We have no hesitancy in saying to our patrons, that the improvements made in our pier, are for their advantage, and we believe they have but to visit us to become convinced themselves of the fact.

We will always, as heretofore, endeavor to keep abreast with the times, and meet the requirements of the trade, as the demands are made.

ALABASTINE

A Superior Substitute for Kalsomine, etc.

Alabastine is the *first* and *only* preparation made from calcined gypsum rock, for application to walls with a brush, and is fully covered by patents and perfected by many years of experiments. It is the only permanent wall finish, and admits of applying as many coats as desired, one over another, to any hard surface, without danger of scaling, or noticeably adding to the thickness of the wall, which is strengthened and improved by each additional coat, from time to time. It is the only material for the purpose not dependent upon glue for its adhesiveness. Alabastine is hardened on the wall by age, moisture, etc., while all kalsomines or whitening preparations have inert soft chalks and glue for their base, which are rendered soft or scaled in a very short time.

In addition to the above advantages, Alabastine is less expensive, as it requires but one-half the number of pounds to cover the same amount of surface with two coats, is ready for use by adding water, and easily applied by any one.

For sale by your Paint Dealer. Ask for Circular containing Samples of 12 tints, manufactured only by the ALABASTINE Co., H. B. CHURCH, Manager, Grand Rapids, Mich.

WARREN LELAND,

whom everybody knows as the successful manager of the

Largest Hotel Enterprises

of America, says that while a passenger from New York on board a ship going around Cape Horn, in the early days of emigration to California, he learned that one of the officers of the vessel had cured himself, during the voyage, of an obstinate disease by the use of

Ayer's Sarsaparilla.

Since then Mr. LELAND has recommended AYER'S SARSAPARILLA in many similar cases, and he has never yet heard of its failure to effect a radical cure.

Some [illegible] farm laborers [illegible] to the bad state of [illegible] scrofulous swelling or lump appeared on the injured limb. Horrible itching of the skin, with burning and darting pains through the lump, made life almost intolerable. The leg became enormously enlarged, and running ulcers formed, discharging great quantities of extremely offensive matter. No treatment was of any avail until the man, by Mr. LELAND's direction, was supplied with AYER'S SARSAPARILLA, which allayed the pain and irritation, healed the sores, removed the swelling, and completely restored the limb to use.

Mr. LELAND has personally used

Ayer's Sarsaparilla

for **Rheumatism**, with entire success; and, after careful observation, declares that, in his belief, there is no medicine in the world equal to it for the cure of **Liver Disorders, Gout, the effects of high living, Salt Rheum, Sores, Eruptions, and all the various forms of blood diseases.**

We have Mr. LELAND's permission to invite all who may desire further evidence in regard to the extraordinary curative powers of AYER'S SARSAPARILLA to see him personally either at his mammoth Ocean Hotel, Long Branch, or at the popular Leland Hotel, Broadway, 27th and 28th Streets, New York.

Mr. LELAND's extensive knowledge of the good done by this **unequalled eradicator of blood poisons** enables him to give inquirers much valuable information.
