Chestertown Transcript.

THURSDAY, OCT. 21, 1880.

Wild Ducks.—The first wild ducks we have seen this season were in market last week.

The Frosts have fattened the rabbits. Some very nice ones were in market this week.

Frost and Ice.—A very heavy white frost, and the first ice of the season, appeared last Tuesday morning.

The Epizooty is afflicting many of the horses on some parts of the peninsula. We have not heard that the malady is troubling Kent county horses as yet.

Don't Forget the Fair at the Town Hall this week, by the ladies of the Methodist Protestant church. It opened last night with a very nice supper and sociable.

Wild Geese and ducks are making their appearance in our waters earlier than usual and in larger quanties. It is said to indicate an early and severe winter.

Diptheria.—Chestertown, for some weeks past, has been suffering from a visitation of this dreadful disease. Its attacks, we believe, have been confined entirely to children. The cases have been numerous, but mostly of so mild a type as readily to yield to medical treatment; but in a few instances the disease has assumed a very malignant form, and death speedily ensued.

Attending Court.—Among those in attendance at this session of court is "Sadie Bell," the famous forest beauty, who distinguished herself for coolness and pluck a few weeks ago, when William Daniels and others made an attack upon the house of Wesley Murphy. She is present as a witness in the trial of Murphy, which is expected to come off this court. Her grandmother is also present as a witness.

An Excursion to Philadelphia.—On next Thursday, the 28th instant, the Kent County Railroad proposes to run an excursion to Philadelphia, in order to give those who would like to visit that city an opportunity of doing so at very moderate cost. Round trip tickets from any station on the Kent road will be sold at two dollars, good for three days. Trains will leave on regular schedule time.

Baltimore Grain Market.—From the *Sun* of Tuesday, we make the following quotations:—

The demand for Southern Wheat is good and the marke. is steady to firm, with a moderate supply arriving. Sales include fair to good Fultz at 1 10a$1 13, and fair to prime longberry at 1 15a$1 20. No. 1 Maryland red sold at 1 16½a$1 17½. Southern Corn is in light supply and the market is firm: sales of white at 55a56 cents, and yellow at 56 cents for old or new. Best white oats sold at 40a40½ cents.

Game Law.—The general State law permits the shooting of woodcock from June 15th to February 1st; partridges from November 1st to December 24th; pheasants from August 15th to January 1st; rabbits from October 15 to January 15. Any person who shall catch, kill or have in his possession any of these, save between the above named dates, is liable to a fine of $10 for each bird or rabbit, one half of which goes to the informer. In this county the law permits the shooting of partridges from the 1st of November to the 1st of January.

To Baltimore's Illumination.—Many from Kent went over Tuesday afternoon to see the grand illumination and pyrotecnic display at the close of Baltimore's anniversary celebration Tuesday night. Those who went were somewhat disappointed, as the display did not come up to their expectations. The most attractive feature of Tuesday evening's celebration was the free concerts in front of the American and Sun newspaper buildings. The crowd on Baltimore street, in the vicinity of these buildings, is said to have been dense.

October Term of Circuit Court for Kent County.—Monday, October 18, 1880.—Court met, and were present Hon. Joseph A. Wickes, Eugene Gooding, sheriff, Samuel Beck, clerk.

July Term was called and finally adjourned. October Term was called, the sheriff sworn, and panel of jurors returned. The Grand Jury was drawn and empaneled, as follows:—Richard W. Jones foreman, William Hepbron, Columbus A. Leary, Samuel L. Blackiston, Joseph H. Hossinger, W. J. Blackiston, Benjamin M. Hazel, Stephen Lecates, William A. Hyland, Tilghman Shafer, Robert S. Emory, Comegys Cosden, James A. Shaw, John C. Sutton, Josias S. Ringgold, jr., James Brice, Henry A. Craft, Samuel Todd, William Thomas of Wm., George W. Jones, Richard T. Turner, James C. Roseberry. Petit Jury—Henry M. Thomas, Foreman, Abel J. Rees, Thomas S. Wickes, Thomas Gale of John, George E. Lear, J. Wrightson Howard, Samuel Burgess, Col. F. Taylor, John Z. Clark, Charles H. Wickes, William J. McFeely, Samuel A. J. Wickes, Thomas W. Toulson, Henry Bramble, Purnell Jefferson, Isaiah C. Taylor, Thomas B. Hynson, Benjamin F. Sappington, Thomas P. Dixon, David Clements, Thomas J. Vickers, Bartus Trew, Samuel A. Merritt, John W. Jarman of Samuel.

George C. Adkinson, John W. Carroll and John H. Greenwood, bailiffs to court.

Criminal and Appearance Dockets called and the usual entries made. Trial and Appeal Dockets called. M. deK. Smith assigned for defense in No. 3 criminal; R. Hynson assigned for defence in No. 4, criminal.

Tuesday, October 19.—Court met, and were present Hons. John M. Robinson, Joseph A. Wickes and Frederick Stump. Appeal docket called, and the following cases were disposed of:

David Clements, garnishee of John W. Mann, vs. Eliza J. Lemly. Appeal from William A. Miller, Justice of the Peace. Tried before the Court. Judgment confirmed. Hynson for appellant, Vickers for appellee.

Thomas A. Hudson vs. Joel C. Slaughter Appeal from J. Evan Thomas, Justice of the Peace. Tried before the Court. Judgment reversed: judgment for appellant for costs above and below. Pearce for appellant, Hynson for appellee.

F. A. Wallis vs. John N. Collyer, agent for S. G. Swartz. Appeal from S. C. Brannock, Justice of the Peace. Tried before the court: judgment affirmed. Hines & Smith for appellant, Slay for appellee.

The Grand Jury brought in indictments against Henry Urie, for selling a pint of whiskey to Wesley K. Ayers and others; Emiline Hodges for keeping a disorderly house; Richard Frazier for cutting with a knife John Ducket.

The Court ordered attachments for contempt against John Gray and Anna R. Mander for not attending as witnesses to grand jury after being thereto legally summoned.

Fatal Accident.—*A Youth Shot and Instantly Killed.*—On Saturday afternoon last, Master William Dewing, a very promising lad of 16 years, and son of Rev. T. S. Dewing, who resides about four miles from town, in Spaniard's Neck, was shot in the stomach and instantly killed under very distressing circumstances. It seems that young Dewing with two friends, Augustus Keating and George Leonard Harley were gunning for squirrels on Mr. Dewing's farm, the three boys having with them two double-barrel guns. Coming to a branch young Keating and young Harley crossed over and young Dewing proceeded to pass the guns over to them, both guns being cocked. The first gun was handed to young Keating muzzle foremost, for which Keating remonstrated with him, but took the gun and laid it down. The other gun was then handed over breech foremost and with the barrels unfortunately pointing towards Dewing's stomach. Just as young Keating was in the act of reaching for it the gun was discharged, it is supposed by a twig locking the trigger, and the whole load passed into the stomach of Master Dewing. He fell to the ground exclaiming, "Lord, have mercy on my soul," the gun falling into the stream. The other boys sprang across to their wounded friend and made him as comfortable as possible, and one of them ran to the house and procured a dearborn with which they took him to the house. Mrs. Dewing and her father, who had been to the Baltimore centennial, reached home just as the unfortunate lad was brought home a corpse. The shock was very great, and a messenger was at once despatched to town for physicians. Drs. Bordley and Earle hastened to the place, but the young man was dead when they reached him. They examined his wounds and found that the whole load had entered the stomach, severing the intestines, and producing almost instant death.—The funeral of the unfortunate lad took place on Sunday afternoon and was largely attended by sympathizing friends from the town and vicinity.—*Centreville Observer.*

BALTIMORE'S ANNIVERSARY.

Baltimore is through with the celebration of her 150th anniversary. Every day of the celebration was a credit to Baltimoreans. On the very first day—Monday the 11th instant,—the influx of visitors was estimated at 30,000, and the crowd did not seem to diminish during the whole week. In addition to the visitors, nine-tenths of the people of Baltimore turned out to see the parades, so that it is estimated that there were gathered along the routes of the parades from 200,000 to 300,000 people daily. The parade of Monday, the military parade of Wednesday and the society parade of Thursday are considered to have been the best.

It was the expression of nearly all visitors, that the decorations were the most extensive and the handsomest they had ever seen,—more extensive and handsomer than the decorations of Philadelphia during the centennial. The illumination on Baltimore street each night was very beautiful. There were a number of electric lights scattered up and down the street, that made their vicinity almost as bright as day. The fronts of nearly all the stores were illuminated. The fronts of some glittered with a thousand gas jets, arranged in beautiful designs.

KENT PEOPLE.

There must have been, altogether, as many as 1000 people from Kent county to witness the anniversary. They turned up at every hotel, and on every street corner. It was almost impossible to walk a hundred yards without meeting a dozen or so Kent countians. They were as thick as bumble bees in harvest time, and they all seemed to be having a tip-top time. All along the routes of the parades they were stationed, taking in everything that was to be seen.

THE KENT GUARDS

went over on the Ford, on Wednesday of last week, to take part in the military parade. They made a handsome appearance in the procession, and marched with as much accuracy as older companies. They were frequently cheered on the route by Kent county friends. The long tramp over cobble-stones was somewhat of a trial to some of the young soldiers, however, and they complained next day of feeling somewhat used up. Some of them were not so much used up, though, as to prevent them putting in a lark Wednesday night.

Orphans' Court, TUESDAY, Oct. 19, 1880.—Present, Judges Nicholson, Shallcross and Willson.

W. J. Wilson filed the last Will and Testament of Walter J. Griffith, late of Kent county, deceased, which was admitted to probate and ordered to be recorded.

Letters of Administration C. T. A. on the personal estate of Walter J. Griffith, were granted and committed unto Mrs. Annie R. Griffith and J. F. Wilson, (W. J. Wilson, executor named in the Will first renouncing) who filed their bond in the sum of $6,000, which was approved and ordered to be recorded, and B. F. H. Caulk and David Stewart were appointed to appraise the personal estate of said deceased.

Richard C. Johnson filed his release from Louis H. Dreka and Mary E. Dreka his wife, which was received and ordered to be recorded.

John Z. Clark and Frisby H. Boulden, admrs. of Alfred Jervis, returned their second administration account, which was examined, passed as stated, and ordered to be recorded.

William D. Burchinal, late guardian to Catharine L. Lively, filed his release from said ward, which was received and ordered to be recorded.

John P. Nicholson, guardian to Helen M. and Sarah S. Crow, returned his guardian accounts for said wards for the years 1878 and 1879, which were examined, passed as stated, and ordered to be recorded. Also, as guardian to Charles F. Crow, returned his account for said ward for the years 1878 and 1879, which was examined, passed as stated, and ordered to be recorded.

Henry S. Kennard and James A. Pearce, executors of Thomas C. Kennard, returned their first administration account: examined, passed as stated, and ordered to be recorded.

A. L. Vannort, one of the appraisers of the personal estate of W. A. Taylor, returned an inventory and appraisement of the personal estate of said deceased, which was received and ordered to be recorded.

The Leaders of Fashionable Dress and Low Prices.—C. N. OEHM & SON, proprietors of the largest one-price double Clothing House, Baltimore, now occupy two entire three-story buildings with their splendid stock of Men's, Youth's, Boy's and Children's Clothing. Having bought and manufactured their entire stock before the great advance of woolens, they are selling great bargains in every department for spring and summer wear, which none can afford to overlook. We feel it our duty to call the attention of our readers to this truly famous and reliable establishment, corner of Pratt and Hanover Sts. No one in need of clothing, ready-made or made to order, should fail to call on OEHM & SON and see the low prices at which the most choice and perfect fitting garments are selling.

A REMARKABLE WHEAT YIELD.

John N. Endwoods, living on the Oldham Massey farm, one half mile east of Chesterville, realized last harvest the following yield of wheat: On 10 acres he seeded 1 bushel and 1 peck to the acre, used 300 lbs. of the MARYLAND CO'S PHOSPHATE to the acre, and reaped a yield of 33 bushels of wheat to the acre. On 25 acres he seeded 1 bushel of wheat to the acre, used 200 lbs. of the same fertilizer to the acre and reaped 24 bushels of wheat per acre, making in all a crop of 920 bushels from 27½ bushels seeding. His fertilizer cost him only $30 per ton on time. Who can beat it? Beside the above named grower we refer also to Albert Medders, Chesterville, and Medford Copper, who threshed the wheat, and others of the neighborhood who will testify to the correctness of the yield.

T. W. WICKES

Agent for the Maryland Co's. Phosphate.

THE MARYLAND

Fertilizing & Manufacturing Co.,

Are prepared to furnish the following well-known Brands of Fertilizers:

"Ammoniated Super Phosphate."

A Complete Manure for ALL CROPS adapted to Lands

that require a full development of the Crop, both Straw and Grain.

"ALKALINE SUPER PHOSPHATE."

An article very rich in SOLUBLE PHOSPHATE OF LIME and the ALKALINES.

"DISSOLVED PHOSPHATE."

A High Grade SUPER PHOSPHATE OF LIME.

The ALKALINE and DISSOLVED PHOSPHATES have special reference to the growth and developement of the Grain, and are intended for lands that produce a sufficient growth of Straw, but small crops of Grain. They have been used for several years by some of the best farmers of Maryland and Virginia, alongside the highest grades Ammoniated Phosphates, and in some sections have almost superceded them.

The Fine Mechanical condition of our FERTILIZERS is such, that they Drill readily, and we recommend the use of the Drill as being the most profitable way of applying Fertilizers.

We refer to the following persons who used the above goods last season:

John C. Sutton, S. W. Aldridge, Levi Fiddis, Sr., Garrett Foxwell, Noble Pennington, William A. Wood, W. Hurlock, Richard Smith, Samuel Coppage, J. Hodgson, J. Newcomb, John Noland, and others.

TO WHEAT GROWERS

THE undersigned, PIONEER in the manufacture of Fertilizers in this city, and ORIGINATOR in 1858 of the Formulas and processes of manufacture of

'Excelsior' & Ammoniated Phosphate

So well and favorably known by the Agricultural public, relying upon his experience and personal reputation hitherto acquired in the uniform excellence of these Fertilizers, as manufactured by him, continues to offer them to the Farmers and Planters of Maryland and Virginia, with the assurance that the high standard quality of each will be maintained as heretofore.

The above are the most concentrated FERTILIZERS ever offered to the farmer—combining all the stimulating properties of Peruvian Guano, and the ever-durable fertilizing properties of Bones, in fine, dry powder, prepared expressly for drilling.

For growing Wheat, it is the universal opinion of the farmers of Maryland and Virginia, after over twenty years experience in the use of these FERTILIZERS manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of any other Fertilizer or Guano, therefore fully 50 per cent. cheaper.

With my present advantages and superior facilities for manufacturing, I challenge competition with any Fertilizer sold in the United States, in Quality, Mechanical Condition and Price.

By strictly adhering to my Original Formulas, using only the most concentrated materials, and superintending in person their manufacture—as for the past *twenty years*—

Uniform Quality is Guaranteed.

☞ Farmers, to secure the ONLY GENUINE EXCELSIOR and PHOSPHATE, prepared according to my Original Formulas established in 1858, should see that every Bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.

No. 1 Ammoniated

Superphosphate of Lime and Potash,

COMPOSED OF

Dissolved Animal Bones, Acid Phosphate, and Salts of Potash and Soda.

Guaranteed Not to contain a SINGLE POUND of adulterating Material, but on the contrary Every article used in its manufacture is a FERTILIZER.

PRICE: $32 PER TON CASH. $34 per Ton on Time.

☞ The success this article met with last year was such that I was unable to supply the demand for it; and it is gratifying to be able to say that to-day *it is more highly esteemed by those who used it the past season than it was then.*

So far, wherever there has been a COMPLETE TEST of the value of this goods, as compared with other manufactured goods on the market, by actual measure and weight of wheat grown that has come to my knowledge, No. 1 has proved itself fully equal to, and in a number of cases better, than other goods costing much more money; in one case giving *Eight Bushels of Wheat to the Acre more than* —— ——, costing $5 per ton more than No. 1.

Please read carefully the letters appended:

CHESTERTOWN, MD., July 20, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* In reply to your inquiries concerning your "No. 1 Ammoniated Super Phosphate," I would say that I am pleased with it. It gave me a *much better* yield of wheat than —— ——, and —— —— costing me *five dollars more per ton than yours.* I cheerfully recommend its use, believing it to be equal if not superior to any goods on the market.

(Signed) THOMAS P. DIXON.

CHESTERTOWN, MD., July 16, 1880.

MR. T. W. ELIASON, JR.:—In answer to your inquiry concerning your "No. 1 Ammoniated Superphosphate," I would say, that it has given me *entire satisfaction.* I used it by the side of a goods costing me $5.00 per ton more, and applied the two goods on the same field, at the same rate per acre, the land being same quality on which both goods were used. I threshed the two parts separately; the part on which *your* goods was applied gave me *EIGHT BUSHELS OF WHEAT MORE TO THE ACRE* than the other goods; the wheat having, also, a prettier color. I regard your goods as fully equal, if not better, than any on the market.

(Signed) J. E. NEWCOMB.

FAIRLEE, July 15, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* In reply to your inquiry as to the results of your No. 1 Ammoniated Super Phosphate, on my Wheat, this last season, it gives me pleasure to be able to say that I am very much pleased with it. I regard it as a No. 1 article.

(Signed) JOHN P. NICHOLSON.

CHESTERTOWN, July 17, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* Your No. 1 Ammoniated Super-Phosphate of Lime has given me complete satisfaction. With its use my yield of wheat was better than I ever had before. Your goods is, in my estimation, equal to any on the market *without regard to price.*

(Signed) Yours, J. W. PRICE.

CHESTERTOWN, July 8, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* I used your No. 1 Ammoniated Super Phosphate on my wheat last fall with other goods costing me five and seven dollars per ton more. I am satisfied that your No. 1 did as well for me as any of them; and regard it as second to no fertilizer on the market for wheat.

(Signed) Yours, respectfully, S. LECATES.

CHESTERTOWN, July 20, 1880.

MR. T. W. ELIASON, JR.—*Sir:* Your No. 1 Ammoniated Super Phosphate has given me *entire satisfaction.* I used it on my wheat the past two seasons, and am satisfied that it is a first-class article.

(Signed) ROBERT NICHOLSON.

CHESTERTOWN, July 24, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* I used your No. 1 Ammoniated Super Phosphate two years ago on my wheat, and also —— ——, costing me five dollars per ton more. The results were such, that I abandoned the —— ——, your goods doing so much better for me. This last fall I used it by the side of two others, both costing me considerable more than yours. It gave me *much more* wheat than one of these goods, and was fully equal to the other in yield. I take pleasure in saying that I am very well pleased with it. It drills nicely; and I expect to use it again.

(Signed) SAMUEL G. LEE.

CHESTERTOWN, July 24, 1880.

MR. T. W. ELIASON, JR.—In reply to your inquiries concerning the results of your No. 1 Ammoniated Super Phosphate, which I have used upon my wheat the two past seasons, I would say that the first season I used it, it was by the side of —— —— ——, costing me seven dollars per ton more than yours. After cutting and threshing my wheat, I was satisfied that your No. 1 gave me a *much larger yield,* and a *finer, plumper grain.* So marked was the difference, that I discontinued the use of —— ——, for your goods. Last fall I used it by the side of —— ——, costing me five dollars more per ton than your No. 1. I applied it at the same rate per acre. After threshing my wheat, I found that your No. 1 had given me 3½ bushels per acre more, and a fuller, better colored grain. Of course, with these results I am pleased with it, and shall use it again.

(Signed) Yours truly, E. J. WATSON.

CHESTERTOWN, July 13, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* In reply to your inquiries concerning your No. 1 Ammoniated Super Phosphate, I would say, that I am very much pleased with it. I used it by the side of goods costing me, in one instance five dollars per ton more, and in the other six dollars per ton more than yours—the latter being a goods very popular and of long established reputation. Your No. 1 gave me, I am satisfied, the *largest yield.* I regard it as the *best* goods on the market.

(Signed) Yours, &c. J. S. TREW.

CHESTERTOWN, July 15, 1880.

MR. T. W. ELIASON, JR.—*Dear Sir:* I have used your No. 1 Ammo. Super Phosphate, for the two past seasons, with *entire satisfaction.* Your goods doing for me much better than anything else I tried, I consider it the best goods on the market.

(Signed) Yours, JOHN F. COPPER.

Ohio Chilled Plow.

For lightness of draught, durability and superior work, this Plow cannot be equaled and has never been by any yet introduced; this may be considered by some a broad claim, but a trial will soon convince as to the correctness thereof. All who purchased of us last spring were so much pleased that they seem to delight in talking about them to their friends, and this fact alone has made for us a number of sales even this early in the season, hence it can be truly said that the OHIO CHILLED advertises and sells itself.

The following parties can furnish any information:

Farmers' Favorite Grain Drills.

The PIONEER DRILL of AMERICA.

These Drills are so well known and in such universal use that it is not necessary to advertise its many points of superior merit, and we simply insert this more as a notice of the change of agents than as an advertisement of the Drill. Call and see us before purchasing.

Perry Spring Tooth Harrow.

Improvements in agricultural implements having finally reached the Harrow, we now present to our friends and patrons, claiming for it the great advantage of being both a time and labor-saving implement. Our neighbors of other States and counties of this State inform us that they are fast taking the place of the old solid tooth and from their representation and our own judgement, we firmly believe that ere long they will have entirely displaced all the old ones ever amongst us. Try one and judge for yourselves.

—:O:—

THE late crops where the above were used are the strongest possible testimonials, and it is with pleasure we can say that our goods have equalled, and in may cases, surpassed any article in the market, and along side the old standard brands they have been proven to be of the most superior quality.

The low price at which we sell is alone attributable to the fact that we pay no commission to agents, and are satisfied with a close margin ourselves.

Our Factory is always open to the farmers, and a cordial invitation is extended them to visit us there and inspect for themselves.

We also carry a full line of chemicals which with any special mixture desired we will furnish at Baltimore prices.

We might insert numerous testimonials, but prefer to hold them at our office subject to the perusal of all, and simply add the names of a few who have used our goods and to whom we respectfully refer as to their merits:
