Chestertown Transcript.

THURSDAY, OCT. 13, 1881.

Chestertown wore a lonesome look the first three days of this week. All on account of the Oriole.

The Orphans' Court had no business before it last Tuesday, and adjourned to meet twice next week,—on Tuesday and again on Thursday.

One Way to go to Yorktown.—Mr. F. Gerker advertises elsewhere that round trip tickets will be sold at all points on Kent Co. R. R., on October the 17th, 18th and 19th. See route and rates advertised.

Nearly Completed.—The people of Locust Grove are building an M. E. Church in that place. The building is raised and will be quite an ornament to the village. They expect to lay the corner stone the 26th of October.

To be Withdrawn.—The B. S. Ford, during the week of the Yorktown celebration, commencing Monday, Oct. 17th, will be withdrawn, and the Law will be run on the Ford's trips, extending the route on to Crumpton.

A Gentle Hint.—Next week is court week. May be you owe the printer a little bill for subscription. If so, just pin the fact to your memory, and make a point of dropping in on him. He will be wonderfully glad to see you.

Sale of Farm.—Mr. C. H. Baker, as attorney for Rev. S. W. Thomas, sold on last Friday at private sale to Mr. Lucas Alrich, of Wilmington, Del., the Anderson farm, containing 389 acres, and located on Chesapeake Bay, for $15,560.

Off for the Oriole.—Fully two hundred people left Chestertown for Baltimore on Monday, and two hundred more on Tuesday, to be present at the celebration. It is probable that from one to two thousand people visited Baltimore from Kent county during the first three days of this week.

Store Robbed.—The store of Mr. Thomas Ellis, on Cross street, was entered on last Friday night, and we understand that between forty and fifty dollars in money was taken by the thieves. An entrance was attempted in the first place by the back door, but was finally effected by the front window.

Vessel Sunk.—The schooner Virginia, partly owned in Kent county, which sails out of Lankford bay, Chester River, was sunk Thursday night of last week, in Chesapeake Bay, off Swan Point. The Virginia was loaded with 113 tons of coal, which she took on at Havre deGrace. The crew took to the yawl, and was safely landed at Tolchester. The tops of the masts of the schooner show above water, and she is to be raised.

Baltimore Grain Market.—The demand for Southern Wheat is rather indifferent and the market is dull and easier. The range of prices is 1 40a$1 48 for fultz and 1 50a$1 60 for longberry, with the outside prices paid by millers for fancy samples only. No. 1 Maryland red sold at $1 58.

Southern white Corn was easy, with sales of fair to good at 75a78 cents: yellow nominal at 77a78 cents.

Yorktown has been very much the talk in Kent county for the last week or so. There will be quite a number to go from our county, and the number would be largely increased, if there were an assurance of comfortable accommodation after getting there. The Kent guards will leave on Saturday for Baltimore, where they will join the other companies that are to represent the State. The Kent company expect to take along fifty men.

A Kent County Man in Georgia.—Mr. R. J. Ruth, son of Capt. T. deC. Ruth, of Chestertown, is the southern agent of R. W. L. Rasin & Co., and is representing that firm at the Atlanta exposition. In the Atlanta *Constitution* of Oct. 5th, there is the report of a long interview with Mr. Ruth, concerning the sale of fertilizers in the South. The *Constitution* has this to say of Mr. Ruth:

In front of a huge desk with a pile of letters—in front of him—through which he wades methodically, is the directing spirit of this room. A smallish man, with a well-shaped head, a firm face, with decisive decorous lines, a manner that without brusqueness has directness, and that indescribable air of culture and force that belongs to the trained man of business. His words are singularly well chosen and are used to carry ideas, not sentiments or whims. This is R. L. Ruth, the southern manager for R. W. L. Rasin & Co., of Baltimore, Md., the great guano men, the best known and most successful man in the business representing the largest and most successful house."

The Kent County and Bombay Hook R. R.—For some time past, rumors of a proposed sale o the Kent County and Bomday Hook Railroad have been in circulation. Where there is so much smoke, there may perhaps be some fire. This time the rumor appears in form of a despatch from Smyrna to the Baltimore *Sun*, which says, indefinitely, that the road is to be sold by Jay Gould, to Philadelphia and Boston capitalists. The despatch from Smyrna to the *Sun* dated Sunday Oct. 9th, says:

"An agent of the proposed purchasers was in town a few days ago, and it is stated, and was not contradicted, that the capitalists are making this move as a matter of speculation, looking to the construction of the new ship canal across the peninsula, and parallel with the road. After the purchase is effected, it is further stated, the road will be sold to the projectors of the canal, either for freight purposes or as a precautionary measure to prevent the possibility of the road being operated inimical to the ship company's interest."

Col. Bingham, Jay Gould's agent, was in Chestertown Monday, and left Tuesday morning. Col. Bingham's appearance in Chestertown is nothing remarkable, as he has frequently been here since Gould has owned the road. We have made inquiries and have reason to believe that the despatch published in the *Sun* is not correct in its statements, or inferences. That, however, the road is in the market, and may change hands sooner or later there is reason to surmise.

Complimentary.—The *American Farmer* for October has something very commendatory to say of one of our Kent county nominees for the legislature. We quote as follows:

"*A Fit Nomination.*—Although the American Farmer has nothing to do with political questions or personal candidatures, it will not be out of place to express the gratification felt at the renomination in Kent for the House of Delegates of Mr. T. A. Hulme. This gentleman was one of the two members of that body (and the only farmer) who, at its last session, voted against the bill withdrawing the State appropriations from agricultural societies—which was passed nominally in the interest of "reform"—a measure of pretended economy demaded by no sect on or class—a mere "tub to the whale," easily rushed through because the only interests to suffer were those of agriculturists. Mr. Hulme's vote did credit to his judgement and independence, and knowing him, as we do, as an intelligent and liberal-minded farmer, we are pleased he has this endorsement for his community, which is a strictly agricultural one.

"We are as much opposed as any one can be to State support of institutions of any kind which ought to stand or fall of their own merits, and if all such unwarranted appropriations were withdrawn we should find no fault. But we object to the singling out of agricultural societies on which to practice this narrow economy. A well-conducted county society—like those, let us say, of Harford and Frederick—stimulates improvement, stirs up a spirit of enterprise; results in the introduction of better farm live stock and new machinery, the adoption of improved processes, and enlarges the basis of taxation, thus bringing back to the treasury as much, and more, than it draws from it."

Court Next Monday.—The October term of the Circuit Court for Kent county, meets next Monday. There are no cases on the trial docket that seem to indicate that the session will be a long one. There are in all seventy-five cases upon the docket marked for trial. Many of these, however, will not come up at this session, and others will be settled by compromise.

There are now in jail eight parties awaiting trial. Seven of these are negro youths, the other is a negro woman. The woman is confined on a charge of stealing a peticoat from another colored woman, the garment being valued at fifty cents. Two negro boys are to be tried on the charge of stealing money from a store, one on the charge of cutting with a razor, and another on the charge of burning down a stack yard. Wm. Hill, a noted forest character, is in on the charge of assault. The other cases are for stealing.

William Hill, though a very innocent seeming colored person, gets into a good many law suits. About two years ago, William engaged in a fight, in which he got one of his ears chewed off. Notwithstanding this fact, the other party had William put in jail, and tried for assault. Last fall William was again put in jail for assaulting a man with a hoe. During his incarceration last fall, he made himself conspicuous by his piety and his prayerfulness. One day, however he got a good chance, and struck out in a run for freedom. Sheriff Gooding saw him, and started in pursuit at a two-thirty step. He captured William on the outskirts of the town.

William holds to the theory, that he is a very upright individual himself, but that he is surrounded by wicked neighbors, who are always getting him into trouble.

T. D. Pierce aims to carry a full assortment of the very finest foot wear, made up in a thorough manner, from the best material with especial attention to fitting qualities. He prefers making one hundred sales at small profits, pleasing his customers, to ten sales of inferior and unsatisfactory goods. See his fall advertisement.

Queen Annes' Items.—Three negro men escaped jail in Centreville on Monday night of last week by sawing the iron bars of their cell window. It is supposed that they had accomplices from the outside. The sheriff has offered $40 reward each for their recapture, or $120 for the three. Their discription is as follows: Ellick Cooper, is short, thick-set, very dark, with eyes red where they should be white; the other two tall—very nearly 6 feet high and quite quite dark in color, and answering to the name of Alonzo Davis, has a slight flare in his eyes, the other, Jas. Carter, has a large face and rather small, sharp head.

James Lynch an inmate of Queen Annes' County almshouse, who was subject to epileptic fits, jumped from his room window in the third story of the building, on Sunday night of last week, and was almost instantly killed.

NOTES BY THE WAY.

THE MOST PROFITABLE VARIETIES OF PEARS—FRUIT BUDS—WHEAT SEEDING—SICKNESS—PERSONAL, ETC., ETC.

The last three years have convinced me that late pears are not as profitable as early varieties Our autumn pears won't sell like they used to, because the markets are supplied with northern Bartlett until October. Future plantings should consist mainly of Buene Giffard, Manning, Le'Conte, Bartlett and Howell, if profit is desired.

This season has been fine for the maturing of fruit buds, and the prospect is good for an abundant crop of fruit next year.

The late rain has refreshed man and beast, and pasture will be revived.

Wheat seeding is progressing. Some wheat is coming up.

The increase of typhoid fever in this county should arouse our farmers to the importance of "liming" their lands.

Mr. John A. Nelson died yesterday, aged 63. For nine years he has been a sufferer from rheumatism. Few men were as much esteemed and respected as the deceased. He leaves behind him a good name, which is rather to be chosen than great riches.

Dr. Jacobs, J. A. Toulson and Wm. Duyer are very sick with malarial fever.

L. C. Justis is recovering from a severe atack of pluro-pneumonia.

If Guiteau goes to Heaven, what use is there of a Hell?

Rev. J. B. Merritt preached a temperance sermon at Still Pond M. E. Church yesterday.

Peninsula News

Capt. Tyler, a Chrisfield fisherman, caught $75 worth of sheepshead in three days.

Sussex county, Del., has planted this year a large crop of turnips, to be used for stock this winter.

The Middletown fair association expects to be able to finally dispose of its floating debt this year.

A barn with this year's wheat crop, and a stable with a horse in it were burned in Cecil county last week.

Philip J. Le Compte, a farmer, of Dorchester county, had his pockets picked at the republican convention at Cambridge of $325.

According to the Smyrna Times the drouth has reduced the Matrimonial crop in Kent county Del., to 50 less than last year.

The oyster business is now flourishing in Cambridge. All the houses are full of orders from North and West for oysters and the most active business operations are displayed around the wharves and business houses.

The firm of R. H. and M. H. Davis, at Milford, has evaporated, this year, 12,000 baskets of apples. The season has about closed. The fruit has risen in value from eight cents at the opening of the season to 15 cents per pound.

The new steamer to be built by the Maryland Company, to run up the Choptank River is to be called the Howard B. Ensign. She is to be of light draught, but in all other respects similar to the Ida, belonging to the same Company.

Henry Augusta, colored, living in Ferry neck Talbot county, was drowned in Third Haven, at Double Mills last Saturday week. He was in a canoe oystering in deep water, and through some mishap fell overboard and was drowned. His body was recovered.

The Pocomoke Record gives the particulars of a murder which occurred lately near Snow Hill. At a bush cutting where cider flowed freely, William Dryden cut John Peacock with a knife through the abdominal wall and into the intestines. The victim died in a few days. His murderer has not been arrested. Both men had families.

Intelligence of the death of Mrs. M. Bourne in Boston was received in Caroline county last week. She was very old, probably beyond eighty, and her passing away has been expected for some time. Though never for any length of time residing in Caroline county, this woman had made herself famous by her lavish expenditure in beautifying the large tract of land near Ridgely called the Plains. The old lady's wealth is estimated at ten millions. It is said that $250,000 was expended alone in improvents upon the immense estate. It is altogether, one of the finest country residences in the state.

The Cecil county fair was this year a grand success. On Thursday there were about 8,000 present, and on Friday it was estimated that there were as many as 12,000 present. The exhibition in all departments was much larger than that of last year. There was during the fair a bicycle race and a tournament. The most novel feature of the races, was an ox race. This race was for half mile heat, two best in three. It was won in four heats by Jake. There were three oxen entered in the race, all from Somerset couny. The best time made was one half mile in three minutes and four seconds by the winner Jake.

An old inhabitant says that Kent Island is gradually diminishing in size and thinks it will before many centuries be swallowed up by the Chesapeake. He thinks the island is sinking, basing his opinion on the fact that in many places the roots of the older trees are uncovered, the soil having sunken fully a foot and a-half below the trunks. As at this rate it will be about 300 years before the island disappears, the present inhabitants need not be alarmed.

A little two year old son of Mr. Solomon Harris, residing on Mr. Thomas A. Embert's farm, about three miles from Centreville was found drowned on Friday last in a slop barrel. It seems that Mr. Harris had a large cask, capable of holding about sixty gallons, buried about one-half in the ground, which was used for a slop receptacle. On Friday the little boy was missed, and search being instituted he was found in the cask head downward and drowned.

THE BEST TIME.—Many of our most pruden customers and citizens are now buying their clothing for themselves and boys for the fall and winter. We have everything ready, and there is no reason for delay; and there is reason for buying now. LIME PAINT.

It is good for Frame Houses, outside being Water Proof

The attention of Housekepers, Farmers and others is called to the above Useful and Valuable Preparation for Whitewashing and Sanitary Purpoes. It costs less in comparison than Common Whitewash, or the unslacked lime, and its durability and beauty are two-fold greater. It never loses its strength. It can be kept for years. When applied, it forms a surface as smooth as calsomine, without glue or plaster. It can be used conveniently and economically in making Mortar, Finishing Insides, and for all purposes in which sand and lime are employed. We solicit a trial. We refer to the Knickerbocker Ice Co., and others. Sold at wholesale, by the barrel, and in smaller packages, at the Manufactory.

TO WHEAT GROWERS.

The undersigned, *PIONEER* in the manufacture of FERTILIZERS in this city, and *ORIGINATOR* in 1858 of the formulas and processes of manufacture of

"Excelsior" and Ammoniated Phosphate

So well and favorably known by the agricultural public, relying upon his experience and personal reputation hitherto acquired in the uniform excellence of these FERTILIZERS, as manufactured by him, continues to offer them to the Farmers and Planters of Maryland and Virginia, with the assurance that the *High Standard Quality* of each will be maintained as heretofore.

The above are the most concentrated *FERTILIZERS* ever offered to the farmer, combining all the stimulating qualities of Peruvian Guano and the ever durable fertilizing properties of Bones in fine, dry powder, prepared expressly for drilling.

For growing wheat, it is the universal opinion of the farmers of Maryland and Virginia, after over twenty years' experience in the use of these Fertilizers manufactured by me, that an application of 160 pounds is equal in its effects to 200 pounds of any other Fertilizer or Guano, therefore fully 50 per cent. cheaper.

With my present advantages and superior facilities for manufacturing, I challenge competition with any Fertilizer sold in the United States, in quality, mechanical condition and price.

By strictly adhering to my original formulas, using only the most concentrated materials and superintending in person their manufacture, as for the past *twenty-three years*,

UNIFORM QUALITY IS GUARANTEED.

☞ Farmers, to secure the ONLY GENUINE *EXCELSIOR* and *PHOSPHATE* prepared according to my original formulas established in 1858, should see that every bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.

Maryland Co's. Phosphate

THE MARYLAND
Fertilizing and Manufacturing Co.

ARE PREPARED TO FURNISH THE FOLLOWING WELL-KNOWN BRANDS OF FERTILIZERS:

ALKALINE SUPER PHOSPHATE,
AND
LINDEN PHOSPHATE.

The ALKALINE and LINDEN PHOSPHATES have special reference to the growth and development of the Grain, and are intended for lands that produce a sufficient growth of Straw, but small crops of Grain. They have been used for several years by some of the best farmers of Maryland and Virginia, alongside the highest grades Ammoniated Phosphates, and in some sections have almost superceded them.

The Fine Mechanical condition of our FERTILIZERS is such, that they Drill readily, and we recommend the use of the Drill as being the most profitable way of applying Fertilizers.

The steadily increasing demand for above goods in the neighborhoods where it has been used, attests its success as an unexcelled Wheat Fertilizer.

One evidence of the value of our Fertilizers is that all the parties named below who used our goods last year, have increased their orders for this year. These namesare genuine, and we refer farmers to the parties themselves:

Capt. E. B. Woodall, Charles England, T. F. Hurlock, E. S. Clothier, J. T. Dixon, Wm. H. Whitely,
E. F. C. Perkins, S. J. Roseberry, W. O. Shallcross, Robert Kimble, F. Rash, G. W. Jones,

HUBBARD'S

STANDARD BONE SUPER PHOSPHATE!

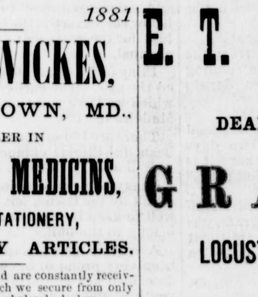

A Leading Fertilizer for all crops. Manufactured of

PURE DISSOLVED BONES, NITROGEN, POTASH, AND PERUVIAN GUANO,

Rendering it one of the most concentrated and valuable manures ever sold on the market.

WE ARE THE FIRST MANUFACTURERS OF SUPER-PHOSPHATE ON THE EASTERN SHORE OF MARYLAND, thereby being an old and established firm. We greatly thank our many friends and patrons for their past valued favors, and we hope by strict care and attention to business to merit a continuance of same. IT IS NOT SURPRISING that our goods have been so noted, as well for their superior condition for drilling, as for general excellence; as every ton is made in the self same way by the best machinery in use, to the **inspection of which all Farmers and the public generally are most cordially invited.**

We have for sale at our works of our own Manufacture, PURE BONE MEAL, Pure GROUND RAW BONES,

Pure Dissolved Animal BONE, Also, Dissolved South Carolina PHOSPHATE. KAINIT AND FERTILIZING SUPPLIES.

☞ **Highest Price Paid for ANIMAL BONES Delivered at our Factory**

This Invitation Is From John Wanamaker.

On visiting Philadelphia you will find, among other places of interest, the *Grand Depot* well worthy of a visit. Its floor and gallery spaces now cover over three acres, and are filled with Dry Goods, Carpets, China, Furniture, etc. The last addition is a large and beautiful *Picture Gallery*, to which admittance is free.

The *Pneumatic Tubes* carrying the money through the air, and the *Electric-Light Machinery*, are also worth seeing.

There is a *Lunch-Room* in the building. Valises, baskets and packages can be left in charge of attendant in Ladies' Waiting Room.

Mr. Wanamaker is desirous that visitors should feel at home when they come, and be free to purchase or not, as they please.

NOTE.—Our large Catalogue, with prices and full directions for shopping by mail from any part of the United States, will be mailed gratuitously upon request, address JOHN WANAMAKER, GRAND DEPOT, PHILADELPHIA.
