report in this issue.

each day of the fair. The exhibits in all the departments are full, most stubborn cases. and more than usually interesting. In the ladies department and the fruit and domestic departments especially, the exhibits are attractive. There are peaches of a size and color that make the spectator calculate what a snug little Kent fortune there would be in ten thousand baskets of the like. The flower exhibit, both in pot

plants and cut flowers, is very beautiful. There are specimens of Indian corn, that demonstrate that this is a first-rate corn year. The big apkins are in usual number and variety, and he pies and the canned fruits and the samples of Maryland cookery are almost as beautiful as the cut flowers. In the art department, the exhibit in needle work is the principal attraction. There are afghans made by fair hands, that are things of beauty and will undoubtedly be joys The latest swindle is as follows: An indi- to the preferred young men to whom they will vidual calls at a farmer's house as the represen- finally be presented. There is in the exhibit a tative of a firm who is getting statistics as to | piano cover of especially handsome design, in a quality of grain raised in Maryland, he being kind of needle work of which the reporter has assigned to this county.
