judges Nicholson, Shallcross and Willson.

Sarah E. Aldridge, late guardian to Sarah V. Pennington, returned her guardian account for the year 1879, which was examined, passed as stated and ordered to be recorded.

Susan E. Sutton, administrator of Susan E. Heighe, returned her 3d and final administration account, which was examined, passed as stated and ordered to be recorded.

Victor Hendrickson, one of the executors of Peregrin Hendrickson, returned an inventory and apprisement of the personal estate of said deceased, which was received and ordered to be recorded.

Chas. H. Baker, one of the administrators, c. t. a. of Jas. P. DeCorse, returned list of debts due said deceased, which was received and ordered to be recorded.

M. B. Roberts' Horse Powders have been used with astonishing results in the stables of Mr. Pierre Lorillard, so much so, that the Englishmen have been ordering it in large quantities; since Parole, Wallenstein and other American horses, have won thousands of dollars for their owners.

No more sick Chickens. Save your poultry and cure them of disease, by using Roberts' Poultry Powder. It has never failed to cure Cholera, and all diseases to which fowls are subject. Price 25 cents per package.

How often do we hear the remark: O, he only took a slight cold at first, and he thought it would go as it came! He took nothing for it, and it fastened on his lungs, and now he is in the last stages of consumpeion. Prevention is better than cure. Sine's Syrup of Tar, Wild Cherry and Hoarhound cures Coughs, Colds, Asthma and Lung Affections. It has a reputation of over 40 years. Price 25 and 50 cents per bottle. Your druggist has it.

A life of torture is often endured by the rheumatic; their pangs may, however, be relieved by the use of the old reliable remedy, Roberts' Embrocation. Sold over 50 years. No mushroom growth, its reputation excels all other remedies. Price 35 cents per bottle. Try it just once.

Motqers, before giving your little babe cough or croup medicines, remember that Sines' Syrup of Tar, Hoarhound and Wild Cherry, is the only cough preparation that contains no opium, morphine, nor any other narcotic.

To make a good broil; leave a letter for one of your old sweethearts where your wife can find it: and to avoid any bodily injury have a horse ready saddled that has taken Roberts' Celebrated Horse Powders. Price 25 cents per package.

Sines' Syrup of Tar, Wild Cherry and Hoarhound is very pleasant to the taste, and the oldest and best remedy in the market for coughs and colds. A splendid medicine for the baby. Try it. For sale by all druggists.

The Leaders of Fashionable Dress and Low Prices.—C. N. OEHM & SON, proprietors of the largest one-price double Clothing House, Baltimore, now occupy two entire three-story buildings with their splendid stock of Men's, Youth's, Boy's and Children's Clothing. Having bought and manufactured their entire stock before the great advance of woolens, they are selling great bargains in every department for spring and summer wear, which none can afford to overlook. We feel it our duty to call the attention of our readers to this truly famous and reliable establishment, corner of Pratt and Hanover Sts. No one in need of clothing, ready-made or made to order, should fail to call on OEHM & SON and see the low prices at which the most choice and perfect fitting garments are selling.

Chicken cholera and gapes can be cured with M. B. Roberts' Poultry Powder. Try it and be convinced.

No. 1 Ammoniated Superphosphate of Time and Potash,

COMPOSED OF

Dissolved Animal Bones, Acid Phosphate, and Salts of Potash and Soda.

Guaranteed Not to contain a SINGLE POUND of adulterating Material, but on the contrary Every article used in its manufacture is a FERTILIZER.

PRICE: $32 PER TON CASH. $34 per Ton on Time.

The success this article met with last year was suck that I was unable to supply the demand for it; and it is gratifying to be able to say that to-day *it is more highly esteemed by those who used it the past season than it was then.*

So far, wherever there has been a COMPLETE TEST of the value of this goods, as compared with other manufactured goods on the market, by actual measure and weight of wheat grown that has come to my knowledge, No. 1 has proved itself fully equal to, and in a number of cases better, than other goods costing much more money; in one case giving *Eight Bushels of Wheat to the Acre more than* ——— ———, costing $5 per ton more than No. 1.

Please read carefully the letters appended:

CHESTERTOWN, MD., July 20, 1880.

MR. T W. ELIASON, JR.—*Dear Sir:* In reply to your inquiries concerning your "No. 1 Ammoniated Super Phosphate," I would say that I am pleased with it. It gave me a *much better* yield of wheat than ——— ———, and ——— ——— costing me *five dollars more per ton than yours.* I cheerfully recommend its use, believing it to be equal if not superior to any goods on the market.

(Signed) THOMAS P. DIXON.

CHESTERTOWN, MD., July 16, 1880

MR. T. W. ELIASON, JR.:—In answer to your inquiry concerning your "No. 1 Ammoniated Superphosphate," I would say, that it has given me *entire satisfaction.* I used it by the side of a goods costing me $5.00 per ton more, and applied the two goods on the same field, at the same rate per acre, the land being same quality on which both goods were used. I threshed the two parts separately; the part on which *your* goods was applied gave me *EIGHT BUSHELS OF WHEAT MORE TO THE ACRE* than the other goods; the wheat having, also, a prettier color. I regard your goods as fully equal, if not better, than any on the market.

(Signed) J. E. NEWCOMB.

FAIRLEE, July 15, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* In reply to your inquiry as to the results of your No. 1 Ammoniated Super Phosphate, on my Wheat, this last season, it gives me pleasure to be able to say that I am very much pleased with it. I regard it as a No. 1 article.

(Signed) JOHN P. NICHOLSON.

CHESTERTOWN, July 17, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* Your No. 1 Ammoniated Super Phosphate of Lime has given me complete satisfaction. With its use my yield of wheat was better than I ever had before. Your goods is, in my estimation, equal to any on the market *without regard to price.*

(Signed) Yours, J. W. PRICE.

CHESTERTOWN, July 8, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* I used your No. 1 Ammoniated Super Phosphate on my wheat last fall with other goods costing me five and seven dollars per ton more. I am satisfied that your No. 1 did as well for me as any of them; and regard it as second to no fertilizer on the market for wheat.

(Signed) Yours, respectfully, S. LECATES.

CHESTERTOWN, July 20, 1880.

MR. T. W. ELIASON, JR.—*Sir:* Your No. 1 Ammoniated Super Phosphate has given me *entire satisfaction.* I used it on my wheat the past two seasons, and am satisfied that it is a first-class article.

(Signed) ROBERT NICHOLSON.

CHESTERTOWN, July 24, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* I used your No. 1 Ammoniated Super Phosphate two years ago on my wheat, and also ——— ———, costing me five dollars per ton more. The results were such, that I abandoned the ——— ———, your goods doing so much better for me. This last fall I used it by the side of two others, both costing me considerable more than yours. It gave me *much more* wheat than one of these goods, and was fully equal to the other in yield. I take pleasure in saying that I am very well pleased with it. It drills nicely; and I expect to use it again.

(Signed) SAMUEL G. LEE.

CHESTERTOWN, July 24, 1880.

MR. T. W. ELIASON, JR.—In reply to your inquiries concerning the results of your No. 1 Ammoniated Super Phosphate, which I have used upon my wheat the two past seasons, I would say that the first season I used it, it was by the side of ——— ——— ———, costing me seven dollars per ton more than yours. After cutting and threshing my wheat, I was satisfied that your No. 1 gave me a *much larger yield*, and a *finer, plumper grain.* So marked was the difference, that I discontinued the use of ——— ———, for your goods. Last fall I used it by the side of ——— ———, costing me five dollars more per ton than your No. 1. I applied it at the same rate per acre. After threshing my wheat, I found that your No. 1 had given me 3½ bushels per acre more, and a fuller, better colored grain. Of course, with these results I am pleased with it, and shall use it again.

(Signed) Yours truly, E. J. WATSON.

CHESTERTOWN, July 13, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* In reply to your inquiries concerning your No. 1 Ammoniated Super Phosphate, I would say, that I am very much pleased with it. I used it by the side of goods costing me, in one instance five dollars per ton more, and in the other six dollars per ton more than yours—the latter being a goods very popular and of long established reputation. Your No. 1 gave me, I am satisfied, the *largest yield.* I regard it as the *best* goods on the market.

(Signed) Yours, &c. J. S. TREW.

CHESTERTOWN, July 15, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* I have used your No. 1 Ammo. Super Phosphate, for the two past seasons, with *entire satisfaction.* Your goods doing for me much better than anything else I tried, I consider it the best goods on the market.

(Signed) Yours, JOHN F. COPPER.

Ohio Chilled Plow.

For lightness of draught, durability and superior work, this Plow cannot be equaled and has never been by any yet introduced; this may be considered by some a broad claim, but a trial will soon convince as to the correctness thereof. All who purchased of us last spring were so much pleased that they seem to delight in talking about them to their friends, and this fact alone has made for us a number of sales even this early in the season, hence it can be truly said that the OHIO CHILLED advertises and sells itself.

The following parties can furnish any information:

The PIONEER DRILL of AMERICA.

These Drills are so well known and in such universal use that it is not necessary to advertise its many points of superior merit, and we simpiy insert this more as a notice of the change of agents than as an advertisement of the Drill. Call and see us before purchasing.

Perry Spring Tooth Harrow.

Improvements in agricultural implements having finally reached the Harrow, we now present to our friends and patrons, claiming for it the great advantage of being both a time and labor-saving implement. Our neighbors of other States and counties of this State inform us that they are fast taking the place of the old solid tooth and from their representation and our own judgement, we firmly believe that ere long they will have entirely displaced all the old ones ever amongst us. Try one and judge for yourselves.

THE late crops where the above were used are the strongest possible testimonials, and it is with pleasure we can say that our goods have equalled, and in may cases, surpassed any article in the market, and along side the old standard brands they have been proven to be of the most superior quality.

The low price at which we sell is alone attributable to the fact that we pay no commission to agents, and are satisfied with a close margin ourselves.

Our Factory is always open to the farmers, and a cordial invitation is extended them to visit us there and inspect for themselves.

We also carry a full line of chemicals which with any special mixture desired we will furnish at Baltimore prices.

We might insert numerous testimonials, but prefer to hold them at our office subject to the perusal of all, and simply add the names of a few who have used our goods and to whom we respectfully refer as to their merits:

Literary Revolution and Universal Knowledge.

An Encyclopædia in 20 Volumes, over 16,000 Pages; 10 per cent more matter than any Encyclopædia ever before published in this country, and sold, handsomely and well bound, in cloth for $10, in half morocco for $15, and printed on fine heavy paper, wide margins, bound in half Russia, gilt top, for $20—an enterprise so extraordinary that its success, beyond all precedent in book publishing, may be fairly claimed to inagurate a *Literary Revolution.*

THE LIBRARY OF UNIVERSAL KNOWLEDGE is a reprint of the last (1879) Edinburgh edition of "Chamber's Encyclopædia," with about 40 per cent. of new matter added, upon topics of special interest to American readars, thus making it equal in character to any similar work, better than any other suited to the wants of the great majority of those who consult works of reference, and altogether the latest Encyclopædia in the field.

Specimen Volumes in either style will be sent for examination with privilege of return on receipt of proportionate price per volume.

Special Discounts to all early subscribers, and extra discounts to clubs. Full particulars with descriptive catalogue of many other standard works equally low in price, sent free.

Leading principles of the AMERICAN BOOK EXCHANGE:

I—Publish only books of real value.

II—Work upon the basis of *present cost* of making books, about one half what it was a few years ago.

III.—Sell to buyers direct, and save them the 50 to 60 per cent. commission commonly allowed to dealers.

IV.—The cost of books when made 10,000 at a time is but a fraction of the cost when made 500 at a time—adopt the low price and sell the large quantity.

V.—Use good type, paper, etc., do careful printing, and strong, neat binding, but avoid all "padding," fat and heavily-leaded type, spongy paper and gaudy binding, which are so commonly resorted to to make books appear large and fine, and which greatly add to their cost, but do not add to their value.

VI.—To make $1 and a friend is better than to make $5 and an enemy.

It is unnecessary to add that our prices will be as reasonable, and that freight intrusted to us will be handled with as great care as by any responsible line on the river. A good wharf, 110 feet long, with shed over the entire length, has been secured in Baltimore, where fruit will show to the best advantage, and the demand for fruit from this wharf will not be excelled by any other in the city. A reasonable share of public patronage is respectfully solicited.

RAMBO LIME.

LAST year I purchased from Nathan Rambo the Blue Quarry upon the lands devised to him by his father, the elder Nathan Rambo. It was out of this Quarry that the Limestone came which gave this Lime its high reputation.

This, and this only, is the GENUINE RAMBO LIME.

I own ALL of the land on which this stone lies. This Quarry was discontinued only because a vein of earth cut off the face. I have cut through this and re-opened these Quarries upon the original stone which old Nathan Rambo quarried as long as he could find it.

WE CHALLENGE ALL TESTS.

R. McCOY & CO.

Robert McCoy bought of me my Blue Quarry—I have seen it since he re-opened it, and am satisfied that he works on the blue stone worked by my father in his lifetime.

NATHAN RAMBO.

This Lime will be shipped by railroad or water to all stations and landings in Maryland and Delaware. For Prices and Terms apply to

W. Register's MARBLE WORKS,

Chestertown, Md.

ALLOW ME to tender my sincere thanks for the past patronage of the public, and hope to receive their approval and patronage this present year. I am prepared to cut and finish every design in the marble business.

I have a very handsome assortment of my own finished

TOMBSTONES. Some of the Latest Designs,

HANDSOMELY FINISHED,

COPIED FROM THE LATE PARIS EXHIBITION.

A large assortment for children, different patterns, some as low as $6.00, lettering included. Some fifty different patterns for grown persons, handsomely finished, some of them as low as $15.00, lettering included. Also, a fine line of different patterns, expressly for the

QUAKER BURYING GROUNDS,

very thick and heavy and handsomely finished of the best marble.

Marble Posts, marble Vases with Pedestal, Marble Coping, Tombstones and Monuments, of all sizes and styles.

Marble or Sandstone worked to order. I warrant all my work not to color or blister—time has no effect on it. I set up all of my work, thus relieving the purchaser of all trouble or risk.

Come one, come all, that are in want, and examine my work and learn my prices. I will be thankful. Don't send the money out of your own neighborhood.

Call and see me. I do not like to canvass for work, for I think it too sad a business to barter with relatives or friends.

My work can be seen in all the cemeteries of Kent and the adjoining counties.
