EASTER APPROACHING.

The sacred Festival to be Beautifully Observed.

The religious calm of Holy week will find a most appropriate culmination in the beautiful services of Sunday next. Should Easter morning dawn, crowned with the full glory and peculiar beauty of an Easter Sun, and bring in its train warm and gentle breezes to dimple the blue waters of the smiling Chester, and to kiss into deeper beauty, the early blossoms of spring, the scene in Chestertown will be one of unusual animation and pleasure. The fleecy white clouds, chatter of birds and soft air will bear sufficient testimony that dull and cheerless winter is over and the noiseless tread of leafy spring is here to do honor to one of the most impressive of religious festivals. The presence of more than two hundred and thirty visiting ministers and a host of friends in attendance upon the session of conference of the Methodist Protestant Church will add much to the amination and interest of the occassion. Each of the respective choirs of the town have made a special effort, and an elaborate programme of choice music will be presented at each of the services of Easter Day. In addition to this enjoyable feature, eloquent sermons will be preached by the most profound thinkers and most fluent speakers of an eminently intellectual body of expounders of the sublime beauties of the truths of God.

Special Sunday school services will be held and entertaining exercises have been prepared, thus providing that the beautiful Easter tide shall be appropriately observed not only by *all* religious denominations but by *all* ages, the old and the young.

Extensive preparations have been made by industrious house-keepers for the entertainment of their conference guests, and spring house cleaning has been completed in advance of the usual season. One of the most important questions to the housewife has been, "What to give them to eat." The nervous sensibilities of the spring chicken as well as its more antiquated relatives have been disturbed by these queries and a general stampede is among the possibilities of the later days of the week. This perplexing question, however, has been altogether secondary to many, who in the event of a warm and pleasant day would gown themselves in harmony with the warmth and fragrance of the summer time so close at hand.

The sombre wraps and sober walking costumes of winter have already sighed in anticipation of approaching seclusion. Rusty suits are thinking of back shelves and the winter costumes which have approached so near the border-land of dissolution will be laid away. The winter costume has already paled and is blushing "like a girl in the first throes of love, brightening in blue and silver and copper and pink and yellow, softening in dove color and lavender and souris, laughing outright in silks that are all over flowers and leaves." The dream of beauty, the masterpiece of the artists conception in the form of the new spring hat or bonnet wreathed with yellow panies and mignonette, over which hover butterflies with gorgeous wings of many colors will bud and blossom on Easter morning, circumstances favoring.

The day is anxiously looked forward to as being stored with much of joy and pleasure, and however, much the elements may cast shadows upon the occasion, we will crown the sublimely beautiful festival in commemoration of the Resurrection of Christ, with sweet songs and beautiful flowers.

THE LEAGUE'S PROCEEDINGS.

Meeting called to order by President Wm. J. Vannort. John P. Hendrickson, secretary, pro tem. Roll called, but few members responded. Adjourned to meet at 1 P. M. After routine matter was disposed of and committee reported, Mr. L. C. Justis said that he had expected the State organizer of the Farmers' Alliance would be present and carry out the resolution passed at the last meeting to organize a county or district alliance out of the League, but was disappointed to find that the State organizer did not put in an appearance.

The president stated that the State organizer had been notified, but no communication had been received. Had heard that the organizer's father's death would possibly account for his non-appearance.

J. W. Corey was of the opinion that unless the farmer took a deeper interest in his own business and looked closer to the details of his operations, the Alliance nor League nor any other organization would be of any advantage to him. Was of the opinion that the Alliance could be of great benefit to the farmer, but thought if the farmers would stick to each other the Grange would fill the bill as effectively as the Alliance, League or any other farmers' organization. He cited the fact that the Grange at Kennedyville, by hearty co-operation, saved to its twenty-five members in less than 3 months, $1500, showing what could be done if the farmer's interest were consolidated.

E. W. Hepbron said he did not expect the organizer because he had not seen it noted in the papers, and was not surprised when he found he did not materalize; thought it was time tho farmer was looking to his own interest instead of allowing others less competent to attend to it for him.

After a running discussion on various topics, adjourned to meet the first Tuesday in May at 10 o'clock. SECRETARY.

THE EASTERN SHORE of Maryland is confessedly the garden spot of the world; in fact we are inclined to think that Eden was situated here rather than on the other side of Jordan, a supposition which becomes more probable when we recall the story of Adam's fall, which was far more likely to have been due to a luscious Eastern Shore peach than to an ordinary apple. Baltimore is the natural market for the varied products of this section, and the efforts which have been made by the Baltimore SUN to advance the interests of the Eastern Shore and to develop its manifold resources deserve hearty recognition. The SUN knows a good thing when it sees it, and is fond of the Eastern Shore, and the Eastern Shore is no less fond of the SUN, which gives us all the news at home or abroad, and never fails to defend and promote Maryland interests.

Bucklen's Arnica Salve.

WILMINGTON CONFERENCE.

A Large Attendance and Interesting Proceedings.

The twenty-second session of the Wilmington Annual Conference convened at Milford, Del., on Wednesday of last week, March 26.

The attendance of ministers and friends was highly satisfactory and the proceedings throughout were of a most interesting character. As is the annual custom the regular conference work was inaugurated by the enjoyable programme as arranged for the Temperance Anniversary on Tuesday evening. Speeches were made by Rev. W. P. Compton, Rev. S. K. Maxwell and Rev. H. Howard, all of whom were earnest in their appeals in behalf of rum-cursed humanity and were openly and unreservedly for Prohibition as the remedy for intemperance as against High License or any other remedy which has as yet been suggested.

The opening exercises of the session of conference began with prayer, promptly at 8.30 o'clock A. M. on Wednesday morning after which Rev. J. P. Otis preached a most practical sermon 11 John 8 verse, to what is claimed to have been the largest congregation ever seen at a morning service of the conference.

At nine o'clock the business was opened by Bishop Andrews, who explained his presence by saying that Bishop Fowler was ill of a bronchial trouble, and prostration brought on by overwork.

J. D. Rigg acted as secretary pro tem and called the roll.

Rev. J. D. Rigg was elected secretary by a vote of 60 against 48 cast for Rev. Adam Stengle. 8.30 A. M. was fixed upon as the regular hour for devotional exercises and 9 o'clock for the business session. By motion of Presiding Elder France, the standing committes as nominated at the last session of the conference were confirmed and the committees were left unchanged.

Dr. Homer Eaton, agent of the Methodist Book Concern of New York, was introduced to the conference and opened his remarks by the gratifying announcement that he brought with him a draft for $1,143 to be delivered to them. He further said: "The Methodist Book Concern was founded 100 years ago by Methodist preachers, and all profits belong to them."

Resolutions expressive of the regret of the conference at the illness of Bishop Fowler were passed, and transmitted to the Bishop by wire. The report of the committee on publishing caused some animated discussion and calling to order.

The Bishop then introduced to the Conference Rev. Wm. Potter Davis, and Dr. Young of New Jersey. The latter made a short address on methods of making collections and asked for a Committee to meet him. The Bishop appointed the four presiding elders.

Rev. John France, Presiding Elder of Easton District read his report, which showed the district to be in excellent condition. He said: "The District extends from Bay to Bay. There are 80 churches, 6,156 members, and 7,610 Sunday School scholars. There are 36 pastoral charges, with 31 regular pastors and 5 supplies. J. B. Merritt has done good work at Crumpton for 3 years and purchased and paid for a parsonage.

The year just passed has been one of great financial depression throughout the district, yet considerable church improvement has been made. Among many other improvements mentioned were; "A new church building of brick has been nearly completed at Cecilton in the place of the one destroyed by a cyclone, at a cost of $6,500. The old church at Queenstown has been replaced with a handsome new structure. R. W. Todd has built a new chapel at Morgan's Creek near Chestertown. In September last Walton's Chapel was burned, and historic Hynson's Chapel which has lately not been used was removed to the site of Walton's through the efforts of W. C. Mowbry. Though the chapel was of brick, it was torn down and moved 9 miles at a cash expense of less than $10. Bond's Chapel has been repaired, and improved.

The revivals have not been so fruitful as last year, but good work has been done R. K. Stevenson, of Smyrna Circuit, reports 234 probationers and Smyrna Station 160. The probationers received are about one-third less than for the previous year. Numerous religious societies of young people have been organized throughout the district.

The Sabbath School officers and scholars number 6,708. They are doing a great work for the present and future prosperity of the church."

Other interesting references were made which we are forced on account of limited space to eliminate.

Thursday's devotional exercises were opened at 8.30 o'clock A. M. by a convincing sermon by Rev. A. P. Prettyman from St. John XIX, 12.

At the business session Dr. Kynett, of the Church Extension Society, made the following statement: That the collections from the Wilmington Conference are.....$25,726 54
Donations.....12,520 00
Loans.....2,750 00
Total.....$40,996 54
Money Borrowed and Returned....8,586 07
Loans to Churches.....1,891 33

Rev. Geo. W. Todd, of the West Virginia Conference, was transferred to the Wilmington Conference and was introduced by the Bishop.

Rev. Frank Fletcher, formerly of the West Virginia Conference, was also introduced as a member of the Wilmington Conference, as a deacon of the first class.

Rev. Mr. Moore, who was transferred last spring to the conference was introduced.

Rev. Tablers, a second year probationer, of the Cincinnati Conference, was transferred and introduced.

Rev. Mr. Freeman, of East Maine, a first year probationer, was presented to the conference.

Several reports were made, the one made in reference to the claimed inequitable distribution of the Benevolent Collections to conferences creating much discussion and criticism.

Dr. Mendinhall, of the Quarterly Review and Rev. Dr. Clark, of the Christian Advocate were introduced and made pleasant addresses. Dr. Reed, president of Dickinson College was also present and made a short speech. At the conclusion Dr. Reed's remarks, Bishop Bowman walked up the aisle and was greeted with a most gratifying and complimentary expression of satisfaction at his arrival. Notwithstanding the encouraging attendance at the early services of the opening of the session it was necessary that a slight censure be administered in regard to tardiness in attendance on the second day.

Friday's exercises were opened by an early sermon by Rev. Alfred Smith, the business programme being opened by Bishop Bowman. After several introductions of visiting ministers Dr. Evans was heard in behalf of the church at Dickinson College, Carlisle, Pa. In the course of his remarks he stated that William M. Singerly yesterday promised to have put in the church a window which will cost about $1,000, and which will be a memorial of Mr. Singerly's father.

Several motions and resolutions were made and adopted.

Revs. Drs. Murray and Todd and Jos. Pyle and J. S. Willis were elected delegates; the first two ministerial and the last two lay, to the Ecumenical Council.

Equalization of lay representation with ministerial representation in the General Conference was discussed at some length.

The following Elders were elected: G W Bowman, Asbury Burke, G E Wood, W W Sharp, W R Mowbry, W W Johnson, H S Dulaney, W G Koon, T R Watkins, C T Wyatt, J L Prouse, H W Ewing, W W Morgan, W W Chairs.

Also, the following deacons: G P Smith, William Sheery, G A Alderson, F F Carpenter, W P Compton, W W Chairs, O P Swanye, W Burr, J W Gray, J R Todd, G W Geister, F L Price, W P Taylor, T F Tabler.

Saturday's session was not less interesting than the previous meetings had been and numerous intersting question of business were discussed, and some slight passages of words indulged in.

The Revs. J. H. Wiley, C. W. Prettyman, O. A. Grise and J T. Van Burkalow were elected trustees of Wilmington Conference Academy.

Prof. Gooding made a statement of the finances of the Conference Academy and recommended that a Ladies' Hall be built at once.

Avenue chuch was thronged all day Sunday. In the morning there was lovefeast, conducted by Rev. T. E. Martindale, followed by a fine sermon from Psalm xxxiv, 3 by Bishop Bowman, after which deacons and eiders were ordained. In the afternoon there were Sunday-school services, with addresses by the Rev. E. L. Hubbard and J. T. Moore, followed by the anniversary of W. C. T. U., Miss M. S. Hilles presiding and Mrs. J. K. Barney and Mrs. N. B. Smithers delivering addresses. In the evening there was a missionary anniversary, Thomas Mallalieu presiding and Revs. J. D. Rigg and Dr. A. B. Leonard delivering addresses. Rev. J. P. Otis read the report of Treasurer A. G. Cox. During the morning Rev. J. H. Caldwell addressed an overflow meeting, held in the basement of the church. Pulpits of other Milford churches were supplied both morning and evening by members of the conference. A sermon preached in the Presbyterian Church night by Rev. Dr. Jacob Todd delighted large audience.

Monday morning was almost entirely consumed in the voluminous reports of the statistical secretaries.

Reports and discussions occupied the day's proceedings. Tuesday was a day of reports, closing with memomial services in the afternoon and an interesting missionary sermon at night by Rev W F Corkran.

The session closed on Tuesday after an exciting and interesting session.

The big item of interest of the whole conference session, aside from the appointments was the stand taken by the conference on the temperance question. By the adoption of a hotly-debated report the conference indorses the prohibition party.

The question brought out an expression of the most decided opinions in regard to the great question of intemperance. The report of the majority was however dissented from and Revs. John D. Kemp and J. Todd filed a minority report. The report of the minority was aimed at the clause in the majority report in which all temperance advocates are urged to band together in national organization.

The following are the appointments of special interest in this district:

John France, Presiding Elder.—Appoquinimink, W M Warner; Bayside and Tilghman's, J M Lindle; Cecilton, T A H O'Brien; Centreville, C A Hill; Chestertown, J H Willey; Church Hill, J A Arters; Crumpton, Supply, J B Merritt; Easton, R H Adams; Galena, E H Nelson; Greensboro', R W Todd; Hillsboro', S M Morgan; Ingleside, N McQuay; Kent Island, W W Sharp; Kenton, Albert Chandler; King's Creek, J A Brindie; Marydel, G S Conway; Massey's, supply, E Welch; Middletown, Alfred Smith; Millington, E E White; Odessa, R C Jones; Oxford, E P Roberts; Pomona, W R Mobry; Queenstown, I W Foyle; Rock Hall, Robert Roe; Royal Oak and Talbot, J D Reese; St Michael's, S J Morris, Sassafras, Wm Sheers; Smyrna, W S Robinson; Smyrna Circuit, R K Stephenson, Still Pond, J D Rigg; Sudlersville, T H Haynes; Townsend, R T Watkins; Trappe, F J Cochran; Union and Salem, to be supplied; Wye and Hall's, J D Lecates.

PRIDE OF ENGLAND,

IMPORTED

Cleveland Bay Stallion

REGISTERED NO. 161.

is of a beautiful Cleveland Bay color, stands 16 hands 1½ inches, and will weigh thirteen hundred pounds in condition. He is stylish, fine action and perfectly quiet. In the combined qualities of action, beauty and endurence, he is acknowledged to stand unequaled as a stock horse for farm and carriage purposes. Has only served a few mares, but has proved sure with them. He comes down a long line of the best producers.

The American Farmers' Stock Book, in speaking of the most desirable strains of horses which have been the result of careful and scientific breeding, in coming to the Cleveland Bays, says: "We come next to a class of horses always held in the highest esteem for their many valuable qualities. It is a horse that is now bred to a degree of perfection that leaves little to be desired in all that goes to constitute size, style and ability to perform any labor that may be required, except the heaviest drudgery. The Cleveland Bays are good carriage horses, good and stout wagon or plow horses, and they match together about as easily as Devon cattle, combining as they do, plenty of staunch thorough blood with excellent size and constitutional vigor. Unfortunately they are rare in the United States, but since their introduction into the West, they have been steadily growing into favor. They are remarkable for their pure bay color, dashed only at the fetlocks and in the forehead with white. We have good authority for our admiration of this splendid animal. Canada has of late years become celebrated for finely-bred and finely-matched carriage horses, which is due to the sagacity of some Canadian breeders, in selecting Cleveland Bay Stallions for sires."

PEDIGREE:

Sire, Mark T. by Moonstone, by McQueen's Rattler, by Horn Pipe, by Fox Hunter. Dam by McQueen's Rattler, second dam by Horn Pipe, third dam by Fox Hunter, fourth dam a superior coach mare.

TERMS:

Fifteen Dollars for the season, to be settled during season. Liberal terms made with parties breeding two or more mares. He will make the Spring and Fall seasons in Kent county, commencing Monday next March 31, 1890.

TOMATO GROWERS!

Read This Carefully:

We have been manufacturing for years a SPECIAL TOMATO MANURE that is particularly adapted to the growth of that crop. It has been used year after year by the most prominent growers and canners in the country, as well as by the largest and most successful truckers in New Jersey. Materials being considerably off this spring, we are prepared to sell you lower this season than ever before. Please, therefore, write or see us concerning before making your purchases.

MR. WM. R. ALLABAND, of Wyoming, Del., says:
I used your Fertilizer on Tomatoes by the side of Green Bone Phosphate and Sun Guano. The Green Bone was cracked so high I put it next to the road to show off big, and the Sun Guano next, and the last, Hubbard's, away back, as its merits were kept quiet; but when visitors came to see my patch of Tomatoes I always pointed out the ground on which all three kinds were, and Hubbard's got the credit of being far superior to the others. When picking time came it was all in all. I have used it on other crops with the same results, and believe it to be the best Phosphate in the market.

MR. HERMON PYLE, of Harford, Md., says:
He used 400 lbs. per acre of Hubbard's alongside of other standard brands on his Tomatoes, and that there was a perceptable difference, in favor of ours. The plants kept greener, bore prettier and consequently more fruit, and that is why he used it again.

MR. PHIL PARKER, Sweedsboro', N. J., says:
He used ours alongside of Mapes, that cost $44 per ton, and that ours was equal in every respect.

MR. J. B. HANWAY, of Joppa, Harford, Md.,
Used the first year 8 tons; next, 24 tons; next, 55 tons; and the next he and his brother used and sold together 98 tons, and it not only gave satisfaction last season, but wherever used.

MR. EDW. PLUMMER, near Worton, says:
He put his Young Peach Orchard in Tomatoes; used our goods; sold to Lynch's cannery in 1888, and they netted him $47 per acre.

MR. JOHN F. COPPER, near Chestertown,
Has been using it for years with satisfaction.

MR. JAS. R. MASSEY, of Darlington, Harford, Md., says:
He grew for the canners. Used our goods alongside of Dis. Animal Bone and Oriole Phos., and that his product netted him $14 more per acre.

MR. J. W. KNICHT, of Webster, Harford county, Md.,
Used our goods alongside of high grade. The result was the Sugar Corn was better and larger eared; Tomatoes fuller and smoother and the vines kept green till the frost killed them.

OUR CORN FERTILIZER.

MR. ALLEN WALLACE, of Sweedsboro', N. J., says:
I could tell to the very row where I used your Fertilizer on my Corn, and when I came to mow my grass where the goods had been used, there was such a difference in the crop that some of my friends asked me why I mowed part of my field and let the other stand, when the truth of the matter was your Phosphate made the grass five or six inches higher. It was more marked from the fact that the Corn rows ran diagonally across the field, and I could see the difference in the second mowing. I believe it to be grand, good stuff, and that is why I continue to use it.

MESSRS. ANDREW HALL & SON, of Harford county, say:
The 15 tons used on their Corn did as well as any ever used, and whatever they use this year, will be our goods; think it will be 20 or 25 tons.

GEORGE W. BAKER'S SONS, Wm. B. and J. B., say:
That it has compared favorably with anything they used.

WE COULD GIVE THE NAMES
Of hundreds who have used our goods on their various crops, and should you want to plant Potatoes, Cabbage, Onions or anything in the Vegetable line, write for one of our circulars.

COUNTY COMMISSIONERS'
ANNUAL NOTICE.

The County Commissioners of Kent County will meet at their office in Chestertown, on

Tuesday, 4th day of March, 1890,

AT 10½ O'CLOCK, A. M.,

and will continue to meet at the same place and hour

EVERY TUESDAY

Until the 6th day of May next,

For the purpose of noting transfers and correcting assessments.

All persons who have sold or transferred any assessible property since their last sitting for said purpose, are particularly requested to attend at an early day to have their assessments corrected and adjusted.

After Tuesday, 6th day of May next

No ALTERATIONS or CORRECTIONS in the assessments will be made for the present year.

THE TRUSTEES OF THE POOR
OF KENT COUNTY,

will be appointed on the Second Monday—14th day—of April next.

COLLECTORS
Of State and County Taxes
FOR EACH ELECTION DISTRICT
—AND A—
KEEPER OF THE STANDARDS
—OF—
Weights and Measures

will be appointed on the

15th DAY of APRIL NEXT.

☞ All persons having ACCOUNTS against the county are requested to present the same on or before

Tuesday, 3d day of June next,

otherwise they may be excluded from the levy this year. All accounts properly chargable to the county are required to be made out in a clear manner and itemized and rendered under oath.

All applications for pension must be made in writing, stating the condition and circumstances of the applicant and vouched for by three or more freeholders having a knowledge of the facts therein set forth.

N. B.—All persons neglecting to have their assessments corrected are hereby notified that no allowance for taxes paid in error in consequence of such neglect will be made.

T. J. SHALLCROSS, President,
R. C. MORGAN,
GEO. W. RODENHISER,
JOHN A. GROVES,
JOHN DICKINSON,
Commissioners.

Attest:—T. W. RUSSELL, Clerk.
Feb. 20, 1890.

J. HERMAN IRELAND'S

Insurance Agency,

Kennedyville, Maryland.

Fire! Lightning! Life!

INSURE YOUR HOMES!
INSURE YOUR STOCK!
INSURE YOUR LIVES!

I represent only first-class companies. My rates are low and all losses promptly paid. To all persons desiring insurance I ask them to write or call and see me.

J. H. IRELAND,
Kennedyville, Maryland.

SPECIAL SEED NOTICE
—TO—
Farmers, Truckers, etc.

I have just received from the North a fine and complete line of

CHOICE AND HEALTHY SEED,

which will be sold at Rock Bottom Prices. To those who intend planting I would say that these goods will intetest you and give you first-class results. Don't buy until you examine their quality and price.

M. A. TOULSON.
