Chestertown Transcript.
THURSDAY, SEPT. 8, 1881.

No Rain! Hot, dry, dusty!

The Fair at Worton commences next Tuesday.

The Cape May excursion yesterday, took a number from Chestertown.

Good Peaches retail in the Chestertown market at two cents a piece. That is at the rate of about $4.50 per basket.

The drouth as will be seen from an article on our fourth page, taken from the New York *Sun*, has reached hundreds of miles beyond the bounds of Maryland.

Sales of Personal Property.—Mr. James P. Dixon, administrator, advertises for sale on the 20th inst., valuable personal property.

Mr. Thomas N. Fraiser also advertises the sale of valuable personal property, to come off on the 22d inst.

The Pennsylvania management of the Peninsular railroad system, on taking formal control last Thursday, sent cars over the branch roads to distribute stationery and give instructions to the agents. A car came as far down the Kent road as Chestertown.

A Sixteen Day Meeting.—The colored people of James M. E. church, design holding a sixteen day village camp meeting, at their church in Chestertown, to commence the 16th of this month. The object of the meeting is to clear off an indebtedness of $540 that rests against the church.

One of the First Graduates.—Mr. Cornelius J. Scott informs us that his father, Edward Scott, graduated at the head of the first class that took a full course in Washington College, after the first building was erected on the present site. This class graduated in 1788. Mr. Scott yet has his father's diploma in possession.

Farm to be Sold.—R. Hynson, Esq., as trustee, will sell at the hotel in Galena, on next Saturday, at 11 o'clock A. M., the farm known as Mount Airy, located between Galena and Georgetown. The farm contains about 132 acres, and from its location and other advantages, is a very desirable property. See advertisement elsewhere.

Teachers' Association.—The Kent County Teachers' Association will meet at the school room in Chestertown, next Saturday, at 10 o'clock A. M. The questions for discussion are,

"The best method of teaching notation."

"To what extent should concert recitation be employed?"

"What is the natural order of development of the mental faculties?"

The P. E. Church of Chestertown will soon be ready to be turned over to the congregation. Some delay has been occasioned in the manufacture of the stained glass windows. These windows, we understand, are being made from original designs. When the pews are in, the organ put up, the chandeliers hung, and all the finishing touches have been given, the interior of the church will doubtless be handsome.

It needs not a Vennorite to foretell the success of the Delaware State Fair. The extensive preparations making by stock-raisers, manufacturers and fruit and grain growers forbodes a grand exhibit and display; while the efforts of the managers of the association are of themselves sure prestages that the fall meeting will this year "cast in the shade" all former fairs held on the peninsula. Prepare your exhibits and have them entered at once. See advertisement.

Registration of Voters.—The registers of voters have been sitting throughout the county Monday, Tuesday, and Wednesday of this week, and will continue to-day and to-morrow, for the purpose of enrolling the names of new voters and for entering transfers and removals. Attention is called to the fact, that Gov. Hamilton has decided that voters in being transferred must appear before the register in person. It is not sufficient to merely send a transfer certificate.

The Eighth Annual Exhibition of the Peninsular Agricultural and Pomological Association will be held at Middletown, Del., on Tuesday, Wednesday and Thursday, September 20th, 21st and 22d. Every fair this association has held has been a success, and there is every reason to believe that the exhibition of this year will, in the way of attractions, surpass any that has yet been held at Middletown. Premiums aggregating $7,000 are offered for exhibits, and no entry fee is charged.

An Unknown Man Drowned at Tolchester.—One of the excursionists on the steamer Nelly White to Tolchester Beach Friday was drowned while bathing about seventy-five yards from shore. It appears from the statement of several eye-witnesses that the drowned man went to the bathhouses and demanded a suit, which the attendant refused to hire him, thinking that he was not in a condition to enter the water. The man threatened to bathe with his clothes on, and by this means obtained the suit, and swam out the distance mentioned, the water at which point is between four and five feet deep. Several gentlemen who were on shore were suddenly attracted by the drowning man's cries, and though two boats immediately started to his rescue he sank before assistance could be rendered. Efforts were made to obtain his body. The drowned man's clothes, which were found in one of the bath-houses, consisted of light underclothing, a dark basket cloth suit, white cotton socks and check straw hat. In a red leather pocket-book were found a small key, $2 78 in money, an elevated railway car ticket, and a visiting card with the name of John L. Lemmer engraved on it. None of those at the beach were acquainted with him.

The Kent Fair.—The list of entries for the races at the Kent fair, closed last week. For the first day, next Tuesday, there are eight horses entered in the 2:48 class. Most of these horses are new to the Kent county turf. In the colt race for the same day, there are six entries, all Kent county horses but two.

In the second day's races there are nine entries for the 3:30 class. The names of some of these horses are familiar at Worton, but most of them are new comers. In the 2:38 class for the same day, there are six entries, only one of them being a Kent county horse.

For the last day, Thursday, there are nine entries in the 3 minute class. The 2:28 class failed to fill, and there will be an amateur wagon race substituted.

One of the interesting features of the first day will be a plowing match, in which there will be about a dozen contestants.

Miss Phœbe Cousins, one among the most celebrated of female orators, will deliver an address during the fair.

The exhibition in fine live stock, poultry, agricultural implements, and in the household and domestic departments, promises to be attractive.

Kent County Temperance Alliance.—The following are the articles of constitution adopted by the meeting held in Chestertown last week for the purpose of forming a temperance alliance:

Article 1—**Name**: This society shall be called the Kent County Temperance Alliance, and shall be auxiliary to the Maryland State Temperance Alliance.

Article 2—**Object**: The object of this organization shall be the protection of the present Local Option Law in all its elements, together with the creation and maintenance of a healthy and general public temperance sentiment, and to that end this organization earnestly requests and sincerely desires the hearty co-operation of all churches, Sunday schools, moral organizations and temperance people generally.

Article 3—**Officers**: The officers of this association shall consist of a President, Vice-President, and one additional Vice-President from each county district; a Corresponding Secretary, a Recording Secretary, a Treasurer and an Executive Committee, to be elected at each annual meeting. The executive committee shall consist of the president and vice-presidents, and they shall have full powers to add to their numbers any others whom they may think proper; and they shall be and are hereby empowered to raise funds to carry on the work, call annual and other meetings of the alliance, fill vacancies in the committees, and all other work which may be by them deemed advisable, or assigned to them by the Alliance.

Article 4, Section 1, Officers' Duties—Vice-Presidents: Each vice-president shall be instructed to make every effort in his respective district to obtain the names of as many temperance working people as possible for membership of the Alliance.

Section 2—Recording Secretary. To keep a correct record of the proceedings of every meeting, both of Alliance and Executive Committee, and perform such other work as may fall to the duties of a secretary.

Section 3—Corresponding Secretary: To conduct all correspondence of the Alliance.

Section 4—Treasurer: Shall receive and safely keep all moneys and pay the same only on the order of the Alliance or Executive Committee, and be prepared to submit a report whenever called upon so to do.

Article 5—Membership: All temperance workers throughout the county shall be entitled to membership in this Alliance, and shall be considered as such immediately upon the enrollment of their names upon the list to be kept by the Recording Secretary.

Article 6—Meetings: There shall be an annual meeting of the Alliance, which, together with any special meetings that may be called, shall be held at such time and place as may be designated by the executive committee.

Article 7—Representation at Annual Meeting: At each annual meeting of the Alliance every church, Sunday school and moral organization in the county shall be entitled to three delegates for every 100 or less of their membership; said delegations, with the enrolled members of the Alliance, to compose the working membership thereof for the succeeding year.

Article 8—This constitution, or any part hereof, may be altered, amended or repealed by two-thirds of the voting members present at any annual meeting.

Appointed to St. John's.—Edward Brattan has been appointed by the School Board to fill the vacant scholarship from Kent county, at St. John's college, Annapolis.

Baltimore Grain Market.—Wednesday's quotations.—The demand for Southern Wheat was moderate. Fultz sold at 1 30a$1 36 and long-berry at 1 40 and $1 46. Southern white sold at 77 and 78 cents; yellow 71 cents.

Orphans' Court, TUESDAY, Sept. 6, 1881.—present, Judges Nicholson, Shallcross and Willson.

On application, John Franklin Godwin, aged 7 years, was indentured to Caroline Hadaway, and Estelle Sparks, aged 6 years, was indentured to Eliza Derricks.cn.

Richard C. Smyth, late guardian to Caroline B. Smyth, returned his final guardian account, which was examined, passed as stated, and ordered to be recorded.

Richard C. Smyth, guardian to Richard A. Jefferson, S. Wm. G. and Minnie M. Smyth, returned his guardian account for the year 1880, which was examined, passed as stated, and ordered to be recorded.

NOTES BY THE WAY.

THE CROPS—FODDER-SAVING—PRICE OF PEACHES—PEAR AND GRAPE CROPS—SICKNESS—FISHING—SALE OF A PEACH CROP—IMPROVEMENTS, ETC.

The low condition of the President, and the dry weather, is enough to give a saint the blues. However, we must hope and pray that the President will soon be convalescent, and that there will be a rain.

This county is blessed with good crops, compared to many sections of the country. We will have enough to feed man and beast upon until another harvest can be reaped, and that is more than many sections will have. On the whole we ought to be thankful.

Farmers are busy saving blades and cutting off corn at present.

There is a great deal of fallow ground to be plowed yet.

Peaches have done well so far, prices ranging from $1.50 to $7.00 per basket. Harker's seedling, Ward's and Crawford's late are being shipped at this time.

Grapes sold very well. Hartford and Martha brought from 6 to 10 cts. per pound. Concords have rotted badly.

Pears are low owing to the large crop all over the country. Choice Howell are selling for 75 cts. per basket at present, which is a fair price.

It will pay to evaporate apples this year. Owing to the light crop in the North and East the dried fruit will pay next winter.

There has been a great deal of sickness, but it seems on the decrease now.

Mrs. Weer and Mr. Highly, of Kennedyville, are seriously ill.

Your correspondent, Charlie, has the "Rhumatis."

Yesterday, at the Kennedyville Presbyterian Church, the pastor, Rev. W. W. Reese, prayed for the speedy recovery of President Garfield and for rain.

White perch are biting better than they have done for some time past.

Wm. Hepbron, at Lynch's, has received 45 Empire drills, and does not think he will be able to supply the demand.

Hon. W. T. Hepbron has sold his peach crop, of five or six thousand baskets, to a Baltimore packer, for $1.75 per basket.

W. F. Wroth will have, when completed, the neatest dwelling in Still Pend.

The festival at Lynch's promises to be a success.

F. H. Boulden sold a horse, a few days ago, to a Philadelphian, for three hundred dollars.

Since a number of gentlemen in this section stopped drinking whiskey, the price has gone down.

Jos. T. Crouch, a life-long Republican of the second district, has announced himself as a candidate for sheriff. He has many Democratic friends in this section.

A number of weddings are booked for October. The more the merrier. Single blessedness is a humbug.

We have been informed that the Kieffer pear tree has blighted this season.

September 5th, 1881.

LETTER FROM KENNEDYVILLE.

KENNEDYVILLE, Aug. 31st, 1881.

Messrs. Editors—Our village presents a very quiet appearance for this time of year, the complete failure of the peach crop being something unusual for this locality.

We can imagine the citizens of this place coming out in the morning with shovels to dig the dirt away from their front doors, had there been the usual number of teams passing through the streets this summer. The dust is terrible. It is wonderful how little people in this world care for or think of others. A notable instance is the manner in which carriages leave church on Sundays. The streets of Kennedyville are very narrow and the pedestrians are enveloped in a cloud of dust from the carriages passing along at full speed. A moderate rate of speed would prevent all this.

The drought has considerably diminished the corn crop with us, though not to the alarming extent it has in some other sections. If it does not rain, we will commence to cut off corn for wheat about the 5th of September. There is considerable anxiety felt in regard to plowing fallow for wheat. This work is usually completed before this time. If it does not rain soon the wheat average will be considerably reduced in Kent this year. The farmers of our county should certainly be thankful it is as well with them as it is. In some parts of Delaware and Pennsylvania the farmers are compelled to feed all their stock, the pasture being entirely dried up. Their corn is burnt and the fodder will be comparatively worthless. They saved no hay, being compelled by the unusual cold winter and late spring to devote their hay fields to pasturage.

Can any of your readers explain the unusual growth of thorn hedges this season? I have heard it commented on by many, but have found no one who could give a satisfactory solution of the question.

The presbyterians held a Sunday school picnic in the lawn of Springdale farm, near Kennedyville, on the 26th. There was quite a merry crowd present who engaged themselves in playing croquet, flirting and all the other innocent amusements that appertain to Sunday school pic nics.

The weather has been too warm and dry for much courting, though some of the boys still keep up the struggle with a pertinacity worthy of a better cause. One couple are to be wedded in September, if the young man lives that long. We ourselves hardly think he will. It is sad, too, and he so young.

The Methodist church has been repaired and painted on the inside and presents a very attractive appearance. The fences and hitching racks are also to be renewed at once.

We are almost afraid to predict that our young minister intends to commit matrimony, for our predictions always come true. But we do know this much, if we were in the company of an accomplished and beautiful young lady as much as he, and with dimples in the checks, too, the damage done our heart would be too bad to cure with anything short of matrimony.

Mr. Jacob Highley is still in very poor health, so much so that he has as yet been unable to leave home for the mountains or seashore where he usually spends part of the heated term.

There is a straw press running in this vicinity. They are paying $4.00 per ton for straw in the stack. Good straw will yield one ton per acre, this will pay for the phosphate used on the crop, it being the usual thing with us to allow the money to go in phosphate. The tenant getting one half this, in our opinion pays better than spreading our fields, and is certainly less expense.

Hay will be worth more this winter than it was last, as there will be a great scarcity of fodder.

The summer visitors are flitting back to the city. Among others there is still with us a charming young lady from Kansas, a former resident of Kent.

Our little boys have brushed the dust off their books and sharpened their slate pencils preparatory to another ten months of school life.

Uncle Jimmie is wretched. He held his wheat for a rise in the market. The break the other day scared him and he sold for $1.42, agreeing to haul it three miles, when he could have gotten $1.45 next day to haul only one mile.

There is nothing more to tell you, and if we keep on we will get to gossiping and we hate that. Yours, CHARLIE.

IMPORTANT TO TRAVELERS.—Special Inducements are offered you by the BURLINGTON ROUTE. It will pay you to read their advertisemen to be found elsewhere this issue.

ALTHOUGH the Hebrews could not make bricks for the Egyptians without straw, yet in this country we can put up a neat fire-proof chimney without bricks in a few hours. You can examine the drawing in another column.

GOOD LOGIC.—A word to those who neglect to avail themselves of the business opportunities we offer. For nearly thirty days we have largely supplied the retail demand for Men's, Boys' and Children's Clothing in this city and State satisfactorily. The class of clothing we make is too fine for dealers in small towns to keep and is much better than is generally found in large cities. If you want a good article at the lowest possible price call upon C. N. OEHM & SON, Pratt and Hanover streets, Baltimore.

To Parents,
TEACHERS
And Scholars.

YOUR attention is now called to our very superior stock of

School Books and School Supplies

generally, which we have ready for the opening of the schools.

OUR PRICES ARE THE VERY LOWEST.

We know we can sell you these goods cheaper than you can get them elsewhere. We request a comparison of prices for the truth of this statement.

SLATES, STATIONERY, PENS, INK, CHALK, SPONGES, COMPOSITION BOOKS, PENCILS,

In fact everything required by the pupil, purchased by us in large quantities and sold very cheap.

Give us a call at THE CORNER DRUG STORE, and look over our stock.

Colin F. Stam

Order Nisi.

ANDREW WOODALL,
vs.
MARY L. WELCH AND OTHERS.

In the Circuit Court for Kent county. In Equity, July Term, 1881.

ORDERED, that the additional sale made and reported by Richard Hynson, Trustee, for the sale of the real estate of the late William Welch, deceased, be ratified and confirmed, unless cause to the contrary thereof be shown on or before the 13th day of October next,—provided a copy of this Order be inserted in some newspaper printed and published in Kent county, Maryland, once in each of three successive weeks before the 13th day of September next.

The Report states the amount of sales to be $31,912.31.

SAMUEL BECK, Clerk.
True copy—Test:

Standard Fertilizers.
No. 1
AMMONIATED SUPER PHOSPHATE
—OF—
LIME and POTASH,
COMPOSED OF
Dissolved Animal Bones, Dried Blood or Animal Matter, Acid Phosphate and Salts of Potash and Soda.

The steadily increasing demand for the above goods in the neighborhoods where it has been used attest its success as an unexcelled Wheat Fertilizer.

The sales of it last year considerably more than doubled those of the preceding year in the same localities, and to-day in these localities, it stands as high in the esteem of the Farmers who have used it as does any goods on the market.

I take pleasure in referring those who have never used it to the following well known gentlemen who have tested it:

G. W. T. PERKINS,	A. HURLOCK,	WM. MORRIS,
HENRY BRAMBLE,	H. C. LUSBY,	I. R. LEAVERTON,
R. H. ROUSE,	R. NICHOLSON,	P. E. WILMER,

N. B.—A supply of Horner's Best Dissolved Bone, Acid Phosphate, Peruvian Guano, Kainit and other Fertilizer Materials, always on hand.
August 4, 1881. T. W. ELIASON, JR.

IMPERIAL
SUPER PHSPHATE.
MANUFACTURED BY
Connelly & DeFord.

The late Firm of Kennard & Co. having dissolved, Messrs. J. FRANK CONNELLY and THOMAS G. DEFORD will continue the business, at the old stand,

IN CHESTERTOWN,

under the above Firm name.

We will continue to make the above Brand, which has been used with such fine results all over Kent and Queen Anne's counties.

We are also prepared to furnish anything in the line of CHEMICALS which may be needed.

☞ ***The Preparation of Special Formulas a Speciality.***

Our Brand of Acid Phosphates have done well and will be continued.

In the manipulation of all goods we use no worthless ingredients, and are therefore prepared, in offering the same, to guarantee them of the very best materials.

Our prices are such as to merit the attention of Farmers, and being considered in connection with results obtained by the use of our goods, fully justify us in soliciting their patsonage.

We have already received a nice line of orders, and our friends are daily adding to their number.

No goods are permitted to leave our Factory unless in first-class condition for drilling, hence no purchaser need apprehend any trouble in the application of our Brands. We make no claim that cannot be verified by a trial. Respectfully,

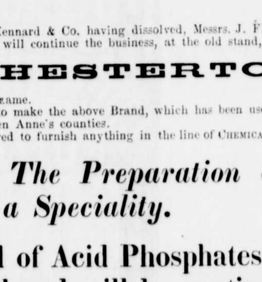

CONNELLY & DEFORD,
August 4, 1880—12t Chestertown, Md.

Notice to Farmers.
☞ **SEE FULL PARTICULARS!**
HUBBARD'S,
STANDARD BONE SUPER PHOSPHATE!
A Leading Fertilizer for all crops. Manufactured of
PURE DISSOLVED BONES, NITROGEN, POTASH, AND PERUVIAN GUANO,

Rendering it one of the most concentrated and valuable manures ever sold on the market.

WE ARE THE FIRST MANUFACTURERS OF SUPER-PHOSPHATE ON THE EASTERN SHORE OF MARYLAND, thereby being an old and established firm. We greatly thank our many friends and patrons for their past valued favors, and we hope by strict care and attention to business to merit a continuance of same. IT IS NOT SURPRISING that our goods have been so noted, as well for their superior condition for drilling, as for general excellence; as every ton is made in the self same way by the best machinery in use, to the **inspection of which all Farmers and the public generally are most cordially invited.**

We have for sale at our works of our own Manufacture, PURE BONE MEAL, Pure GROUND RAW BONES,

Pure Dissolved Animal BONE, Also, Dissolved South Carolina PHOSPHATE. KAINIT AND FERTILIZING SUPPLIES.

☞ **Highest Price Paid for ANIMAL BONES Delivered at our Factory.**
