Chestertown Transcript.

THURSDAY, SEPT. 9, 1880.

The Oyster Trade commenced with the first of September.

A. C. Yates & Co., of Philadelphia, advertise their extensive clothing house in this issue.

The Cecil County News is the name of a new paper published at Elkton. We received the first number last week. It presented a neat appearance.

Personal.—Capt. H. W. Vickers has been confined to his bed for the last week with an attack of remittent fever. The Captain's friends hope to see him up and about soon.

Land Sale.—Charles T. Westcott, Esq, as Trustee, sold at public sale, on Tuesday last, the Dr. Worrell farm, located near Chestertown, to Mr. James W. Chapman, for $12,903, being at the rate of $51 per acre.

Church Dedication.—Rev. F. T. Little, the pastor, requests us to say that the Methodist Protestant Church at Lynch's Station in this county, will be dedicated to the service of Almighty God, on Sunday the 12th day of September, 1880.

Normal School Appointments.—In addition to the appointment of Misses Ida H. R. Wood and Virginia E. Miller, (heretofore published) the School Board of Kent county have also appointed Miss Lulie Harris, of Chestertown, to the State Normal School.

The Circus came on Saturday. The acting was very good, though there was not quite as great a variety of performance as is sometimes seen at circuses. The animals were few. The attendance in the afternoon was somewhat limited, but was larger at night.

Sabbath School Anniversary.—The Methodist Protestant Sabbath school, of Kennedyville, will hold its anniversary next Sunday, the 12th inst. The exercises will consist of Scriptural recitations, select readings, concert exercises, &c. The public are invited to attend.

Vennor, the weather prophet, predicts frost early in this month and snow by the first of October. As Vennor is a Canadian and makes his predictions more especially with regard to Canada, we may make some modification for this latitude, at least we can leave out the "snow by the first of October."

Chester River Steamboat Company.—On Monday next the Fall and Winter arrangement will go into effect, and the daily round trips of the B. S. Ford will be discontinued. Mondays, Wednesdays and Fridays, the Ford will leave Chestertown for Baltimore, at eight o'clock in the morning, returning the following days. The George Law will leave Crumpton, touching at Chestertown, every Tuesday, Thursday and Saturday morning. See the advertisement in another column.

Privileges at the Fair.—The following privileges have been so far awarded by the managers of the Kent fair: The eating and ice-cream tables to the ladies of St. James', at $80. Mr. William Ivens, of Worton, has the stables. The privileges of manufacturing and selling candy on the ground, to J. Allenbaugh, of Baltimore. The flying-horse machine to G. E. Noland of Tolchester. Temperance drinks to M. A. Toulson of Chestertown. Peanut stand to —— Rice, of Middletown, Del. Some other privileges have not yet been disposed of.

The Kent Fair.—Next Tuesday, Wednesday and Thursday, the 14th, 15th and 16th days of September, are the days upon which the Kent Fair is to be held. Everything pertaining to the coming fair is now being put in order,—the track is being put in the best condition, and the managers are preparing for a large display of all kinds of exhibits. They are sparing no efforts to make the fair more of a success this year than it has ever been hitherto. The wives and daughters of the members are using their good taste to make the ladies' department more attractive than ever.

To be Retaken.—The census in the upper district of this county, after considerable delay, is to be retaken. Though there was the plainest evidence that the enumeration had been carelessly taken, yet there seemed to be some strange reluctance on the part of the supervisor for the Eastern Shore district, to having the upper district of Kent county retaken. However, through the persevering efforts of some of our home citizens, seconded by the assistance of Senator Groome, two new enumerators have been appointed,—Thomas Sappington to retake the district North of the railroad, and Clarence Hurlock to retake the district South of the railroad. It is presumed the enumerators will receive their books and commence operations this week, and conclude the enumeration as soon thereafter as they can.

Teachers' Association.—The first quarterly Teachers' Association for the present school year, met at the school room in Chestertown, at 10 o'clock A. M., on Saturday last. A motion made by Mr. Crosby, that the Association hold but one session, was adopted.

The first question for discussion that came up before the association, was one that was laid over from last meeting, viz: "To what extent should drawing be taught in our public schools?"

Miss Leaverton said she thought drawing ought to be taught in our schools. It ought to be taught as a special study, but as no provision is made for so teaching it, it should be taught in connection with other studies. She certainly thinks it is practicable to teach it even under present circumstances. She thinks that Friday afternoon or some other spare time that is set apart for special exercises, might be devoted to drawing. Has never seen a child that could not be taught to draw.

Mr. Pinkind said he considered drawing difficult to introduce as a special study. He thinks that the work in our schools is already sufficiently crowded. He thinks drawing may be profitably used with lower grades as a means of keeping them employed.

Mr. Pearson said that he agreed with Mr. Pinkind in thinking there is no room for drawing in the higher grades. He teaches the smaller pupils to draw in connection with other studies.

Mr. Crawford held that drawing requires special talent. In support of his belief, he told a story of his own early experience. He described his method of teaching to draw straight lines, curves and angles.

Miss Comegys thinks that one of the principal advantages of drawing is that it keeps the little ones quiet. She puts objects on the board, and has pupils copy them.

Miss Strong thinks the teaching of drawing very necessary. Thinks that drawing should certainly be taught with some studies.

Mr. Fallowfield thinks that drawing helps children in their writing. He thinks children should not be taught to draw from lines, but from pictures.

Mr. Barroll tries to teach drawing. Thinks that every child should be taught to draw from sight.

Mr. Jarman said he thinks not one-tenth of the children have talent for drawing. Thinks it should be encouraged in those who have talent for it. He has not time for teaching it in his school.

The president said that he thinks if there is any universal talent in the school room, it is the talent for drawing. He didn't mean to say that the majority of pupils might learn to be portrait painters, but that there is a very general turn for drawing among children. Give them slates and pencils, and they will be making something, and the propensity may as well be profitably directed. He thinks that children in the first place should be taught to draw from lines because it is more simple.

The second question brought up for discussion was also one left over from last association, viz: "What advantage, if any, is there in memorizing a word without knowing its meaning?"

Mr. Pinkind said that he desired rather to hear the question discussed, than to discuss it. He thinks there is very little advantage in learning to spell a word without knowing its meaning. If there is any advantage, it may be that it helps the memory.

Mr. Bowers thinks that spelling lessons are generally too long. Short lessons should be given, and the meaning of each word required. He thinks that the memorizing of words is of very little benefit to the intellect of the child.

Mr. Crosby thinks it an advantage to spell a word even if the meaning is not known. He said we all know the meaning of more words than we know how to spell.

Miss Hazzard thinks it absurd to require pupils to give the meaning of every word they spell. Pupils cannot remember meanings, and it is confusing for them to be required to commit meanings. She believes in giving good long spelling lessons.

Mr. Taylor said that according to Miss Hazzard's rating he is absurd in his seventh grade, as he assigns words and requires the meanings to be given. Miss Hazzard explained that she referred principally in her remarks to younger pupils, and Mr. Crosby also explained his meaning more definitely.

The discussion of the question was continued at considerable length by Messrs. Pinkind, Taylor, Crosby, Bowers, Miss Hazzard and the president. The president said he thinks different methods should be employed to teach the meanings in the higher and lower grades. He considers the question an important one. Some teachers require pupils to look out the definition of every word in the spelling lesson. He thinks with Miss Hazzard that this is absurd. He thinks the teacher should select certain desirable words, and that the meanings of these should be required. He thinks some teachers make a mistake in assigning too long spelling lessons. He has known teachers to give as many as 100 words. He thinks a lesson had better be too short than too long.

Mr. Pinkind wrote upon the board a word as a sample of some of the words that occur in the spelling books used in the schools. The word was "Zenodochy." None of the teachers could tell its meaning. Mr. Crosby found by reference to Webster's Unabridged Lexicon the word to be of Greek origin, and to mean hospitality.

The first regular question for discussion was then taken up, viz: "What is the best method of winning the confidence and affection of vicious pupils?"

Mr. Crosby said that while a pupil is vicious he don't want his confidence, and thinks it would be impossible to win his affections because he hasn't got any. He thought that "unruly" would perhaps better express the meaning meant to be conveyed in the question. He thinks that a child's character depends much upon his raising and surroundings. He finds out first what the outside bearings to be brought upon a child are. He wound up by telling the story of a boy with "a very active disposition," that was at one time under his charge.

The question was further discussed by Messrs. Tonkin, Samuel Wallis, McNeal, Barroll and the president. At the conclusion of this discussion the president introduced to the association Mr. C. F. Stam, who delivered a very entertaining address, taking for his subject the quotation,—

"Wisely improve the present, it is thine:
Go forth to meet the shadowy future without fear."

After the address a recess of ten minutes was taken, after which the exercises were reopened with music, Mrs. Stephens presiding at the organ. The regular essay was read by Miss Johnson: subject, "The Responsibilities of Teaching."

The Literary Committee submitted the following questions for discussion at the next meeting:

1st—"Does excessive cultivation of the memory tend to dwarf the other faculties of the mind?"

2d—"How to induce proper methods of thought on the part of the pupil?"

After the asking and answering of several questions, the second regular question, "What limit should be put on whispering, and how?" was discussed by Mr. Toping, Miss Downes, Mr. Bowers, Mrs. Stephens, Miss Harris, Miss Noland, Mr. Wallis, Miss V. Power, Mr. Tonkin, the Examiner, Mr. Crosby, Mr. Jarman, Miss M. A. Downes.

The former secretary of the association, Mr. A. N. Ebaugh, having removed from the county, the association proceeded to fill the vacancy by ballot, which resulted in the election of Mr. J. S. Bowers. There being no other business before the association it adjourned.

Baltimore Grain Market.—From the *Sun* of Wednesday, we make the following quotations: Southern Wheat was in good demand, with sales ranging from 97 cts. a $1 02 for Fultz, and 1 05 a $1 10 for long-berry. No. 1 Maryland red sold at 1 10 a $1 12. No Southern corn in market: Western, mixed, 51 cents for spot.

Orphans' Court, TUESDAY, Aug. 13, 1880.—Present, Judges Nicholson, Shallcross and Willson.

Chas. H. Baker, guardian to James T. DeCorse, filed his bond in the sum of $10,000, which was approved and ordered to be recorded.

On application, letters of administration on the personal estate of John P. Wallis, deceased, were granted and committed unto Annie M. Wallis, who filed her bond in the sum of $800, which was approved and ordered to be recorded.

W. F. Spry, one of the administrators of Geo. T. Spry, deceased, returned an account of sales of the personal estate of said deceased, which was received and ordered to be recorded.

The managers of the State Fair are busily engaged renovating and fixing up their buildings and grounds. The next Fair begins on the 27th of September. Let all who can exhibit something. We are told the accommodations, premiums, music, and trotting, have all been improved on for this year's entertainment at Fairview Park. The State Fair certainly will "draw."

M. B. Roberts' Horse Powders have been used with astonishing results in the stables of Mr. Pierre Lorillard, so much so, that the Englishmen have been ordering it in large quantities; since Parole, Wallenstein and other American horses, have won thousands of dollars for their owners.

No more sick Chickens. Save your poultry and cure them of disease, by using Roberts' Poultry Powder. It has never failed to cure Cholera, and all diseases to which fowls are subject. Price 25 cents per package.

How often do we hear the remark: O, he only took a slight cold at first, and he thought it would go as it came! He took nothing for it, and it fastened on his lungs, and now he is in the last stages of consumption. Prevention is better than cure. Sine's Syrup of Tar, Wild Cherry and Hoarhound cures Coughs, Colds, Asthma and Lung Affections. It has a reputation of over 40 years. Price 25 and 50 cents per bottle. Your druggist has it.

A life of torture is often endured by the rheumatic; their pangs may, however, be relieved by the use of the old reliable remedy, Roberts' Embrocation. Sold over 50 years. No mushroom growth, its reputation excels all other remedies. Price 35 cents per bottle. Try it just once.

Mothers, before giving your little babe cough or croup medicines, remember that Sines' Syrup of Tar, Hoarhound and Wild Cherry, is the only cough preparation that contains no opium, morphine, nor any other narcotic.

To make a good broil; leave a letter for one of your old sweethearts where your wife can find it: and to avoid any bodily injury have a horse ready saddled that has taken Roberts' Celebrated Horse Powders. Price 25 cents per package.

Sines' Syrup of Tar, Wild Cherry and Hoarhound is very pleasant to the taste, and the oldest and best remedy in the market for coughs and colds. A splendid medicine for the baby. Try it. For sale by all druggists.

The Leaders of Fashionable Dress and Low Prices.—C. N. OEHM & SON, proprietors of the largest one-price double Clothing House, Baltimore, now occupy two entire three-story buildings with their splendid stock of Men's, Youth's, Boy's and Children's Clothing. Having bought and manufactured their entire stock before the great advance of woolens, they are selling great bargains in every department for spring and summer wear, which none can afford to overlook. We feel it our duty to call the attention of our readers to this truly famous and reliable establish[illegible] corner of Pratt and Hanover Sts. No[illegible] need of clothing, ready-made or made to [illegible]ould fail to call on OEHM & Son and [illegible] prices at which the most choice[illegible]g garments are selling.

Chi[illegible]s can be cured with M. B. R[illegible]der. Try it and be conv[illegible]

Kent County AGRICULTURAL FAIR!

THE *KENT COUNTY AGRICULTURAL SOCIETY* will hold its

TENTH ANNUAL EXHIBITION

On its Grounds, Worton Station, near Chestertown,

On Sept. 14, 15 and 16, 1880

T. W. ELIASON, JR.'S

No. 1 Ammoniated

Superphosphate of Lime and Potash,

COMPOSED OF

Dissolved Animal Bones, Acid Phosphate, and Salts of Potash and Soda.

Guaranteed Not to contain a SINGLE POUND of adulterating Material, but on the contrary Every article used in its manufacture is a FERTILIZER.

PRICE: $32 PER TON CASH. $34 per Ton on Time.

The success this article met with last year was such that I was unable to supply the demand for it; and it is gratifying to be able to say that to-day *it is more highly esteemed by those who used it the past season than it was then.*

So far, wherever there has been a COMPLETE TEST of the value of this goods, as compared with other manufactured goods on the market, by actual measure and weight of wheat grown that has come to my knowledge, No. 1 has proved itself fully equal to, and in a number of cases better, than other goods costing much more money; in one case giving *Eight Bushels of Wheat to the Acre more than* —— ——, costing $5 per ton more than No. 1.

Please read carefully the letters appended:

CHESTERTOWN, MD., July 20, 1880.

MR. T W. ELIASON, JR.—*Dear Sir:* In reply to your inquiries concerning your "No. 1 Ammoniated Super Phosphate," I would say that I am pleased with it. It gave me a *much better* yield of wheat than —— —— ——, and —— —— costing me *five dollars more per ton than yours.* I cheerfully recommend its use, believing it to be equal if not superior to any goods on the market.

(Signed) THOMAS P. DIXON.

CHESTERTOWN, MD., July 16, 1880.

MR. T. W. ELIASON, JR.:—In answer to your inquiry concerning your "No. 1 Ammoniated Superphosphate," I would say, that it has given me *entire satisfaction.* I used it by the side of a goods costing me $5.00 per ton more, and applied the two goods on the same field, at the same rate per acre, the land being same quality on which both goods were used. I threshed the two parts separately; the part on which *your* goods was applied gave me *EIGHT BUSHELS OF WHEAT MORE TO THE ACRE* than the other goods; the wheat having, also, a prettier color. I regard your goods as fully equal, if not better, than any on the market.

(Signed) J. E. NEWCOMB.

FAIRLEE, July 15, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* In reply to your inquiry as to the results of your No. 1 Ammoniated Super Phosphate, on my Wheat, this last season, it gives me pleasure to be able to say that I am very much pleased with it. I regard it as a No. 1 article.

(Signed) JOHN P. NICHOLSON.

CHESTERTOWN, July 17, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* Your No. 1 Ammoniated Super Phosphate of Lime has given me complete satisfaction. With its use my yield of wheat was better than I ever had before. Your goods is, in my estimation, equal to any on the market *without regard to price.*

(Signed) Yours, J. W. PRICE.

CHESTERTOWN, July 8, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* I used your No. 1 Ammoniated Super Phosphate on my wheat last fall with other goods costing me five and seven dollars per ton more. I am satisfied that your No. 1 did as well for me as any of them; and regard it as second to no fertilizer on the market for wheat.

(Signed) Yours, respectfully, S. LECATES.

CHESTERTOWN, July 20, 1880.

MR. T. W. ELIASON, JR.—*Sir:* Your No. 1 Ammoniated Super Phosphate has given me *entire satisfaction.* I used it on my wheat the past two seasons, and am satisfied that it is a first-class article.

(Signed) ROBERT NICHOLSON.

CHESTERTOWN, July 24, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* I used your No. 1 Ammoniated Super Phosphate two years ago on my wheat, and also —— ——, costing me five dollars per ton more. The results were such, that I abandoned the —— ——, your goods doing so much better for me. This last fall I used it by the side of two others, both costing me considerable more than yours. It gave me *much more* wheat than one of these goods, and was fully equal to the other in yield. I take pleasure in saying that I am very well pleased with it. It drills nicely; and I expect to use it again.

(Signed) SAMUEL G. LEE.

CHESTERTOWN, July 24, 1880.

MR. T. W. ELIASON, JR.—In reply to your inquiries concerning the results of your No. 1 Ammoniated Super Phosphate, which I have used upon my wheat the two past seasons, I would say that the first season I used it, it was by the side of —— —— ——, costing me seven dollars per ton more than yours. After cutting and threshing my wheat, I was satisfied that your No. 1 gave me a *much larger yield,* and a *finer, plumper grain.* So marked was the difference, that I discontinued the use of —— ——, for your goods. Last fall I used it by the side of —— ——, costing me five dollars more per ton than your No. 1. I applied it at the same rate per acre. After threshing my wheat, I found that your No. 1 had given me 3½ bushels per acre more, and a fuller, better colored grain. Of course, with these results I am pleased with it, and shall use it again.

(Signed) Yours truly, E. J. WATSON.

CHESTERTOWN, July 13, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* In reply to your inquiries concerning your No. 1 Ammoniated Super Phosphate, I would say, that I am very much pleased with it. I used it by the side of goods costing me, in one instance five dollars per ton more, and in the other six dollars per ton more than yours—the latter being a goods very popular and of long established reputation. Your No. 1 gave me, I am satisfied, the *largest yield.* I regard it as the *best* goods on the market.

(Signed) Yours, &c. J. S. TREW.

CHESTERTOWN, July 15, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* I have used your No. 1 Ammo. Super Phosphate, for the two past seasons, with *entire satisfaction.* Your goods doing for me much better than anything else I tried, I consider it the best goods on the market.

(Signed) Yours, JOHN F. COPPER.

Ohio Chilled Plow.

For lightness of draught, durability and superior work, this Plow cannot be equaled and has never been by any yet introduced; this may be considered by some a broad claim, but a trial will soon convince as to the correctness thereof. All who purchased of us last spring were so much pleased that they seem to delight in talking about them to their friends, and this fact alone has made for us a number of sales even this early in the season, hence it can be truly said that the OHIO CHILLED advertises and sells itself.

Bickford & Huffman's

Farmers' Favorite Grain Drills.

The PIONEER DRILL of AMERICA.

These Drills are so well known and in such universal use that it is not necessary to advertise its many points of superior merit, and we simply insert this more as a notice of the change of agents than as an advertisement of the Drill. Call and see us before purchasing.

Perry Spring Tooth Harrow.

Improvements in agricultural implements having finally reached the Harrow, we now present to our friends and patrons, claiming for it the great advantage of being both a time and labor-saving implement. Our neighbors of other States and counties of this State inform us that they are fast taking the place of the old solid tooth and from their representation and our own judgement, we firmly believe that ere long they will have entirely displaced all the old ones ever amongst us. Try one and judge for yourselves.

All of the above are for sale by

MANUFACTURED BY

KENNARD & CO.

—:O:—

THE late crops where the above were used are the strongest possible testimonials, and it is with pleasure we can say that our goods have equalled, and in many cases, surpassed any article in the market, and along side the old standard brands they have been proven to be of the most superior quality.

The low price at which we sell is alone attributable to the fact that we pay no commission to agents, and are satisfied with a close margin ourselves.

Our Factory is always open to the farmers, and a cordial invitation is extended them to visit us there and inspect for themselves.

We also carry a full line of chemicals which with any special mixture desired we will furnish at Baltimore prices.

We might insert numerous testimonials, but prefer to hold them at our office subject to the perusal of all, and simply add the names of a few who have used our goods and to whom we respectfully refer as to their merits:

B. F. FLEMING,

DEALER IN

GRAIN, LIME, COAL, WOOD, PEACH CRATES AND BASKETS.

Schuylkill Lime a Specialty.

Mr. B. F. Fleming: I used Mogee's Schuylkill Lime on corn last spring. It slacked more to the bushel, acted quicker, and gave me the best satisfaction of any Lime I have ever used.

GEORGE H. SNITCHER.

Mr. B. F. Fleming: We have used Mogee's Lime for three successive seasons. It slacks more, contains less core, acts quicker, and we believe it is the best Lime in the market.

JOS. S. FOWLER, Round Top.
