Maryland Russell, 9751.

HANDSOME BAY STALLION,

16 Hands High. Trial Record of **2.40.**
Will travel in Kent during the season of 1900.

Service for season, $10; payable during or at end of season by cash or note; $15 to insure. Season mares not proving with foal will have this fall's chance free.

MARYLAND RUSSELL, No. 9751, with a trotting trial of 2.40, is the best-bred big horse in this section. His colts are all good size, are good looking, fine dispositioned; the kind that bring good prices without the expense and risk of training, while those that have had the advantages of track work have been speedy and finely gaited. His sire is one of the greatest trotting progenitors, while his dam is already the dam of Ollie, 2.24, and two others with trials better than 2.40, with very little training, which all goes to show that Maryland Russell not only has speed, but the ability to transmit it.

This offer is made to all subscribers of the TRANSCRIPT who send in their names before April the first.

For the last year of the old century "THE NEW LIPPINCOTT" promises two features of especial importance. The first of these is a series of papers by

Stephen Crane

author of "The Red Badge of Courage" on the

GREAT BATTLES OF THE WORLD.

Since his first book, Mr. Crane has not until now, returned to the subject that made him famous. He alone among authors to day, can adequately describe the

GREAT BATTLES OF THE WORLD.

The second of the striking features of the 'New Lippincott" for 1900, is a series of

SHORT STORIES OF MORMON LIFE

BY MRS. J, K. HUDSON.

These are made timely by the new Mormon issue in Congress, but they owe their deep interest not so much to this as to the pathetic, often tragic, revelation of woman's heroic suffering under an odious tyranny.

Mrs. Hudson writes from inner facts, but drapes them in a cloak of glowing fiction.

SALE OF LOVE POINT.

A Syndicate in Charge—Improvements in the Near Future.

Love Point, the northern extremity of Kent Island, was sold last week to a syndicate of capitalists from Virginia. They are men who are interested in the Seaboard Air Line and other railroad property. The price paid was $5,400. The property was sold a few years ago by Dr. J. R. Benton, to a Mr. Hotz, for $4,000, who last week sold it to the present owners. The deal was made laat Monday through Mr. Geor e A. Deakyne, of Denton, Caroline county.

We learn it is the intention of the present owners to build at once a large hotel at a cost of $75,000 and otherwise improve the property at a cost of $150,000. An excursion steamer from Baltimore will be put on the route as soon as the pier is built. The time from Baltimore to the pier will be made in one and a quarter hours. Among other improvements contemplated is a railroad from Queenstown to Love Point and a road from Centreville to Queenstown, making direct communication from points on the Q. A. & K. railroad, from Easton, Cambridge, Salisbury and other points south in Maryland and Delaware. It is also proposed to give the residents of Baltimore, Washington and the south the shortest possible route to Ocean City, Rehoboth and Cape May. A glance at the map will show that short communication with all these points by rail and water will be complete when the line of six miles of rail is completed from the latter place to Love Point, in all about 16 miles of new road. Love Point can be made the most popular as well as the most pleasant resort on Chesapeake Bay. Its proximity to Baltimore, Washington and other large cities of the south, and Philadelphia and Wilmington on the north, is greatly in its favor. Let the improvements come as fast as possible. It will prove a good investment.

BABY FELL IN A MINE.

He Dropped 125 Feet, But Points of Rock Sticking Out Saved His Life.

Searchers who were looking for 2-year old Foster Rowe, son of Michael Rowe, at the Cornwall ore banks, found the little fellow at the bottom of a mine. The child had fallen about 125 feet down the almost perpendicular side of a cut, but had caught several times in the descent. When discovered he lay on his back, smiling, his head resting on a lump of ore.

There were bumps and cuts on the baby's head and back, and it is supposed that he was rendered unconscious by the fall. His clothes were torn, showing where they had caught on the points of rock in the descent. At the bottom of the mine there was a clean drop of 25 feet.

A Unique Railway.

Construction work on a unique railway is in progress at Macon, Mo. The title of the corporation making the improvements is the Blees Miniature Rapid Transit Company. It will operate a line a mile long in Mrs. F. W. Blees' park under a duly recorded franchise by the owner. The officers are: Frederick Blees, president and motorman, aged thirteen; Albin Blees, vice-president, aged ten; Roy Denslow, secretary, aged thirteen; Willie Blees, treasurer, aged nine; Raymond Kirsch, a-sistant superintendent, thirteen. The company is capitalized at $10,000, and every share of the handsomely lithographed stock has been taken.

Travel in Dancing.

An average waltz takes a dancer over about three quarters of a mile, a square dance makes him cover half a mile. A girl with a well-filled programme travels thus in one evening: Twelve waltzes, nine miles; four other dances at half a mile apiece, which is hardly a fa'rly big estimate, two miles more; the intermission stroll, and the trips to the dressing-room to renovate her gown and complexion, half a mile; grand total, eleven and half miles.

Would not Suffer so Again for Fifty Times its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. H. Wilson, Liveryman, Burgettstown, Washington Co., Pa. This remedy for sale by M. A. Toulson, druggist.

THERE has been patented by a Chicago man an individual toothpick holder by which two or three toothpicks can be carried in the pocket without getting soiled, a tube of straw being used to cover the picks, with a wax wafer at either end to seal the tube.
