W. C. T. U. NOTES.

The W. C. T. U. of Kennedyville held its regular monthly meeting on Thursday evening of last week, in the M. P. Church. With Mrs. Annie R. Redmile at the organ, the meeting opened with singing "Rock of Ages," after which the entire audience, led by Rev. Mr. Rowe, repeated "The Lord's Prayer." The lady to whom the scripture reading had been assigned being absent, Mrs. Emma Jarrell read the 34th Psalm. The president read a selection from "Union Signal" on "Christian Patriotism," after which she referred to the Fourth of July being one of our red-letter days because of its national relation and also because of its being the birthday of Mrs. Mary Hunt, our National supt. of "Scientific Temperance Instruction." She spoke of Mrs. Hunt's determination to secure temperance instruction in every State of the Union, and her success, and the last one secured through the efforts of this wonderful woman, the evil effects of alcohol are taught in every State of our beloved country. Little Naomi Davies read a selection, telling how George Washington was supposed to celebrate the 4 h of July. Master Earl Godwin gave a reading, "Different Points of View;" solo by Master Hartly Weer; Recitation by Hettie Jarrell, "Holidays;" United recitations by George Bolton, Naomi Davies and Clara Rawley, "Different Opinions;" Solo by Miss Katie Weer, "Tempted and Led Astray." A very pleasant feature of the program was a march by quite a number of boys and girls as they waved their flags and sang "My Country, 'Tis of Thee." The children had been nicely trained by Miss Rowe, and much credit is due her efforts. Dialogue by Ada Hurlock and Pauline Copper; Reading by Miss Emma Shafer, "When the Minister Comes to Tea;" Singing by Miss Rowe, Mrs. Webb Hill and Mr. Wm. Hague; Recitations by Mr. George Medders from Tennyson. It was decided to hold a lawn fete in August. The president read Miss Willard's triple pledge and gave a very interesting and instructive talk to the children, and also recommended that the pledge be placed in the Family Bible. An earnest appeal for "The White Ribbon Herald" was given and the necessity of its support was urged upon the members, after which the meeting closed with the benediction by Rev. K. M. Bull.

GALENA NEWS.

Live News From a Live and Interesting Section.

The excursion from Fredericktown to Tolchester on steamer Sassafras today, was most enjoyable. Nearly 500 persons from upper Cecil and Kent counties spent the day at the beach. The Galena Brass Cornet Band, in full uniform, and the Dewey Park Orchestra were engaged by the charterers to enliven the excursionists. Music and dancing formed one of the pleasant features of the day. A party left earlier on steamer Kitty Knight to take stermer Susquehanna at Betterton, at 8 45 A. M, bound for Rehoboth Beach.

Big wheat threshing! Who can beat it? The threshing rig purchased by Mr. B. J. McGugan from Mr. Robert Wilson, late of Galena, by F. A. McCauley, manager, threshed out from noon July 2 to noon July 17, inclusive, over 10,000 bushels of wheat. Of this amount 4,500 bushels were threshed out for B. J. McCauley in less than three days. On Thursday afternoon, July 10, 900 bushels of wheat were threshed at the latter's place in 5½ hours, the average yield there being 32 bushels per acre on fallow and stalk ground; wheat weighing 62 lbs per bushel. This machine lost five days on account of rain and moving to different farms, exclusive of Sundays intervening. This rig is a 15-horse power Birdsall Traction Engine, Steven's thresher, with stacker for straw, instead of blower, and has seen many years service. If upper Kent is short on fruit, it is long on cereals, wheat yielding beyond expectations. Corn most promising at this writing.

Messrs. Stavely & Bowers have been engaged for several days past in repairing the old M. E. Church, which they bought several months ago. Its members had become few and scattered. But the perfume of the rose will linger there still."
