CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "**Castoria**" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be **absolutely harmless?**

Do You Know that **35 average** doses of Castoria are furnished for **35 cents**, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are **facts.**

The fac-simile signature of *Chas. H. Fletcher.* is on every wrapper.

Children Cry for Pitcher's Castoria.

"THRIFT IS A GOOD REVENUE." GREAT SAVING RESULTS FROM GLEANLINESS AND

SAPOLIO

THE WHEELMEN.

There are "New Bikes in Town, so They Say."

No wonder, said the citizen,
My head revolves and reels;
Since naught I see, no matter when,
But wheels, and wheels, and wheels.

R. Snowden Thomas, agent for the Rambler, states that sales have held up well considering the great number of Ramblers placed on the local market in former seasons. The Rambler holds the Chestertown-Centreville 16-mile record of fifty-eight minutes. W. W. Chapman made the run, and taking the average condition of public roads, up and down hill, it's not slow moving. Can Clark's Bob Fitzsimmons trotter of Church Hill beat it? The Rambler is strictly high-grade, up-to-date and is the beau-ideal of the cycle world.

The "Black Flyer" of the TRANSCRIPT office, age, size and motive power considered, is one of the best. Before its rechristening this wheel was known as the Majestic Light Roadster, and we are ready to speak out in meeting and testify that the Majestic is a rattling good wheel.

J. H. Sides has placed some of the local champions on the Barnes White Flyer, and claims to have surpassed the splendid coasting rocord of Mr. Walter U. Lusby of several weeks ago. These gentlemen are only ambitious on "down hill" records, and as each claims the belt, lets have a public contest to decide the matter.

Prof. Edward J. Clarke, whose ideal of beauty, comfort and speed is the Eagle, jogged from Centreville to Chestertown last week in one hour and seven minutes. The professor was not running for a record and consequently did not exert himself to any great extent.

Cashier Rickey, leader of the bicycle "Four hundred," now rides to future conquest and glory on a brand-new Rambler.

Prof. Topping, true to his first love enjoys the afternoon whippoor-will's song on a new Majestic and treads the dust-covered roads with the ease and speed of a sylph.

Captain William Taylor, a literal amphibian, picturesquely says that time and space bow in humble submission when he wishes to shake the polluted dust of any particular spot from the well-shod feet of his new Rambler.

Shally and Dave Ford, both heroes of the White Flyer class, declare that it is not a questionable compliment for a young lady or gentleman to be called "fast" if she or he rides a Barnes. Whereupon a young lady says she considers them both "fast" young men.

What's the matter with the Columbia? Eddy, the sweet singer of the C. C. C., in way-down deep tones of sympathetic delight, says—She's all right.

Harry Hodgskins is delighted with his new Fowler and tears electric sparks from mother earth whether she will or not. Hodgskins claims that he always feels that he is moving in good society when he and his new bike go out together.

On May 15 a sextet bicycle will race with the Empire State express train, near Albany. The express has made a mile in 37 1-5 seconds and a number of wheelmen think the sextet can beat this time.

For the trial a track is being prepared parallel to the New York Central's tracks. The sextet weighs 137½ pounds and has four sprockets. At each revolution the machine moves 42 feet. To beat the locomotive the riders must make three revolutions a second.

Among the men mentioned as the probable riders are David Coburn, of St. Louis, or John Lund, steersman; Fred. Rau, winner of the Chicago road race in 1894; Fred. Loughead, the Canadian champion; John Lawson, the "Terrible Swede;" Fred. Weage and W. S. Kenyon, of Chicago; F. W. Benkey, of Mount Clemens, Mich., and H. E. Fredrickson, the Nebraska champion.

TO GO TO CAMBRIDGE.

The great Fourth of July Cycle meet of the State, after a heated contest, has been won by Cambridge. The Chestertown cyclists were favorable to Easton for the meet.

The committee of arrangements have begun active work at Cambridge carefully preparing for the meet, is composed of Messrs. John T. Moore, W. G. LeCompte, W. Irving Mace, W. W. Phelps and W. H. Medford. The programme which they have offered and declare their intention of carrying out is as follows:

Friday, July 3, 1896, 8 A. M., reception to wheelmen and wheelwomen at the club; 9, run to Madison, where refreshments will be served gratis; 9 A. M., base-ball at the Cambridge Driving Park; 2 P. M., racing at the park; 7 P. M., short run to the beautiful summer resort of S. P. Mundy, where wheelmen will indulge in a buff bath in the Choptank river; 8 P. M., straw rides, moonlight sails on the Great Choptank and a band concert on the river front, ending with a ball.

Saturday, July 4, 6 A. M., early run before breakfast, bathing in the Choptank; 8 A. M., base-ball at Cambridge Driving Park and a run to Castle Haven, the beautiful summer home of Wilbur F. Jackson, a historical spot on the broadest part of the Great Choptank; 2 P. M., races at the Cambridge Driving Park; 7.30 P. M., grand wheel parade through the city, after which the visitors will be freely entertained by eloquent speakers, followed by an old-time oyster roast.

CRAB BOIL AND FIREWORKS.

There will then be a crab boil and fireworks from a float in the Choptank river. Bands will meet the boats and trains and furnish music on all occasions. Boats for fishing, crabbing, rowing bathing and sailing will be free to all visiting wheelmen. Racing will be made a special feature and the prizes and medals offered for racing will be the most valuable ever offered in Maryland.

After meals you should have simply a feeling of comfort and satisfaction. You should not feel any special indications that digestion is going on. If you do, you have indigestion, which means not-digestion. This may be the beginning of so many dangerous diseases, that it is best to take it in hand at once and treat it with Shaker Digestive Cordial. For you know that indigestion makes poison, which causes pain and sickness. And that Shaker Digestive Cordial helps digestion and cures indigestion. Shaker Digestive Cordial does this by providing the digestive materials in which the sick stomach is wanting. It also tones up and strengthens the digestive organs and makes them perfectly healthy. This is the rationale of its method of cure, as the doctors would say. Sold by druggists, price 10 cents to $1.00 per bottle.

Cripple Creek Destroyed.

The prosperous town of Cripple Creek, the great gold camp of the west, has been nearly wiped out of existence by incendiary fires. A determined effort to burn the town has existed during the past several weeks, and the attempts have been successful. The loss amounts to millions with comparatively small insurance.

HE PROVED THE OMEN.

A Sailor's Superstitious Prediction of Disaster Followed by His Own Death.

"Speaking of sailors' superstitions," remarked the veteran lighthouse keeper Josh Reeves of Sea Isle City, "reminds me of an incident that happened half a century ago off the Five Fathom Bank lightship, in which a sailor's prediction, based on an omen, resulted fatally to the prophet himself.

"A bright winter morning had caused the crew of the lightship to row a short distance away in a small boat in search of codfish, which are very abundant off the capes in winter time. A few hours' fishing resulted in a goodly catch and a return was made to the lightship. The fish were cleaned and the refuse thrown overboard, but a calm sea, with not a breath of air to disturb it, caused the refuse to drift in a circle around the ship. Toward noon a large flock of geese came in sight and settled under the lightship's very bows and commenced to feed. The waterfowl became very tame and swam chattering and hissing close to the ship's sides.

"Josh Crowell, a grizzled old member of the crew, shook his head and predicted death to some one on board within 24 hours. He said that whenever geese became so tame as to feed around a vessel's bow or stern, it was an unfailing omen of impending death on board. Crowell's companions laughed at his fear, but he told them to bide their time.

"Toward noon a strong gale came out of the nor'east and kicked up a heavy sea. Crowell was on the forward or bow watch.

"Many of the crew were in the main cabin below enjoying a social game of euchre, checkers or dominos, when suddenly they heard the sound of a chain running rapidly through the starboard bow scuppers. We rushed on deck in dismay, thinking the windlass gearing had given way. The sight witnessed will never be forgotten. Crowell had been caught in the relief chain and ground around the rapidly revolving windlass. His death was instant. His omen came true."—New York Herald.

Well Flavored.

Figaro tells an amusing story about M. Ricard, the minister of justice. Some time ago he bought two haunches of kangaroo at a shop where frozen meats from Australia are sold. He had them served up "a la sauce poivade." His guests, who were curious to try this "plat exotique," found it anything but suited to their taste. The kangaroo had a most peculiar flavor. M. Ricard was naturally much vexed. He made a complaint to the shopkeeper and asked him to taste the remains of the dish. It was then discovered that the haunches had been cooked in lamp oil instead of olive oil, but it is not known who made this substitution in the minister's cuisine.

Americans Via London.

The English sometimes grow sarcastic at our expense. The London News vouches for the following: "Scene, Rome. Time, a few days ago. Young English lady wandering near the Coliseum. To her approaches a group of American young ladies. One of them says to her: 'Would you kindly tell me whether that is the arch of Titus? My Baedecker is 2 years old.'" The News unkindly remarks that the American ladies "were probably from Chicago.

A CONFIDENTIAL CHAT

between two men or women generally develops the fact that one or both are troubled by sickness of some kind. One man is all right except his rheumatism, another has a "slight touch" of dyspepsia, another has bilious headaches, and another is too nervous to sleep well. What's to be done about it? The situation is serious. Little things have a way of getting big. Big diseases are bad things. Sleeplessness brings irritable nerves, loss of flesh, loss of appetite. Sleepless people soon get their bodies into such a condition that disease-germs find it easy to lodge there and propagate. People die from the aggravation of an aggregation of little things. The more promptly a disease or disorder is met the more quickly it is cured. Most all sickness starts in the stomach, liver or lungs. Rheumatism, scrofula, eczema, consumption, come about because insufficient, impure or impoverished blood is present. The diseased blood finds the weakest spot in the body and a local symptom appears. If the impurity is supplanted with good, rich, red, healthy corpuscles, the disease will have nothing to feed on. If the proper cleansing medicine is sent to the seat of the trouble, it will force out the germs and repair the damage done. Dr. Pierce's Golden Medical Discovery is a cleansing, purifying medicine, a blood enricher, a nerve strengthener. It is an efficient tonic, aids digestion, creates healthy appetite and healthy flesh. It does not make people "fat." It makes them strong. It makes useful flesh—solid muscle. It will cure any sickness that has its source in the digestive organs, or through them in the blood.
