The Transcript.

THURSDAY, JUNE 12, 1884.

Subscription $1.50 per year; 75 cents for six months, in advance.

—The Excelsior Clothing House, of Baltimore, appears in this issue in a full column adv.

—The summer schedule of the Chester River Steamboat Company appears in this issue. The pleasant passenger steamer Chester is taking the place of the Ford.

—John Wanamaker does every thing in a big way. His Grand Depot Store is one of the biggest in existence, and when he advertises, he doesn't do it in a small way, as may be seen by reference to his big adver. elsewhere.

—The County Commissioners recently appointed Mr. Geo. S. Biddle tax collector for the fourth district in place of Mr. John W. Loud, who declined the appointment. There was no other applicant.

—George W. Vickers, grandson of the late Senator Vickers, is on a visit to his uncle, H. W. Vickers, Esq., from his home in St. Louis. He expresses himself as being greatly pleased with the West, and with St. Louis in particular.

—A tug came over from Baltimore on last Friday and made fast to the hull of the B. S. Ford, and took it to Baltimore. Some Kent county passengers on board the Louise, met the remains of the Ford just outside Baltimore, and took off their hats and bade the old boat a last long farewell.

—A good many people are getting uneasy over the water-works. It was generally understood that under the very favorable conditions that have been obtained there would be very little delay in pushing the construction of the works. Doubtless our town fathers mean business, but the dead calm that has followed the recent spirited agitation of the water-work question is causing a trifle of uneasiness among interested Chestertowners.

—Two farms were put up for sale at the Voshell House on last Tuesday. Mr. R. T. Turner as executor sold the farm of the late Annie E. Bowers, situated near Still Pond, and containing 121 acres to Robert Bowers for $93 per acre, or an aggregate of $11 253.

Mr. I. R. Leaverton, as executor of the late G. H. Leaverton, offered the farm belonging to the estate of deceased, containing 230 acres. It was withdrawn at a bid of $47.50 per acre, and is held at private sale.

—The plans for the new jail, prepared by a Baltimore architect, are now at the office of the county commissioners. The elevations indicate that the new jail will be an ornate building It will accomodate in separate cells sixteen prisoners, beside affording pleasant quarters for the family of the sheriff. Some of the cells will be large enough for several prisoners. The location of the new building it is understood, will be between the old jail building and the court house, the front of the new jail standing about on line with the rear of the court house. The county commissioners will probably advertise for proposals to build at their next meeting.

—The recently orgauized base-ball club of Chestertown played two games on last Saturday. The first nine went to Lynch's Station and beat the Lynch s nine by a score of 11 to 8. The second nine went to Centreville and beat the Centreville boys by a score of 30 to 14. The second nine was so much encouraged by its Centreville victory, that it challenged the first nine for a game on Monday, and made it very close for the first nine boys. Both nines, however, though composed of promising material, showed a lamentable lack of proper organization and practice. The score stood 27 to 34 and only seven innings were played, If the boys expect to do credit to themselves when they meet a strong nine, they must practice. There is material in Chestertown for as good a nine as there is on the peninsula, but it must be put in thorough trim.

—A trip from Baltimore home by the way of Tolchester on last Friday, gave an opportunity to note some of the improvements that have been made this season in this Kent county summer resort. The large steamer Louise, furnished with every accommodation, makes a trip across the Chesapeake very delightful, On the way from the boat to the land, the sea lion is passed. Large piles are driven in about ten-foot water, enclosing a space of about 15x30 feet. At one end is a platform for the lion to sun himself. In this space he dives and swims as though he were continually enjoying himself. He seems quite tame, and has large, affectionate looking eyes. The ten-pin house has been removed from its old position down near the wharf, giving a larger space, which the management are beautifying. New grounds have been cleared up, and there are new modes of amusement introduced. The hotel grounds are more beautiful than ever, and Tolchester will undoubtedly continue to hold its position this season as the most pleasant and popular excursion resort for Baltimoreans.

—Orphans' Court Tuesday June 10, 1884.—Present Judges Walker, Hyland and Stevens.

On application, letters of administration upon the personal estate of Catharine C. Reed, deceased, were granted and committed unto A. L. Corey, who filed his bond in the penal sum of six hundred dollars, with approved security.

James H. Baker, administrator of Harriet Graves, deceased, filed an inventory of the personal estate of the said deceased, which was received and ordered to be recorded.

Richard Hynson filed the last will and testament of George W. Spencer.

Real Estate to be Sold.

On Thursday, the 12th day of June, Col. Richard C. Johnson as trustee, will sell at the hotel of F. H. Greenwood, in Massey's, the highly improved home farm of the late Capt. Edw. B. Woodall.

On Saturday the 14th day of June, at the Voshell House in Chestertown, R. Hynson, Esq., as trustee, will sell some small lots of land belonging to the estate of Robt. Wilson, dec'd.

On Wednesday, June 18th, in the village of Still Pond, Jas. A. Pearce, Esq., as attorney for owners, will offer for sale a desirable farm located near Still Pond, lately known as the Col. Geo. Gale farm.

M. Bannon, Esq., as trustee, will offer for sale at the hotel in Millington, on Saturday, June 28th, the valuable real estate of which the late Richard Moffett died possessed. The estate is divided into three improved tracts.

Fuller particulars concerning all of the above named sales, are given in the advertisements published elsewhere in this issue.

Death of Col. George W. Spencer.

On the 23d of April last, Col. George W. Spencer, of "Broad Oak," near Galena, was stricken with paralysis. The stroke was a severe one, rendering him speechless and almost helpless. His condition was such that his death was looked for at any moment after the paralytic shock. He lingered, however, and at times was strong enough to sit in a chair, and occasionally displayed an interest in matters that showed considerable clearness of mind. At 8 o'clock on Thursday evening, however, the end came.

He was surrounded at the time of his death by his family, and by all of his children except one who was kept away by sickness. There were also present the Revrs. Martin, Watson and Townsend, the Hon. Wm. M. Knight, of Cecil county, besides many other friends and neighbors. At his own request he was prepared for burial by Messrs. Samuel Todd and George W. Jacoby, his intimate friends and neighbors.

Col. Spencer, had lived beyond his three score and ten, being 72 years of age at the time of his death. Both in public and private life, he had been an active citizen. Forty years back or when only thirty-two years of age, Col. Spencer was elected to the Maryland House of Delegates. Immediately after the expiration of his term in the legislature, or in 1845, he was elected sheriff for Kent county; in 1851 he was elected a member of the orphans' court for Kent county, and in 1871 he was elected to the State Senate. In 1877, he was a second time elected to the Maryland House of Delegates.

Col. Spencer has always been noted as one o the most enterprising and successful farmers, in this county where successful farmers are abundant. His home estate "Broad Oak" situated not far from Galena, is noted as being one among the most highly improved and productive farms in the county. Socially, Col. Spencer was widely known, and enjoyed the friendship of many distinguished people outside his own county. His funeral on last Sunday was largely attended, there being present many people from Cecil and Queen Anne's counties. The funeral services were conducted by the Revs. John Martin and R. H. Murphy. The interment was at Shrewsbury. The pall bearers were Richard Hynson, Capt. A. Woodall, James Tilghman of Queen Annes county, D. J. Nowland, Samuel Todd and Edward S. Jones of Cecil.

"Children's Day" at the M. E. Church.

The second Sunday in June annually has been set apart by the Meth. Eps. Church as devoted especially to the children. And so general has become its observance, that not only all the churches of that denomination in America hold appropriate services, but those of India, China, Japan and other foreign fields. Unusual interest was occasioned with its observance this year from the fact that it is the centennial anniversary of the organization of this church: This being the first church with a distinctively Episcopal form of government organized in this country, the Protestant Episcopal church not securing an organic existence till 1785.

Though the service here was not as elaborate as on some former occasions, the decorations were chaste and expressive, the singing good and the addresses full of interest. On either side of the pulpit recess were banners bearing respectively the dates 1874 and 1884 An arch covered with evergreens spanned the pulpit recess, from which were suspended a hanging-basket and four bird-cages. The pulpit desk was removed and a mound covered with moss took its place, from which a fountain played. Directly back of this was a large cross covered with evergreen, while around the pulpit and altar were a profusion of pot and cut flowers—including a large *Century Plant*.

In the morning the pastor preached a Children's Centennial Sermon, the Sabbath School conducting the singing.

The evening exercises were opened with singing by the school and prayer by Rev. C. H. Baker.

The introductory address of welcome was delivered by Chas. Twilley.

An anthem by the choir then followed.

Next came a short speech by Alfred Hall, on Early Methodism. Though full of dates, it was well mastered for so small a boy.

Miss Bell Pippin, organist of the choir, sang a solo, "Washed in the Blood of the Lamb."

"Our Next Centennial," was an address by Earnest M. Allred.

"How the Gates Came A-jar," a beautiful solo, by Miss Laura Thomas.

Then followed the most interesting feature of the evening exercises. Four little girls, Susie Lambert, Lillie H. Aldred, Ida DeFord and Mary Vickers, came upon the platform, severally representing Roses, Lilies of the Valley, Buttercups and Daises, each bearing a banner with a large letter upon it. Each repeated an appropriate verse of poetry, raising her banner as she closed the last line. The entire letters spelled the word LOVE—"His banner over me was love." As the school now joined in singing, the infant class marched around the centre aisles and through the altar, each child bearing a small boquet, which was handed to the little misses upon the platform. They placed them upon the cross until it was entirely filled with flowers. The whole effect of the cross, flowers mound, fountain, singing birds and children was beautiful and effective.

The closing exercises consisted of a solo by Prof. T. D. Gambrill, an address by the pastor, The Important Means of Grace; a collection, an anthem by the choir, "Sleep, Baby, Sleep," a sweet solo by Lillie H. Aldred; singing by the school and benediction by the pastor.

Much credit is due to Miss Annie E. Leaverton, in charge of the infant department, through whose persevering and intelligent efforts the entire programme was selected and arranged.

The church was crowded to excess, many being unable to gain admittance. In a praiseworthy, fraternal spirit, the pastor of the M. P. Church dispensed with the evening service that his people might enjoy this "Children's Day" service.

The "Woman's Christian Temperance Union."

Pursuant to call a meeting of the ladies of Kent county was held in the court-hourse, in Chestertown, Thursday, June 5, 1884, for the purpose of organizing a society for Kent county, auxiliary to the "Woman's Christian Temperance Union of Maryland."

Mrs. H. W. Thomas, of Baltimore, president of the State Union, and Miss Jennie Moore, of Ohio, in charge of the department of organization in the National W. C. T. U., were present, in charge of the meeting. The former conducted the opening devotional exercises, showing in a few remarks the harmony of their special work with the teachings of Christ. The character and methods of this phase of woman's work were then more fully explained by Miss Moore.

The constitution of the State Union was adopted, giving the name of this organization, as the Kent County Woman's Christian Temperance Union, some twenty or more persons becoming members at the time.

The following officers were then elected:—President, Mrs. Mary E. Brown; county vice-president, Mrs. E. P. Janvier; district vice-presidents, 1st Mrs. Rev. J. D. Reese; 2d, Mrs. J. F. Wilson; 3d, Mrs. J. W. Corey; 4th, Mrs. A. M. Bowers; 5th, Mrs. T. A. Hulme; recording sec'y, Mrs. J. N. Usilton, cor. sec'y, Miss A. E. Leaverton; treasurer, Mrs. W. D. Burchinal.

On motion the second Wednesday afternoon of each month was selected for regular meetings The first on Wednesday of this week in the M. E. Church, Chestertown.

The vice-presidents were appointed a special committee to secure members in their several districts and to report at the next meeting.

Mrs. T. R. Hubbard, on motion, was elected chairman of committee on literature.

The secretary of the meeting was instructed to prepare a synopsis of the proceedings for publication in the town papers.

On motion the meeting was adjourned.

Evening Meeting.—In the evening a Gospel Temperance Meeting was held at the same place.

Devotional exercises were conducted by Mrs. Thomas, who followed with a few timely remarks. Miss Jennie Smith was then introduced, who made a strong, clear, eloquent appeal in behalf of the total prohibition of the manufacture and sale of intoxicating drinks as a beverage. Logical arguments and touching facts illustrated and enforced the position assumed by the deeply interesting speaker. E. P. ALDRED, Sec'y.

NOTES BY THE WAY.

The nomination of James G. Blaine is a credit to his party. His ability as a statesman cannot be questioned. He is the man to make a desperate fight.

Who knows but what the Tilden boom will prove a Randall victory.

The peach moth (Anarsia lincatella) is devastating peach orchards on the Pacific coast. It enters the wood and consumes the pith of the new growth causing it to wilt and die. Later it attacks the fruit.

The June fall of peaches has commenced.

White cherries are a failure while early Richmond are plentiful and selling well.

Corn is looking very well especially in Still Pond Neck.

The wheat and hay crops are going to be lighter than for a number of years.

Rev. L. E. Barrett baptized ten persons at the close of church services here last evening.

Grace Presbyterian Church, (Kennedyville) has been carpeted and the ladies expect to cushion the seats very soon.

W. F. Stavely will have the management of the Chesapeake house (Betterton) this summer.

We feel gratified (and no doubt every other peach grower in the county does) that the *Transcript* has entered a protest against the Oriole celebration being held during peach season. Your editorial was true to the letter and it is rather peculiar the *Sun* of today should question it.

Still Pond, June 9th, 1884.

Peninsula Items.

The *Breakwater Light*, a Republican journal of Sussex county, Del., comes out under date of June 7th (after the Blaine and Logan nomination), with the names of Chester A. Arthur and Robert T. Lincoln at its column heads for president and vice-president.

The Centreville *Observer* makes note that Judge Carmichael was in Centreville last week visiting Col. Wm. McKenney. On Saturday a number of friends were invited to lunch with him, and for an hour or two enjoyed the society of the venerable judge and his affable host. The judge will be at the residence of Mr. John B. Brown this week.

The county commissioners of Dorchester county are trying an experimeant. They have levied a tax on mortgages. The value of the mortgages recorded in the clerk's office is about $969,000, which, if the tax be enforced, will yield the county, at the present rate of taxation, a revenue of $8,000 per annum. The holders of mortgages will refuse to pay, and the matter will be carried into the court in order to test the legality of the action of the county commissioners.

CAMBRIDGE, MD., June 10.—The trial of Frederick, alias Bug Cephas, colored, for the murder of Mrs. Celia Bush-Murphy, on the 7th of April last, near Williamsburg, in Dorchester county, was taken up in special session of the court this morning. Cephas was tried and convicted at the regular term on May 7 last, but owing to an informality in the verdict the prisoner was granted a new trial. The election of trial by jury made at the first trial was withdrawn and election to be tried before the court entered. Judges Irving and Wilson are sitting in the case, Judge Goldsborough being confined to the house by sickness.

A letter from Salisbury to the Baltimore *Sun* says regarding the growing of trucks and small fruits in Wicomico county: "Some idea may be formed of the extent of strawberry-growing in this section, to the exclusion of general farming, from the statement of a gentleman who resides in Salisbury, and who was once a large strawberry-grower, that he rode sixteen miles through portions of Wicomico and Somerset counties one day last week, and only saw two harrows at work in cornfields. He passed hundreds of strawberry patches, where pickers were gathering berries with huge fires in the fields to keep them warm, so cold was the weather This is only an example of the state of things all through this county and Somerset, and it is a question whether or not farmers are worse off for growing berries. The business is greatly overdone, and more profitable crops are left to suffer in consequence."

A Middletown, Del., Bank Cashier Goes Wrong.

A dispatch to the Baltimore *Sun* gives the following particulars of the Middletown bank defalcation, news of which reached Chestertown by telegraph on Monday, causing here considerable surprise and comment:

MIDDLETOWN, DEL., June 10.—John R. Hall, cashier of the Citizens' National Bank, is short by speculation $39,000. He turned over to the directors his individual property to the amount of $20,000 and left town, and is now on his farm several miles north. Hall is a native of North East, Md., and stood high in the Presbyterian Church. He has always enjoyed the reputation of high integrity. His defalcation creates much excitement. The bank will not be embarrassed.

The discovery of the defalcation was made on Thursday of last week. Investigation showed that the thefts covered a period of many years, and had been committed so ingeniously as to make detection in a measure accidental. The money was drawn from the bank's deposits in Philadelphia by the cashier, and was not entered on the books of the Citizens' Bank. The quarterly statements made by Hall were falsified to correspond with the books. These statements were sworn to, adding perjury to embezzlement. Hall stated that he had been dealing in leading stocks on margins, and had lost all the money taken from the bank. He is about 50 years of age, and has been connected with the bank for many years. He owns a farm in Cecil county, Md., called "Buck Hill," which is valued at $17,000.

Does the Oyster Law Prohibit the Private use of Oysters?

J. B. Seth, of Talbot county, who was a member of the last Maryland Senate, has been asked if in his opinion the oyster law passed at the last session of the legislature is meant to prohibit the private use of oysters. His reply is:

"I do not. The legislature did not intend it to be so construed. The law can forbid the catching of oyster or the sale of them, or the giving of them away, but it cannot forbid the use of them after they have been lawfully taken. Further, the 15th, section is, in my judgement, wholly defensive and unconstitutional, and will never stand a test. It really fills no place of importance. It is complete in itself, containing the clause of prohibition and the penalty therefor, which are peculiar to the section and apply to no other. The section was inserted as it is to gratify a committee of oyster packers and vessel owners of Baltimore, who were in constant attendance at Annapolis during the last six weeks of the session of the legislature, and had more to do with the law than any one else. Individually I was opposed to it, and don't care how defective it may be. The section provides for an imposition of the fine by a justice of the peace, but gives him no power to enforce it by imprisonment or otherwise. It confers no power upon the courts, and does not provide for an appeal. It authorizes a magistrate to imprison in the House of Correction. The section taken out of the law would make it unlawful for any one to use any canoe or other boat in taking oysters for sale without being licensed therefor, and the license forbids its use between April 15th, and September 1st. So it will be unlawful to catch oysters for sale under any construction of the law. But if the 15th section is stricken out there will be no prohibition, either positive or constructive, against taking for private use.

TO THE

Peach Growers

—OF—

KENT & QUEEN ANNE'S COUNTIES!

PREPARE IN TIME TO UTILIZE YOUR CULLING FRUIT.

The undersigned are agents for the AUTOMATIC FRUIT EVAPORATOR, the Best in the Market. There are Twenty of these Evaporators in Kent and Queen Anne's Counties, and all who are in need of an Evaporator can satisfy themselves of the good qualities of this machine. We request all who are in need of an Evaporator to call on us or write to us before purchasing. Descriptive circulars furnished on application.

We refer to the following gentlemen who have this Evaporator in use:

Light Running Mowers.

Every Single Machine Guarranteed

Read what the Farmers say that have used the Osborne:

ROCK HALL, July 5, 1883.
Messrs. D. M. Osborne & Co—GENTLEMEN: I bought one of your No. 12 six (6) feet Binders, and used it all through my harvest of 165 acres, and will say that it gave me perfect satisfaction in every particular, and if my crop is good next season I shall want another of your Binders. The machines are of light draft and easily managed. Yours truly,
LEMUEL STEVENS.

SWAN CREEK, July 15, 1883.
Messrs. D. M. Osborne & Co—GENTS: We the undersigned bought one of your No. 12 seven feet Binders. We cut 75 acres of wheat, and the machine gave us entire satisfaction, and we can recommend the "Osborne" to all who wish to purchase a first-class Binder.
Yours truly,
LEWIS AYRES,
WILLIAM J. BECK.

FAIRLEE, Kent Co., Md. July 6, '83.
D. M. Osborne & Co—GENTS: The No. 12 Binder I bought from you this season proved satisfactory in every respect, and I am prepared to say that in my judgement there are none better, and I can cheerfully recommend every farmer to buy one. Your agents, Mr. Bush and Mr. Thompson, gave me every attention during my harvest. Yours respt.,
P. C. WILLSON.

EDESVILLE, MD., July 5, '83.
D. M. Osborne & Co—GENTS: The 7 foot Binder I bought of you this season has given me satisfaction in every shape; do not want any other. Have given it a fair trial and can recommend it to any farmer who ever wants a first-class Binder. The Osborne can't be beaten.
WM. T. BAKER.

CHESTERTOWN, MD., July 10, '83.
Messrs. D. M. Osborne & Co., Phila., Pa.—GENTS: The 7 foot Osborne Harvester, with Gordon Twine Binder, purchased of you, has done good work for me, and I am well pleased with it, and should I want another Binder will surely buy an Osborne.
Yours truly,
DAVID T. MILLS.

FAIRLEE, Kent Co., Md., July 6, '83.
Messrs. D. M. Osborne & Co—GENTLEMEN: The No. 2 Mower I bought of your agent gave me perfect satisfaction. It is very light draft and durable, and easily managed.
Yours,
DAVID ZINGER.

All of the above are well known gentlemen and good practical farmers.

We have a sample Machine now on hand which we will be glad to show to any one.

Give us a call.

Samuel B. Foard,
Agent, Chestertown, Md.
April 17, 1884—3m.

Farmers', Builders'
—AND—

First Class Work
GUARANTEED
BY THE OLD RELIABLE FIRM,
CHAPMAN & LAMBERT.

We are manufacturing some of the best work that was ever built in this State. We sell First-Class Work. If you want a Good Carriage it will be to your interest to buy of us as we are now—after Twenty years' experience—better able to suit you in every respect Call and see our

Light Phætons, Brewster Spring Buggies, Dayton and Jump-Seat Carriages.

We do not offer this work in competition with the common shoddy work, but sell it on its merits, and our reputation.

All Kinds of Repairing Done Neatly

and with dispatch. We give special attention to painting up second-hand jobs. Those wanting a nice job of painting should give us a call.
CHAPMAN & LAMBERT.

Our WAGONS,
CARTS & DEARBORNS

Have a reputation throughout this Peninsula. We have sold them in New Castle county, Del., and in Cecil county, Md., and as far as Salisbury, Md. We have over ONE THOUSAND of these running to-day, and as far as our personal knowledge extends we do not know of twelve set of tyres cut in the whole of them. This is evidence enough of what kind of lumber we use in making them.

We could give you testimonials enough to fill one side of the *Chestertown Transcript* to establish this fact if it were necessary, but the public already knows of the standing of these goods.

We have justly earned the high reputation we hold as manufacturers by our manner of doing business—

We give our own personal supervision to every minutia in building;

We see that all lumber is well seasoned before it is used, and every other part is what it should be.

We do all kinds of

JOB-WORK & REPAIRS

furnish estimates for Bridge work, and repair all kinds of machinery.

We also sell

Plow Castings and Plows,

such as Wiley's, Concaves, and Minor & Horton's. These Castings are all ground and polished and sold cheap.

We also have on hand and make to order all kinds of

HARROWS,

Such as Twin and Double, and Single A's.

You will find a large lot of Single, Double and Three-horse Trees of the best hickory, well ironed; also, Plow Hames.

You will see by calling at our works that we have too much at stake to do mean or shoddy work.

Thankful for past patronage and hoping for a continuance of the same,
We are respectfully,
CHAPMAN & LAMBERT.
March 27, 1884.

TO THE FARMERS
—OF—
KENT, QUEEN ANNE'S & CECIL

IT is universally acknowledged by the most practical farmers that the Ohio Chilled Plow is the best plow in the world for neatness of work, and lightness of draft to the team. As I have ordered a large number of these plows, both two and three-horse, farmers will do well to give me an early call.

We also keep on hand, the Old Reliable Concave Nos 9, 10 and 11. Polished Minor and Horton, Wiley Nos. 3 and 4, and Two-Furrowed Plows, and Harrows, Twin, Single A, and Double A A. Cultivators and Cultivator Teeth unsurpassed by any manufacture. Single, Double, 3 and 4 Horse-Trees and Hames.

As there have been a great many Chilled Plows sold in these counties, and as farmers have been put to a great deal of trouble to get Castings for them, if they will only give the name and number of the Plow, I will endeavor to keep them on hand at my shops in Galena and Chestertown. I always have on hand Plain and Slip Shares for the Ohio, Oliver, Roland, Advance and Syracuse.

If any of you are in need of anything in my line, please give me a call, as I intend to sell them *low* for the *cash*.

Thankful for past patronage, I solicit a continuance of the same.

W. A. Hyland,
Galena and Chestertown.
Feb. 21—t01.

Address STINSON & Co., Portland, Maine. Feb. 28, 1884.

ELLIOTT & GEMMILL!

Centreville and Chestertown,

DEALERS IN

Agricultural Implements!

Evans' Two-Horse Corn Planter

Is the only Machine with a successful Phosphate Attachment for dropping in the hill. The Evans is a strong, simple machine; excelled by none as to quality and price.

BUCKEYE RIDING CULTIVATOR!

This implement is well known in Kent County. It excells all other machines in the following points:

It has Rotary Shields, the best and only practical shield made. The shovels are strong, scour well, are adjustable to throw earth to or from the corn. Depth is regulated from the seat without stopping the team. Has high wheels, and will pass over corn in the last plowing. Is worth twice its cost in preparing fallow and corn ground for wheat.

Is easier to manage than any other Cultivator now before the public.

Buckeye Twine Binder

Appleby Binding Attachment, Wrought Iron Drive-wheel, Strong Frame.

Handy Double Adjustable wheel, B shaped cutter box.

Easily managed, perfectly automatic.

The Buckeye is an old standard machine, and was as near perfect three years ago as other Binders are to-day

TO FARMERS

We say don't buy a delicate Self Binder, it may do nice work one year, but you will have need of sympathy about the second or third year you use it. Buy a Standard machine, one that won't rack to pieces in two or three years.

No Binder in the market is as thoroughly-stayed and braced as the Buckeye. Call on our agent and have him explain it to you. Examine the

BUKEYE LOW DOWN OR PLATFORM BINDER.

Lightest and Smallest Binder out. It will go through a ten foot six inch gate. Has no Elevator, Compact, Handsome, DURABLE.

Nichols, Shepard & Co.

Engines and Vibrators

THE N. S. & CO. TRACTION ENGINE

Is the Strongest built, Most Powerful and Easiest Handled Machine yet produced. These points were thoroughly illustrated on the streets in Chestertown, Tuesday, April 22d last. All persons who saw how quickly our competitors left the field will readily understand that they did so because they saw that their engine would not handle as easily and quickly as the N. S. & Co. Engine. We challenge any and all engines on the market for quality of material, strength of build, finish, ease of management, economy in fuel and water, and power.

VIBRATOR.

Nichols Shepard & Co., of Battle Creek, Michigan, built the first Vibrator ever produced, and have continued to build them for 33 years, So sweeping has been the success of these machines that all other builders of threshing machines have been driven to imitating them. The most valuable features of these machines are fully covered by letters patent and cannot be used on any other machine.

Simplicity, Durability, Ease of management, Great Capacity are the strong points of this machine.

Our 36 inch Vibrator with a sufficient numbers of teams and men will, if kept full, thresh sure and clean 1800 bushels per day, and do it better than any apron machine ever made. We leave to your own engineers and threshermen to pass judgment on these machines.

Repairs for Both Always on Hand.

BUCKEYE GLASS-FEED DRILL.

NO MORE CLOGGING.
NO MORE RUSTING.
NO MORE UNEVEN SEEDING OF PHOSPHATE.

The Phosphate Feeders in this Drill are made of ¼ inch thick glass. Won't rust, won't corrode. Phosphate drops in plain sight of man following the Drill. Quantity changed from 100 to 800 lbs. per acre in one second. No cogs to change. This Drill is the best result of all previous Grain Drills, combined and improved. We noticed one crop of wheat a short distance above Chestertown, so poorly drilled that the owner will lose enough wheat to pay for two Drills. No implement on the farm should be selected with more care than a Grain Drill. Upon its good work depends the whole crop of wheat. This is an important matter. The number of these Drills to be obtained this year is limited, and farmers must place orders at once to be sure of obtaining them.

Sample Machine Now on Exhibition.
