The Transcript

THURSDAY MORNING, MAY 3, 1888.

PUBLISHED EVERY THURSDAY.

Subscription $1.50 per annum, in advance.

Transient advertising inserted at $1.00 per square for three insertions, and 25 cents per square for each subsequent insertion. 8 lines of nonpareil constitute a square. Long-time advertisements will be inserted at special rates, which will be given on application.

C. G. WOODALL, Publisher.

—The cannery building at Chester river wharf, Chestertown, is about completed and ready for business.

—L. K. Stam in an advertisement elsewhere calls attention to his low prices for wall papers, paints, &c.

—The picnic of Sacred Heart Church, has been set for May 29th. It will be held on Mr. James Dixon's lawn.

—H. W. Vickers, Esq., is having a large addition built to his handsome residence near Chestertown. Mr. R. K. Pippin is the contractor.

—M.T.Goslee, whose new advertisement appears elsewhere in this issue, has just received a splendid lot of ladies slippers and low-cut walking shoes.

—The secretary of the Chestertown Agricultural and Trotting Association gives notice elsewhere that books are open to receive subscriptions for stock.

—There was no session of court on Wednesday, Judge Wickes directed an adjournment until to-day. The business of the session is about concluded, with the exception of chancery business.

—The county Democratic primaries will be held on Saturday, to elect delegates to meet in convention in Chestertown next Tuesday. Tuesday's convention will select delegates both to the State and congressional conventions.

—The Jackson Club of the fifth district will hold a special meeting on the evening of the 5th of May at 7½, at which time there will be an interesting discussion, and two members of the Kent bar are under promise to make speeches.

—Jno. T. Harrison, the oldest and most prominent merchant of Crumpton, while walking in a lot adjoining the town on Thursday, made a misstep and broke his leg above the ankle. Dr. Cahoon set the broken limb.

—Mr. John Strattner, chief engineer on the Kent railroad, has relinquished his situation on account of ill health, and will remove to Wilmington, Del., about the 15th of May. He has a good position there in the railroad shops.

—St. James' M. P. Sunday school has reorganized with the following officers: Superintendent, W. G. Skirven; assist., R. G. Nicholson; female asst., Mrs. J. R. Usilton; secretary, John Gale; librarian, Romie Skirven; treasurer, El. Morris; organist, Miss Marie Parsons; asst., Miss Linda Watson.

—The new election law passed by the recent Legislature, provides three sittings of registrars in the counties, the first sitting to be held in May. Elsewhere we publish the official notice for the May sitting for this year. It begins the second Monday in May—the 14th inst., and continues through the following day—two days.

—On the outside of this issue are published a number of the more important Public General Laws passed at the recent session of the Legislature. They may not be very lively reading, but they should be read, notwithstanding. This is a day in which every intelligent and well-informed citizen should have some knowledge at least of the laws of his State.

—Messrs. McGaw & Brothers have made arrangements with farmers in the neighborhood of Locust Grove to raise for them 150 acres of sugar corn, price $11 per ton of 2000 lbs., delivered at Shallcross' Wharf. They expect to send over 25 bushels of seed corn on Tuesday's boat, which the farmers can get by applying to Thos. J. Shallcross, at Shallcross' Wharf.

— Williams, late Superin- ds for Delaware, but now shington College, Chester- e charge of the orphan son of the late T. H. Breerwood, of Seaford, and will see that he is properly educated. Mr. Breerwood and President Williams were warm personal friends and old college chums at Dickinson, and subsequently taught school together for ten years at Cambridge, Md.—*Laurel Gazette.*

—There is to be another concert of a high order at Stam's Hall, on the evening of May 15th. It will comprise vocal and instrumental features. There will be a company of eight. It is composed of members of the Peabody Institute, Baltimore, and the fine concerts that have been given there are an assurance that the entertainment here will be of a high order. The instruments will be violins, violoncello and piano. Advertisement elsewhere gives further information.

—The peach is passing through one of the trying seasons. The trees are in bloom, and a severe frost is likely to blight the tender germ. The trees were not generally in bloom in this county at the time of the heavy frosts of the early part of last week. From some sections lower down the Peninsula reports come that peaches were considerably injured by those frosts. The famous black spot has made its appearance at the germ. The fluctuations in the peach crop prospect for the next few weeks will be watched with a keen interest.

—The Delaware M. E. Confenence met at Dover recently. The Rev. Wm. H. Coffey, presiding elder of the Philadelphia district, and the Rev. W. H. Thomas, of Chestertown, were elected delegates to the General Conference. The conference adjourned on Monday. The following are some of the appointments: Chestertown, W. H. Thomas; Fairlee, G. E. Adams; Galena, J. W. Bond; Millington, T. H. B. Coleman; Sassafras, John W. Brown; Still Pond, W. C. Dickerson; Crumpton, J. G. Willis. The next session will be held in Princess Anne, Md.

—The Postmaster-General has transmitted to the Senate a list of presidential postoffices whose annual receipts for the last three years have exceeded $3,000 per annum, also a statement showing the amount paid by the government for rent. This statement was prepared to show what will be the effect if Senator Paddock's bill providing a postoffice building for all cities, where the receipts are $3,000 should become a law. He has since proposed an amendment fixing the sum at $10.000. Under the original bill public buildings would be established in Maryland as follows: Annapolis, Cambridge, Chestertown, Centreville, Cumberland, Easton, Frederick, Hagerstown, Salisbury, Westminster.

—County commissioners met Tuesday. Full board present.

Geo. W. Roeder, Jas. W. Ivens, Horace M. Stuart and J. Frank Wheatley, four of the collectors of county and State taxes for 1888, presented their executed bonds as such, which were approved and ordered to be filed with clerk of circuit court for record.

Further engaged in approving and passing accounts.

—Orphans' Court, Tuesday, May 1, 1888—Present, Judges Walker, Fisher and Moffett.

Philip R. Apsley, adm'r of Sarah M. Apsley, passed his first and final administration and dividend account.

Wm. H. Bowers, ext'r of W. L. Bowers, returned an account of sales of the personal property of his decedent.

Letters testamentary on the personal estate of Isaac Parsons, were granted to John P. Nicholson, who filed his bond. Wm. W. Stephens and Sam'l F. Cooper were appointed to appraise the personal estate.

Chas. T. Westcott, adm'r of Benjamin C. Jones, dec'd, filed his bond.

New Advertisements.

The following advertisements appear for the first time in this issue:

Notice of the May sitting of registrars.

Notice of ratification sale, made by Jas. T. Lamb, collector.

Notice to creditors of Isaac Parsons, deceased, by John P. Nicholson, executor.

The concert at Stam's Hall.

Wall papers and paints by Louis K. Stam.

M. T. Goslee's new shoe advertisement.

Special meeting of Kent Agricultural Association.

Opening of stock subscription books of Chestertown Trotting Association.

Dr. Cooper's professional card.

A. C. Yates & Co., changed adv.

MATRIMONIAL.

URIE — BAKER.

A very quiet wedding took place in Chestertown on Monday morning last. Mr. John D. Urie, a member of the Kent county bar, was married to Miss Lillian Baker, daughter of the late C. H. Baker, at the home of the bride's mother. The ceremony was performed by the Rev. Walter Graham at 6 A. M. A few intimate friends were present. The bride wore Gobelin blue Henrietta silk traveling costume. Breakfast was served immediately after the ceremony. The bridal couple took the Emma Ford for Baltimore, from which point they expected to take train for N. Y. city and Niagara Falls. Miss Baker was a young lady of much beauty and sweetness of character, and is greatly esteemed by all who know her. The groom is a young lawyer with a promising future before him.

The Fair Question.

There is to be a special meeting on Monday next at the club room of the Kent Co. Agricultural Association, Worton. A delegation representing the Chestertown Trotting Association is announced to be present, and the question of removal to Chestertown will probably come up for discussion. It is not known whether Tolchester will be represented or not. There will at least be a mutual exchange of views as to the feasibility of coming to Chestertown. The Chestertown association will probably be able to state definitely what inducements it has to offer; how many thousands of dollars of new stock it will be able to put into the new plan, &c.

New Pastor.

The Rev. Wm. Munford, the new pastor of St. Paul's and I. U. parishes, arrived on Thursday of last week, and preached Sunday morning at St. Paul's, and Sunday night at I. U., to large congregations. The congregations at both places were delighted with the new pastor. Mr. Munford comes from Dallas, Texas. He is a native of Virginia. He is of middle age, and has a large family of six children, beside himself and wife. The parsonage proper has been rented out, and a dwelling for the new pastor has been obtained in Fairlee. A call was planned for last evening to be made at the parsonage by the congregations of the two churches. The visit was of such a nature as to leave a bountiful supply to the parsonage larder.

Court Proceedings.

THURSDAY.—Court met, judge Wickes upon the bench.

Wm. H. Wells, a native of England, declared his intention to become a citizen.

Governor Whyte addressed the jury in defense of the insurance companies. After some personal reference he went on to show that it was not the amount of the policy of insurance that can be recovered in any case, but the actual loss, and then he dwelt upon the evidence in this case to show the condition of Sutton's stock, and closed by declaring the desire of the insurance companies to settle the matter without litigation; they would at any time, even now, before the jury left the box, settle any fair estimate of loss, and to show his disposition to be liberal to Sutton, he said that if he was a juror sworn in this case he would give the plaintiff a verdict for one thousand dollars. The Governor's address was listened to throughout with great interest by all present. He was limited in time to one hour.

Mr. Constable closed for the plaintiff, occupying the full hour and a-half allowed him in a skillful review of the case and in making the claim for his side. He made his points of attack upon the facts of Governor Whyte's concession of one thousand dollars, the employment of Seibold, the detective, Fickey, the readjuster, and others, to "make up" a case against the plaintiff. Mr. Constable was fully warmed up to his subject and had drawn the ex-governor to his feet in a very earnest denial of the position Mr. C. was taking, when Judge Wickes announced the latter's time expired. The jury retired at 1½ and shortly after 3 returned with a verdict for plaintiff of $1,590, divided between the two companies as follows: Pennsylvania, $900 and interest for one year; Phœnix, $600 and interest for one year—$90.

Fredus Vansant against James Archibald. Suit for damages for injuries received from an assault by the latter. It appears that Archibald's stock were found by Vansant trespassing upon the farm then in his charge—adjoining that of Archibald's—and he impounded them. Archibald went to get his stock and it was then that the altercation took place. James A. Pearce appeared for Archibald, and Constable and Vickers for Vansant. Jury trial. Plaintiff claimed damages to the amount of $3,000. The jury brought in a sealed verdict Saturday morning, awarding Vansant $1,000 damages.

Jos. Mallalieu, executor James M. Mallalieu, vs. J. Wesley Jarman. Suit on note for $280.74. Jury trial. Pearce for Mallalieu, Barroll for Jarman.

SATURDAY, April 28th.—Court met. Judge Wickes upon the bench. Jury brought in verdict in case of Mallalieu vs. Jarman, in favor of Mallalieu to extent of $114.00. Motions had been made for new trials both in the Edes and the Archibald damage cases, in both cases asked for on the ground of excessive damages. Mr. Constable before leaving made an argument before the Court against a new trial in the Edes case.

MONDAY, April 30th.—Court met. Judge Wickes upon the bench. Mr. Russum made argument in favor of new trial in the Edes case. Mr. Pearce made argument for new trial in the Archibald case, and Mr. Vickers against. One or two small civil cases were tried, and the remainder of the day devoted to chancery business. The Court reserved decision in both cases in which motion was made for new trial. Court adjourned from Monday until Wednesday.

Chesterville Notes.

Rev. Wm. Harper, the newly appointed presiding elder, preached to a very large congregation both morning and night. All seemed well pleased, and found that fair exchange is no robbery.

A series of temperance lectures have been delivered in most of our villages in the county. Why not in Chesterville, where they are so much needed?

Business prospects are good; plenty of work for all.

Mr. Noble Pennington lost a valuable colt a few days ago.

A kidnapper from Sudlersville was in Chesterville a few evenings ago, and came near getting caught.

The young people of this vicinity have enjoyed the pleasant moonlight drives with their best girls.

Our teacher reports a larger school and better attendance than any term this year.

Mr. Will. Jarrell presented Rev. W. H. Sanders last week with a full-grown pig.

Chesterville vicinity has had quite a number of social parties during the past six months. When notified last week that the last party of the season was to be at Mr. Edward Cooper's, a party of twelve couples met there, at a suitable hour. There were two brides and four school ma'ams present. Chesterville's young people are remarkable for their punctuality, whether it be the killing of a rat (which raises quite an excitement), a marriage or a social party. They were nicely entertained, and passed a very pleasant evening.

We do not mean to say that the law of this county allows horses and cows to run loose in Chesterville: but we do mean to say that horses and cows, when out without an escort, are a great annoyance to the school, as they are constantly grazing on the play-ground. It would be a great improvement to the lot to have it fenced.

Mr. Will. Ogden and family, from Baltimore, are visiting their mother, Mrs. Ford. They expect to visit Boston this week.

There have been a great many in this neigborhood on the sick list. We were glad to see Mrs. Ford and Mrs. J. Carey out again last Sunday, as it was rather a warm day for chills.

Mr. James Schwatka died last Sunday evening at six o'clock. Mr. Ed. Burress lost a young babe last Sunday afternoon.

G.

Hold on a Minute!

Here's some goods for you! If you need a new spring suit, our store is just the right place to secure stylish, well-made and durable garments. Our $10 line is the wonder of all beholders. Everything new and desirable in shade, design and material represented in this and our $12 and $15 line. Write for samples, or visit Ochm's old stand, now the Bell Clothing House, Pratt adj. Hanover streets.

Locust Grove Items.

LOCUST GROVE, May 1st, 1888.

The farmers are busy planting corn. Some are cutting asparagus.

Miss Nellie Shallcross is visiting friends at North East, Cecil county.

Miss Florence Hurtt has returned home from Philipsburg, where she has been visiting her sister.

Mrs. H. C. Deringer, of Philipsburg, is visiting her parents, Mr. and Mrs. Jas. W. Hurtt.

Mr. D. B. Stewart, of D. B. Stewart & Co., commission merchants, Balto., was in the neighborhood a few days ago looking out for trade.

Mr. McGaw was here last week making arrangements with the farmers to grow sugar-corn.

The Locust Grove base-ball club defeated the Kennedyville club by a score of 17 to 23. The Locust Grove boys can do it.

FRED.

Notes from Still Pond.

STILL POND, MD., Apr. 30th, '88.

Ed. Transcript:—We had the pleasure of listening to an entertaining and instructive lecture in the town hall, on Monday, the 16th, by Mrs. Black, of Baltimore. Not the least of the many good good things about this lecture was the omission of the customary digressions on "woman suffrage" and the "3d party." Many so-called temperance lectures devote considerable time to these subjects, which, however, in this community at least, is a mere waste of breath.

The newly-elected officers for this quarter in the Good Templars are as follows: Worthy chief templar, [correspondent omitted to give name]; w. vice-templar, Wm. Meyer; past w. chief, T. Norris; w. chaplain, Mrs. Wilson; w. secretary, C. F. Harper; w. treasurer, J. Covington; w. financial secretary, T. Lusby; w. marshal, J. Wilson; w. inside guard, W. Bonwill; w. outside guard, J. A. Hyland.

Mr. Wm. Busick is putting up a little two-story house on the lot back of Mrs. Parrott's. There is also some talk of making a road through this lot. This design will probably be consummated in the distant future. We understand that the road between Still Pond and Redding's Corner is to be widened some time in the sweet by-and-by.

One of the greatest nuisances in this place is the number of horses and poultry that infest the streets. The cows have not begun their depredations as yet, but will probably pay their respects later in the season. A number of citizens have petitioned "Judge" Starkey to take "proper action" in the matter. What "proper action" is, however, we have not learned. We suppose, however, that it consists in politely requesting the cows to "keep off the grass," a request which any well-educated cow (as those in this village are) would promptly comply with.

JUVENIS.

A Lady's Good Taste

Is always shown by the selections she makes for the young hopefuls of the family. Nowhere in all Baltimore can such a stock-full of the nobbiest, jauntiest novelties in youths' and small boys' suits, hats, caps and shirtwaists be seen as at Oehm's old stand. $2 buys a splendid Norfolk suit, age 6—10. Try the Bell Clothing House, and you are certain to be pleased. Pratt street, adj. Hanover.

Paine's Celery Compound

CURES Nervous Prostration, Nervous Headache, Neuralgia, Nervous Weakness, Stomach and Liver Diseases, Rheumatism, Dyspepsia, and all affections of the Kidneys.

WEAK NERVES

PAINE'S CELERY COMPOUND is a Nerve Tonic which never fails. Containing Celery and Coca, those wonderful stimulants, it speedily cures all nervous disorders.

RHEUMATISM

PAINE'S CELERY COMPOUND purifies the blood. It drives out the lactic acid, which causes Rheumatism, and restores the blood-making organs to a healthy condition. The true remedy for Rheumatism.

KIDNEY COMPLAINTS

PAINE'S CELERY COMPOUND quickly restores the liver and kidneys to perfect health. This curative power combined with its nerve tonics, makes it the best remedy for all kidney complaints.

DYSPEPSIA

PAINE'S CELERY COMPOUND strengthens the stomach, and quiets the nerves of the digestive organs. This is why it cures even the worst cases of Dyspepsia.

CONSTIPATION

PAINE'S CELERY COMPOUND is not a Cathartic. It is a laxative, giving easy and natural action to the bowels. Regularity surely follows its use.

Recommended by professional and business men. Send for book.

Price $1.00. Sold by Druggists.

REMOVAL.

Dr. C. P. Gilpin has taken the dwelling house on High street adjoining the store of Mr. A. J. Cahall. He will be pleased to see his friends and patients at his new location, where, having more room, he will be able to afford many more comforts than in the past.

Jan. 6, 1887.—tf.

Why You Feel

So weak and exhausted is because your blood is impure. As well expect the sanitary condition of a city to be perfect with defiled water and defective sewerage, as to expect such a complicated piece of mechanism as the human frame to be in good order with impure blood circulating even to its minutest veins. Do you know that every drop of your two or three gallons of blood passes through the heart and lungs in about two and a half minutes, and that, on its way, it makes bone and muscle, brain and nerve, and all other solids and fluids of the body? The blood is the great nourisher, or, as the Bible terms it,

"The Life of the Body."

Is it any wonder, then, that if the blood be not pure and perfect in its constituents, you suffer so many indescribable symptoms?

Ayer's Sarsaparilla stands "head and shoulders" above every other **Alterative and Blood Medicine.** As proof, read these reliable testimonies:

G. C. Brock, of Lowell, Mass., says: "For the past 25 years I have sold Ayer's Sarsaparilla. In my opinion, the best remedial agencies for the cure of all the diseases arising from impurities of the blood are contained in this medicine."

Eugene I. Hill, M. D., 381 Sixth Ave., New York, says: "As a blood-purifier and general builder-up of the system, I have never found anything to equal Ayer's Sarsaparilla. It gives perfect satisfaction."

Ayer's Sarsaparilla proves equally efficacious in all forms of Scrofula, Boils, Carbuncles, Eczema, Humors, Lumbago, Catarrh, &c.; and is, therefore, the very best

Spring and Family Medicine

in use. "It beats all," says Mr. Cutler, of Cutler Brothers & Co., Boston, "how

Ayer's Sarsaparilla

does sell." Prepared by

Dr. J. C. Ayer & Co., Lowell, Mass.

Price $1; six bottles, $5. Worth $5 a bottle.

The Chester River

STEAMBOAT COMPANY.

1888.

April 19, 1888. C. HOLYBURTON, Jr., Gen'l Manager, Pier 13, Light St. Wharf.

IT HAS BEEN DEMONSTRATED

Beyond a doubt that **Concentrated Animal Bone Fertilizers** are superior to low grade, or Acid Goods, as a means of growing Truck, such as Sugar Corn, Tomatoes, Potatoes, etc., and, as will be shown by the following Testimonials, **Our Corn,** as well as our **Special Truck Fertilizer** stands second to none on the market:

FOR CORN.

Mr. ALLEN WALLACE, of Sweedsboro', N.J., says I could tell the very row where I used your fertilizer on my field corn, and when I came to mow my grass, where the goods had been used, there was such a difference in the crop that some of my friends asked me why I mowed part of the field and let the other stand, when the truth of the matter was your fertilizer made the grass five or six inches higher; it was more marked from the fact that the corn rows ran diagonally across the field, and I could see the difference in the second mowing. I believe it to be grand, good stuff, and will use it again this spring.

Mr. J. CORDRAY LOUD, of Pomona, says for a number of years he had used our fertilizer on his corn; it prevents frenching and always paid him.

FOR TOMATOES.

Mr. WM. R. ALABAND, of Wyoming, Del., says I used your fertilizer on tomatoes by the side of Green Bone phosphate and Sun Guano. The Green Bone was cracked so that I put it next to the road to show off big, and the Sun Guano next and the last Hubbard's, away back, as its merits were kept quiet; but when visitors came to see my patch of tomatoes I always pointed out the ground on which all three kinds were, and Hubbard's got the credit of being far superior to the others. When picking time came it was all in all.

Mr. WM. M. BATTEN, of Sweedsboro', N. J., says for several years I had been paying $13 more per ton for Maple Potato Manure than for yours and in order that we might know whether the other was worth the difference, last spring we applied them both alike, marked the rows and dug the potatoes separately. There was a basket more to the row where your goods went; They were larger, smooth and nice potatoes. Will use yours exclusively this spring.

☞ We ask but a fair and impartial trial of our Bone Super-Phosphates.

March 22, 1888—2m. T. R. HUBBARD & SON, MANUFACTURERS, CHESTERTOWN, Md.

Mr. J. B. HANWAY, of Joppa, Harford county, Md., says in the spring of 1884 I bought 8 tons of your Special Truck Fertilizer for sugar corn and tomatoes, and liked it so well that I bought more heavily the next season, until last spring I bought 94 tons, and expect to use more than ever this season. Your goods has an excellent reputation with us.

Mr. JAMES R. MASSEY, of Harford county, says he made a test with our Corn Phosphate alongside dissolved Animal Bone and Oriole Super-Phosphate, and sold the corn to canners by the ton, and that our goods netted him $14 more to the acre.

C. C. BROWN & BRO., of Pomona, say they continue to use our Corn Phosphate because it pays them.

FOR POTATOES.

Mr. HERMON PYLE, of Harford, says I used your Truck Fertilizer on my tomatoes in connection with other standard brands. Where your goods went the vines keep greener, fruit was prettier, yielded more, and will use a car load or two this spring.

Mr. J. W. KNIGHT, of Webster, Harford county, says about the same.

Mr. J. H. COPPER, our county, says he has used our goods on his various crops of truck with satisfaction.

Mr. WM WOOD, of Hanesville, our county, says your fertilizer made for me as fine a crop of potatoes as I ever grew. The spot where applied was a poor piece of land that came in the corn field the next year, and you could see a decided difference in the corn where the potatoes had been. Never before had I seen such lasting and beneficial effects. My neighbors in looking at my corn noticed it.

ATTENTION, FARMERS!

OUR GOODS THE BEST! OUR PRICES THE LOWEST!

The prospects for the present year are encouraging to the agriculturist. Corn commands a good figure and is likely to remain so. Wheat is a better price and is apt to improve. Fruit-growers are happy in the prospect of a full crop. The supply of canned fruits and vegetables is not large, the demand will therefore exceed the supply of the present season. Farmers, feed your crops with the proper food, *the best is the cheapest.* The reputation gained for our goods and the results obtained therefrom, classes them among the best. The secret of success is to make goods equal to any and to sell them at a low figure. THIS WE DO. Among the well-known brands that rank among the best, are our Peach and Vine Guano, unexcelled for Peach Trees; Climax, for Corn and Truck; Acme, for Corn and Truck, especially adapted for stiff land, prevents "frenching" in corn; also special phosphates for Oats, Potatoes, &c. Black Residuum for sale in quantities to suit—fine dry stock. The following testimonials (are among the many that we are now receiving) to which we call your attention:

TESTIMONIALS:

CHURCH HILL, March 1, 1888.

Messrs. C. W. Kennard & Co.—Gentlemen: I have used the Peach Tree Guano manufactured by you. I have used it for the last two seasons and I am much pleased with the results. My orchard was fifteen years old when first applying your guano. It was in a very bad condition: had become to decay very much. I noticed a great improvement after one application of your goods. In the following spring, 1887, I again applied 400 pounds broadcast per acre. I had a medium crop of peaches, while some of my neighbors, with much better orchards, failed to get any, although full of bloom in spring. They did not use your guano. My orchard today is more promising than it has been for the last 6 or 8 years. I believe your Peach Guano has made it what it is to-day. I shall continue to use it while ever it gives me such good results. Wherever your Guano has been used in this section good results have followed. I also used your Corn Phosphate last spring with good results; got better returns than from any Phosphate I ever used. You are at liberty to publish this statement. — GUS. PORTER.

FAIRLEE, Dec. 17, 1887.

Messrs. C. W. Kennard & Co.—Gentlemen: I used three-quarters of a ton of your Peach Tree Guano, and applied it to one-fourth of my orchard last spring. On the part fertilized I received more than five times as many peaches. I made this trial as an experiment, and am fully satisfied that it pays to use your fertilizer. There were very few peaches about me last year; many orchards did not have any. Six rows of one variety where I put the Phosphate were full of peaches this past year, and what is more surprising, the same trees were very full the year before. This result was very unusual last year and fully satisfies me that your Peach Tree Guano did the work. — R. C. SMYTH.

CHESTERTOWN, Feb. 28, 1888.

Messrs. C. W. Kennard & Co.—The fertilizer that I bought from you last spring I used on my corn on the Pippin farm. This land had been put in corn two years previously and was in wheat two years before that, making 5 years in tillage. My crop of corn was excellent, greatly beyond expectations. You have my order for this spring, and I advise all farmers to use your goods; they are reliable and low-priced.

JOSIAS RINGGOLD.

Manufactured by C. W. KENNARD & CO., March 22, 1888—2m. CHESTERTOWN, MD.

57¾ *Bushels from clover sod and manure*

67¼ *Bushels from our Corn Phosphate per acre.*

Messrs. C. W. Kennard & Co.—Gentlemen: It is with great pleasure that I state to you and others interested in the success of your Corn Phosphate sold to me last spring. In the spring of 1885 I put a field containing 18 acres in corn; it was a clover sod and heavily manured; my crop of corn was nearly sixty bushels to the acre. Spring of 1886 I bought one and a-quarter tons of your Corn Phosphate and applied to the same field. I also planted out a young peach orchard in this field. I did not put any fertilizer between the trees running one way. The difference where I fertilized was so noticeable that my neighbors asked me the cause. I shipped from the field (1180) eleven hundred and eighty bushels, besides quite a quantity was kept for feeding. The corn was husked and kept in pens; the waste was large. The increase of fodder more than paid for the fertilizer, besides the increase of corn. Your Potato Phosphate is the best goods that I ever used, giving me fine-sized, smooth potatoes, and a large crop. I used your goods last spring with good results. I shall always recommend your goods and intend using the same the present spring.

JAMES A. TOULSON.

Tilghman's Island, Md., Feb. 29, 1888.

Messrs. C. W. Kennard & Co.—Gentlemen: Mr. Sol. Seney and myself used your Peach Tree Guano last spring on our peach orchard. The result was fully up to our expectations. There are about one thousand trees in the orchard, and it is fourteen years old. We sold the orchard to a speculator for twelve hundred and seventy-five dollars, and he was satisfied with his profit. The orchard has made a fine growth for this year and is full of buds. I can highly recommend your goods. JOHN M. CECIL.

PRICE'S STATION, MD., March 1, 1888.

Messrs. C. W. Kennard & Co.—Gents: I used some of your Special Mixture on potatoes last spring, and grew a large crop and of a fine quality. I think it is a good mixture for truck.

Resp'y, E. B. WALLS.
