The Transcript.

SUBSCRIPTION, $1.0 PER ANNUM.

THURSDAY, OCTOBER 5, 1899.

LOCAL MATTERS.

The Grain Market.

Mr. H. M. Brown is offering 70 and 71 cents for No. 2 red wheat; 68 cents for steamer.

He is buying heavily of contract corn at 32 cents to be delivered in November, December and January.

Mail Route Hours.—Commencing with Monday last, October second, the following hours for making up the mails leaving the Chestertown postoffice went into effect: Mails via Balto. and Del. Bay R. R., 5.45 A. M.; Chester River Steamboat Company, 6.20 A. M.; Q. A. and K. (Prices), 12.15 P. M.; Star Route to Rock Hall, 12.20 P. M.

New Chemical Company.—The Commercial Chemical Company, of Baltimore, was incorporated on Friday last for conducting a chemical business, etc., by Charles T. Westcott, Joel C. Dunbracco, Charles T. Westcott, Jr., James W. Chapman, Jr., and John G. Westcott. Capital stock $10,000, divided into 1,000 shares of $10 each.

Increased Her Speed.—A new propeller has been put on the iron screw steamer Susquehanna, of the Tolchester Steamboat Company, which, it is calculated, will increase her speed materially. She is now being run with it, and has already developed greater speed, although under ordinary pressure. The new screw is the same size as the old one, but the flanges are of a different pitch.

His First Ride on a Train.—Mr. John M. Wood, residing in Millington, Kent county, and 82 years old, took his first ride in a railroad coach Wednesday of this week. He came from Millington to Centreville on business. Mr. Wood is well-known in the upper part of Kent county where he has spent all of his long life. In 1865-66 he was engaged by the engineers to assist in making the survey of the railroad line from Massey's to Centreville and took his first ride on any railroad this week.—*Centreville Record.*

A Globe Trotter.—Mr. Marion Coleman, son of Capt. James W. Coleman, of Chestertown, has returned after three years spent on the high seas, and in visiting nearly every country of the globe. He returned last week from London, and is now watchman on the steamer Ericsson. Since leaving Kent three years ago Mr. Coleman has had many thrilling experiences, the most notable of which was a ship-wreck, in which the captain of the vessel and himself were the only ones saved. He has visited Spain, Africa, Italy and many other places of interest, and returned more than ever in love with his native land.

Wrecked off Love Point.—The schooner A. Parker was wrecked Friday night abreast of Love Point, Chesapeake bay. The schooner was bound from Baltimore to Chester river, with a cargo of fertilizer, and sprung a leak. The pumps were used, but she took water so rapidly that Capt. Edwards was obliged to beach her. The night was dark, the wind blowing a stiff northwester, and at one time, Captain Edwards reports, the chances of reaching shore were very slim. The A. Parker was one of the oldest boats on the Chesapeake bay. She was 60 years old, having been built in Somerset county in 1839. Capt. Benjamin F. Sewell, of Rock Hall, Kent county, owned the vessel. There was no insurance on vessel or cargo.

Will See the Great Race.—Mr. J. H. Sides left on Tuesday morning for New York. Though away on a purely business trip, he will avail himself of the opportunity to witness the great international yacht race between the Columbia, the American defender of the America cup, and the Shamrock, Lord Lipton's magnificent yacht, which would carry the long coveted prize across the ocean. The first of the series of three races over a triangular course of thirty miles was sailed on Tuesday, and was called a draw, the required time of five and a half hours, not having been made. The second race will take place to-day. The draw race of Tuesday will be sailed next week, and the final test will take place Saturday. Mr. Sides is the only Chestertonian, so far as we know, who will witness the great race. While away he will purchase a handsome line of holiday goods.

Fine Cycle Riding.—The finest exhibition of bicycle riding ever seen in Chestertown was given on Saturday by Harry Kramer, a young man who claimed to hail from Alexandria, Va. He stood on his head and rode, rode backwards, forwards, and on one foot. With one wheel elevated in the air he rode on the other. He was as much at home on an old carriage wheel as on his bicycle. No such riding had ever been seen in Chestertown, and the stranger in a few hours collected $8.60 from the spectators and left town. He stated that at Easton he offered to give an exhibition in front of the grand stand at the fair for $5. The management refused to pay anything but consented to allow him to give an exhibition on the track. This he did and in a few minutes collected a round twenty dollars in cash.

Saw Admiral Dewey.—Profs. E. J. Clarke and J. S. W. Jones, so far as reported, are the only Kent countians who witnessed the great parade in New York on Saturday in honor of the hero of Manila. The two gentlemen left Chestertown on Friday afternoon on their bicycles, rode to Middletown and took the train that evening for New York, arriving in ample time to rest and be ready for Saturday's great demonstration. They saw Admiral Dewey, Admiral Schely, Sampson, Governor Roosevelt, Mayor Van Wyck, and many of the most notable heroes of the Cuban campaign, the sinking of Cervera's fleet and the great naval battle at Manila. The Olympia, the Gloucester and many of the most conspicuous fighting machines of the navy were seen. Both Prof. Clarke and Prof. Jones declare that the crowd in New York was the greatest they ever saw. They came down to Middletown on Saturday evening and rode to Chestertown on their wheels on Saturday.

Is a Kent Countian.—The democratic nominating convention of Baltimore city honored itself on Monday in honoring with the sheriffalty nomination that sterling Kent county democrat, Dr. J. B. Schwatka. Dr. John B. Schwatka, nominee for sheriff, is a well-known physician of East Baltimore, residing at 1003 North Broadway. Dr. Schwatka was born in Kent county, Md., and went to Baltimore about 17 years ago. He was graduated with complimentary honors from the Maryland University School of Medicine, and since then has been a successful practitioner. Dr. Schwatka was for several years, until the administration of Mayor Malster, assistant postmortem physician for Baltimore city. He was also for a considerable time assistant surgeon in the Fourth Regiment, with the rank of captain. Last year he was the democratic candidate for Congress in the Third district, being defeated by Congressman Wachter by a small majority. Until about a month ago Dr. Schwatka was a member of the democratic campaign committee of seven.

Fine Property Sold.—The fine real estate of the late Capt. William D. Burchinal was sold by M. deK. Smith, Esq., as attorney named in mortgage, on Tuesday. "Ratcliff Hall," containing 184 acres and 2 roods of land, was purchased by Judge Joseph A. Wickes at $40 per acre or a total of $7,360. Judge Wickes immediately sold the property to Mr. William S. Collins, who lives on a fine farm of the McKenney estate, in Spaniard's Neck, in Queen Anne. The half interest in "Ratcliff Cross," containing 254 acres and 3 roods, was purchased by Mr. Arthur M. Brown, the owner of the other half interest in the valuable property, for $3,550. The wood lot or "parcel No. 3" was not sold. The house and lot in Lynchburg, advertised M. deK. Smith, attorney, was bought by M. Wilber Thomas for $104. Eben F. Crew and wife have sold to Joseph E. Harbison, a lot of land adjoining the Betterton M. E. Church, for $50. Jefferson H. Lecates and wife, have sold to Hope H. Barroll, Esq., their farm in the second district, adjoining the lands of John S. Hurlock, Charles Jones, William Bryan and others, for $3,000. This farm contains about 135 acres. Mr. W. Fletcher Melvin has purchased the Walmsey farm, on Chester river, containing 120 acres, for $2,300.

A Mysterious Death.—Marion B. Slaughter had been living in Locust Grove this summer. His wife some two months ago went to Kent Island, where her father lives. Slaughter was employed by Robert A. Shallcross to weigh tomatoes at Shallcross' wharf for Mr. Numsen's cannery. He weighed tomatoes up to Saturday of last week. On Saturday morning about 9 o'clock an unusual noise was heard in his house. Ross Wiltbanks went into the house and found Slaughter on the floor in great pain. Dr. Pyffer was called, but before he could get to the unfortunate man he was unconscious, and died shortly afterward. After his death a thorough search of the house was made, as he was known to have had about $150 paid him that week—$100 paid him by Dr. Pyffer on Tuesday or Wednesday night, and $32 by Mr. Chrisfield Friday night—but nothing could be found in the house. Drs. Pyffer and Latimer pronounced his death due to congestion of the kidneys, but the neighbors think he was poisoned, and there is some talk of taking his body up and having the stomach examined. There is no suspicion of foul play, but some think it a suicidal act. As the money has not been found, it leaves the family very destitute. He leaves a widow and three helpless children, the oldest girl a cripple.

Lieut. Barroll Honored.—Lieut. Morris K. Barroll, who bears honorable wounds received while fearlessly leading his men into battle in the Philippines, is thus referred to by *Freedom*, a newspaper printed at Manila, Island of Lezon: "The men of Battery L, Third Artillery, who were discharged under General Order No. 40, take the liberty of expressing their appreciation of the untiring zeal and disinterestedness of their Battery commander, Lieutenant Morris K. Barroll, in his efforts to discharge men under the order. They say:

"Throughout his command, we take pleasure in testifying to his conscientiousness to duty and his endeavor to enforce such orders as may come under regulations pertaining to the government of the U. S. army. Previous to his assignment to the battery, he was aid on General Miller's staff at Iloilo, where he distinguished himself in that capacity. Though a God-fearing man, he has proven to the men under his command to be a fighter and a strict disciplinarian. Therefore, in behalf of those who deserved their well-timed release, they extend to him their thanks for his efforts."

Hicks' Forecast for October.—Weather Prophet Hicks says that from 2d to 4th a warm wave will pass over the country, ending in storms of rain, wind and thunder, with early snow to west and north very probable, and high northwesterly gales bringing up the rear and causing very sharp and sudden change to colder. The second regular storm period for October is from 8th to 12th. A decided change to warmer will set in on the 15th. The barometer will fall rapidly at the same time, resulting first in electrical storms, then changing to cold rains with probable sleet and snow northward, from about the 15th to the 18th. A sharp cold wave with frost and freezing will bring up the rear of these disturbances, change to colder, with probable sleet and snow beginning early in the period westward, following up closely as storm centers pass eastward. About the 20th and 23d a change to warmer, with general return to storm conditions, will pass from west to east over the country. Moon is at greatest north declination on the 22d, hence wind currents will likely be warm and southerly during most of this period, but change to much colder will follow from about the 23d to 26th. A reactionary disturbance is central, with moon at last quarter and apogee, on the 26th and 27th. This will bring higher temperature, falling barometer and more rain or snow. These disturbances will likely be protracted until moon passes south of the celestial equator on the 29th, on and about which date, thunder storms will occur, ending suddenly in sweeping winds from northwest, high barometer and cold wave.

AGRICULTURAL NOTES.

Some Big Crops Reported—Other Matters of Interest.

The tomato season just closing has been one of the largest ever known in Kent county. Kent farmers have reported some fine yields, but up to this time the finest crop heard from was raised on the Brown or Rash farm of Mr. Curtis E. Crane. Mr. Crane's tenant made returns for six cents less than the contract price of twelve and a half tons per acre on two acres, and claims to have left fully five tons ungathered. His receipts from two acres were $146 96. Who can beat this?

Clerk James T. Dixon secured one of the finest yields in the fourth district. Mr. Anderson, his tenant, delivered a fraction under ten tons per acre.

Mr. Peter Clare is reported as having gathered ten tons per acre.

The Kennedyville cannery closed on Friday. The Worton cannery of Messrs. Ivins & Carr closed on the same day. Messrs. Linwood and William Sutton, of near Worton, gathered an average of twelve tons per acre from their tomato patch.

Wheat seeding is now the order of the day. Mr. Thomas Vandyke is one of the very early birds. He commenced drilling on Thursday.

Capt. Peter Brinsfield commenced seeding on Friday.

The most profitable tomato crop reported in Talbot county is that of Mr. Thomas Nossick. His crop on 30 acres cleared him $800, or $26.66 2 3 an acre. This was on land that sold within the last ten years for less than $10 an acre.

Mr. Joshua E. Jarrell commenced seeding wheat on Thursday.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. Church, South, Mt. Pleasant, W. Va., contracted a severe cold which was attended from the beginning by violent coughing. He says: "After resorting to a number of so called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by M. A. Toulson, druggist.

LOCAL BRIEFS.

Bits of News and Gossip Gathered Here, There and Everywhere.

† The grading of the square is nearing completion. The grass seed were sown on Tuesday.

† A dock trial of the engines of the new side-wheel steamer Queen Anne has been made.

† The Governor has signed the commission of Joseph Files as a justice of the peace for Kent county.

† There was decided ice on Sunday, Monday and Tuesday morning. This may be said to be an early fall.

† The assailants of Mr. Ahern, the brother of Mr. J. P. Ahern, of Millington, have been sentenced to five years imprisonment.

† Mr. J. F. Lindley, who got out the Industrial Edition of the TRANSCRIPT, is at work on a similar edition for the Dorchester *Standard*, at Cambridge.

† Work on the Chester bridge draw at Chestertown is expected to commence about the fifteenth of the present month. A ferry will be run during the repairs.

† Mr. Wm. M. Conn, of Queenstown, Md., in a communication to the Baltimore *Sun*, suggests that Captain Alfred Dreyfus and his wife be invited to make their future home in America.

† The Scott's Point basket factory of Messrs. Crane and Trenchard Bros. will probably close down temporarily next week. They will at once commence cutting timber for basket stuff.

† The store and dwelling of Mr. William E. Ringgold, corner of High street and College avenue, will soon be under roof. The pretty cottage home of Mr. Emory Wroth, Front street, is being hurried to completion.

† Mr. W. H. Waddell has purchased one of the building lots advertised by Eben F. Perkins, Esq. The lots are situated near the depot, and Mr. Perkins sold the lot immediately following the first insertion of his advertisement in the TRANSCRIPT.

† The personal property of R. F. Ziesel, advertised in the TRANSCRIPT, was sold by auctioneer Greenwood on Monday and fine prices were realized. Horses sold for from $38 to $100, and cows for from $28 to $47, and other articles brought excellent prices.

PERSONAL AND SOCIAL.

Mr. George Vickers attended the enjoyable ball given at Elkton.

Judge Joseph A. Wickes and family have returned to their Chestertown home. The summer was spent at the seashore and at the Virginia Springs.

Mrs. M. A. Skirven and Miss Addie G. Kennard have been visiting Chestertown friends.

Mr. T. Blackiston Perkins and Benjamin F. Perkins, Esq., of Philadelphia, spent Saturday and Sunday the guests of Kent county friends.

Miss Mary Hurtt and Miss Josephine Wickes have returned from the mountains of Western Maryland.

Horseback riding has been a delightful recreation during the pleasant days. Miss Beulah Hayes, Miss Lottie Wickes and Messrs. George Vickers, Clarence W. Perkins and other gentlemen have enjoyed the sport.

Among the visitors to Easton's big fair last week were: R. D. Hynson, Lewin W. Wickes, W. W. Beck, Samuel Hicks, W. E. Moody, Walter Goodhand, J. Ray Bowers and Philip G. Wilmer.

Grace Presbyterian Church, Kennedyville. Sunday school at 2 P. M. Rev. Thomas Maslin will preach at 3 P. M.

First Presbyterian Church of Worton. Sunday school at 10 A. M. Preaching by Rev. Thomas Maslin at 7 30 P. M.

The Presbytery of New Castle, which includes all Presbyterian Churches of the peninsula, met Oct. 3d, at New Castle, Del. Rev. W. S. Maxwell was appointed to represent Grace Church, and Mr. J. J. Roeder to represent Worton Church at this meeting. Rev. K. M. Bull attended the meeting.

Mr. Atlee H. Tracey, on Monday returned from an extended tour of England, France, Germany, Belgium and other places, and reports having had a delightful trip. It will be remembered that Mr. Tracey went to London to act as best man at the marriage of Mr. Hoffman, president of the Chestertown Electric Light Company.

Mr. Linwood Sparks, for several years a typo in the TRANSCRIPT office, was in Chestertown last week. The many Kent county friends of Mr. Sparks' mother, will learn with regret, that for several months past she has been in very poor health, and has now gone to the city for treatment.

Mr. Robert Shaw, son of Mrs. Helen Kent Shaw, married a young lady of New York about ten days ago. Mr. and Mrs. Shaw will spend their honey-moon in Europe.

Mrs. J. D. Carter left Cliff City on Saturday to visit friends in Washington, and witness the Dewey celebration.

Mrs. H. M. Brown has returned from a protracted visit to friends in Cecil county.

Mr. Charles Boyles, of the firm of Turner & Boyles, Worton Station, is improved in health since his pleasant trip and holiday.

Mrs. Emma Bayns, of Troy, N. Y., Miss Covert, of Trenton, N. J., and Mrs. Edward Leonard and two children, of Baltimore, have been guests of Mr. and Mrs. J. H. Simpers.

OBITUARY.

SOLOMON STARTT.

After an illness of several months, Solomon Startt, one of the highly respected citizens of the fourth district, died at his home, about two miles from Chestertown, at 3 o'clock on Sunday afternoon. Mr. Startt was stricken with paralysis in the early summer; and after an alarming illness rallied and was able to be down stairs. The constitution continued to show signs of giving way, and on Sunday his suffering ceased. He was in his sixtieth year. His wife, who was a Miss Louisa Coy, of Worton Heights, died some years ago, leaving five children, all of whom survive their father. They are: Adam Startt, of Chestertown; Clarence Startt, of Pennsylvania; H. Stockton, of Baltimore, and the Misses Lula and Alice, who lived at home with their father. For thirty years the deceased had successfully conducted a wheelwright and blacksmith business adjoining his home. In business as in every other transaction of life his word was his bond, and no man held the confidence and esteem of all who knew him to a greater extent. The community has lost one of its best citizens. Funeral services were held at Christ M. P. Church, Chestertown, on Tuesday afternoon, conducted by Rev. John M. Gill, assisted by Rev. E. C. Makoskey. The bearers were: Wm. Ford, William Clough, Victor Hendrickson, James W. Lambert, John Bell and J. Frisbey Newcomb.

HELEN RHOADES.

Helen, the 4 year-old daughter of W. A. Rhoades, Jr., of Odessa, died on Friday afternoon of diphtheria, and as a precautionary measure the public school there was closed. The child had been ill only two days. That it was suffering from malignant diphtheria was decided just before its death. A specimen of mucous was sent to the State bacteriological laboratory at Newark and a telegram received from there established the existence of the diphtheria. The child was a niece of Mrs. John H. Clendaniel, of near Kennedyville.

A PRETTY WEDDING.

PIPPIN—COSDEN.

A pretty home wedding was solemnized at the home of Mr. Robert K. Pippin on Wednesday evening. The contracting parties were Mr. Walter T. Pippin, a prominent young contractor and builder, of Chestertown, and Miss Anna G. Cosden. The parlors of the Pippin home were transformed into an autumn picture of beauty by the lavish use of golden rod and autumn blossoms as decorations.

At 7.30 o'clock the bridal couple, preceded by the ushers, M. Wilber Thomas and Fred G. Usilton; flower girl, little Miss Rebecca Toulson, and the cupid-like little ring-bearer, Master Irvin Sparks, entered the parlor to the strains of Mendelssohn's beautiful wedding march, rendered by Mrs. William A. Smith, sister of the groom. Rev. E. C. Sunfield performed the impressive ceremony.

The bride was handsomely gowned in a suit of steel-cloth trimmed with white corded taffeta and silk ribbon, and carried a bouquet of pink roses. After the ceremony a reception was held and congratulations and best wishes were extended to the happy bride and bridegroom.

Among those present were: Mr. and Mrs. T. S. Bordley, Mr. and Mrs. W. B. Copper, W. F. Russell and wife, J. N. Wheatley and wife, Wm. R. Pippin and wife, Dr. J. T. Twilley and wife, Mrs. M. A. Toulson, Mrs. S. A. Davis, Mrs. Penn. Matthews, Mrs. Healey, Mrs. Tomlinson, Mrs. Arlie Sparks, Misses Gertie Copper, Anna G. Lambert, Josephine and Clara Thompson, the Misses Jewell, Hallie and Mabel Toulson, Nellie McWhorter, Lillian Matthews; Messrs. Pierson Jewell, M. W. Thomas, Charles Pippin, F. G. Usilton, John Gruber and others. They will reside on Washington avenue in Mr. Pippin's new home. The presents included a number of useful and ornamental articles.

A VARIETY WEDDING.

The New Castle (Del.) *News* gives the following interesting account of the variety wedding of Mr. and Mrs. C. H. Schuyler:

"The old Taggart mansion—the Stoneham homestead—situated in the West End of New Castle, put on youthful attire on Tuesday evening, of this week, in a way to make it almost unrecognizable to those who had known the quaint home for a generation, for as the guests approached it they were met by the brilliancy of Chinese lanterns upon the spacious lawns and broad picturesquely latticed and vine-clad piazza, transforming the place into a very beautiful environment.

"The occasion for all this special decoration was the observance of the tenth anniversary of the marriage of Mr. and Mrs. Claude Hamrick Schuyler, two well-known artists who have been passing the summer here, and incidentally to introduce their guest, Miss Grace Ringgold Price, of Stoneton Manor, near Betterton, Maryland.

"The interior of the mansion, with its wainscoted walls and quaint corner mantelpieces, was gayly decorated with vines and flowers, forming beautiful wreaths and bouquets in profusion.

"Violin music added to the charm of the occasion, making the waltzes and kindred dances possible and very delightful, especially to the younger people. Nor was dancing the only enjoyment, for there was a number of clever games, conversation, etc.

"Mr. and Mrs. Schuyler were assisted in receiving by Mrs. Taggart and Miss Price, the guests as they came in presenting their offerings of various kinds, many of which were very useful and handsome, ranging from a frying pan to an elegant silver taper lamp. Indeed, many souvenirs have since been received from absent friends."

VALUABLE WHEAT.

One Thousand Dollars Offered for a Few Handfuls of This Hybrid.

Undoubtedly the most valuable piece of wheat raised in the United States this year was that produced on a little plat of ground in this city, says the Chicago *Times-Herald*. It was raised by E. P. McCaslin, scientific farmer and experimenter.

One thousand dollars for a few handfuls of wheat seems a prodigious price, yet that is the valuation of the wheat, if, indeed, it can be valued at all. One-half interest in the total yield of it, which was only eleven pounds, sold for $500. This amount was paid by a wealthy Tennessean after a personal inspection of the wheat while growing, under an agreement to furnish additional capital sufficient to raise the wheat on a large scale. Mr. McCaslin received many handsome offers for the entire crop, including one of $1,000 cash, but he refused to sell at any price.

This remakable wheat is an accidental hybrid, being a cross between the Genesee Giant and the Fultz, and Mr. McCaslin has given it the name Hoosier Giant. The Hoosier Giant is a square, smooth-bearded wheat, with a pearly red berry, partaking more strongly of the properties of the Fultz than of the Genesee.

The distinctive and valuable feature of this wheat, however, is its wonderful stooling capacity, which is beyond comparison with any other variety known. In this respect it is unlike either of its genitors. Its great practical value in wheat-raising may be easily comprehended when it is known that one-sixth of the amount of seed wheat usually used will raise three or four times as much wheat as other varieties on the same amount of ground.

Remarkable as it may seem, individual grains of this wheat produced as high as 35 stalks. From this number it ranged downward to 25 stalks, giving each hill a veritable bushlike appearance.

Nor is this prolific growth produced at the expense of the berry, either in quantity or quality. No imperfectly developed heads or grains are found, the yield of each stalk being full and perfect. Its hard, pearly and translucent berry makes it a perfect wheat in every respect for commercial purposes.

This wheat was sown at the rate of 10 pounds per acre, or one bushel to every six acres, while the usual rate is from one to one and one half bushels an acre. The entire stock of seed consisted of five-eighths of an ounce and was planted in a plat of ground 6 by 27 feet, rows 11 inches apart, and one grain every four inches.

Rain and fog during the blooming period, which caused a light yield of wheat over Southern Indiana, also operated against the Hoosier Giant, yet the plat yielded at the rate of 44 bushels per acre, producing 11 pounds at harvest. Individual rows showed yields running from 38 to 68 bushels per acre. Mr. McCaslin has no hesitation in saying that the wheat is capable of producing from 80 to 100 bushels to the acre, with proper care and propitious weather.

The stooling quality of this wheat enables it to winter well. It has a rank stalk and has a habit peculiar to bearded Russian wheats—that of lying flat upon the ground like moss as soon as up.

While growing this wheat attracted the widest attention. Agricultural men from all parts of the State, and from other States as well, came to see it. Hundreds of local farmers viewed it, but none had ever seen similar wheat.

For weeks before harvest Mr. McCaslin employed boys to guard it from sunrise to sunset against the attacks of birds. He thrashed it by hand. The next crop will be raised on the Shadowmount farm in Jennings Township. The wheat will not be put on the market for several years.

WORK OF THE REGISTERS OF VOTERS.

FIRST DISTRICT—Millington Precinct.

Newly Registered—White.

Edgar Price, Walter Reed,
David F. Waddell, Harry Jones,
Carlton H. Spear, Artemus Walmsley,

CHURCH NOTES.

The forty hours devotion will begin at the Sacred Heart Church next Sunday morning with High Mass at 10.30, and will continue until Tuesday morning. Appropriate sermons will be preached by visiting clergy on Sunday morning, and on Sunday and Monday evenings at 7.30. This devotion is held once a year in each of the principal churches of the diocese in honor of the forty hours our Saviour passed in the sepulchre between His death and His resurrection.

St. Paul's and I. U. On Sunday, October 8th, Bishop Adams will preach in St. Paul's at 10 30 A. M., and in I. U. at 3.30 P. M.

NEW ADVERTISEMENTS.

Miss Crossley's Millinery Announcement.

Miss Delia A. Crossley, the fashionable milliner of Still Pond, has returned from her annual fall trip in search of the very latest styles and novelties in the great American centres of fashion. She announces by advertisement in this issue that her stock is complete and beautiful. Miss Crossley has catered so long and so well to the tastes of the ladies of her section that her stocks of beautiful goods are always objects of peculiar interest with the advent of each season. Her stock this year, she says, is one of unusual beauty and completeness.

The elegant supper advertised by the ladies of Sacred Heart Church, has been postponed to Tuesday and Wednesday, October twenty-fourth and twenty-fifth. Don't forget the date. This supper will be a royal feast of the good things of each.

The Misses Cora and Hattie Reed have arrayed their windows in resplendent colors. The effects are charming, and the ladies have one of the most superb lines of millinery novelties and beautiful goods ever seen in Chestertown.

Mrs. R. Bergen has surpassed all previous successes in the beauty and elaborateness of her stock of superb fall millinery. Before the season fairly opened orders commenced to come in necessitating the assistance of Miss Addie Johannes, who formerly assisted Mrs. Bergen and gained an enviable reputation for skill and excellent taste in her department of work.

DIED.

TUCKER.—On Sept. 26th, 1899, of heart disease, at the residence of his brother-in-law, E. B. Pennington, John D. Tucker, formerly of Baltimore, Md., aged 57 years and 6 months. Interred at I. U.

In fact our trade on special formulaes, have increased having made special mixtures the past spring ranging in price from $9.00 to $45 00 per ton. We are prepared to give you anything you want and at rock bottom prices.

Our Standard Brands have given the most satisfactory results this year when having been tested with others.

FAIRLEE, MD., JULY 31st, 1899.

MESSRS. T. R. HUBBARD & SON, CHESTERTOWN, MD.—*Gentlemen:*—In reply as to how I like your VICTOR, will say that I expect to use it again this fall. My crop of wheat was eminently satisfactory. I purchased this goods last fall and used the major portion of same on my fallow ground and on a plot as well, of about 5 acres of stalk ground altogether about seventeen acres. My yield on the total 17 acres was 475 bushels. On the fallow, there was 30 bushels per acre. The amount applied was about 300 lbs. per acre.

Very truly yours,

JAMES BELL.

MR. JOHN W. JARMAN, of Chesterville, has been so well pleased with the goods purchased of us for the past four or five years that he has bought again this season.

ROBT. H. VANDYKE, ESQ., says the good made for him yielded 25 bushels per acre and buys another carload.

MESSRS. WRIGHT & McKENNEY, of Centreville, Md., have used our goods for the past few years with eminent satisfaction, and will want from 200 to 300 tons this fall.

MR. H. CLAY STEVENS, of Crumpton, Md., used 15 tons of our goods last fall with very satisfactory results and has bought from us again.

MR. S. G. COMEGYS, Blacks, says he got 30 bushels of wheat to the acre where he used our goods last fall, and has bought again for this fall's use.

MR. HARRY KLINEFELTER, says, having had such good results from your Fertilizer the past few years, you will please reserve me 75 tons to be used on my wheat this fall.

T. R. HUBBARD & SON.

August 17, 1899. Chestertown, Maryland.

GRAND CARNIVAL

OF NEW

DRESS GOODS, COATS, CAPES, TAI OR-MADE SUITS AND MILLINERY,

We show this season the largest and best selected stock in TRIMMED & UNTRIMMED GOODS. Also all kinds of

MILLINERY NOVELTIES.

MOURNING GOODS a Specialty.

R. BERGEN.

W. S. WALKER. H. M. BROWN

BECK, WALKER & BROWN,

Fertilizer Manufacturers,

offer to the farmers of Kent county their well-known brands of WHEAT FERTILIZERS. During the past seven years nearly one-fourth of the total wheat raised in Kent county was grown with the following brands of Fertilizers. A number of the largest crops and best wheat yields have been from these goods. These facts should be a sufficient recommendation of their reliability.

TRUSTWORTHY—

An absolutely Pure Bone Phosphate. Any one wishing to use an absolutely Pure Bone Goods, cannot do better than use this brand. We have sold large quantities of it, and it has given universal satisfaction.

PROPAGATOR—

A Pure Bone and Mineral phosphate, testing high in Ammonia, Phosphoric Acid and Potash. We have found this brand very popular with those wishing to use a High Grade complete Fertilizer, but unwilling to pay the price of pure bone goods. We can confidently recommend this brand.

TRY ME—

A COMPLETE FERTILIZER.

We introduced this brand six years ago to meet the low price of wheat. It is a mixture of the very best Phosphates and High grade Sulphate of Potash, tests very high in both soluble and insoluble phosphoric acid and potash. It contains sufficient ammonia to give the crop a good start, is absolutely free from anything that can sour or injure the land. It is more durable than any cheap phosphate and will not give out before the crop matures. During the past six years more wheat has been grown with these goods in Kent county than with any brand of goods ever used here. Everyone who has used these goods acknowledge that they drill better and more satisfactorily than anything they have ever tried.

We are also prepared to put up SPECIAL MIXTURES with highest grade of goods at lowest possible prices.

We do an entirely local trade, confined to Kent and Queen Anne's counties, employ no agents or traveling salesmen, but deal direct with the farmer, thereby saving considerable expense to the consumer. It is therefore as much to our interest as it is to theirs for us to give our customers first-class goods and full value for their money. Our goods are compounded on the latest scientific principles and are manufactured under the personal supervision of Mr. P. B. Hollis, who is well known as an experienced agricultural chemist. Their mechanical condition is as near perfect as possible, and we guarantee all our goods to be in perfect drilling order

We sell at the lowest possible price, and solicit the patronage of our friends and the public generally. We are now ready to book orders for goods. Our place of business is in the *Kent News Building*, where we will be pleased to see any who may call.

BECK, WALKER & BROWN,

CHESTERTOWN, MD

a10-'99.

Fall Merchandising!

—UNDER OUR—
