Chestertown Transcript.

THURSDAY, APRIL 3, 1884.

—x—

Subscription $1.50 per year; 75 cents for six months, in advance.

Advertising Rates.

Transient advertising will be charged at the rate of *one dollar* per square for first three insertions, and twenty-five cents per square for each subsequent insertion. A space equal to eight lines of brevier, constitutes a square. Figure-work will be charged fifty cents per square additional for first three insertions.

Simple notices of marriages and deaths, inserted free. Obituary notices will be charged at the rate of five cents per line.

JOB WORK.

Handbills, large and small, flyers, dodgers, letterheads, billheads, envelopes, cards, tags, programmes, and other kinds of job work will be done neatly and reasonably.

Correspondence upon matters of local interest desired. Anonymous communications will not be inserted.

It is desirable that communications be in by Saturday night if possible, and in any case no later than Monday night or Tuesday morning

—Wheat is said to be looking very well indeed.

—The roads during the past week have improved greatly.

—Rev. J. A. Wiegand, who filled last year the Kennedyville charge of the M. P. Church, is this year at Pittsville, Wicomico county, not very far from Ocean City. He is pleased with his appointment.

—The Enterprise Transportation Company on Tuesday last held its annual meeting and elected a board of directors as follows: C. Wright Spry, R. J. Foard, W. E. Jarrell, Harry P. Newnam and W. D. Burchinal.

—The iron bridge over Radcliffe's creek, about one-half mile out of Chestertown is almost completed. It is yet to be painted, and a few other finishing touches are yet to be given. The bridge is a handsome one, and appears to be a strong one. The low marshy road approaching the bridge from the Chestertown side has been improved by a thick layer of shells.

—Capt. W. D. Burchinal has for some time been engaged in reclaiming a large piece of land from the river, lying between the Enterprise steamboat company's wharf and the railroad wharf. A great many shells have been deposited, and the work is well under way. An unfortunate break in the wood-work bordering the new wharfage on deep water, recently gave considerable trouble. The break will be remedied, however, and in a short time Chestertown will have a large addition to deep water river front.

—The Legislature just adjourned passed the following laws local to this county: To extend the provisions of the mechanics' lien law to the county; authorizing the sale of the old Brick Church at Kennedyville; authorizing the removal of remains from the burial grounds of Chester Parish; authorizing building of a new jail; extending time for shooting rabbits; dividing the 4th election district into two voting precincts; limiting the town tax for Chestertown to 35 cts. on the $100.

There is a joint law between Kent and Queen Anne's regulating the catching of fish in Chester river, and a law requiring the State's Attorneys for all counties except Somerset, Harford and Wicomico to render detailed accounts of services.

—Hon. G. W. Covington has filed in the House a petition signed by many citizens Queen Anne's and Kent counties, and endorsed by members of the Corn and Flour Exchange of Baltimore, praying for an appropriation of $15,000 for removing four bars in the Chester river between Crumpton and Kirby's landing. The claim is made that if these bars—Plum-pudding, Mussel Shoal and Kirby's bar—are remove there will be a free passage for vessels drawing seven feet of water to Kirby's landing. The importance of the work is vouched for by the petitioners, by the members of the Corn and Flour Exchange and by the report of Colonel Craighill, who made the surveys. It is expected that the Committee on Rivers and Harbors will be ready to consider the needs of the water ways of Maryland early in April.

—Every two weeks, on Friday afternoon, the Chestertown public school has a journal read, which is made up of contributions by pupils of the seventh grade. The *Transcript* was represented among the audience on last Friday, and the representative listened with great pleasure to the reading of this rival organ. Misses Lilian Constable and Fannie Stewart, two bright young ladies, were editresses (terrible word), and read alternately. The jokes shot point-blank every time, and there was no mistaking the parties for whom they were meant. These jokes, in many instances, had a meaning that only the school could understand, but the shouts of laughter showed clearly enough that the school did understand. The name of the paper, we had almost forgotten to state, is *The Echo*. The *Echo* is a very commendable publication; it not only is a source of diversion and entertainment, but it is one of the best means of teaching to write good, unaffected English.

—Orphans' Court, Tuesday, April 1, 1884—Present, Judges Walker, Hyland and Stevens.

Chas. H. Baker, guardian to Alfred Lee Baker, filed his guardian account for the year 1883, which was received, passed as stated and ordered to be recorded.

Harrison W. Vickers, executor of J. Thomas Rowley, deceased, filed an additional inventory of the estate of said deceased, which was received and ordered to be recorded.

Richard Hynson, executor of Jacob Highley, deceased, filed his release from Jos. C. Brower, attorney for Nettie B. Eisenberg, Hannah Hendricks, Sarah J. Pannebaker, Jessie C. Server, John U. Brower, Hannah M. Wagner, Margaret Davis, Arnold E. Highley, Mary A. Stoll, Sarah E. Bowers, John R. Highley, Lydia S. Fielding, Chas. S. Brower, Fanny B. Morgan, and Laura B. Stoll, which were received and ordered to be recorded.

Richard Hynson, executor of Jacob Highley, dec'd, filed his release from Jos. C. Brower, guardian to Henry Brower, which was received and ordered to be recorded.

Richard Hynson, executor of Jacob Highley, dec'd, filed his release from Jos. C. Brower, assignee of Abram C. Brower, which was received and ordered to be recorded.

Richard Hynson, executor of Jacob Highley, dec'd, filed his release from Frank M. Highley, which was received and ordered to be recorded.

Richard Hynson, executor of Jacob Highley, dec'd, filed his release from Frank M. Highley, attorney for Blanche R. Highley, Emma V. Brusster, Geo. B. McC. Highley, James Elwood Highley, which were received and ordered to be recorded.

Richard Hynson, executor of Jacob Highley, deceased, filed his release from Frank M. Highley, guardian to Chas. H. Highley, which was received and ordered to be recorded.

Richard Hynson, executor of Jacob Highley, deceased, filed his release from Chas T. Westcott, adm'r of George Server, Jr., late of Pennsylvania, deceased, which was received and ordered to be recorded.

Richard Hynson, executor of Jacob Highley, deceased filed his release from John Frank Holloway, attorney for Mary R. Holloway, which was received and ordered to be recorded.

A Grand Place.—The new and fashionable could be recommended than the reliable House of C. N. OEHM & SON, Baltimore. They are ready with their new styles, and you should see them when in that city. 1t.

Peninsula Items.

Comptroller Turner is reported to be much better of his rheumatism, but is not yet able to leave his bed.

Easton is to have a regularly organized fire department. She is about to put up an engine house to cost $2500.

The Easton *Star* says that Gov. Philip F. Thomas is spoken of in connection with the presidency of the Chesapeake & Ohio canal.

The statement is published that the steamer Georgeanna sunk $60,000 in the five years she ran on the Choptank line as an opposition boat, and has done nothing since she has been withdrawn.

A Salisbury correspondent of the Baltimore *Sun* says that a silver watch lost in the woods near that place, some fifteen years ago, was found a few days since by a colored boy while raking leaves. After being wound up it began running, and is keeping good time.

Col. R. C. Hollyday, Secretary of State, has resigned, and Gov. McLane has appointed Geo. R. Milligan, esq., of Baltimore, Secretary of State. Col. Hollyday's resignation takes place on May 1st. He is 74 years of age, and finds that he has not the physical strength to discharge the duties of the office.

Mrs. Frances Hastings, of Wicomico county, died recently at the age of ninety years. She was the mother of thirteen children, the grandmother of sixty-seven, the great-grandmother of of seventy-seven, and the great-great-grandmother of three, making the total number of her descendants one hundred and sixty.

A correspondent of the Centreville *Observer* thus sums up his views upon the marriage license bill: "Any man who would object to paying the old fee of $ 4.50, sets but a meagre value upon the true worth of woman, and at the same time exhibits characteristics of fearful disqualification for either a good husband or a wise and prudent father.

At the meeting of the directors of the Queen Anne's National Bank of Centreville, the following gentlemen were appointed a building committee, with instructions to contract for a banking house: John W. Perry, P. H. Feddeman, Jr., W. Kent Sparks, Dr. R. M Price and W. P. Finley. The committee will perform the duties imposed upon them at an early date.

The dwelling house of Dr. Wm. H. DeCourcy, situated on Wye River, in Queen Anne's county, was destroyed by fire on Sunday morning last. The fire originated from a spark, and the high wind blowing at the time rendered it impossible to save the house. All the furniture, however, except some bedsteads, was saved. The house was one of the old homesteads of the county, and was a very fine building. Loss about $3,500, covered by insurance in the Montgomery company.

Somerset and Dorchester democrats seem to favor the appointment of T. F. J. Rider, of Wicomico, as Associate Judge of the First Judicial Circuit, to succeed Eph. K. Wilson, who was recently elected U. S. Senator. Worcester also presents a candidate but it is not likely that the appointment will be given to that county. Wicomico, in a political point of view, seems to be entitled to the honor of naming Judge Wilson's successor, and if the democrats of that county will urge Rider's appointment he will be apt to secure the position.—*Easton Ledger.*

The schooner Zereda, of Somerset county, captain W. H. Thomas, was arrested last week by Capt. Clements, of the police sloop E. B. Groome, for illegal dredging in Poplar Island Narrows. The captain was tried by Justice Lowe, of Bay Hundred, who fined him $50 and costs. The schooner Milton V. Ross, of St. Michaels, captain Jesse Dobson, was arrested at the same time for the same offense but the Justice allowed Capt. Dobson to go to Baltimore and sell his oysters before being tried.

A whale measuring 50 feet 9 inches long and 12 feet 4 inches through the body from back to breast and with a tail 9 feet across got ashore recently on the south inside shore of Pungoteague creek, Accomac county, Va. Five fishermen attacked the monster by shooting and chopping it. They secured it with two anchors, which were fastened to the whale by ropes passed through holes cut in its flesh. The captors were at work about the whale for several hours, during which time it remained motionless, and it was thought to be dead. When the tide came in at sundown on Saturday it floated and displayed renewed vitality. A desperate struggle freed the animal from its captivity and it moved away, carrying the cables and anchors with it. No more was seen of it until the following Monday, when it was discovered in the channel of the creek dead. The fishermen towed it to the beach north of Pungoteague creek, where they recommenced their operations of stripping it of the blubber. The proprietors of the fish factory on the creek offered to boil the blubber for one half the oil, but the lucky captors refused to accept on those terms. It will probably render 75 barrels of oil. This is the second whale to get ashore in the same vicinity within one year.

The coming summer will probably witness several noticeable improvements at Snow Hill. At the last meeting of the General Assembly of the Presbyterian Church the erection of a McKimmey Memorial Church was suggested, but owing to claims put forth by other places no action was taken in the matter. The Snow Hill congregation, however, have since determined to replace the old church with a new structure, to cost about $9,000. Work will be commenced in a few weeks. The vestry of the Episcopal Church are contemplating the renovation of that venerable edifice. A slate roof is to take the place of the old shingle roof, and if the funds can be secured a recess chancel and tower will be built. Messrs. A. D. Irwin & Brother, of Philadelphia, who have been operating a cotton factory at Klej Grange, in Worcester county, have determined to remove their establishment to Snow Hill and to extend the scope of their operations. A number of local capitalists have invested in the enterprise, and arrangements for the erection of a suitable building, &c., have been made. The company intend to build a two-story brick structure 130 by 60 feet. About 90 persons will be employed in the factory.

WASHINGTON CORRESPONDENCE.

WASHINGTON, March 28, 1884.

The Democrats of the House met in caucus on Tuesday night, and as we have predicted all along there was not only no rupture of the dominant party in the popular branch of Congress, but a practically unanimous determination that there must be a reduction of war taxation. The caucus gave the best of reasons not only why the Democratic party should live, but why it should be placed in entire and complete control of the administrative affairs of the nation. The people demand relief from unnecessary and inequitable burdens of taxation, and the Democratic is the only party that is disposed to give ear to their cry, and has the boldness to say to monopolists and the moneyed power: "Back! You have trenched upon grounds not your own. We mean not to ruin or hurt the industries of the country, or any one of them, but we are determined that you shall lighten the load and loosen the chains with which you have been burdening and binding the people. You can no longer hoodwink intelligent Americans and constrain them to swallow your baneful doctrines as a young robin would gulp down cherries."

While it may be that there is some difference of opinion among Democrats in Congress as to the methods of tariff-revision—or, as it may be otherwise termed revenue-reform—the vote in the caucus on Tuesday night shows conclusively that all practically agree upon the fact.

It may be said by some that the time chosen for the introduction of the Morrison bill is inopportune, that the question should not have been disturbed until after the Presidential election; they certainly overlook the fact that the Democratic party in convention in every State in the Union, and in its last National Convention pledged itself to this action, and to have done otherwise than has been done would have been set down not only as the most stupendous of blunders, but the greatest exhibition of cowardice ever made by a political party.

The position of the majority of the Democratic party in Congress on this question, is sustained not only by the large majority of the party in the nation, but a very large minority in the Republican party also entertain a like view. It is true, for consistency's sake and to make a showing against the Democratic party in the next campaign, few if any Republicans will be found sustaining this bill, but in private conversation, strong, earnest leaders in the Republican ranks declare that they are ready to take even a more advanced stand in favor of revenue-reform, and assert that if successful this fall the next Republican Congress will reduce the tariff below the amount specified in the Morrison bill.

When Republicans get extravagant and Democrats get despondent in regards to the approaching Presidential contest, it would be well for them to look well at the facts and figures clearly presented in the two last national campaigns. In 1876 the Democratic vote in the nation was 4,315,801, the Republican vote 4,049,096, votes for all other parties 87,348, or a clear majority of 266,705 over the Republicans, and majority over all of 179,357 votes, while an honest count gave Mr. Tilden a majority of 23 electoral votes. In 1880 the Rep. vote was 4,442,035, Dem. 4,433,120, Greenb'k, 306,867. A Republican majority over the Democrats of only 915, and a minority in the nation of 305,952. It will also be seen that Garfield received a majority of 59 electoral votes, but these were less than the electoral votes of New York, New Jersey, Connecticut and California, and just the present votes of New York and Ohio.

To-day we have a surety of a majority of the popular vote with an almost certainty of the electoral votes of California and New Jersey, with more than fighting chances for New York, Connecticut, Ohio and Indiana.

What the democratic party needs more than anything else at this time is courage; courage, confidence, audacity, leadership.

A careful review of the situation presents the following as essentially reliable as to the status of the electoral vote by States:

Certainly Democratic.		*Republican.*	
Alabama	10	Colorado	3
Arkansas	7	Illinois	22
Delaware	3	Iowa	13
Florida	4	Kansas	9
Georgia	12	Maine	6
Kentucky	13	Massachusetts	14
Louisiana	8	Michigan	13
Maryland	8	Minnesota	7
Mississippi	9	Nebraska	5
Missouri	16	New Hampshire	4
North Carolina	11	Oregon	3
South Carolina	9	Pennsylvania	30
Tennessee	12	Rhode Island	4
Texas	13	Vermont	4
Virginia	12	Wisconsin	11
West Virginia	6		
Total	153	Total	148

Doubtful.

California	8
Connecticut	6
Indiana	15
Nevada	3
New Jersey	9
New York	36
Ohio	23
Total	100
Whole number	401
Majority	201

From the foregoing it will be seen that there is more than an even show for success in November, if the party will but come squarely up to the living issue. In 1876 Mr. Tilden's popular majority on a revenue-reform platform was over 200,000, and in 1880 the Republican party was in a minority of over 300,000. The conditions have changed only in favor of the Democratic party, and it is but necessary for an earnest, honest, courageous fight to be made to capture less than one-half the doubtful electoral votes, and victory will be assured.

For Style and Low Prices no better place Clothing Hall recently opened in Baltimore should be visited by every lady, gentleman and child going to that city. The greatest variety of elegant Clothing can be seen, at moderate prices. ACME HALL, 209 W. Baltimore Street, is the location. 1t.

20 YEARS EXPERIENCE

—AND—

A LITTLE TALK THEREON.

TO OUR CUSTOMERS AND FRIENDS AND THE PUBLIC.—We are happy to say that we have been in business TWENTY YEARS January 1, 1884, and from the first day we commenced business our object was to do nothing but First-Class work and be punctual and accommodating to all who favored us with their patronage. We always put in the best material and gave every customer just what he bought from us, and today we have the customer that gave us the first job still dealing with us; also a great many others who commenced with the young firm twenty years ago. While time was moving along the young firm was trying to keep up with the times and changes of the last decade during that time. Feeble as they were in everything but mechanical skill, health and business push and industry, they made several improvements and inventions which were beneficial to them and to the farmer and also to their competitors who either had not the ability or disposition to improve on them, but took copies of them, thereby acknowledging us to be the leading mechanics in the county. In conclusion we would say that we are still attending to our business affairs personally, and can be found at all times at our works, where our large and increasing trade has doubled in the past three years. During the last five years we have added to our business, carriage building. Since then we have been raising the standard of carriages built by us to compare favorably with the best city-built work, and, today, we can give you a better job for the money than you can get in Wilmington or Baltimore. We want everybody to come and look through our works and see the immense stock of lumber and other material used in constructing our carriages wagons and implements. Our carriages and wagons are nearly all sold before they are finished. We keep from fifteen to twenty hands in our employ—some of them from the best shops in the United States. A walk through our smith shop is well worth a visit, and is a sight not often seen in a town the size of this. To the people in general, we will say you need have no fears but what you will still have first-class shops at which to get your work done, as we have started out for 20 years more of business-life among you, feeling we are better able by our long experience to give better and cheaper work than ever before. In regard to our wagons, carts and dearbons we will say we are using best material—both wood and iron—and selling all our work as low as the quality we make can be sold. All kinds of jobbing attended to. Fine carriage painting a specialty—our foreman painter was for a long time in the employ of Brewster in New York.—Thankful for past patronage, and hoping for a continuance of same, we remain at your command, CHAPMAN & LAMBERT.

Chestertown, March 27, 1884—3t.

CHESTERTOWN, March 5, 1884.

PATRONIZE

HOME ENTERPRISE!

Provided, it is *both* directly and indirectly your interest to do so. If we sell you better manufactured

Lumber,

Better Seasoned Lumber, Brighter Dried-out Lumber—out of Best Selected Logs, cut just as it ought to be, and handled especially for you—and at as *low* or *lower figures* than any one else, then why loose time and money buying at any other place?

and be convinced

We propose that your CASH *shall buy as much valuable* LUMBER *here as at anyothermarket within 50 miles.*

Joseph Turner,

March 13, 1884.

TO THE FARMERS

—OF—

KENT, QUEEN ANNE'S & CECIL

IT is universally acknowledged by the most practical farmers that the Ohio Chilled Plow is the best plow in the world for neatness of work, and lightness of draft to the team. As I have ordered a large number of these plows, both two and three-horse, farmers will do well to give me an early call.

We also keep on hand, the Old Reliable Concave Nos. 9, 10 and 11, Polished Minor and Horton, Wiley Nos. 3 and 4, and Two-Furrowed Plows, and Harrows, Twin, Single A, and Double A A, Cultivators and Cultivator Teeth unsurpassed by any manufacture. Single, Double, 3 and 4 Horse-Trees and Hames.

As there have been a great many Chilled Plows sold in these counties, and as farmers have been put to a great deal of trouble to get Castings for them, if they will only give the name and number of the Plow, I will endeavor to keep them on hand at my shops in Galena and Chestertown. I always have on hand Plain and Slip Shares for the Ohio, Oliver, Roland, Advance and Syracuse.

If any of you are in need of anything in my line, please give me a call, as I intend to sell them *low* for the *cash*.

Thankful for past patronage, I solicit a continuance of the same.

W. A. Hyland,

Galena and Chestertown.

Feb. 21—tf.

HANDSOMER THAN EVER.

We open the season of 1884 with the handsomest line of Men's and Boys' Clothing ever before shown in this city, and unequaled in novelty and variety anywhere. We are better prepared to serve you now than ever before, manufacturing, as we do, every Garment upon our premises, under our personal supervision, and whilst our recognized superiority for fine work will be maintained, we will be able to sell at still lower figures than heretofore.

Style, Elegance and Low Prices will greet all patrons of

OCEAN BIRD GUANO!

OFFICE OF T. R. HUBBARD & SON,

Manufacturers of Hubbard's Standard and Extant Bone Superphosphate

AND SOLE PROPRIETORS AND IMPORTERS OF O. B. GUANO.

SEE ANALYSIS:

BALTIMORE, February 27, 1883.

Messrs. T. R. Hubbard & Son:—Sample of your Ocean Bird Guano sent me gives the following result:

Moisture Det. at 100	10 40	Alkaline Salts	2 62
Organic matter	13 34	Or total Nitrogen: equal to Ammo	1 12
Capable of producing Ammo	0 03	Bone phos. of lime available	26 59
Inorganic matter	76 26	Bone phos. of lime undecomposed	13.51
Containing Nitric Acid	0 57	Salts of potash and soda	2 62

G. A. LIEBIG.

The above Guano was introduced here last Spring and nearly 200 tons were used by our best farmers with satisfactory results. As an application to PEACH TREES it is unsurpassed. As seen by the analysis it contains a very large per cent. of available Bone Phosphate, and yet there is a large per cent. of undecomposed Bone to benefit the after crops. We have already taken numerous orders from our largest and most successful PEACH GROWERS, who mix it half and half with Kainit, sow it broadcast and plow it in. Those desiring to try it will do well to send in their orders early, as our supply will be limited unless our next cargo arrives in time for Spring use.

CHESTERTOWN, Feb. 20, 1884.

T. R. HUBBARD & SON—GENTLEMEN: In reply, as to the action of your O. B. Guano on our orchards we can only say that it was entirely satisfactory. Last spring we purchased of you 37 tons Kainit and 5 tons O. B. Guano, and bought 5 tons Fish Guano in Baltimore, (the latter costing over $40 per ton.) We mixed the Guanos ½ to ⅔ Kainit, and applied the same 200 lbs. per acre, sown broadcast; and also applied double the amount of Kainit as a test. Parts of the different goods were used on an orchard 17 years old, and must say that where your Guano and Kainit were used, there was a dicided difference in its favor, perceptible to several of our neighbors, in the trees as well as fruit. In past applications to our orchards we have always preferred Fish Guano, but are frank to say that we regard your O. B. Guano as THE BEST PEACH MANURE WE HAVE EVER USED, and shall require 12 or 15 tons to apply next month.

JOHN A. GROVES,
S. M. WILKINS.

☞ SAMPLES and PRICES of our O. B. GUANO can be seen at our office, and will be pleased to furnish it to the trade either from Factory at Chestertown or warehouse in Baltimore.

T. R. HUBBARD & SON,

NURSERY STOCK.

Through the very liberal patronage of my friends and customers, I have been enabled to sell this fall over 180,000 Peach Trees, and still have remaining

8000 first-class trees

and about

30,000 Second Class,

consisting of the leading popular varieties.—These 2d Class Trees will run from 2 to 3 feet in height; have good roots, and are healthy Trees. Almost all my own planting has been of this class, and some even prefer them. Price $30 per 1,000; 1st class, $60 per 1,000.

Other Nursery Stock, and especially Strawberry, Raspberry and Blackberry Plants, for sale in quantity. Catalogues ready.

Thankful for past favors I hope to merit a liberal share of patronage.

N. BARNARD,
Stanely, P. O., Kent co., Md.

We, the undersigned, having known Mr. N. Barnard for the past 15 or 20 years, take pleasure in recommending him as reliable and trustworthy, and trees that we have purchased from him have proven satisfactory and true to name.

W Register's MARBLE WORKS

Chestertown, [illegible]

ALLOW ME to tender my sincere thanks for the past patronage of the public, and hope to receive their approval and patronage this present year. I am prepared to cut and finish every design in the marble business.

I have a very handsome assortment of my own finished

TOMBSTONES.

Some of the Latest Designs

HANDSOMELY FINISHED,

COPIED FROM THE LATE PARIS EXHIBITION.

A large assortment for children, different patterns, some as low as $6.00, lettering included. Some fifty different patterns for grown persons, handsomely finished, some of them as low as $15.00, lettering included. Also, a fine line of different patterns, expressly for the

QUAKER BURYING GROUNDS,

very thick and heavy and handsomely finished of the best marble.

Marble Posts, marble Vases with Pedestal, Marble Coping, Tombstones and monuments, of all sizes and styles.

Marble or Sandstone worked to order. I warrant all my work not to color or blister—time has no effect on it. I set up all of my work, thus reieving the purchaser of all trouble or risk.

Come one, come all, that are in want, and examine my work and learn my prices. I will be thankful. Don't send the money out of your own neighborhood.

Call and see me. I do not like to canvass for work, for I think it too sad a business to barter with relatives or friends.

My work can be seen in all the cemeteries of Kent and the adjoining counties.
