Chestertown Transcript.

THURSDAY, SEPT. 22, 1881.

The Middletown Fair closes to-day.

A Stolen Horse is advertised in this issue.

The Premium Awards of the Kent Fair will be printed in our next issue.

Washington College begins its first session for the coming year, on next Wednesday.

Tolchester, our Kent county watering place, is this year a more successful season than ever before.

We acknowledge the pleasure of sampling a very fine lot of cake, which was exhibited at the Kent Fair by Mrs. Henry A. Sparks.

The wharf of the steamer L. G. Cannon has has been changed to piers 13 and 14 Light st., Baltimore. See advertisement.

Entries at Dover Fair.—There are in all, ninety-eight entries for the races at the Dover Fair. The $1,000 pacing race is put down for the first day.

The Cecil County Fair commences Tuesday October 4, and lasts four days. The premiums are liberal. There will be a race for 2:18 class of horses, purse $1,000.

Change of Hour.—The steamers of the Chester River Company will, on and after Monday next, leave Chestertown at 8 o'clock A. M., and Crumpton at 7 o'clock A. M.

Vendue To-day.—Mr. Thomas N. Fraiser, at his residence near Chestertown, will sell, commencing at 11 o'clock this morning, a lot of horses, cattle and farming implements. See the advertisement in another column.

Flags in Chestertown were half-masted and draped in mourning on Tuesday in recognition of the President's death. The postoffice and the armory were also draped in mourning.

Republican Primaries.—Our Republican fellow citizens hold primary meetings next Saturday, which will elect delegates to a county convention to be held in Chestertown next Tuesday.

The Rail Bird has for the first time in the knowledge of Kent county sportsmen, made its appearance on the banks of Chester river. They have been seen in considerable numbers, and a few of them have been bagged.

The Mid-day Mail.—The daily mail from Baltimore city, by way of Tolchester Beach, was discontinued last Thursday. Arriving in Chestertown about noon, it gave us the daily papers and other mail matter 4 or 5 hours sooner than by rail, and was a great convenience.

Postponed.—The sale of the personal property by Mr. J. T. Dixon, administrator of Thomas P. Dixon, deceased, has been postponed till next Tuesday, the 27th instant, at which time it is advertised to be sold, rain or shine. See advertisement elsewhere.

We understand that there are two vacant foundation scholarships in Washington College to be filled from Kent county. These scholarships entitle the holder to tuition free of charge in all the branches taught, and the applicants must be found competent to complete the college course in five years.

Last Sitting for Registration.—Next Monday and Tuesday week, the 3d and 4th days of October, the registrars of this county, as will be seen by legal notice elsewhere, hold their last sitting to correct and complete the list of voters. It is a last chance. All who have to be transferred or who are to be registered for the first time, should bear this in mind.

Baltimore Grain Market.—The best samples of Southern Wheat are in demand for milling purposes, and the market is firm and quiet. Sales of Fultz at 1 40a$1 44, and long-berry at 1 46a$1 55. Southern Corn is nominal at 90a92 cts. for white and 70a72 cts. for yellow. Western Corn for December delivery is quoted at 76a77 cts. Maryland Oats 52a53 cts. Rye 1 06 a$1 08.

A Golden Wedding.—On last Monday evening Mr. and Mrs. William Vannort, of Chestertown, celebrated the fiftieth anniversary of their wedding. The company comprised the children and grandchildren of the aged couple, together with a few intimate friends of the family. Among the honored guests, there was present a lady who fifty years ago was present when Mr. and Mrs. Vannort were first united in marriage.

Died 3000 miles from Home.—On September the 10th, Noah H. Clough, who formerly taught school in Kent county and who made many warm friends while here, died in Denver city, Colorado, of typhoid fever. His body was brought on to be buried in the family burial ground near Greensboro', arriving seven days after his death. He had been for several years engaged in business in Denver city, where he had been quite successful. He was a young man of generous heart, and of many noble traits of character.

One of the nicest and most enjoyable features of the Delaware State Fair will be the musical concerts. We understand that the band engaged for this occasion is comprised of some of the best musicians in the country, including a detachment from McClurg's celebrated band of Philadelphia. The entry books of the society are now open, and it will be a wise thing for our readers who intend to exhibit to make their entries at once. The machinery department is filling up rapidly, and the other departments will be well represented by former and new patrons.

Ladies, your country expects you to do your duty. Send Mr. Barnard a list of your exhibits at once.

NOTES BY THE WAY.

HORSE-RACING—A SUCCESSFUL FESTIVAL—TYPHOID FEVER—PEACHES—FARMING MATTERS—THE LE CONTE PEAR—BUDDING PEACH TREES, ETC., ETC.

If horse-racing wasn't an innocent amusement so many good people would not sanction it.

Mr. George W. Clark, of Still Pond, and Miss Emma Osborn, of Fredericktown, were married last Wednesday morning in the Presbyterian church, Georgetown. Their many friends wish them much joy and happiness.

About one hundred and fifty dollars were realized at the M. P. church festival, Lynch's. The church is now nearly clear of debt,

Typhoid fever is the prevailing disease, there being very little malarial fever at present.

A horse-race is an excellent place for a boy to take his first lesson in gambling. The average American boy is very fond of smoking, drinking, swearing and betting. Boys generally follow in the footsteps of their fathers.

This week will about finish up the peaches. We estimated the crop in this section at 60,000 baskets. I think it will be more than that. Smock are selling for $1.50 to $3.00 per basket.

A number of farmers are ready to seed wheat, but are afraid to sow too early on account of fly. It was the early seeding last year that made the best yield.

Thousands of dollars will be lost and won at the different horse-races on the peninsula this season.

The "LeConte" is the pear to plant for profit. It is as large as a Bartlett and ripens two weeks earlier. A vigorous grower, profuse bearer, and said to be blight-proof, which is not so. This pear is extensively grown and succeeds well in Georgia.

Bilyeu's Late October is the best peach grown for drying. It will evaporate 6 and 8 pounds to the basket.

Physicians that do not treat their brother physicians with due respect and courtesy should not be recognized by the profession.

Some men will bet money at a horse-race if their wife and children are at home in rags and starving.

Sharks and porpoises have driven the perch away from our waters.

Judge T. J. Shallcross has budded 30,000 peach trees this season, mostly late varieties.

Mr. Moody ought to visit the peninsula this winter, and preach on horse-racing.

Pears have sold for higher prices than they did last year, notwithstanding the crop has been large all over the country. Duchess are selling for 90 cents per basket at present.

Speculators are buying up clover seed as fast as they can get it. The price next spring will be higher than for many years.

If the State would compel those who bet at horse races to pay a license, considerable revenue might be obtained from that source.

Judging from the daily bulletin, President Garfield is growing weaker all the time. There are no grounds for us to hope any longer. There is not enough vitality left for him to recuperate. His death may be expected at any time. It is to be hoped that Vice President Auther will serve the people and not the faction which he is credited with belonging to. The people of this country want harmony and not party strife. Sept. 19, 1881.

THE BEST TIME.—Many of our most prudent customers and citizens are now buying their clothing for themselves and boys for the fall and winter. We have everything ready, and there is no reason for delay; and there is reason for buying now. You may as well have a house full of clothing to select from and plenty of time to pick it out, as to come in a crowd after a while—after the first cold snap has caught you unprepared. Largest Stock in Baltimore. Lowest prices than all the rest at C. N. OEHM & SON, One Price Clothiers, Hanover & Pratt Sts. We have not asked permission, but we will chance it, and refer you to the publishers of this paper.

IMPORTANT TO TRAVELERS.—Special Inducements are offered you by the BURLINGTON ROUTE. It will pay you to read their advertisement to be found elsewhere this issue.

ALTHOUGH the Hebrews could not make bricks for the Egyptians without straw, yet in this country we can put up a neat fire-proof chimney without bricks in a few hours. You can examine the drawing in another column.

TO WHEAT GROWERS.

The undersigned, *PIONEER* in the manufacture of FERTILIZERS in this city, and *ORIGINATOR* in 1858 of the formulas and processes of manufacture of

"Excelsior" and Ammoniated Phosphate

So well and favorably known by the agricultural public, relying upon his experience and personal reputation hitherto acquired in the uniform excellence of these FERTILIZERS, as manufactured by him, continues to offer them to the Farmers and Planters of Maryland and Virginia, with the assurance that the *High Standard Quality* of each will be maintained as heretofore.

The above are the most concentrated *FERTILIZERS* ever offered to the farmer, combining all the stimulating qualities of Peruvian Guano and the ever durable fertilizing properties of Bones in fine, dry powder, prepared expressly for drilling.

For growing wheat, it is the universal opinion of the farmers of Maryland and Virginia, after over twenty years' experience in the use of these Fertilizers manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of any other Fertilizer or Guano, therefore fully 50 per cent. cheaper.

With my present advantages and superior facilities for manufacturing, I challenge competition with any Fertilizer sold in the United States, in quality, mechanical condition and price.

By strictly adhering to my original formulas, using only the most concentrated materials and superintending in person their manufacture, as for the past *twenty-three years*,

UNIFORM QUALITY IS GUARANTEED.

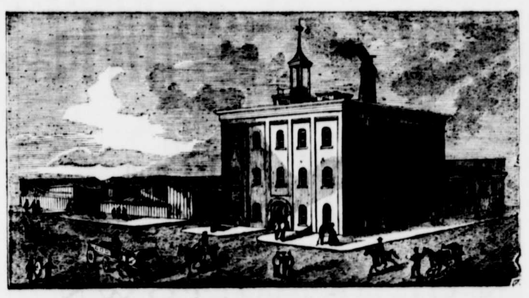

☞ Farmers, to secure the ONLY GENUINE *EXCELSIOR* and *PHOSPHATE* prepared according to my original formulas established in 1858, should see that every bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.

ALKALINE SUPER PHOSPHATE,

LINDEN PHOSPHATE.

The ALKALINE and LINDEN PHOSPHATES have special reference to the growth and development of the Grain, and are intended for lands that produce a sufficient growth of Straw, but small crops of Grain. They have been used for several years by some of the best farmers of Maryland and Virginia, alongside the highest grades Ammoniated Phosphates, and in some sections have almost superceded them.

The Fine Mechanical condition of our FERTILIZERS is such, that they Drill readily, and we recommend the use of the Drill as being the most profitable way of applying Fertilizers.

The steadily increasing demand for above goods in the neighborhoods where it has been used, attests its success as an unexcelled Wheat Fertilizer.

One evidence of the value of our Fertilizers is that all the parties named below who used our goods last year, have increased their orders for this year. These namesare genuine, and we refer farmers to the parties themselves:
