# Chestertown Transcript.

THURSDAY, JULY 14, 1881.

**Green Corn** is in market.

**Wheat** is reported as turning out fairly well. The crop generally comes up to expectation.

**Rhinehart's** packing house has finished with the pea crop, and will shortly commence packing tomatoes.

**An Excursion** by the colored people left Chestertown last Saturday morning for Baltimore, on the steamer Keyport. There were about 350 excursionists.

**Wheat Threshing** has engaged the farmers during last week and this week. Most of the wheat in Kent county will have been threshed by the end of this week.

**Buildings Removed.**—Three new frame buildings have, this week, under the supervision of bailiff Cannan, been removed to allow the extension of Calvert street to the railroad depot. The houses now front on Calvert street.

**Personal.**—At the State Teachers' Association, Mr. A. N. Ebaugh, formerly principal of the Chestertown public school, was elected first vice-president of the association, and Miss A. E. Leaverton, one of the present teachers, was elected second vice-president.

**The Faculty** of Washington College desire to make known their appreciation of a valuable gift of minerals sent to the library cabinet of the college by J. Alfred Pearce, Esq. Both the college and the public schools are under many obligations to his kindly interest and ever-ready assistance in their work of education.

**The Dust** on High street is very annoying to merchants and housekeepers during this hot and dry weather. The passage of wagon teams driven at a trot, is especially annoying, and is is also in violation of the ordinance requiring them to go in a walk. The bailiff, we learn, has been instructed to enforce the law.

**Approaching Completion.**—The new house of Mr. T. R. Hubbard, on High street, approaches completion, and promises to be a handsome addition to the appearance of the town.

The house of Mr. J. W. Hines, on Bridge street, Mr. John N. Dodd designer and builder, will also soon be finished, and will be an attractive addition to that improving section of the town.

**C. W. Kennard & Co.** have in this issue a large advertisement of their brands of fertilizer. Though their factoay is at Masseys, they have an office in Chestertown, where one of the firm will be constantly found. Orders can be left at the Chestertown office and as promptly attended to as at the factory. The office in Chestertown adjoins the law office of James A. Pearce, Esq. They also have a warehouse in Chestertown.

**Baltimore Grain Market.**—Wednesday's quotations.—Southern Wheat active and firm. Cargo lots sold at $1 23 for prime Fultz, and $1 27 for long-berry. Shipping grades ex steamboat were rather better, and sold at 1 21-a$1 22, the market closing firm.

The supply of Southern Corn is moderate, and the market is steady to firm; small lots of white and yellow the best bid was 57 cents.

**The L. G. Cannon** offers special convenience to those who have business to transact in Baltimore, and who wish to economize time. Every Thursday she will leave Chestertown at 3 o'clock P. M., and Quaker Neck at 4 o'clock P. M., arriving in Baltimore at 10 o'clock P. M. the same evening. She will leave Baltimore at 6 on Friday evening, and arrive at Chestertown at 11 P. M. This arrangement gives a cool and refreshing trip over and back, and a whole day in the city.

**To Drive Away Flies.**—Here is a remedy which one of our highly esteemed contemporaries says will drive away flies. We are afraid our highly esteemed contemporary has perjured his soul in recommending such a remedy. However, it is easy to try:

"Take half a teaspoonful of black pepper in powder, one teaspoonful of brown sugar and one teaspoonful cream. Mix them well together and place them in a room or a place where flies are troublesome and they will very soon disappear."

**Cape May on the 27th.**—It is good to take a little pleasure once in a while. Good for soul and body. A trip to Cape May is worth ten times the money it costs. It relieves the drudgery of every day business, and presents life in a new and brighter aspect. It makes old people younger and young people happier. On Wednesday, the 27th of July, there will be a pleasantly managed excursion to Cape May, under the auspices of the Methodist Protestant Sunday school. Read the advertisement elsewhere.

**Sale of Real Estate.**—Elsewhere will be found advertised by Messrs. A. Randolph Weedon and B. Palmer Keating, Trustees, two valuable farms, located on Kent Island. The sale is to be next Saturday, the 16th instant.

Kent Island property is among the most desirable to be found in the State of Maryland. Both the farms advertised are located on Chesapeake bay, and have most convenient communication with Baltimore city. Kent Island less rarely has a failure in the peach crop than any other section of the State. These farms are well worthy the attention of Kent county capitalists who may be looking out for either a desirable home or for a good investment.

**A Horse and Colt Killed by a Wire Fence.**—Mr. J. Martin, living on the Lusby part of Mrs. Dodd's farm, near Chestertown, had a mare and colt killed by becoming entangled in a barbed-wire fence on Tuesday night, 5th instant. The colt's throat was cut from ear to ear, and the mother so badly cut that she had to be killed; after becoming entangled in the fence she dragged five or six panels fifty or more yards, and all the thick parts of her fore legs were gashed to the bone. It is not known how it occurred, but it is supposed the colt got entangled in the wire and the mare attempted its rescue. Farmers using such fences are warned by this to take every precaution against such accidents.—*News.*

**Drowning of a Colored Boy.**—On Friday evening of last week, a little colored boy, named Reed, aged ten years, while fishing off Thompson's wharf, got his line hung into the logs of the wharf, lost his balance, fell overboard, and was drowned before assistance reached him. It is stated by the only eye witness, Jimmie Coleman, a little white boy about ten years of age, that the colored boy was walking along the logs on the edge of the wharf, trailing his line in the water. The sudden jerk caused by his hook catching, caused him to lose balance. It was five minutes before any one capable of rendering assistance reached the place where the boy had fallen over. Then a colored man went into the water, and dived for the boy. He finally succeeded in bringing him up. He had been in the water for perhaps fifteen minutes. After being taken out of the water, he was rolled on a barrel, and efforts were made to bring him to life. Dr. C. W. Whaland was summoned, but when he arrived he pronounced life extinct. A jury of inquest was summoned by coroner Bordley, which decided that the boy had come to his death by accidental drowning.

**Washington College Commencement Exercises.**—At the anniversary of the Mt. Vernon Literary Society, of Washington College, Tuesday evening, held at the Court House, there was a full attendance of citizens of Chestertown, and quite a number from other parts of the county. The exercises were opened with prayer by Rev. W. J. Neepier. The president of the society, Mr. John Y. Todd, of Talbot county, introduced to the audience the speaker of the evening, Milton W. Audoun, Esq., of Baltimore city. The subject of Mr. Audoun's address was "Persistent Effort." He reviewed the progress of civilization from the early history of the world up to the present, and pointed out instances of men who had raised themselves by persistent effort. His address lasted about one half-hour. The audience was entertained during the evening by numerous choice selections rendered by Prof. Holland's band.

On Wednesday morning the court-room was crowded almost to suffocation, by friends of the students and other visitors. All the seats within the court-room were occupied, and all the vacant space in the aisles was utilized for standing-room. Hundreds of fans were brought into action to keep the audience cool. About midway the exercises the atmosphere became so close, that a young lady fainted, and had to be carried out.

At the opening of the exercises, prayer was offered by Rev. T. H. Haynes. The first address was the Salutatory, in Latin, by Mr. Charles F. E. Harley, of Queen Anne's county. "The Geological Era of Man and his Development," was the subject of Mr. Thomas B. Gardner, of Kent county. Mr. John Mace, of Dorchester county, had for his subject, "International Commerce." Mr. Wilfred J. Rivers, of Kent, spoke upon "Natural Phenomena the basis of Classical Mythology." Mr. John D. Urie, of Kent, had for his subject, "Communism (an historical study.)" Mr. W. P. Armstrong, of Kent, spoke upon "The French Revolution." Mr. C. F. E. Harley was introduced a second time to the audience, and had for his subject, "Is Man's Instinct a Trustworthy Guide?" All of the addresses were attentively listened to and applauded. All displayed originality of thought. Each speaker was the recipient of handsome boquets.

After the addresses, president Rivers conferred certificates of distinction on the following members of the Junior, Sophomore and Freshman classes:

Juniors.—Latin, Messrs. Godwin, Hopkins, Lankford, Parsons, Todd, Windsor, Catlin and Thomas.

Greek, the same with the exception of Mr. Catlin.

Latin Prose Composition the same as in Latin.

In Logic, Natural Philosophy and Astronomy, the whole class.

In German, the whole class with the exception of Mr. Thomas.

In French, Messrs. Godwin, Parsons, Todd and Catlin.

In English Composition the full class, with exception of Messrs. Thomas and Windsor.

Sophomores.—In Latin, Messrs. Bailey, Crothers, Hynson, Parr, Stewart and Usilton. In Greek and in Rhetoric, the same including Messrs. Conyer and Vannort in Rhetoric.

In History all before mentioned but Mr. Hynson.

In Trigonometry and Surveying all before mentioned, including Messrs. Vane and Aldridge.

Freshman Class.—Latin, Messrs. Perkins, Richards, Wickes, Vane and Straughn.

In Greek, History and Algebra, the same.

In Composition, all before mentioned, together with Messrs. Aldridge, Vannort, Wilmer and Usilton.

Preparatory Department.—In Physical Geography, Messrs. Hines and Brice. In English Word Analysis, Mr. Hirt.

The president, in a short address, presented to Mr. John Y. Todd, of Talbot county, as the student of the Junior Class who was most distinguished for industry and progress, the Visitors' and Governors' gold medal.

Valedictory addresses were delivered by Messrs. John Mace and Thomas B. Gardner, after which the president conferred diplomas on the graduating class.

Between whiles the audience was entertained with delightful music from Prof. Holland's band.

**Orphans' Court,** Tuesday, July 12, 1881.—present, Judges Nicholson, Shallcross and Willson.

Thomas W. Wickes, guardian to Margaret S. Wethered, returned his final guardian account for said ward, which was examined, passed as stated, and ordered to be recorded.

Thomas W. Wickes, guardian to Mary E. Wethered and John L. Wethered, returned his guardian accounts for the year 1880, which were examined, passed as stated, and ordered to be recorded.

The last Will and Testament of Elma A. Lamb was admitted to probate and ordered to be recorded.

**Queen Anne's Items.**—The prospect is for a large encampment at Wye this season.

Mrs. Rebecca Stinnet, whose maiden name was Ponder, and who was a native of Queen Anne's county, died recently in Illinois, aged 96 years, 4 months and 28 days.

The *Observer* warms up on the telegraph line question, and wants the disgrace of there being no telegraphic communication between Centreville and the rest of the world wiped out.

Although the Hebrews could not make bricks for the Egyptians without straw, yet in this country we can put up a neat fire-proof chimney without bricks in a few hours. You can examine the drawing in another column.

Good Logic.—A word to those who neglect to avail themselves of the business opportunities we offer. For nearly thirty days we have largely supplied the retail demand for Men's, Boys' and Children's Clothing in this city and State satisfactorily. The class of clothing we make is too fine for dealers in small towns to keep and is much better than is generally found in large cities. If you want a good article at the lowest possible price call upon C. N. Oehm & Son, Pratt and Hanover streets, Baltimore.

Important to Travelers.—Special Inducements are offered you by the Burlington Route. It will pay you to read their advertisemen to be found elsewhere this issue.

At the earnest solicitation of many friends, I hereby offer myself as a candidate for the House of Delegates at the coming nomination. Thankful for your hearty support and kind co-operation, trusting that I have not been a faithless steward of the people, I hope that I can confidently ask the people for a renomination, pledging myself to a faithful performance of the duties of a Representative, to do the will of the people, and work for the interest of the commonwealth. I also tender the pledge to support the successful nominees.
