AN AFRO-AMERICAN paper in Frederick county thus strongly sums up the republican record: "Prior to election, the republican party in Maryland can beat the world on "resolving" and immediately afterwards they can beat ten worlds on breaking them."

THOSE AMERICANS who are languishing in a fit of enervating horror over the Dreyfus verdict, so soon as their strength returns need not trace American history furthur back than the sixties to find a greater national farce and outrage being enacted within the very shadow of the capital of the American Republic. Fickle memory and picturesque sentiment sometimes are congenial companions.

SATURDAY WAS A FIELD day for candidates of both parties in the fifth district. The supper at Rock Hall was the point of meeting. Of the democratic candidates Messrs. Harrison W. Vickers, George E. Noland, William M. Slay, James T. Ireland, Charles L. Gill, John Brice, and Thos. C. Roe, were present, in addition to a number of prominent party leaders from different sections of the county. The republican ticket was represented by Messrs. James H. Baker, Azariah M. Kendall, John D. Urie, John C. Davis and George M. Haddaway.

THE DEMOCRATIC campaign in Frederick county will be opened in real old-time democratic fashion to-day. The candidates will leave Baltimore by special train and will be accompanied by an escort of one hundred and fifty citizen's and a brass band. A reception committee of 100 will meet them on their arrival and take them to the City Hotel. Lunch will be served to the Baltimore party and the visiting ladies in the Junior Hall. The barbecue will be held in the market house, and preparations are being made to feed 10,000 people. Ten brass bands have beed engaged and a large quantity of fireworks has been provided for the evening parade.

THE FARCE of the old axiom that "Necessity knows no law," has been placed with embarrassing keeness upon Mr. Wellington's governor, the Hon. Lloyd Lowndes. In his fervor to play gallery politics under the guise of making non-partism selections to fill positions of responsibility and honor, the man who found it impossible to rise superior to the political demagogue and injected politics of the most petty nature into the public school system of the State, has conferred a Chief-Judgeship upon a democrat, and for what? To confer an honor upon a gentleman whose eminent fitness as a jurist is conceded by the members of all parties? Certainly, Governor Lowndes is unwilling to go on record as saying that such qualifications were absent in his own party. Was it for the laudable purpose of really establishing a precedent, which, if sincere, would prove a lasting memorial to the executive who established it and upon the party of which he was a member? What reason have the people to attribute such a motive to the present Governor? In every county in the State he has thrown the public schools into politics; in many counties of the State the splendid system of public education has become a system of reward for petty political jobbery. The whole matter bears the stamp of sham, so far as the appointing power is concerned. The wily Wellington has repented him of his defiant challenge to the independent voters of Baltimore city and throughout the State, and the power behind the figure has told the inimitable Punch in the Punch and Judy farce to speak to the wavering ranks of the people whom he has insulted.

A gentleman of culture; possessing brilliant qualifications as a jurist; respected by the members of the bar and the people of the entire State, Judge J. A. C. Bond, one of the foremost democrats of Carroll county, will fill every demand of the responsible position to which he has been called. Carroll county, as well as the counties of the judicial circuit in which Judge Bond will preside, are to be congratulated. No better selection could have been made, and the pleasing feature of the situation is that the judiciary and the people are to be benefitted rather than injured by the Governor's conspicuous play for the independent voter.

$100 REWARD, $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up he constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of Testimonials. Address,

DREYFUS PARDONED.

President Loubet, of France, pardoned Dreyfus on Tuesday. Some of the anti-Dreyfus newspapers in commenting upon the action of the president says:

"Loubet has given himself a *coup de grace* in pardoning Dreyfus. He should be prosecuted for committing an outrage upon the army, for his decision amounts to this. By a stroke of the pen he has destroyed the effect of the sentences of two courts-martial and has declared that two millitary courts have lied. The affair has become grave when the chief of state assumes the leadership of the anti-military movement and pardons a confessed traitor under the pretext that he has been condemned twice instead of once."

"Dreyfus, the traitor, will now be set free and be able to give lecture in England and America on the secrets of the iron safe in the etat major bureau."

The Aurore, the leading organ of the Dreyfusards, has this to say of the pardoning:

"If the President, by pardoning Dreyfus, wished to spare France the ineffaceable shame of a judicial crime, this exercise of his prerogative called mercy, so far from impairing the necessary work of justice, will only prepare and facilitate it. For we must speak straight out. If it was imagined that immunity for criminals could be purchased by pardoning an innocent man; if it was thought that the friends of law would barter amnesty to the scoundrels who perpetrated these crimes for the bruised body of the man from whom they have torn out the soul, then we throw from us this degrading and deceitful offer.

"Dreyfus would be the first to reject as an infamy such traffic with his honor. No. The pardoning of Dreyfus can only be the natural, legitimate and spontaneous action by which the representatives of the civil power refuse to associate themselves with the obstinate iniquty committed by the military judges. It is the Government of Republican France repudiating with horror any part in this denial of justice.

"As for us, we shall pursue with increased ardor the task of public salvation to which we have devoted ourselves. There have been crimes and offenses committed in obscurity by a gang of conspirators, with Mercier at its head. We are going to pursue more energetically than ever the work of obtaining their chastisement."

THE REPUBLICAN COUNTY CONVENTION of Somerset county, which assembled at Princess Anne yesterday to nominate a county ticket, broke up in general disorder after nominating a candidate for Senator, Sheriff, State's Attorney and county commissioner. The trouble occurred over the nomination for county commissioner. A. Lincoln Dryden was chairman, and insulting epithets were applied to him, and personal encounters were narrowly avoided. Nominations for the Legislature, Orphans' Court and County Surveyor, were not made.

IT MAY BE NOTED with interest that "The slaughter of innocents" is not confined to Maryland or the south. It may be noted with interest that in the proud old commonwealth of Illinois five non-union colored miners were shot down by whites.

A WONDERFUL CURE OF DIARRHOEA.

A Prominent Virginia Editor Had Almost Given up, but was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy Read His Editorial.

From the Times, Hillstille, Va.

I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and suffered so much misery that I had almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow-suffers that I am a hale and hearty man to-day and feel as well as I ever did in my life.—O. W. S. WALKER. H. M. BROWN

BECK, WALKER & BROWN,

Fertilizer Manufacturers,

offer to the farmers of Kent county their well-known brands of WHEAT FERTILIZERS. During the past seven years nearly one-fourth of the total wheat raised in Kent county was grown with the following brands of Fertilizers. A number of the largest crops and best wheat yields have been from these goods. These facts should be a sufficient recommendation of their reliability.

TRUSTWORTHY—

An absolutely Pure Bone Phosphate. Any one wishing to use an absolutely Pure Bone Goods, cannot do better than use this brand. We have sold large quantities of it, and it has given universal satisfaction.

PROPAGATOR—

A Pure Bone and Mineral phosphate, testing high in Ammonia, Phosphoric Acid and Potash. We have found this brand very popular with those wishing to use a High Grade complete Fertilizer, but unwilling to pay the price of pure bone goods. We can confidently recommend this brand.

TRY ME—

A COMPLETE FERTILIZER.

We introduced this brand six years ago to meet the low price of wheat. It is a mixture of the very best Phosphates and High grade Sulphate of Potash, tests very high in both soluble and insoluble phosphoric acid and potash. It contains sufficient ammonia to give the crop a good start, is absolutely free from anything that can sour or injure the land. It is more durable than any cheap phosphate and will not give out before the crop matures. During the past six years more wheat has been grown with these goods in Kent county than with any brand of goods ever used here. Everyone who has used these goods acknowledge that they drill better and more satisfactorily than anything they have ever tried.

We are also prepared to put up SPECIAL MIXTURES with highest grade of goods at lowest possible prices.

We do an entirely local trade, confined to Kent and Queen Anne's counties, employ no agents or traveling salesmen, but deal direct with the farmer, thereby saving considerable expense to the consumer. It is therefore as much to our interest as it is to theirs for us to give our customers first-class goods and full value for their money. Our goods are compounded on the latest scientific principles and are manufactured under the personal supervision of Mr. P. B. Hollis, who is well known as an experienced agricultural chemist. Their mechanical condition is as near perfect as possible, and we guarantee all our goods to be in perfect drilling order.

We sell at the lowest possible price, and solicit the patronage of our friends and the public generally. We are now ready to book orders for goods. Our place of business is in the *Kent News Building*, where we will be pleased to see any who may call.

"SOLILOQUIZING."

I have to get a spring suit, because I need a lighter one. I may as well get it to-day—I hate like the mischief to buy clothes; don't like the bother. Well, there's one thing sure, if I go to **MOODY & LUSBY'S** I wont have much bother.

A Fact

worth knowing, for our spring and summer lines are now ready, so that we are prepared to do quick work in fitting out people who haven't much time to spare.

Plenty

of style, plenty of sizes, variety of shapes for "all sorts and conditions of men."

Those

who know us will come here, sure. People who don't know us are invited to try us.

All

that time, and patience, and labor, and skill, and money can effect in Men's Suits, Boys' and Children's Suits, Separate Trousers, Hats and Furnishings generally, are now ready for inspection.
