Chestertown Transcript.
THURSDAY, SEPT. 15, 1881.

The Cannery at the depot is running full force every day, putting up tomatoes.

Two Rains last week broke the drouth in Kent, and the farmers have a chance to break fallow.

Tolchester is to close as a summer resort tomorrow, but the "Pilot Boy" will continue to make two trips a week. See change of schedule advertised elsewhere.

Land Sale.—R. Hynson, Esq., as trustee, sold at public sale, on last Saturday, to Capt. Andrew Woodall, the farm between Galena and Georgetown, known as Mt. Airy, containing 132 acres, at $55 per acre, aggregating $7,260.

Sale of Personal Property.—Mr. J. T. Dixon advertises elsewhere sale of personal property to come off next Tuesday.

Mr. Thos. N. Fraiser also advertises elsewhere personal property to be sold next Thursday.

The List of newly registered voters, also of deaths, transfers and removals, for the fourth election district, will be found in another column. The lists from the other districts will be published next week

Festival and Supper.—We are requested to state that the ladies of the Galena M. E. church intend having a festival and supper the last week in October. Full particulars will hereafter be given by advertisement.

Baltimore Grain Market.—Wednesday's quotations.—The demand for Southern Wheat is good. Fultz sold at 1 40a$1 45 and longberry 1 47a$1 53. No. 1 Maryland red sold at $1 50. Southern white corn sold at 90 cents, and yellow at 70a72 cents per bushel.

Real Estate and Personal Property to be Sold.—Next Saturday, at Church Hill, Messrs. T. J. & B. P. Keating as attorneys for G. Betton Massey, mortgagee, will sell a large tract of land lying near I. B. in Queen Anne's county. On same day a lot of personal property, consisting of store goods, &c., will also be sold. See advertisements of both sales elsewhere.

Cecil County Fair.—The second annual fair of the Cecil County Agricultural Association will be held at Elkton, on the 4th, 5th, 6th and 7th days of October. The premiums aggregate $7,500, being larger than those of any other on the peninsula except the Delaware State fair. A great many Kent people will no doubt visit the exhibition. See advertisement elsewhere.

Entry books for exhibits at the Eighth Annual Fair of the Peninsular Agricultural and Pomological Association, beginning at Middletown, Del., on Tuesday, September 20th, are now open, $7,000 in premiums are offered. This association always pays its premiums promptly. Exhibits are solicited from Maryland, Delaware, Virginia, Pennsylvania, or elsewhere.

The Prospect for a full exhibit in all departments of the Delaware State Fair are very encouraging. A great deal of the latest improved farm machinery, from the North and West, will be entered; while the cereal and ladies' departments will be especially attractive. $10,000 is a magnificent sum to offer in premiums, and is of itself inducement enough to insure the grandest display ever witnessed on the peninsula. An efficient board of managers can well afford to be responsible for the good name already won by this society. Send for catalogue.

Personal.—We had a short but pleasant call yesterday morning, from Mr. Ezra Whitman, publisher of the American Farmer. Mr. Whitman was at the Kent fair on Tuesday, and saw a part of the county riding from the Buck Neck steamboat wharf to Chestertown via. the fair grounds. He expresses himself as very much pleased with the farming lands of Kent, and says he never enjoyed a short visit more in his life, than the visit to our county. He returned to Baltimore yesterday morning.

A gentleman whose home is in Richmond, Va., dropped in our office yesterday morning. He says Mahone's ticket will be beaten this fall by 20,000 majority.

Dry Seasons.—The dry season of this year is not, after all, as long as some of years gone by. We have come across a schedule, which we believe to be reliable, and which we give below, showing the number of successive days without rain in various years, beginning as far back as 1621:

In the summer of 1621, 24 days in succession without rain.
In the summer of 1630, 41 days.
In the summer of 1657, 75 days.
In the summer of 1662, 80 days.
In the summer of 1674, 45 days.
In the summer of 1688, 81 days.
In the summer of 1694, 62 days.
In the summer of 1705, 40 days.
In the summer of 1715, 46 days.
In the summer of 1728, 61 days.
In the summer of 1730, 92 days.
In the summer of 1741, 72 days.
In the summer of 1749, 108 days.
In the summer of 1762, 123 days.
In the summer of 1773, 80 days.
In the summer of 1775, 42 days.
In the summer of 1791, 82 days.
In the summer of 1802, 23 days.
In the summer of 1812, 28 days.
In the summer of 1856, 24 days.
In the summer of 1871, 42 days:
In the summer of 1874, 26 days.
In the summer of 1876, 26 days.
1881, 34 days in succession without rain.

It will be seen that the longest drought that ever occurred in America was in the summer of 1762. No rain fell from the 1st of May to the 1st of September, making 123 days without rain. Many of the inhabitants sent to England for grain and hay.

Teachers' Association.—The Kent County Teachers' Association met at the school room in Chestertown, on Saturday, the 10th instant. On account of the rain, there was not a full attendince of teachers. The association was opened with prayer by Mr. Topping. Mr. Fallowfield acted as secretary *pro tem.*

The first question, "The best method of teaching notation," was discussed by Mr. Melvin, Miss Downes, Mr. Topping, Miss Shaw, Mr. Fallowfield, Miss Parks, Mr. Taylor, Miss Ruth, Miss Melvin, Miss Leaverton, Miss Taylor, Miss Crosby, the Examiner, and Miss V. Power.

A motion was made by Miss Leaverton, and adopted by the association, that the association hold but one session.

A very interesting address was made by the president of the association, Mr. E. F. Perkins, and appreciatively listened to by the teachers. In consideration of the fact that so few teachers were present, a resolution was passed by the association, requesting that the address be repeated on the occasion of the next meeting.

The second question, "To what extent should concert recitation be employed," was discussed by Mr. S. C. Wallis, Miss Strong, Miss Janvier, Miss Bramble, Miss Howard, Miss Crane, Mr. Melvin, the Examiner, Miss Leaverton, Mr. Crosby and Mr. Janvier.

On motion the question, "What is the natural order of development of the mental faculties," was carried over till next meeting.

The questions for discussion at the next meeting are, "Object teaching,—to what extent is it valuable?" Second, "Manner and time of conducting writing exercises."

Miss Kate Owens was appointed to read an essay before the next meeting.

Orphans' Court, TUESDAY, Sept. 13, 1881.—present, Judges Nicholson, Shallcross and Willson.

Richard Hynson, surviving administrator of Mary B. Needles, returned his first and final administration account, which was examined, passed as stated, and ordered to be recorded.

Jas. A. Skirven, executor of Araminta Skirven, returned his first administration account, which was examined, passed as stated, and ordered to be recorded.

H. W. Vickers, admr. C.T.A of George Vickers, returned his first administration account, which was examined, passed as stated, and ordered to be recorded.

Good Logic.—A word to those who neglect to avail themselves of the business opportunities we offer. For nearly thirty days we have largely supplied the retail demand for Men's, Boys' and Children's Clothing in this city and State satisfactorily. The class of clothing we make is too fine for dealers in small towns to keep and is much better than is generally found in large cities. If you want a good article at the lowest possible price call upon C. N. Oehm & Son, Pratt and Hanover streets, Baltimore.

THE KENT COUNTY FAIR.

First Day's Races.

A pleasanter day, and more favorable in all respects could not well have been chosen, than last Tuesday the opening day of the Kent fair. The rains of last week had thoroughly laid the dust, and the weather was just right,—not too hot nor not too cool. The attendance on the opening day was as usual not large. The display in live stock is more than usually good, especially of blooded sheep and cattle. The poultry display also represents the most improved breeds. Messrs. Hyland & Co., our Kent county manufacturers, are out with a fine lot of agricultural machinery. In the building for display of fruits, household and domestic articles, the exhibit is artistically arranged and attractive. Notwithstanding the scarcity of peaches this year, there is a display of some very fine ones at the fair. There is also a good display of pears and grapes. The fruit display is not, however, anything like what it should be, considering that Kent as a fruit-growing county acknowledges to be second to none in the State. The display of canned, preserved and dried fruits is tolerably full. There is a good display in the ladies' fancy article department, though the display is not large. Among the exhibitors in the domestic building may be mentioned Mr. C. F. Stam, who has a show case filled with silverware and bric-a-brac, Mr. T. L. Hines who has a large assortment of stoves and hardware, Mr. Henry Sparks who has a handsome show case of fruits, cake and confectionery, Mr. J. K. Aldridge who exhibits stoves and other hardware, Mr. L. K. Stam who has on exhibit a handsome chamber set, Messrs. C. N. Oehm & Son, of Baltimore, have on display a large assortment of stylish men and boy's clothing, as has also Mr. T. S. Bordley of Chestertown. It seems to us that the association needs at least double the space it now allots to domestic and household goods. There is not room to show to proper advantage, and to properly classify the exhibits this year. If the exhibits were four times as large, which we believe they could be made if there were sufficient space, the present building would not near accommodate them. The fruit display alone in this county should be large enough to fill more than half the present space.

THE RACES.

The track was in fine condition when the 2:48 race was called on Tuesday. There were eight entries, and the whole number entered appeared upon the track. Five heats were trotted without finishing the race, the finish being postponed till yesterday morning. In the 2:48 class, purse was $200—$120 to first, $60 to second, $20 third. Three best heats in five, trotted as follows:

Hess & Clemson, d s Gilt Edge	3	4	5	1 3
L. R. Levering, b g Thomas Scharf	8	8	dist.	
James T. Earle, b m Gambril Maid	2	2	4	5 1
W. J. Marshall, br g Ripton	5	7	3	4 d
James W. Clark, b m Gipsy	6	6	dr.	
Wm. R Storkley, s m Keystone Maid	7	5	2	2 2
Alex. Maxwell, g s Mountain Boy	1	3	7	3 d
John Ridey, jr., b g Elwood R	4	1	1	6 d

Time—2:46, 2:45, 2:46, 2:48, 2:54½.

In the 5th heat, Gilt Edge ran into Elwood R., threw out the driver, and totally wrecked the buggy. Three other horses were thrown out of the race by the confusion, only three trotting around the course. The distance was waved by the judges in favor of the horses that were thrown out, and they were allowed to enter the contest yesterday morning.

The race for four year olds, best two in three, purse $50—$30 to first, $15 to second, $5 to third, was trotted as follows:

Henry C. Hess, s m Flora Swing	2	1	2
Alday Clements, b s Bashaw	dist.		
J. J. Johnson, s g Fearless	1	2	1
James W. Clark, s g Star	3	3	3
W. L. Sparks, b g Fred G	dist.		

Time—3m, 2:59½, 3m.

Important to Travelers.—Special Inducements are offered you by the Burlington Route. It will pay you to read their advertisement to be found elsewhere this issue.

Although the Hebrews could not make bricks for the Egyptians without straw, yet in this country we can put up a neat fire-proof chimney without bricks in a few hours. You can examne the drawing in another column.

No. 1
AMMONIATED SUPER PHOSPHATE
—OF—
LIME and POTASH,
COMPOSED OF
Dissolved Animal Bones, Dried Blood or Animal Matter, Acid Phosphate and Salts of Potash and Soda.

The steadily increasing demand for the above goods in the neighborhoods where it has been used attest its success as an unexcelled Wheat Fertilizer.

The sales of it last year considerably more than doubled those of the preceding year in the same localities, and to-day in these localities, it stands as high in the esteem of the Farmers who have used it as does any goods on the market.

I take pleasure in referring those who have never used it to the following well known gentlemen who have tested it:

IMPERIAL
SUPER PHSPHATE.

MANUFACTURED BY
Connelly & DeFord.

The late Firm of Kennard & Co. having dissolved, Messrs. J. FRANK CONNELLY and THOMAS G. DeFORD will continue the business, at the old stand,

IN CHESTERTOWN,

under the above Firm name.

We will continue to make the above Brand, which has been used with such fine results all over Kent and Queen Anne's counties.

We are also prepared to furnish anything in the line of Chemicals which may be needed.

The Preparation of Special Formulas a Speciality.

Our Brand of Acid Phosphates have done well and will be continued.

In the manipulation of all goods we use no worthless ingredients, and are therefore prepared, in offering the same, to guarantee them of the very best materials.

Our prices are such as to merit the attention of Farmers, and being considered in connection with results obtained by the use of our goods, fully justify us in soliciting their patsonage.

We have already received a nice line of orders, and our friends are daily adding to their number.

No goods are permitted to leave our Factory unless in first-class condition for drilling, hence no purchaser need apprehend any trouble in the application of our Brands. We make no claim that cannot be verified by a trial. Respectfully,

CONNELLY & DeFORD,
August 4, 1880—12t Chestertown, Md.

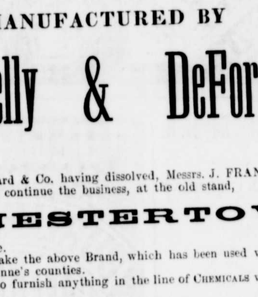

Notice to Farmers.

SEE FULL PARTICULARS!
HUBBARD'S
STANDARD BONE SUPER PHOSPHATE!
A Leading Fertilizer for all crops. Manufactured of
PURE DISSOLVED BONES, NITROGEN, POTASH, AND PERUVIAN GUANO,
Rendering it one of the most concentrated and valuable manures ever sold on the market.

WE ARE THE FIRST MANUFACTURERS OF SUPER-PHOSPHATE ON THE EASTERN SHORE OF MARYLAND, thereby being an old and established firm. We greatly thank our many friends and patrons for their past valued favors, and we hope by strict care and attention to business to merit a continuance of same. IT IS NOT SURPRISING that our goods have been so noted, as well for their superior condition for drilling, as for general excellence; as every ton is made in the self same way by the best machinery in use, to the

inspection of which all Farmers and the public generally are most cordially invited.

We have for sale at our works of our own Manufacture, PURE BONE MEAL, Pure GROUND RAW BONES,

Pure Dissolved Animal BONE, Also, Dissolved South Carolina PHOSPHATE. KAINIT AND FERTILIZING SUPPLIES.

Highest Price Paid for ANIMAL BONES Delivered at our Factory.

China Chamber sets—at SPARKS',
Sept 30 opposite Court House

STATE OF MARYLAND,
Executive Department.

PROCLAMATION.

Whereas, by the Constitution of Maryland, article 14, section 1, providing for amendments to the Constitution, it is made the duty of the Governor to order the publication of any bill proposing amendments as therein directed.

And whereas the following act of the General Assembly, passed at the January session, 1880, chapter 417, proposes an amendment to the Constitution, to wit:

CHAPTER 417.

AN ACT to amend section five of article four of the Constitution of this State.

SECTION 1. *Be it enacted by the General Assembly of Maryland*, Three-fifths of all the members of the two Houses concurring, that the following section be and the same is hereby proposed as an amendment to the constitution of this State, and if adopted by the legal and qualified voters thereof as herein provided, it shall supersede and stand in the place and instead of section five of article four of said constitution.

SEC. 5. After the election for judges as hereinbefore provided, there shall be held in this State, in every fifteenth year thereafter, on the Tuesday after the first Monday in November of such year, an election for judges as herein provided; and in case of death, resignation, removal or disqualification, by reason of age or otherwise, of any judge, the Governor shall appoint a person duly qualified to fill said office, who shall hold the same until the next general election for members of the General Assembly, when a successor shall be elected, whose term of office shall be the same as hereinbefore provided; and upon the expiration of the term of fifteen years for which any judge may be elected to fill a vacancy, an election for his successor shall take place at the next general election for members of the General Assembly to occur upon or after the expiration of the said term; and the Governor shall appoint a person duly qualified to hold said office from the expiration of such term of fifteen years until the election and qualification of his successor.

SEC. 2. *And be it further enacted by the authority aforesaid*, That the said foregoing section hereby proposed as an amendment to the constitution shall be, at the next general election to be held in this State, submitted to the legal and qualified voters thereof for their adoption or rejection, in pursuance of the directions contained in article fourteen of the constitution of this State; and at the said general election the vote on said proposed amendment to the constitution shall be by ballot, and upon each ballot there shall be written or printed the words "for the constitutional amendment," or "against the constitutional amendment," as the voter shall elect, and immediately after said election due return shall be made to the Governor of the vote for and against said proposed amendment, as directed by the said fourteenth article of the constitution.

Approved April 10, 1880.

Now, therefore, I, WILLIAM T. HAMILTON, Governor of the State of Maryland, do hereby order that the said act of Assembly proposing an amendment to the Constitution as aforesaid be published in two newspapers to be designated in each county, where so many may be published, and where not more than one, in that newspaper, and in three newspapers published in the city of Baltimore, one of which shall be in the German language, once a week for at least three months preceding the general election to be held on the 8th day of November next.

Given under my hand and the great seal of the State at the city of Annapolis, this 7th day of July, in the year of our Lord one thousand eight hundred and eighty-one.

WILLIAM T. HAMILTON.

By the Governor:
JAS. T. BRISCOE, Sec'y. of State.
