The attention of those interested is called to the following provisions of the Act of 1876:

The fifth section provides that the officers of Registration shall, before striking from said list of qualified voters and from said books of registration the name of any registered person, diligently inquire and accurately ascertain that said registered person does not possess, or before the election next ensuing will not possess the requisite qualifications to entitle him to be registered as a qualified voter in such precinct or election district, or that such person is disqualified under the provisions of the second and third Sections of the first Article of the Constitution; and if it shall appear that said registered person does not possess or will not possess said qualifications, and that he is so disqualified, then said officer shall strike the name of such person from said list of qualified voters and said books of registration, but if it shall appear otherwise then such officer shall not strike the name of such person from said books of registration and from said list of qualified voters; and before registering as a qualified voter any person who has applied to said Officers of Registration to be registered as a qualified voter, said officer shall diligently inquire and accurately ascertain that such person possesses or will possess before the election next ensuing the requisite qualifications to entitle him to be registered as a qualified voter, and that he is not disqualified under the provisions of the second and third sections of the first Article of the Constitution; and if it shall appear that said person so applying possesses or will possess before said day of election said qualifications, and is not so disqualified, then said officers of registration shall register the name of such person as a qualified voter; but they shall not register the name of any person who does not or will not possess said qualifications or is so disqualified; and when any person applying, as aforesaid, for registration, shall have been previously registered within this State, the officer of registration to whom such application is made, before registering such person shall demand and receive from him a certificate of his previous legal registration, and such certificate of previous registration shall be cancelled by the officer who shall register such person anew.

The thirteenth section provides that no person shall be entitled to be or remain registered in any precinct or election district, unless he shall have been a resident of the State for one year, and of the city of Baltimore, or the county in which registration is claimed, for six months next preceding the next ensuing election, at which such registration would be evidence of the right of the person so registered to vote; and in case any county or city shall be so divided as to form portions of different electoral districts for the election of representatives in Congress, delegates or other officers, then to entitle a person to be or remain registered in any particular section or part of such county or city, he must have been a resident of that part or section of the electoral district in which he claims to be or is registered for six months next preceding the next election, at which such registration would be evidence of the right of the person so registered to vote; and the residence necessary to entitle any person to be or remain so registered, shall be an actual bona fide residence within the precinct or district within which such person may claim to reside and to be registered, and such actual bona fide residence shall be established upon the oath or affirmation of competent evidence to the satisfaction of the register to whom the application is made, and to the satisfaction of the judge or judges to whom any appeal is made under the provisions of this Act; and the neglect or refusal of any person deeming himself aggrieved by the refusal of any officer of registration to register his name, or by the striking off of his name from the list of qualified voters, to appeal by petition from such action, as provided for in this act, shall be deemed and taken to be conclusive evidence that the said person was rightfully refused registration, or that the name of such person was rightfully stricken from the list of qualified voters of such precinct or election district.

The law further provides, that whilst discharging the duties imposed by the several sections of this act, said officers of registration shall have and exercise the dowers of a Justice of the Peace for the preservation of order around the place of registration, and may compel the presence of witnesses for the purpose of obtaining any information necessary to an intelligent discharge of the duties of their office; they shall have power to issue summonses, attachments and commitments, to any constable or sheriff, who shall serve such process as if issued by a Judge of a Court or a Justice of the Peace.
