CALL FOR DEMOCRATIC PRIMARIES,

The Democratic Voters of Kent county are requested to assemble at their respective polling places in each election district, on

Saturday, the 22d day of July, 1899,

at 2 o'clock P. M., for the purpose of selecting six delegates from their respective districts to meet in convention to be held at the Court House in Chestertown, on Tuesday, the 25th day of July, 1899, at 12 o'clock noon, to select delegates to represent the county in the Democratic State Convention, which will be held in Baltimore on Wednesday, the 2d day of Aug., 1899, for the purpose of nominating one candidate for Governor, one candidate for Comptroller and one candidate for Attorney General. Where there are two precints each precinct will be entitled to three delegates.

RICHARD D. HYNSON,
WILLIAM E. KEYSER,
TILGHMAN SHAFER,
Democratic State Central Committee for Kent County.

HARFORD COUNTY has declared for Vandiver for the democratic gubernatorial nomination.

ANNE ARUNDEL has fallen in line for Governor Lowndes, and it is now in order for other counties to follow suit.

BECAUSE OF A FAILURE to file their nomination papers within the required time, Annapolis republicans let the municipal election go by default on Monday. The democratic ticket was elected without opposition. But eleven votes were cast for republican officials.

THE big American liner, Paris, is afloat. This fine vessel went on the rocks off the coast of Cornwall, on May twenty-first. Capt. Watkins, her master at the time of the disaster, has had his license taken from him for two years. He has confessed that the accident was the result of a miscalculation of his.

THE FASCINATING MRS. BOTKIN, serving a life sentence in California for the murder of Mrs. John P. Dunning and Mrs. Joshua Deane, of Dover, Delaware, seems to have lost none of her charms. Recently she has given evidence of her attachment for one Frank McFarland, one of her keepers in the State prison. Louis Kirschbaum, another guard, had also been infatuated with the woman, and a serious fight between the two officers resulted, in which Kirschbaum was, it is thought, fatally injured. Kirschbaum was removed to the prison hospital and McFarland is held to await the result of the former's injuries.

REPUBLICAN POLITICS, while rather shy during these warm days, are still aliye and active. It is now noised abroad that the political fates are figuring on a "rich man's ticket" for the coming campaign. A prominent republican said a few days ago that the standard had been placed high and that the little fry need not expect political promotion this fall. The man with the "barrel" is strictly the coming candidate. Just what those who have spent their time, talents and substance in keeping together the party organization before it became profitable to be a republican in Kent, will say of this arrangement, remains to be seen.

A REPORT FROM DELAWARE on Tuesday, stated that Col. Ezekiel T. Cooper, of Dover, Del., who was serving an eighteen months sentence in New Jersey State prison for connection with the abstraction of funds from the First National Bank of Dover, Del., died in the institution on Tuesday night. Death was the result of cramps and hic-coughs. He had no immediate family.

He was sent to the prison about a year ago, and, with allowance for good behavior, his sentence would have expired in about a month, except that a $5,000 fine was against him. Cooper published a paper in Dover and had been a prominent politician there and at one time held the office of register of wills. He was a colonel on the staff of three Governors, and was about fifty years of age. State Prison-Keeper Moore will await instructions from Dover as to the disposition of Cooper's body.

GALENA MATTERS.

An Honor for Galena Band.

Supt. George E. Noland was so much pleased with the music rendered by the Galena band, that he has engaged it for the four days of the big fair. This is certainly an honor; yet it is but a proper recognition of merit.

We learn that Mr. Harry Todd, of near Tolchester, will make his home in Galena next year. It is stated that the contract for Mr. Todd's new home has been placed with builder A. M. Culp, of Chestertown.

William Steel, the wind-mill man, has a large contract with Mr. James S. Benson, of Anne Arundel county. A fine wind-mill will be put up and fixtures for a full water supply.

Mr. L. C. Hayes' average wheat yield on one hundred and seventy-five acres seeding, is twenty-eight bushels per acre. The reports of the crop in this vicinity are very gratifying.

Mr. W. A. Whitaker is somewhat improved in health.

Mr. William Steel is also better.

Dr. A. H. Dickerson, of Baltimore, is at the home of Mr. Wm. T. Hicks.

Miss Mamie Taylor, of Earleville, Cecil county, is visiting at the home of Mr. Thomas Stradley.

Mr. Taylor, of Wyoming, Del., is visiting his daughter. ZERO.

OUR INDUSTRIAL EDITION.

The Aim and Object in Presenting to the People this Handsome Issue.

It gives us pleasure to state that with the issue nearest the date of the unveiling of "The old Kent Square Fountain," the TRANSCRIPT will publish an Industrial Edition, covering the varied enterprises and industries of Chestertown and Kent county. This issue will be under the supervision of Mr. W. F. Lindley, of Baltimore.

It will contain a comprehensive review of our natural resources, commercial, industrial, agricultural, educational, professional and religious. Its object will be to advertise our thriving town and prosperous county to the outside world and thus call its immediate attention to the many advantages they have to offer to the manufacturers and home-seeker. In this laudable enterprise the TRANSCRIPT must have the united support of all citizens to make the edition bring forth the desired results, and the opportunities are here awaiting the manufacturer. The natural resources are unlimited, but this is an instance of where "The mountain must go to Mahomet since Mahomet will not come to the mountain."

Manufacturers such as Chestertown bids for are an enterprising class, and will go to the town or locality which displays the most enterprise and public spirit in return, and to the one which has the greatest inducements to offer and possessed of sufficient business foresight to present these inducements to the immediate attention. They bring the factories, and every factory added to the town supports a colony of laborers, and every man, woman and child added to the population of our county, aids and benefits every business man in the community. The edition will be printed on book paper and will be copiously embellished with rich specimens of the engraver's art, and extensively circulated over the county.

Every one should feel a personal concern in the project, giving it his moral and material support, and thus showing to the world the manifold advantages of Chestertown and Kent county.

WILLIAM AHERN ASSAULTED

Brother of John P. Ahern Murderously Attacked by Negroes.

William Ahern, operator at the Ginn Block, two miles south of Townsend station on the Delaware railroad, was murderously assaulted Monday morning between 2 and 3 o'clock by two colored men. He was rendered unconscious, and $25, his watch and his coat were stolen. Before losing consciousness he set the signals so as to stop all approaching trains so as to guard against collisions. The injured man is a brother of Mr. John P. Ahern, one of the most prominent business men of Millington.

The injuries to Mr. Ahern consist of a cut on each side of his head and a badly bruised jaw. The weapon with which the assault was committed was a piece of stone which was afterward found in the office, covered with blood and hair.

The first known of the affair was when an extra southbound freight train leaving Wilmington at 2 o'clock Monday morning, in charge of Conductor James M. Driscoll and Engineer Jamison, arrived at the block and found the signal set against the train. The engineer blew for the switch several times, and fearing that the operator had fallen asleep left the engine and hastened to the station where he was horrified to find the operator lying on the floor in a pool of blood, with the blood oozing from several cuts on his head and face. He called to the crew and some of the men responded, while others went to the switch and unlocked it until the train was safe on the siding. Then all did what they could to bring the man to consciousness.

When Ahern revived he telegraphed the news to Middletown and said that the perpetrators of the crime were colored men. The alarm was soon sounded and at Townsend it was learned that two colored men had left the track and taken to the road leading toward Summit Bridge.

A farmer named James Downs, who had been to Middletown with milk, and there learned of the affair, was plowing in his field and seeing two colored men go by, unhitched his horse and gave chase, firing at the men. One of the men fell and claimed that he had been shot. Then he closed up on both and took the suspects to Middletown.

The men refused to talk after their arrest but finally said that their names were William Austin and Samuel Carpenter. On their persons were found about $26, which is but a dollar more than the amount taken from the operator. The men were placed in the lock-up and afterwards given a preliminary hearing, at which they stated that their names were James Young and Chester Rasin, and their homes at Uniontown, Md. They were held without bail to answer the charge of attempted murder until Mr. Ahern may be able to appear against them.

The operator was taken to Middletown, where he was attended by Dr. R. B. McKee, who stated that the wounds were of a serious nature. Mrs. Ahern was nearly prostrated when her husband was brought home.

The negroes are the same who Monday went to the store of William Carnagy, at Kirkwood, and demanded that they be supplied with something to eat. When remonstrated with they threatened to "cut the heart out" of the clerk at the store if he would come outside. He then produced a gun and the men ran.

The men are thought to have been the same who attempted to enter the station at Middletown late Sunday night, but who were frightened off.

While the men were at the station at Middletown, awaiting transportation to New Castle jail, they sang songs and otherwise entertained the curious crowd that collected to get a view of them.

Do Your Eyes Need Attention?

Why Not Have the Best?

Do you suffer with Headache? There are very few who don't. If so, perhaps defective or impaired vision is the cause.

Have you read the hundreds of testimonials from the most prominent people of Maryland, published on my last visit testifying as to the great relief and comfort obtained to their eyes by the use of my celebrated Eye perfecting Crystal Spectacles and Eye Glasses. Among them are as follows: Governors, Judges of Circuit and Court of Appeals, Clergymen, Lawyers, Justices of the Peace, Physicians, Bankers, Merchants and Mechanics.

If you are a headache sufferer, or do your eyes ache or pain while reading, writing or sewing, or during the action of any bright light? why not call and have your eyes scientifically examined and procure a pair of my celebrated Crystal Glasses, and obtain instant relief. No Charge for the optical examination of your eyes. Entire satisfaction Guaranteed.

THE GREATEST CARE

Should be taken with children's eyes, and they should receive close attention. When a child holds its book conspicuously near, when he has difficulty in seeing figures on the blackboard at school, when he complains of his eyes hurting and of headaches, have the eyes examined and, if necessary, corrected and let him grow up in the comfort of perfect vision. If a child can see better with glasses, he should wear them. To say that he is too small or too young to wear glasses is as reasonable as it is to contend that he is too young to have a fever or a toothache. The continued neglect of a child's eyes may cause strabismus (cross-eye). The eyes are too short for paper vision. Too much strain is brought on the muscle that move them, in consequence of which they become crossed. This defect can be cured by the continued wearing of properly adjusted glasses.

BEWARE OF IMPOSTORS. NO AGENTS OR PEDDLARS ARE EMPLOYED.

This cut represents my double glasses or Lenticulars. Those who are compelled to wear two pair of spectacles will find the greatest comfort and convenience in a single pair composed of two pair of lenses; that is the upper part for distance, the lower for reading or close work. By an improved method of construction the line between upper and lower lenses is almost imperceptible. After a fair trial in using and becoming well use to them, you will wonder how you could go all this time without the Lenticulars. Bear in mind, if you ever had your eyes examined and glasses fitted by me the record of your examination is still kept and can be referred to at any time.

J. Siegel, the scientific and manufacturing optician, from 11 E. Baltimore street, Baltimore, Md., who has been visiting and examining eyes in your city, as well as throughout the State since 1873, and well-known for reliability.

Thanking you for your past patronage, and trusting that new and more modern facilities shall merit a continuance, I am, yours truly,

J. SIEGEL
OPTICIAN.
