ANNAPOLIS has had a rush for trust charters.

A TRIUMPH for President McKinley. The Baltimore *American's* Mr. Agnus has made this startling discovery.

BRYANISM is said to be dead, but it's the most animated political corpse ever seen in this country.

FREE RURAL POSTAL DELIVERY has passed the experimental stage and has been demonstrated to be a good thing—then Kent should have it by all means.

"THE PUERTO RICO STEAL" is another and popular way of referring to the bill which imposes tariff duties upon the starving people of the island of Puerto Rico.

JOUBERT, the great Boer leader died on Tuesday of peritonitis. His death is to the Boer cause what the death of the great Jackson was to the cause of the Confederacy.

WYATT, the young white man, a resident of St. Michaels, who killed Capt. Oliver M. Caulk, was found guilty of murder in the first degree, in the Howard county court on Thursday.

OOM PAUL, the preacher-president of South Africa, is determined to prolong the war until after the heated season on the island of St. Helena. Kruger continues to pray and the Boers to fight.

IN FIGURING ON CONGRESSIONAL TIMBER in Queen Anne the name of Dr. J. H. W. G. Weedon, should not be left from the list. The Church Hill physician is an announced candidate and has backing in his county.

A SPECIAL ELECTION for the selection of a successor to Brigham H. Roberts, will be held in Utah, on Monday. Both democrats and republicans have nominated a Mormon, but neither candidate has ever been a polygamist.

LEWIS HARRIS, the colored man who attempted an assault upon Miss Annie McIlvane, at her home, near Belair, was lynched on Monday night. The young lady whom the brute attempted to outrage, with pistol in hand, led the lynching party.

A DEMOCRATIC MAYOR and city council have reduced the tax rate in Baltimore city from two dollars to one dollar and sixty-seven cents. It is evident that the city's investment in democracy last spring was a tax-saver, and consequently a money-maker for the people.

FEATHERS WERE PLUCKED from the soaring appendages of the Hon. Eli Quigg in the New York assembly district primaries on Tuesday. While the plumage-picking of the Hon. Lemuel cannot be said to be annual, this is far from the first time that he has had his political feathers despoiled.

AFTER HAVING BEEN CAUGHT in their effort to steal the governorship of Kentucky at the point of the rifle, the highly [illegible] demand is being made "Let no innocent man be punished." IT NOW APPEARS that it is [illegible]datory upon the school building committee of five to change the site of the proposed new public school building. The bill sent to Annapolis embodies this condition. It is possible that the effort to concentrate such absolute power in this committee may awaken a desire on the part of the people to have some voice in this school house matter. The public will await with some interest to see the provisions of this bill.

THE AMERICAN PEOPLE have evidently determined, without regard to geographical locations, that lynch law best meets the requirements of the crime of rape. All law-abiding citizens should, and doubtless do, deplore the existence of conditions which thus induce a setting aside of the regular processes of the [illegible] Could northern purists be induced to [illegible] vigorous condemnation of [illegible] waste less sentimental [illegible]e vicious brutes who [illegible] of the home, the rem[illegible] found.

THE AIR IN, around and above Baltimore city is palpitant with indignation against the counties of the State. The odorous waters of the harbor refuse to empty themselves into the sea because in doing so they must come in contact with the shores of an unworthy and unfriendly people. Great hunks of indignation are hurled at the uncovered heads of the "countrymen" in the Legislature who refuse to vote with the city. The withering sarcasm of the city press has sent out a depressing influence upon the spring-kissed hills of the counties, chilling winter is induced to linger in the lap of spring, and but for the fact that every Eastern Shoreman partook of an abundant spread of pancakes on Shrove Tuesday, it were safe to say that the coolness of the "city cousin" would blight the anticipated corn-crop of the present year. It may in justice be said, however, that Baltimore city has reasonable cause for complaint in several instances, at the treatment by the rural members of the present Legislature.

THE FARMERS OF KENT should follow the progressive spirit shown by a number of citizens in Queen Anne and promptly petition for Rural Free Mail Delivery. This great convenience can be secured for simply the asking. Twenty-nine States of the United States have introduced the system, and so great has been the success of the new mail arrangement that the appropriation by Congress has been increased from three hundred thousand dollars to a million and a half dollars. The rural delivery in Carroll county has been an unqualified success. Mr. Plummer came direct from Tennessee to Queen Anne and states that he went to the south to lay off two routes, but so delighted were the people that before he could get away he laid out over three hundred miles. It is reported that a movement is on foot having in view the establishment of a route from Rock Hall, taking in Eastern Neck Island. As Mr. Plummer says, no mail facilities which already exist will be disturbed until greatly increased facilities have been fully established. The idea of the government is, as nearly as possible, to give to the farmers the same mail facilities as are enjoyed by the cities. In sending on petitions it would not be amiss to ask that, if possible, Mr. Plummer be sent to Kent. A man of the people, he is for the people in this matter, and the people of Tennessee did not exaggerate the case when they banquetted him for splendid services rendered.

THE STATE LEGISLATURE.

The bill to substitute Gen. John Eager Howard for John Hanson as the subject for a statue to be erected by the State in Statuary Hall in the capitol at Washington, was defeated by a vote of 49 to 29.

The bill requiring the registers of wills in the State to file a statement of all taxable stocks and bonds was favorably reported with amendments.

The bill has passed ordering that money be refunded which was paid by a number of citizens of Kent unnecessarily for licenses to fish, several years ago.

Mr. Satterfield's bill to provide for a certain surgical operation to be performed as a punishment for the commission of criminal assault was passed—56 to 9. This would be equally as effective as the rope.

Governor Smith has signed the bill to authorize Kent county to issue bonds for a new school house at Chestertown.

SUNDRY QUESTIONS DISCUSSED.

MESSRS. EDITORS:—We have heard many favorable comments on 5th District Oysterman's suggestion in reference to Capt. J. F. Stevens, which appeared in your valuable paper of 17th inst., to which we hoped a reply would have been made in last week's issue. We are exceedingly disappointed. We think the plan is much better for all concerned than the present plan, which has been in existence for years. There is now a strong sentiment favoring the division of Chester river by the next Legislature, should Kent be in a more favorable position than she has been the present session. "The oyster bars of Kent waters for Kent countians," is now the slogan. Our fishermen are now engaged in placing their pound-nets, and otherwise preparing for the season's work. Hopes are entertained for good catches and renumerative prices. So mote it be.

KENNEDYVILLE NEWS.

The March meeting of the Kennedyville Woman's Christian Temperance Union was held in the Methodist Protestant Church, Friday evening, March 23, 1900, at 7.30. The meeting was opened with a chorus, "Keep Your Record Clean," followed by prayer by Rev. K. M. Bull. Mrs. Jarrell requested the choir to sing "How Firm a Foundation," which was followed by Scripture reading, a portion of the Psalm, by Mrs. Jarrell. The minutes of the last meeting were read and approved; then the following officers were elected: President, Mrs. Emma Shafer; vice pres'ts. Mrs. Mary Archibald, Mrs. Minta Weer, Mrs. Ella Kelley, Mrs. Emma Jarrell, Mrs. S. E. Sutton; recording and corresponding secretary, Miss Katie Weer; treasurer, Mrs. E. T. [COMMU[illegible] PROTECTION.

EDITORS OF THE CHESTERTOWN TRANSCRIPT:—In answer to a Betterton correspondent of a local paper concerning "purse-net fishing," I would say that he is either ignorant of the time when fish spawn, or else he is trying to mislead the people by his assertions.

I venture to assert that there is not a rock or perch that spawns after the last day of May, and our purse-net fishing does not begin till after that time.

If he wants the fish protected, why doesn't he petition the Legislature to prevent fishing with pound nets and seines, the latter of which (from the time they are laid out till they're drawn in) cover five miles of water and carry with them not only marketable but unmarketable fish, and spawn as well. And with the unmarketable fish they get income enough to pay their shore rent, while the spawn lies knee-deep on the shore to die.

When our correspondent gets this fish destruction stopped, then will the fish be protected for the summer sports—the hook and liners—who frequent those places in summer.

Our friend even speaks of the steamboat and vessel lines. Would he [illegible] all transportation, in fact, all business stopped, simply to protect the fish? We could more easily dispense with the fish than with the means of transportation.

Our correspondent furthermore says that "delegations, petitions, representatives and the press seem forever pouring forth from Rock Hall for its maintenance." We, the people of Rock Hall, are in favor of its maintenance as well as good, seine and even hook and line fishing—whereby we are enabled to make a livelihood. We believe in the principle of "live and let live." We do not oppose pound and seine fishing, but our friend must remember that when he breaks up the purse-net fishing he takes away the livelihood of over two hundred fishermen here who depend solely on that kind of fishing in a season when there is no other employment. We think our friend a little selfish when he wishes to take away the support and livelihood of not only the two hundred fishermen but of many little ones who must be fed and clothed.

We are glad to note from recent bills passed in the Legislature, that no time has been taken from the oystering season, and that the law has been repealed restricting the fishermen to the eight hundred yard limit. They can now go out as far into the bay as they please.

As to the non-interference of the Legislature in regard to this measure, we are of the opinion that there never has been as much brains in both Houses of our Legislature as exists at the present time.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

TRUSTEE'S SALE

—OF—

Two Valuable FARMS

In the First Election District of Kent County, Md.

BY virtue of a decree of the Circuit Court for Kent county, Maryland, passed in chancery cause No. 1345, entitled James F. Burris, et al. vs. Noah Burris, et al, whereby Hope H. Barroll was appointed trustee to sell the real estate in said cause mentioned, the undersigned will offer at trustee's sale in front of the Court House Door in Chestertown, Maryland,

On Tuesday, April 17, 1900,

between the hours of 11 A. M. and 12 o'clock noon, all the following Valuable Real Estate, consisting of

TWO FARMS,

belonging to the late Henry Burris, lying in the First Election District of Kent county, Maryland, on the west side of the public road leading from Peacock's Corner to what was formerly known as "Ransome Saw Mill," and formerly as "The Yates Farm."

The farm will be offered in two parcels. The first tract

Contains 124 ACRES OF LAND,

more or less, and lies at the intersection of the road leading from Peacock's corner to Ransome Saw Mill and the road to Massey's Station passing by school house No. 10. This tract of land adjoins on the west the lands of William Myers, J. Little and Maslin, and on the north the second parcel herein described. The improvements consist of a

TENANT HOUSE,

and a good Stable and Barn.

Farm No. 2 consists of

81 Acres, 1 Rood and 37½ Perches of Land

lying on the westerly side of the said public road running from school house No. 10 to Massey's, bounded on the north and west by the Hynson land, as will appear by reference to a plot of said farm made by Henry Tonkin, surveyor, Feb. 10, 1900, which said plot can be seen at the office of the trustee in Chestertown, Md. This farm is improved by a FARM HOUSE and Stable.

After offering these farms separately they will then be offered as a whole, and sold as may be most advantageous to those interested.

Each of the farms has a good Apple Orchard. The land in both tracts is especially adapted to the growth of grain, fruits and grass. As the farms are offered in small holdings, unusual and attractive opportunities are offered to people to invest in these homes in one of the most progressive communities on the Eastern Shore. The land can be easily improved, and the character of the soil is such that it readily responds to proper treatment. The purchaser gets the farm free of the widow's dower, she having consented to the sale.

TERMS OF SALE, as prescribed by the decree are one third of the purchase money cash on the day of sale, and the residue in two equal installments in 12 and 18 months from the day of sale, and all unpaid purchase money to bear interest from the day of sale, and to be secured by the note or notes of the purchasers to the satisfaction of the trustee. All title papers at the cost of the purchaser.

Evalyn Cochran,
vs.
Alberta H. Cochran, Alva L. Cochran, Ellie E. Cochran, guardian to Alberta H. Cochran and Alva L. Cochran; Ellie E. Cochran, widow of R. Alvin Cochran; C. Malcolm Cochran, trustee.

In the Circuit Court for Kent county, in Equity.

THE object of this bill is to procure a decree for the sale of certain real estate situated in the First District of Kent county, in which Evalyn Cochran is entitled to an undivided one-third interest in fee simple.

The bill states, that Evalyn Cochran is the daughter of R. Alvin Cochran, deceased, who, at the time of his death, resided in the State of Maryland, and under the last will of Robert A. Cochran, your oratrix is entitled to an undivided one-third interest in fee simple in and to a certain farm in the first district of Kent county, Maryland, which said farm, by the last will of Robert A. Cochran, was devised to Edwin R. Cochran in trust for the use and benefit of his son, R. Alvin Cochran, so that the yearly income should be paid to him during his natural life, and said will provided that upon the death of the said R. Alvin Cochran, the said lands and tenements should go unto his child or children being under the age of 21 years, or whenever they shall severally arrive at the said age, or the descendants of him, or of any deceased child or children living at the time of his death, being or arriving at the age of 21, share and share in fee, as will appear by said will, a duly certified copy of which has been filed in this proceeding.

And the bill further states, that at the time of his death the said R. Alvin Cochran left three children, one of whom is your oratrix, and a widow, Ellie E. Cochran, one of these defendants, and two children by her, namely, Alberta H. Cochran and Alva L. Cochran, who are infants, that the said Ellie E. Cochran was appointed by the Orphans' Court of New Castle county, Delaware, guardian for her said two infant children, and at the time of the death of the said R. Alvin Cochran, your oratrix was an infant, but has since arrived at the age of 21, and is now under the terms and provisions of said will legally entitled to an undivided one-third interest in fee simple in the said farm in Kent county, Md., and your oratrix further shows that the legal estate in said farm is vested in a certain C. Malcolm Cochran, trustee, as will appear by deed executed to the said C. Malcolm Cochran, trustee, a duly certified copy being filed in these proceedings, and that all of these defendants are non-residents of the State of Maryland, and all of them reside, so your oratrix is advised and believes, in New Castle county, Delaware, but the said infant children have no legal guardians in the State of Maryland.

And the bill states that your oratrix desires the said real estate sold and the proceeds divided in order that her interest in the same may be adjusted, and as some of those interested in the division of said real estate are infants, they cannot unite in a deed for the property, it is impossible for the same to be sold by agreement; that the said real estate is not susceptible of partition without material loss and injury to the parties interested, and in order to make a division of said interest, it will be necessary for the said real estate to be sold, and the proceeds thereof divided among the parties according to their respective rights and interests.

To the end therefore that the real estate mentioned in these proceedings be sold and the proceeds distributed to the respective heirs at law, it is thereupon ordered by the circuit court for Kent county as a Court of Equity, this 10th day of March, 1900, that the plaintiff by causing a copy of this order to be inserted in some newspaper published in Kent county once in each of four successive weeks before the 25th day of April, 1900, giving notice to the non-resident defendants of the object and substance of this bill; and warning them to appear in this court in person or by solicitor on or before the 10th day of May next, to answer the premises and show cause, if any they have, why a decree ought not to pass as prayed.
