Chestertown Transcript.

THURSDAY, DEC. 30, 1880.

Squaring-up Time.—We want to straighten up our books and start fresh with the New Year. Most of our subscribers we believe have remembered us, but there are yet a large number who have allowed their subscription bills to escape their minds. With our next issue, we shall send out bills to those who are yet in arrears, as a gentle reminder. Of course we are aware that our delinquent subscribers do not purposely neglect to pay their subscriptions, but that the debtis so small that they forget it.

The Kent County Agricultural Club elect new officers January 10th, proximo.

Those of our subscribers who change their residences will please notify us promptly.

Handsome Show Case.—T. W. Wickes has put in his drug store a handsome new two-story show case.

L. K. Stam delivered just before Christmas, a lot of furniture as far away from home as Centreville.

The M. P. Church of Kennedyville, held a Sunday School Christmas entertainment on last Tuesday evening.

The Presbyterian Church at Georgetown is yet without a pastor, but will probably be shortly supplied.

The Christmas Feast of the Methodist Episcopal Sunday School will be held at the Town Hall to-night, beginning at 7 o'clock.

A number of young people enjoyed a social dance at the residence of W. H. Cacy, Wilmer's Point, on Thursday evening of last week.

The Chestertown dealers in Christmas goods (and they are numerous) sold an unusual quantity of holiday goods the present season.

The Phosphate Trade of Chestertown is of considerable magnitnde. During this year it is safe to say that our town dealers have sold fully 2,500 tons, a great deal of which was manufactured here.

Change of Schedule.—It will be seen by advertisement elsewhere, that the steamer George Law has withdrawn from the route of the Chester River Steamboat Line, and will be discontinued till further notice.

The American Agriculturist, in its January number, is more than commonly attractive. It contains a plan for a handsome country cottage, at very moderate cost, besides numerous other articles, mostly illustrated, and specially interesting to farmers.

Personal.—Jesse K. Hines, jr., son of Insurance Commissioner Hines, has gone upon the stage, and now has an engagement with Lotta's company in Cincinnati. Mr. Hines has natural talents that promise more than ordinary success in his calling.

Moving Day.—Next Saturday is the general moving day in this section, and as New Year's day closes the week, Sunday will find many households in a state of confusion. There will, we believe, be more than the usual number of annual "fittings" by Chestertown people.

Baltimore Grain Market.—At last quotations, Southern Wheat was quiet and 1a2 cents lower; sales of Fultz at 1 10a$1 14, and longberry at 1 15a$1 18, outside figures for prime. Southern Corn was inactive but steady; white sold at 45a47 cents for steamboat lots; do. to grade at 48a50 cents, and yellow at 48a50 cents.

The Kent Census.—According to the report of the last enumerators the population of Kent county amounted to 18,240. The Baltimore *American* says that Superintendent Walker has appointed a special supervisor from the department to come down and take the census a third time.

Tell me, ye angelic hosts,
Ye ministers of love,
Can suffering printers here below,
Have no redress above?
The angel band replied:
"To us is knowledge given,
Delinquents on the printer's books
Can never enter heaven."
—*Exchange.*

Temporarily Disabled.—Captain Joseph W. Thompson, while gunning recently, fell from a fence on the gnarled trunk of a cedar tree that was lying along the fence, and injured the upper part of his left leg and his left hip. He did not feel any immediate uneasiness, but on last Saturday he suffered so from his leg and hip that he was compelled to go to bed. He is now about again, however.

Sale of a Large Farm.—The Chambers farm, in Queen Anne's, containing 618 acres and some perches, was sold at public sale on the premises, by G. W. T. Perkins, executor, on Wednesday, the 22d inst., and purchased by Dr. S. E. Ford, of the Chester River Steamboat Company, at $39 per acre, aggregating over $24,000. This is considered a good sale, when the character of the buildings on the premises is taken into account.

The Fourth Quarterly Conference of the Methodist Episcopal Church, of Chestertown, will be held at the church, Friday evening, at 7 o'clock. There will be no prayer meeting on that evening, but a Watch-Night service, to begin at 10 o'clock. A sermon will be preached on the occasion by Rev. T. E. Martindale, Presiding Elder of the Easton District.

Rev. Mr. Martindale will also preach on Sabbath evening.

Christmas Numbers.—Most of our Baltimore exchanges made an extra effort to get out an attractive Christmas number. The *American* was full of interesting stories and humorous sketches written especially for its columns. The *Sun* issued a double number containing sixty-four columns, abounding in stories and sketches. The *Baltimorean* and the *Item* were each handsomely illustrated, and the *Telegram* fairly blossomed in a many-colored cover.

Largest Book Published.—The edition of Webster's Unabridged Dictionary, just issued, is believed to be, in the quantity of matter it contains, by far the largest volume published. It now contains about 118,000 words defined, and nearly 15,000 words and meanings not found in any other dictionary. The Biographical Dictionary, just added, supplies a want long felt by the reader and student, in giving the desired information so briefly. Never was any one volume so complete as an aid in getting an education.

A Runaway.—Judge T. J. Shallcross met with an accident last Tuesday that came near being serious, but fortunately he escaped bodily harm. He came to Chestertown in his sleigh, driving a pair of horses. Coming down High street, he met with a dead horse, being dragged by a rope. His horses on seeing the dead animal became terrified and unmanagable. They struck into a run, turned the Voshell House corner and kept on past Hall's hotel, until they reached the gate of the stable yard. Here they made a short turn, upset the sleigh, and threw the judge out. By good chance he fell in a bank of snow just outside the gate, and did not sustain any hurt. He narrowly missed striking the gate post, in which event he must have been seriously injured. The horses tore the tongue out of the sleigh, and rushed into the hotel stable, where they stopped, trembling with fright.

A State Fair to be Held in 1881.—A meeting of the Executive Committee of the Maryland State Agricultural and Mechanical Association was held at their rooms, No. 69 West Fayette street, Baltimore, a few days ago. The proceedings were of an important character. The president, with Messrs. Maynard and Brown, were authorized to meet the corporators of the Arlington & Pimlico Railroad Company and subscribe in the name of the association to the capital stock of said company. Resolutions were adopted naming Wednesday, 26th of October next, for opening of the fair of 1881, also, directing the president to appoint a committee to prepare a premium list, with rules and regulations. The Executive Committee further declared their intention to offer extraordinary inducements to citizens of the United States and Canada to participate in the exhibition, and directed the committee to provide, in addition to premiums heretofore offered by the association, prizes for cotton, in bales, specimens of ores and metals, and for new implements and machines specially designed to advance these interests. The poultry department and bench show, including trials of shepherd dogs, will also be features which must attract the particular attention of poultry fanciers and sportsmen.

Vennor's Predictions for January.—Mr. Vennor, the Canadian weather prophet, having come very near the exact condition of the weather for December in his predictions, his forecast of what may be expected in January becomes of interest. Mr. Vennor says: "I anticipate that New Year's callers will have heavy sleighing this year from Montreal to Washington, and that a cold snap during the first part of this month will preserve it for that period. I expect blockades of snow in the United States about the 7th and 8th of January, and rainy days during the month will be exceedingly few. The second quarter will open with heavy falls and terminate in a cold snap. The middle of the month will bring snow-falls, which will terminate in milder weather toward the end of the third quarter. The thaw, which will be interrupted by a brief cold spell, will extend from about the 18th of the month into February. The record of this month will show it to have been a severe one, and the general conditions of the weather will remind us of some of what are called real old-fashioned winters."

Deaths of two Prominent Citizens.—On last Friday (Christmas eve) Kent county lost two well known and highly esteemed citizens.

LEWIN USILTON died at his home near Hanesville, at about half-past four o'clock, on last Friday afternoon, of congestion of the brain. His death was comparatively sudden. He was confined to his bed only a few days.

Mr. Usilton was fifty-five years of age on the third day of last September. His life was an active and a useful one. He was a successful farmer and business man. He was elected at different times to several positions of trust by the people of the county,—in 1861 as County Commissioner, and in 1864 he represented the county in the State Legislature, and again in 1875 he was elected to the Legislature.

Mr. Usilton was noted for his great kindness of heart. It is said of him that he was as tender hearted as a baby for the sufferings of others, and was always a friend to those in distress or need. There are hundreds who owe a debt of gratitude to his friendship. His death will be felt throughout Kent county as the loss of a good man and a good citizen. He was buried at Chester Cemetery on Sunday, Senator W. T. Hepbron, Dr. Samuel Beck, William Morris, Robert Nicholson, John Proctor and George R. Stephens serving as bearers.

THOMAS BAKER, one among the oldest citizens of the county, being in the 74th year of his age, died at his home not far from Chestertown, at about 6 o'clock on last Friday evening. About two weeks ago,—the 16th of December, he was riding to Chestertown in his carriage, when a connecting bolt came loose, and the front wheels were separated from the carriage, throwing Mr. Baker to the ground, and stunning him considerably. He never recovered entirely from the shock, and on Thursday morning of last week became unconscious. He remained in this unconscious state till Friday evening, when he died.

Mr. Baker was one of the few who have lived out and beyond their three score and ten. His life until enfeebled by old age, was an active and a useful one. At the age of eighteen he took possession of the farm where he died, and lived there for between fifty and sixty years. His father and grand-father had resided on this same farm before him, and at the time of his death it had been in the family well on to two hundred years. He was one of the first members of the M. E. Church now known as Bond Chapel, and was a steward of this church for a long period of years. Thirty years ago he took an active part in public affairs and served in the State Legislature in 1849, 1851 and 1853. He was three times appointed assessor for Kent county, and was at one time insurance agent for the Kent County Mutual Fire Insurance Company. He was one of the directors in this company from the time of its organization. His public and private life are too well known to need any comment. He was buried at Bond Chapel on Sunday last, the 26th instant.

Memorial services will be held at Bond Chapel next Sunday morning, commencing at ten and-a-half o'clock.

Orphans' Court, TUESDAY, Dec'r. 28, 1880.—Present, Judges Nicholson, Shallcross and Willson.

Robert S. Emory, one of the administrators of Edward Wilkins, filed the release of Edward B. Jones and Fannie L. Jones to E. M. Wilkins and R. S. Emory, administrators of said deceased, which was received and ordered to be recorded.

On application, letters of administration on the personal estate of James Lamb, late of Kent county, deceased, were granted and committed unto James T. Lamb, (Ann E. Lamb widow of said deceased and W. F. Lamb, oldest son both renouncing) who filed his bond in the sum of $600, which was approved and ordered to be recorded.

Hannah R. Lucas and George T. Williams, administrators of Wm. V. Lucas, deceased, late executor of Thomas Fowler returned the first administration account of the personal estate of said Thomas Fowler, which were examined, passed as stated and ordered to be recorded.

Samuel Beck, administrator D. B. N. c. t. a. of Thomas Fowler, deceased, returned account of sales of the personal estate of said deceased which was received and ordered to be recorded.

Sudden Death of a Worthy and Prominent Citizen.—William H. Jacobs, Esq., a worthy and distinguished citizen, died at his residence, situate between Centreville and Ruthsburg, and within 2½ miles of the former place, on Wednesday, the 22d instant, at 5 o'clock A. M. Mr. Jacobs was in apparent good health Monday, the 20th, and partook of his meals as usual. At noon lunch on Monday he was cheerful and ate with relish, though not lavishly. After partaking of lunch, he went to the barn, which is two or three hundred yards from the dwelling, to give directions about some farm work. About one-and-a-half hours after leaving the house he was found lying in the road leading from the dwelling to the barn, near the fence, with one of his arms between the rails, helpless, speechless and unconscious, evidently having been attacked by apoplexy. Dr. S. T. Earle was summoned at once, and upon examination found Mr Jacobs' entire left side paralyzed, except the face. He died at the hour above stated without speaking and unconscious, in the 64th year of his age.

William H. Jacobs was the son of the late William Jacobs, and was born in Church Hill, in 1817. His father married two sisters of the late Col. John McKenney, and the subject of this sketch was the issue of the second marriage. Shortly after arriving at age, Mr. Jacobs went to Port Gibson, Miss., and took the position of deputy clerk in the Clerk's office. Subsequently he became editor of the Port Gibson *Herald*, and successfully conducted that journal until the declaration of war with the Republic of Mexico, when he entered as Lieutenant of Volunteers from Mississippi and served with marked distinction and bravery throughout the war, under Jefferson Davis. He participated in several of the most hotly contested battles of the war, two of them being the battles of Churubusco and Chapultepec. As a journalist Mr. Jacobs had few superiors in his day. His reputation as a clear, concise, fearless and forcible writer was well deserved. He returned to his native county in August, 1851, after having saved considerable money, and engaged in the mercantile business with Wm. McKenney, Esq., and remained until 1867, when Mr. Jacobs retired and engaged in farming, which occupation he continued up to his death. At the organization of the Queen Anne's and Kent Railroad Company Mr. Jacobs was made secretary, which position he filled with great credit until the road was sold to pay the bonds. Mr. Jacobs always enjoyed good health, and his sudden death will be a surprise as well as regret to the people of the county.—*Centreville Record.*

A Protracted Meeting will commence at the M. P. Church in this town, next Sunday week, January 9, 1881.

The Leaders of Fashionable Dress and Low Prices.—C. N. OEHM & SON, proprietors of the largest one-price double Clothing House, Baltimore, now occupy two entire three-story buildings with their splendid stock of Men's, Youth's, Boy's and Children's Clothing. Having bought and manufactured their entire stock before the great advance of woolens, they are selling great bargains in every department for spring and summer wear, which none can afford to overlook. We feel it our duty to call the attention of our readers to this truly famous and reliable establishment, corner of Pratt and Hanover Sts. No one in need of clothing, ready-made or made to order, should fail to call on OEHM & SON and see the low prices at which the most choice and perfect fitting garments are selling.

A little girl was teaching her brother the Lord's Prayer the other night, and when she had said, "Give us this day our daily bread" he suddenly called out, Pray for taffy, sister, pray for taffy too; and she said you forget that I am going to give you some of SINES' TAR, WILD CHERRY and HOARHOUND for your cold, which is a great deal better than taffy.

Where are your Crutches, Uncle? Here they are—showing John a bottle of M. B. ROBERT'S EMBROCATION. You don't say that three quarters of a bottle of EMBROCATION has relieved you of your Rheumatism, so you can walk without your crutches? I do, and thank a kind Providence for leading me to read that advertisement in the paper last week.

THE INDEPENDENT.

"*The foremost religious newspaper of the United States.*"—JOSEPH COOK.

THE INDEPENDENT seeks the patronage of the public on these grounds, as follows:

1st. It is the largest weekly religious newspaper published in the world.

2d. It employs as contributors more able writers, at home and abroad, than any other weekly newspaper.

3d. It gives its readers a wider range of topics and more and fuller departments than they can find elsewhere in any journal.

THE INDEPENDENT consists of 32 pages, neatly cut and pasted. It is printed from clear type (we stereotype the pages weekly, and hence, every issue is really printed with the new type) and on good paper, and mechanically it is unexcelled.

There is no question of prominence in religion, politics, science, education, finance, or any other department of human knowledge which THE INDEPENDENT does not discuss. It has regular departments devoted to Biblical Research, Missions, Religious intelligence, Book Reviews and Literary News, and Sunday school, Education, Science, Sanitary questions, Fine Arts, the movements of ministers, Personalities, News of the Week, Financial and Commercial matters, including Weekly Prices Current, Market Reports, Cattle Market, Dry Goods Quotations, Flowers and Farming, and Insurance. In its religious department it gives news and statistics of all denominations of Christians, everywhere. In fullness, accuracy, and comprehensiveness this department is unequaled. Several pages of stories and poems adapted to Old and Young are given every week, with a column of Puzzles.

From time to time Sermons by eminent ministers are published. The current topics of the day are discussed in our editorial columns freely and vigorously. We are not afraid to state our opinions.

Its plan includes Science, Essays, Reviews, Sketches, Travels, Poetry, Novels, Short Stories etc., etc.

With the number for January, 1881, the ECLECTIC MAGAZINE will be enlarged to such an extent as will give about

The same pains will be taten as hitherto to exclude articles which are trivial in character, or of merely transient interest; but larger space will be assigned to articles of a popular and entertaining cast, and with ample materials of the best quality at command, the ECLECTIC will be made the ideal Family Magazine.

The following list of contributors to the periodicals from which the EELECTIC is selected will give some idea of the value of its contents: Rt. Hon. W. E. The Sun for 1881.

Everybody reads THE SUN. The editions of this newspaper throughout the year to come everybody will find:

I. All the world's news, so presented that the reader will get the greatest amount of information with the least unprofitable expenditure of time and eyesight. The Sun long ago discovered the golden mean between redundant fulness and unsatisfactory brevity.

II. Much of that sort of news which depends less upon its recognized importance than upon its interest to mankind. From morning to morning The Sun prints a continued story of the lives of real men and women, and of their deeds, plans, loves, hates, and troubles. This story is more varied and more interesting than any romance that was ever devised.

III. Good writing in every column, and freshness, originality, accuracy, and decorum in the treatment of every subject.

IV. Honest comment. The Sun's habit is to speak out fearlessly about men and things.

V. Equal candor in dealing with each political party, and equal readiness to commend what is praiseworthy or to rebuke what is blamable in Democrat or Republican.

VI. Absolute independence of partisan organizations, but unwavering loyalty to true Democratic principles. The Sun believes that the Government which the Constitution gives us is good one to keep. Its notion of duty is to resist to its utmost power the efforts of men in the Republican party to set up another form of government in place of that which exists. The year 1881 and the years immediately following will probably decide this supremely important contest. The Sun believes that the victory will be with the people as against the Rings for monopoly, the Rings for plunder, and the Rings for imperial power.

Our terms are as follows:

For the Daily SUN, a four-page sheet of twenty-eight columns, the price by mail, post paid, is 55 cents a month, or $6.50 a year; or, including the Sunday paper, an eight-page sheet of fifty-six columns, the price is 65 cents a month, or $7.70 a year, postage paid.

The Sunday edition of The Sun is also furnished separately at $1.20 a year, postage paid.

RAMBO LIME.

LAST year I purchased from Nathan Rambo the Blue Quarry upon the lands devised to him by his father, the elder Nathan Rambo. It was out of this Quarry that the Limestone came which gave this Lime its high reputation.

This, and this only, is the GENUINE RAMBO LIME.

I own ALL of the land on which this stone lies. This Quarry was discontinued only because a vein of earth cut off the face. I have cut through this and re-opened these Quarries upon the original stone which old Nathan Rambo quarried as long as he could find it.

WE CHALLENGE ALL TESTS.

R. McCOY & CO.

Robert McCoy bought of me my Blue Quarry—I have seen it since he re-opened it, and am satisfied that he works on the blue stone worked by my father in his lifetime.

NATHAN RAMBO.

This Lime will be shipped by railroad or water to all stations and landings in Maryland and Delaware. For Prices and Terms apply to

Mr. B. F. Fleming: I used Mogee's Schuylkill Lime on corn last spring. It slacked more to the bushel, acted quicker, and gave me the best satisfaction of any Lime I have ever used.

Mr. B. F. Fleming: We have used Mogee's Lime for three successive seasons. It slacks more, contains less core, acts quicker, and we believe it is the best Lime in the market.

Ohio Chilled Plow.

For lightness of draught, durability and superior work, this Plow cannot be equaled and has never been by any yet introduced; this may be considered by some a broad claim, but a trial will soon convince as to the correctness thereof. All who purchased of us last spring were so much pleased that they seem to delight in talking about them to their friends, and this fact alone has made for us a number of sales even this early in the season, hence it can be truly said that the OHIO CHILLED advertises and sells itself.

Farmers' Favorite Grain Drills.

The PIONEER DRILL of AMERICA.

These Drills are so well known and in such universal use that it is not necessary to advertise its many points of superior merit, and we simply insert this more as a notice of the change of agents than as an advertisement of the Drill. Call and see us before purchasing.

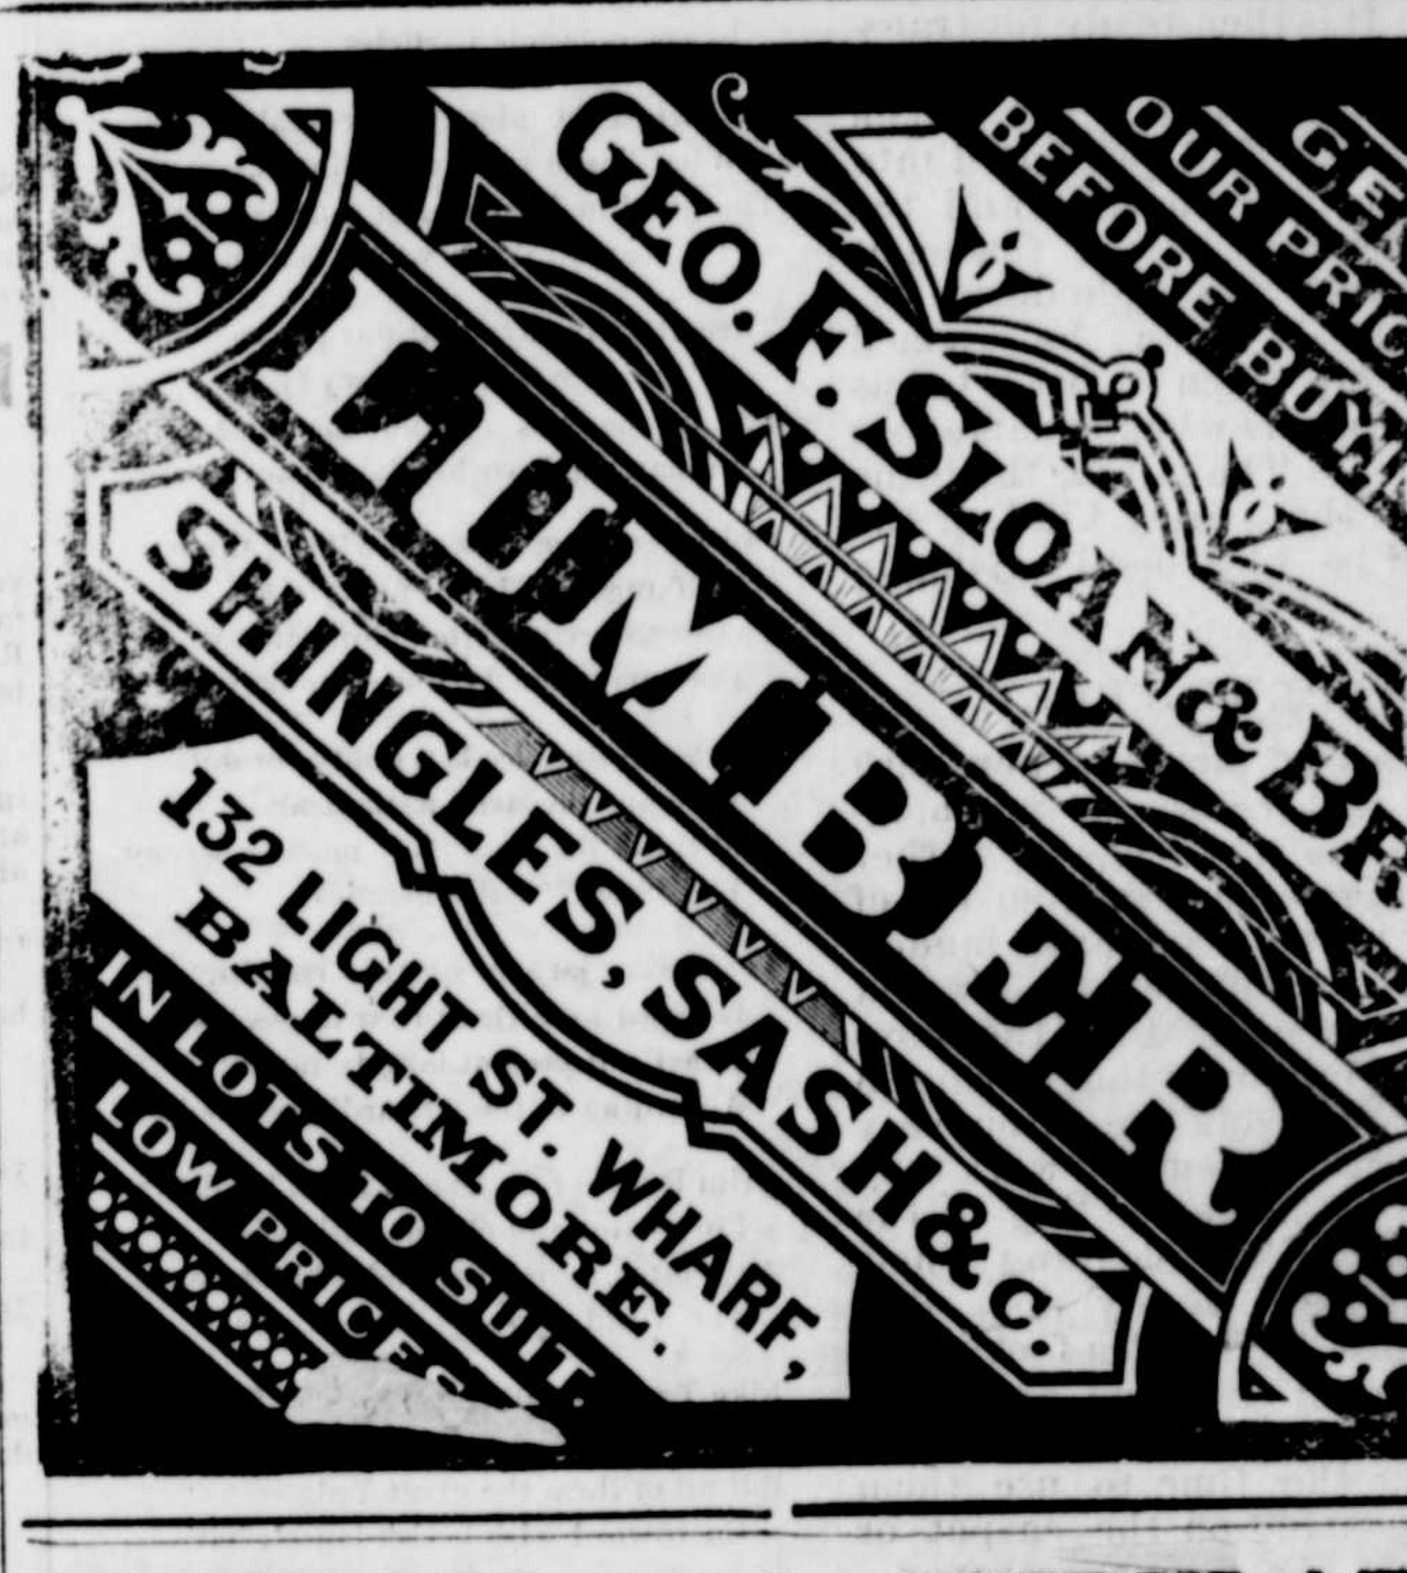

Perry Spring Tooth Harrow.

Improvements in agricultural implements having finally reached the Harrow, we now present to our friends and patrons, claiming for it the great advantage of being both a time and labor-saving implement. Our neighbors of other States and counties of this State inform us that they are fast taking the place of the old solid tooth and from their representation and our own judgement, we firmly believe that ere long they will have entirely displaced all the old ones ever amongst us. Try one and judge for yourselves.

MANUFACTURED BY

KENNARD & CO.

THE late crops where the above were used are the strongest possible testimonials, and it is with pleasure we can say that our goods have equalled, and in may cases, surpassed any article in the market, and along side the old standard brands they have been proven to be of the most superior quality.

The low price at which we sell is alone attributable to the fact that we pay no commission to agents, and are satisfied with a close margin ourselves.

Our Factory is always open to the farmers, and a cordial invitation is extended them to visit us there and inspect for themselves.

We also carry a full line of chemicals which with any special mixture desired we will furnish at Baltimore prices.

We might insert numerous testimonials, but prefer to hold them at our office subject to the perusal of all, and simply add the names of a few who have used our goods and to whom we respectfully refer as to their merits:
