BUSINESS OFFICE in the Kent News Building, where we shall be pleased to see our friends and the public.

CHESTERTOWN, March 23, 1893.

The Celebrated Cleveland Bay Stallion,

PRIDE OF ENGLAND,

Registered No. 161, Imported, Stands Alternate Weeks at Elkton and Chestertown, Maryland.

PRIDE OF ENGLAND, 161, is a beautiful Blood Bay Color, stands 17 hands high and weighs 1300 pounds.

Pride of England is registered in the Ontario Coach and Roadster Horse Breeders' Association of St. Thomas, Canada, as No. 161. He is a descendant of the best producing families on both sides for speed, beauty, endurance and general utility.

Tracing from Mark Twain, Moonstone and Old Clear Grit [859] as producers of speed, and through Rattler and Hornpipe to thoroughbred and imported coach horses, through Fox Hunter, Pride of England [161] sired by Mark Twain, he by Moonstone, by Old Clear Grit [859], he by Lapadist by Touchstone, the English race horse.

Mark Twain's dam Big Nell, by Foster's St. Lawrence, he by Old St. Lawrence. Mark Twain is sire of Nelly Baker with four-year-old record of 2.32 with six weeks' handling. She gave a trial mile on Woodbine track, Toronto, in 2.21¼, and a half mile in 1.08.

Moonstone's dam by Bradly's thoroughbred, he by Oliver's thoroughbred. Moonstone is sire of Nettie C., record 2.23, and several others that show their ability to trot close to 2.30.

Old Clear Grit [859] was one of the greatest Canadian sires. Sire of Amber, record 2.23, made in Australia, and the fastest record for two, three and ten miles in Europe, Flora F., 2.24¼, Bay William, 2.27¼, Little Billy, 2.23¾, Billy M., pacer, 2.19¾, Fuller, pacer, 2.13¾, St. Patrick, 2.30¼, and a large number that trot under 2.40.

Pride of England [161], dam Fanny [55] by McQueen's Rattler, he by Wilson's Rattler, he by Biggart's Rattler, by Sir Henry, he by the Garrett horse, by Leonidas Imported Thoroughbred. Biggart's Rattler sire of Joe Brown, 2.23, also sire of Warner's Rattler, sire of Mary Davis, 2.26.

Pride of England [161], grand dam by Hornpipe by Imported Thoroughbred, great grand dam by Fox Hunter, he by imported coach horse.

It will be seen by the above that Pride of England is gilt-edged on both sides.

Breeders cannot possibly err in breeding their brood mares to this noble stallion, as the intensity of his breeding is in itself a certainty that his stock will partake largely of the characteristics of their sire.

TERMS OF BREEDING.—$25, one-half during the season and the other half when mare proves in foal. For more than one mare special terms.

DANIEL WARREN, Groom.

SPRING IS HERE.

(From Harpers' Bazar.)

The winds of March at last are blown,
And winter's rule is overthrown.

The birds are singing in the trees
As softly croons the April breeze.

The buds burst forth in loveliness,
And maids come forth in newest dress.

While all the poets, small and big,
Write verses on the "Gentle Sprig."

Thus showing in their pretty hymns
That spring and colds are synonymes.

Bilious Colic Prevented.

Persons who are subject to attacks of bilious colic can almost invariably tell, by their feelings when to expect an attack. If Chamberlain's Colic, Cholera and Diarrhœa Remedy is taken as soon as these symptoms appear, they can ward off the disease. Such persons should always keep the Remedy at hand ready for immediate use when needed. Two or three doses of it at the right time will save them much suffering. For sale by M. A. Who Says Rheumatism Can Not be Cured?

My wife was confined to her bed for over two months with a very severe attack of rheumatism. We could get nothing that would afford her any relief, and as a last resort gave Chamberlain's Pain Balm a trial. AYER'S Sarsaparilla

Is superior to all other preparations claiming to be blood-purifiers. First of all, because the principal ingredient used in it is the extract of genuine Honduras sarsaparilla root, the variety richest in medicinal properties. Also, because the yellow dock, being raised expressly for the Company, is always fresh and of the very best kind. With equal discrimination and care, each of the other ingredients are selected and compounded. It is

THE Superior Medicine

because it is always the same in appearance, flavor, and effect, and, being highly concentrated, only small doses are needed. It is, therefore, the most economical blood-purifier in existence. It makes food nourishing, work pleasant, sleep refreshing, and life enjoyable. It searches out all impurities in the system and expels them harmlessly by the natural channels. AYER'S Sarsaparilla gives elasticity to the step, and imparts to the aged and infirm, renewed health, strength, and vitality.

Our Corn Phosphate.

HAVE YOU TRIED IT? IF NOT, THEN GIVE IT A TRIAL.

UNDOUBTEDLY IT IS THE LEADING CORN FERTILIZER ON THE PENINSULA. Our sales this spring on this goods are already larger than ever before. For several weeks we have been shipping carload after carload, with the orders still coming in. Fertilizer men generally, we have found, would make a good fertilizer for truck, wheat, etc., but when it comes to a Corn Fertilizer would either make a goods composed of South Carolina and Kainit, which, under favorable circumstances, would injure the germ of the corn; or, if it was ammoniated, would use something of a volatile nature, which would burn the corn. This, in our opinion, has given rise to the general impression of farmers: 'No, fertilizer on corn won't pay, for I have tried it.'' When the fact of the business was they had not tried a goods particularly adapted to that crop. We do not claim, however, that our goods have no South Carolina in it, for it has, but not to a large degree. Hence, our combination of Animal Bone, South Carolina, Potash and Ammonia, being derived from animal matter, which is not natural or volatile ammonia, but ammonia from decomposition, is why our goods act so well. It will not fire your corn even during a drought. It will prevent your corn from frenching, and will cost you less than two dollars per acre to hill dress.

MR. JOSEPH TOWNSEND, Berlin, Md., says: I had heard so much talk about your Phosphate for Corn that I purchased a ton last year and determined to test it in connection with Humphreys' & Thigpman's "B" and Lister's, the former costing $30, the latter $28, and in addition to having them alongside I took enough of yours to put 12 rows through the middle of the others, and when the corn was growing there was apparently little difference in the height of any, notwithstanding the other cost $6 and $8 more, but when I came to husk it, could tell to the very row where Hubbard's went, as there was a bushel and nearly a peck of corn more. I therefore am going to use it again, as well as my neighbor.

Special to the Baltimore Sun.

SNOW HILL, Md., Oct. 18, 1892.

ARCHIE SOLLOWAY, a young farmer residing near Snow Hill, has this year raised one of the finest crops of corn ever gathered in Worcester county. He brought a box-full of ears to Snow Hill this week, four of which weighed six and one-half pounds. Some specimens will be preserved for the Maryland's exhibit at the World's Fair.

Mr. Holloway wrote us that the Corn referred to was grown with our Phosphate. He ordered more, which has been shipped.

We have 115 testimonials on file in our office from farmers in Kent, Queen Anne's and various counties of Maryland, New Jersey and Pennsylvania.
